GCX Corporation Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of GCX Corporation Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at the end of the year, as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditor's Report on the 2022 Financial Statements

The 2022 financial statements of GCX Corporation Savings Plan were audited by us and our report, dated October 13, 2023, expressed an unmodified opinion on those financial statements and included an other-matter paragraph that provided an opinion that the information in the 2022 supplemental schedule was fairly stated in all material respects in relation to the financial statements as a whole.

**GCX CORPORATION
SAVINGS PLAN**

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1: DESCRIPTION OF PLAN

The following description of GCX Corporation Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was established on October 1, 2001 to provide benefits for employees of GCX Corporation (the “Plan Sponsor”) and the employees’ beneficiaries. The Plan is a qualified defined contribution plan covering all employees of the Plan Sponsor, other than certain union employees and nonresident aliens. The Plan is currently designed to be qualified under the applicable requirements of the Internal Revenue Code (the “Code”), as amended, and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. There is no age or service requirement to enter the Plan or to be eligible for matching contributions. Two employees of the Plan Sponsor served as the Plan Trustees until the January 1, 2023 restatement. Effective January 1, 2023, Voya Institutional Trust Company acts as the Plan Trustee.

Effective August 1, 2022, the Plan was amended to revise entry dates into the plan, allow participants to be eligible to make salary deferral contributions immediately upon their employment commencement date, remove the 1,000 hours of service requirement to receive employer contributions, and revise eligibility for purposes of profit sharing contributions, nonelective contributions, and matching contributions to the earlier of completing six consecutive months of active employment or completing one year of service.

Effective January 1, 2023, the Plan was amended and restated with the adoption of a Voya Retirement Insurance and Annuity Company non-standardized defined contribution plan. In connection with the adoption of the Voya plan, the Plan transferred all assets to a new custodian and engaged a new third party administrator. As part of the January 1, 2023 restatement, the Plan was amended to include an employer safe harbor matching contribution equal to 100% of salary deferrals, up to 4% of eligible compensation.

Effective March 1, 2023, the Plan was amended and restated in connection with the acquisition of JACO, Inc. and the merger of the JACO Employees 401k Plan into the Plan. As part of the March 1, 2023 restatement, the Plan discontinued the employer safe harbor matching contributions and instead allows for employer matching contributions.

Plan Year

The Plan year begins January 1st and ends December 31st.

Contributions

The Plan allows for the following types of contributions:

- **Employee Salary Deferral Contributions**
The Plan includes an elective salary deferral arrangement pursuant to Section 401(k) of the Code. Employees may voluntarily contribute a portion of their compensation, up to 100%, subject to various nondiscrimination tests and limitations prescribed by the Code. Participants are allowed to make Roth contributions and after-tax voluntary contributions to the Plan.
- **Employer Matching Contributions**
The Plan Sponsor shall make a matching contribution on behalf of each eligible employee. Matching contributions are equal to 100% of salary deferrals, up to 4% of eligible compensation.
- **Discretionary Employer Profit Sharing Contributions**
The Plan Sponsor may make a profit sharing contribution to the Plan. Such contribution shall be determined by the Plan Sponsor and allocated amongst employee classes on a pro rata basis determined by compensation. Participants must be employed for six consecutive months and be employed on the last day of the Plan year in order to be eligible for a discretionary employer profit sharing contribution.

NOTE 1: **DESCRIPTION OF PLAN (Continued)**

Contributions (Continued)

- Rollover Contributions
Employees may make rollover contributions from another qualified plan.

Participant Accounts and Allocations

Each participant's account is credited with the participant's contributions, employer matching contributions, as well as allocations of profit sharing contributions. Investment earnings and losses are allocated to each participant's account based on the value of each individual's account to the value of all participant accounts. The benefit to which a participant is entitled is limited to the benefit that can be provided from the participant's vested account. Investments are non-participant directed.

Vesting

Participants are immediately vested in their salary deferral contributions and employer matching contributions. Participants vest in discretionary employer profit sharing contributions and gains/losses credited thereon over a five-year period as follows:

Less than 1 year credited service	0%
After 1 year credited service	20%
After 2 years credited service	40%
After 3 years credited service	60%
After 4 years credited service	80%
After 5 years credited service	100%

For vesting purposes, a year of service is equivalent to 1,000 hours of service during the Plan year.

Forfeitures

Forfeited non-vested accounts are first used to restore the accounts of eligible participants and then to reduce employer contributions. Forfeitures of \$8,381 were used to reduce 2023 employer contributions. At December 31, 2023 and 2022, there were \$89,455 and \$3,215 in forfeited amounts available in the Plan, respectively.

Retirement

Normal retirement under the Plan is age sixty-five (65).

Payment of Benefits

Payment of benefits may be made at the following times under the Plan: 1) normal retirement, 2) termination of employment of the participant, 3) termination of the Plan, 4) upon demonstration of financial hardship, or 5) death or disability of the participant. Participants who have attained age 59 ½ or experienced a disability may apply for in-service distributions. The form of benefit payments may be in a single lump sum or partial withdrawals are allowed for amounts over \$1,000. The Plan allows for the automatic lump sum distributions of participant account balances that do not exceed \$5,000.

Notes Receivable From Participants

The Plan allows participants to borrow up to the lesser of \$50,000 or 50% of their vested account balance, but not less than \$1,000. Borrowings bear interest at the prime rate plus two percent and are due within five years. Loans are secured by the balance in the participants' account.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition

Investments are reported at fair value and as of January 1, 2023 are participant directed. Investments in securities are stated at fair market value using quoted market prices when available. Non-interest bearing cash is valued at stated carrying values which approximates market value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. Net appreciation includes gains and losses on investments bought and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan payments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when a request for benefit payment has been approved.

Administrative Expenses

The Plan may pay certain investment manager, administration and professional fees if not paid by the Plan Sponsor. Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these financial statements. Expenses related to specific participant transactions are charged to the respective participant's account. Investment related expenses are included in net change in fair value of investments.

Income Taxes

The Plan obtained a favorable opinion letter on June 30, 2020, in which the Internal Revenue Service (the "IRS") stated that the Plan, as then designed, was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the opinion letter. However, the plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Plan management evaluates tax positions taken by the Plan to recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has determined that as of December 31, 2023 there are no uncertain tax positions taken or expected to be taken that would require recognition or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities and there are currently no audits for any tax periods in progress.

Estimates and Assumptions

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3: INFORMATION CERTIFIED BY THE CUSTODIAN

The following amounts were taken directly from statements provided and certified as complete and accurate by the Plan custodian, Voya Retirement Insurance and Annuity Company, as of and for the year ended December 31, 2023:

Mutual funds	\$	45,377,839
Common collective trusts	\$	8,274,945
Money market fund	\$	63,937
Notes receivable from participants	\$	657,792
Net appreciation in fair value of investments	\$	4,250,354
Interest and dividends	\$	1,398,354
Interest income, notes receivable from participants	\$	43,265

NOTE 4: PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 5: FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) ASC 820 provides a framework for measuring fair value. That framework provides a three-tier hierarchy that prioritizes the inputs to valuation techniques used for measuring fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are as follows:

Level 1 - Inputs are unadjusted quoted prices for identical assets or liabilities that the Plan has the ability to access.

Level 2 - Inputs other than level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, model-based valuation techniques for which all significant assumptions are observable in the market, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Inputs that are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money Market Fund: The money market fund is valued at the daily closing price reported by the custodian.

NOTE 5: FAIR VALUE MEASUREMENTS (Continued)

Common Collective Trusts: Common collective trusts invest mainly in mutual funds and stocks, both domestic and international. The majority of the underlying assets have Level 1 quoted pricing inputs and observable Level 2 pricing inputs, including quoted prices for similar assets in active or non-active markets.

Stable Value Collective Trust: Stable value collective trust is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the bank collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Hedge Funds and Private Equity Funds: As of December 31, 2022, the hedge funds and private equity funds were considered to be redeemed and pending liquidation. These investments were valued at December 31, 2022 at their redemption amounts and leveled at Level 1.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Mutual Funds	\$ 45,377,839	\$ -	\$ -	\$ 45,377,839

Total Assets at Fair Value	<u>\$ 45,441,776</u>	<u>\$ 4,268,641</u>	<u>\$ -</u>	<u>\$ 53,716,721</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Money Market Fund	\$ 36,364,324	\$ -	\$ -	\$ 36,364,324
Hedge Funds	5,673,050	-	-	5,673,050

Total Assets at Fair Value	<u>\$ 42,752,821</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 42,752,821</u>

The following table summarizes investments for which fair value is measured using the net asset value per unit practical expedient as of December 31, 2023:

December 31, 2023	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Stable Value Collective Trust	\$ 4,006,304	n/a	Daily	12 months

NOTE 6: RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statements of net assets available for benefits.

NOTE 7: RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Plan investments through December 31, 2022 include money market funds which were managed by the custodians and notes receivable from participants. Fees paid by the Plan for recordkeeping and professional services are included in administrative expenses. Indirect compensation for investment management services are included in net change in fair value of investments. These investments and transactions are permitted under the provisions of the Plan and are exempt from prohibition of party-in-interest transactions under ERISA. Administrative expenses paid to parties-in-interest for the year ended December 31, 2023 are as follows:

Broker fees	\$ 23,122
Third party administration	<u>1,800</u>
	<u>\$ 24,922</u>

NOTE 8: TRANSFER OF ASSETS

The Plan Sponsor acquired JACO, Inc. during the 2023 plan year. In connection with the acquisition, the JACO Employees 401k Plan was merged into the Plan and all assets of JACO Employees 401k Plan were transferred to the Plan. Assets transferred included investments of \$10,964,287 and notes receivable from participants totaling \$198,609.

NOTE 9: SUBSEQUENT EVENTS

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through October 14, 2024, the date the financial statements were available to be issued, and management has determined that no subsequent events have occurred.
