Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **MOSS ADAMS**

(2) EIN: **91-0189318**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of SSL Pension Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of SSL Pension Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of SSL Pension Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about SSL Pension Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of SSL Pension Plan's internal control. Accordingly, no such opinion is expressed.

- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about SSL Pension Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4(i) - Scheduled of Assets (Held at End of year) as of December 31, 2023, and the Schedule H, Line 4(j) - Scheduled of Reportable Transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosures under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SSL Pension Plan

Notes to Financial Statements

NOTE 1 – DESCRIPTION OF THE PLAN

The SSL Pension Plan (the Plan) is a contributory defined benefit plan that was established on September 30, 2012, as a result of selling Space Systems/Loral, LLC (SS/L), to a former subsidiary of Maxar Technologies Ltd. The Plan mirrors the Loral Pension Plan (the predecessor plan), which transferred all plan assets and liabilities associated with SS/L to the Plan as it was no longer a participating employer in the predecessor plan as a result of the sale of SS/L.

A complete description of the Plan, including eligibility requirements and benefit provisions, is contained in the plan document.

Effective January 1, 2014, the plan document was amended and restated to freeze accrued benefits under the Plan, and to cease future benefit accruals for all active participants as of December 31, 2013.

Effective January 1, 2021, the Plan was amended to change the company from SS/L to Maxar Space, LLC (Maxar or the Company).

Benefits – For all formulas under the Plan, credited annual earnings are limited under Internal Revenue Code (the Code) Section 401(a)(17).

Under the predecessor plan, effective July 1, 2006, a new benefit formula (the New Formula) was implemented for all credited compensation and credited service. The New Formula applied to all employees who were actively employed on July 1, 2006, and for rehired employees after July 1, 2006, and before January 1, 2014, meeting certain eligibility requirements of the Plan. All employees hired after July 1, 2006, are ineligible to participate in the Plan.

Under the New Formula, employees who elected to contribute 1% of eligible compensation accumulated accrual benefits with the Contributory Formula, which credits 1.2% of annual credited earnings up to the Social Security Wage Base (the SSWB), plus 1.45% of the excess. Beginning with the 15th completed year of service, accrual benefits accrued at 1.5% of annual credited earnings up to the SSWB, plus 1.75% of the excess. For employees who did not elect to contribute 1% of eligible compensation to the Plan, the Plan provided an annual benefit of \$252 for each year of credited accrual service during which they failed to make elective contributions to the Plan.

Prior to July 1, 2006, the Non-Contributory Formula did not change. However, the now “frozen” contributory formula was a final average formula under which, beginning January 1, 1989, the Plan generally provided an annual benefit equal to 1.3% of the highest average credited salary, paid over the past five years times years of total credited services plus 0.45% of the highest average credited salary, paid over the past five years that exceeded 150% of the Social Security covered compensation times years of contributory service up to 35 years. There were other minimum benefits that could have provided a greater benefit than the benefits discussed above.

Contributions – The Company’s funding policy is to contribute the amounts necessary to meet the funding requirements of the Employee Retirement Income Security Act of 1974 (ERISA) and the Code. The Company used the Plan’s prefunding balance to meet the minimum funding requirement for the years ended December 31, 2023 and 2022.

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

Vesting – The Plan provides that benefits vest to participants based on years of service as follows: less than five years of credited service, zero; five or more years of credited service, 100%.

Administration – The Company has appointed the SSL Pension Plan Committee (the Committee) to manage the operation and administration of the Plan. The Company has contracted with Russell Investments Trust Company (Russell) to act as the custodian and trustee. The Company has contracted with Milliman, Inc., to calculate the present value of accumulated plan benefits (Note 4). Substantially all expenses incurred for administering the Plan are paid by the Plan.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Basis of accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with U.S. GAAP.

Investment valuation and income recognition – The Plan's investments are stated at fair value. The Plan's custodian and trustee, Russell, certifies the fair value of all investments. If available, quoted market prices are used to value investments.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought or sold as well as held during the year.

Income taxes – The Plan has been amended since receiving its latest favorable determination letter dated July 25, 2014. The plan administrator believes that the Plan is operated in accordance with, and qualifies under, the applicable requirements of the Code and related state statutes, and that the trust, which forms a part of the Plan, is exempt from federal and state income and franchise taxes.

In accordance with guidance on accounting for uncertainty in income taxes, management evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions for all tax years since inception. In January 2022, the Plan was notified by the Department of Labor (DOL) that the Plan would be audited. In November 2023, the DOL completed their audit. There were no penalties assessed as a result of the examination.

SSL Pension Plan

Notes to Financial Statements

Risks and uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market fluctuations, and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in values, interest rates, or other factors in the near term could materially affect the amounts reported in the statement of net assets available for benefits.

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Payment of benefits – Benefit payments to participants are recorded when paid.

Actuarial method – The estimated actuarially determined unfunded liability is calculated under the projected unit credit actuarial cost method and is based on measurements that include the entire predecessor plan prior to the spin-off and creation of the Plan.

Subsequent events – The Plan has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued.

The Plan was amended effective October 1, 2024, to allow a lump sum window offering to participants, alternative payees, and beneficiaries who meet specific eligibility requirements as of June 30, 2024. This offering applies to individuals with a nonforfeitable accrued benefit that has a present value of less than \$5,000 as of June 30, 2024. The commencement date for the window offering will be December 1, 2024.

NOTE 3 – FAIR VALUE MEASUREMENTS

The Plan's assets are actively managed using a multi-asset, multi-style, multi-manager investment approach. Performance results and fund accounting are provided to the Company by Russell on a monthly basis. Periodic reviews of the portfolio are performed by the investment committee with Russell. These reviews typically consist of a market and economic review, a performance review, an allocation review, and a strategy review. Performance is judged by investment type against market indexes. Allocation adjustments or fund changes may occur after these reviews.

Following is a description of the valuation methodologies used for assets measured at fair value. There had been no changes in the methodologies used at December 31, 2023 and 2022:

Partnership/joint venture interest is valued at estimated fair value using net asset value (NAV) practical expedient. Pantheon Global Secondary Fund III B, L.P., is a fund that invests in portfolios of secondary interest in established venture capital, buyout, mezzanine, and special situation funds on a global basis. The fund is valued on a quarterly lag with adjustment for subsequent cash activity. The fund terminates in June 2025. Earlier redemptions are not permitted.

Common/collective trusts: Units held in common/collective trusts (CCTs) are valued using the NAV practical expedient of the CCT as reported by the CCT managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the CCTs, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a CCT is calculated based on a compilation of primarily observable market information. The CCTs have a daily redemption frequency and daily redemption notice period.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 – ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits represent the estimated future periodic payments, including lump-sum distributions, under the Plan's provisions that are attributable to services rendered by employees through the valuation date. Accumulated plan benefits include benefits expected to be paid to:

- a. Retired or terminated employees or their beneficiaries,
- b. beneficiaries of employees who have died, and
- c. present employees or their beneficiaries.

Benefits under the Plan are accumulated based on years of service and benefit credit rates. The accumulated plan benefits for active employees are based on years of service and benefit credit rates on the date at which the benefit information is presented (the valuation date). Benefits payable under all circumstances (retirement, death, disability, and termination of employment) are included, to the extent they are deemed attributable to employee service rendered to the valuation date.

SSL Pension Plan

Notes to Financial Statements

The actuarial present value of accumulated plan benefits is determined by the Plan's actuary, Milliman, Inc., and is that amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements, such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment. The significant actuarial assumptions used in the valuations as of December 31, 2022, are as follows:

Interest:	4.00%
Mortality assumption:	Mortality Improvement Scale MP-2021
Retirement age:	At ages 55 through 70 at varying rates

These actuarial assumptions are based upon the assumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors may be used in determining the actuarial present value of accumulated plan benefits.

The actuarial present value of accumulated plan benefits as of December 31, 2022, are as follows (in thousands):

Vested benefits:	
Participants currently receiving benefits	\$ 319,704
Active participants	80,764
Other participants	<u>83,299</u>
Total vested benefits	483,767
Nonvested benefits	<u>207</u>
Total actuarial present value of accumulated Plan benefits	<u>\$ 483,974</u>

The changes in the actuarial present value of accumulated plan benefits for the Plan from December 31, 2021 to December 31, 2022, are as follows (in thousands):

Actuarial present value of accumulated Plan benefits at beginning of year	<u>\$ 492,757</u>
Increase (decrease) during the year attributable to:	
Actuarial (gain) / loss	2,214
Increase for interest due to the decrease in the discount period	19,114
Benefits paid	<u>(30,111)</u>
Net decrease	<u>(8,783)</u>
Actuarial present value of accumulated Plan benefits at end of year	<u>\$ 483,974</u>

Actuarial assumptions that changed during the year resulted in a decrease to accumulated plan benefits.

NOTE 5 – RELATED-PARTY TRANSACTIONS

Certain plan investments are managed by Russell, the custodian and trustee of the Plan. Any purchases and sales of these funds are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

NOTE 6 – CERTIFIED INFORMATION

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Russell, the custodian and trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net appreciation (depreciation) in fair value of investments, dividends, and interest reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investments reflected on the schedule of assets (held at end of year).
- Schedule of reportable transactions.

NOTE 7 – PLAN TERMINATION OR MODIFICATION

In the event the Plan terminates, the net assets of the Plan will be allocated as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

- Benefits attributable to employee contributions, taking into account those paid out before termination.
- Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under plan provisions in effect at any time during the five years preceding plan termination.
- Other vested benefits insured by the Pension Benefit Guaranty Corporation (the PBGC) (a U.S. government agency) up to the applicable limitations.
- All other vested benefits (that is, vested benefits not insured by the PBGC).
- All nonvested benefits.

SSL Pension Plan

Notes to Financial Statements

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's benefits. However, the PBGC does not guarantee all types of benefits under the Plan and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan's sponsor and the level of benefits guaranteed by the PBGC.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Valuation Date: January 1, 2023

Actuarial Methods

Attribution Method: The valuation of retirement benefits is determined under the "Unit Credit Actuarial Cost Method", as prescribed by the Pension Protection Act of 2006 (PPA). Under this method, the regular Plan cost arises from two sources: a Target Normal Cost and an Amortization Payment for the Funding Target Shortfall.

The Funding Target is determined as the actuarial present value of accrued benefits as of the valuation date. The Shortfall is equal to the Funding Target less the Plan Assets, reduced by the Carryover Balance and the Prefunding Balance.

The Target Normal Cost is the actuarial present value of benefits expected to accrue during the valuation year plus anticipated administration expense, if any.

For the Plan's ERISA funding requirements, incremental Funding Shortfall amounts are amortized over a fifteen year period, and the related shortfall amortization payment is determined on the first valuation date following the plan year in which it arises based on the segment rates used for ERISA minimum funding purposes on that date, as prescribed under IRC Section 430.

Asset Valuation Method: 2 year (3point) Average Value of Assets as permitted under IRS Notice 2009-22, not less than 90% nor greater than 110% of Market Value of Assets on the valuation date.

Actuarial Assumptions

Economic Assumptions

Information on economic assumptions is provided below in accordance with the Actuarial Standards of Practice (ASOP) No. 27.

Interest Rates:

PPA Funding:	Segment Rates with 4 month look-back period.
	Segment 1 Interest Rate: 1.41%
	Segment 2 Interest Rate: 3.09%
	Segment 3 Interest Rate: 3.58%
	Effective Interest Rate: 3.17%

Stabilization Rates:

	Reflects relief under the American Rescue Plan Act of 2021.
	Segment 1 Interest Rate: 4.75%
	Segment 2 Interest Rate: 5.00%
	Segment 3 Interest Rate: 5.74%
	Effective Interest Rate: 5.21%

Rationale: The interest rates above are prescribed under IRS regulations. The PPA funding rates are based on the Plan Sponsor's interest rate election method.

Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

FASB ASC Topic 960: 4.00%, compounded annually.

Rationale: The interest rate assumption was chosen at direction of the Plan Sponsor.

Expected Return on Assets:

Assumption: 7.50%, compounded annually (previously, 6.50%). This is the assumed rate of return for the Plan's entire portfolio of assets, net of investment expenses and including inflation of 2.50% and is used in determining the Actuarial Value of Assets.

Rationale: In developing the investment return assumption, we relied on models and capital market assumptions developed by Milliman investment consultants and the Plan's investment policy. We also reviewed the Plan's actual asset allocation along with forward-looking data such as projections of inflation and total return growth. Mean returns, standard deviations and correlations between investment categories were determined and considered in the investment return assumption.

Change in Assumption: The expected return on assets assumption was changed from 6.50% to 7.50%, compounded annually. This assumption increased due to observations of estimates inherent in market data.

CPI:

Assumption: 2.50%, compounded annually.

Rationale: In developing the long-term inflation assumption, we considered historical and projected rates for this component. The assumption reflects professional judgement, relevant economic data as of the measurement date, and represents our current best estimate of future experience.

Accumulation Rate for Employee Contribution Account Balances:

Assumption: 2.50%, compounded annually. This assumption represents an estimate of future experience and is based in part on observations of estimates inherent in market data.

Rationale: The assumption is equal to the CPI expectation. See above for rationale related to the CPI.

Compensation Increases:

Assumption: Not applicable

Rationale: Plan is frozen

Administrative Expenses:

Assumption: \$2,800,000

SSL Pension Plan
EIN/PN: 23-1602217/020
Attachment to 2023 Form 5500
Schedule SB, Part V - Statement of Actuarial Assumptions/Methods

Rationale: This assumption is based on the previous year's actual administrative expenses (excluding the previous years' PBGC premiums) plus the estimated PBGC premiums for the valuation year.

Demographic Assumptions

Information on demographic assumptions is provided below in accordance with the Actuarial Standards of Practice (ASOP) No. 35. Unless otherwise indicated, demographic assumptions were set based on Milliman's 2018 experience study dated November 30, 2018 and input from the plan sponsor. We believe the demographic assumptions shown below are reasonable for the contingencies they are measuring and are not anticipated to produce significant cumulative actuarial gains or losses over the measurement period.

PPA Funding Mortality:

Assumption: The IRS 2023 static mortality tables, as prescribed under IRS Notice 2022-22.

This assumption is a prescribed assumption, set by the Internal Revenue Code Section 430. The plan sponsor has elected the mortality assumption described above.

FASB ASC Topic 960 Mortality:

Assumption: PRI-2012 Total Dataset Employee/Retiree Amount-Weighted Mortality, projected with Scale MP-2021 for males and females.

Rationale: The plan is not large enough to develop a credible mortality table based exclusively on plan experience. We have relied on the above mentioned published mortality table and improvement scale in which credible mortality experience was analyzed.

Withdrawal:

Assumption: Turnover rates associated with the probability of receiving ordinary vesting benefits. Rates at selected ages are illustrated below:

Age	Rate
25	2.10%
30	10.10%
35	9.22%

Active Retirement:

Assumption: Once eligible for retirement, active participants are assumed to retire at the following rates:

Age	Rate
Under 55	0%
55-57	1.00%
58	2.00%
59	5.00%
60-61	7.50%
62-63	10.00%
64	15.00%
65-69	25.00%
70	100%

Inactive Retirement:

Assumption: Terminated vested participants are assumed to retire upon attaining age 65.

Marriage and Beneficiary Age Difference:

Assumption: 80% of future retirees are assumed to be married with females three years younger than males.

Rationale: This assumption was developed based on the Plan's historical experience and anticipated future experience, as well as observations of similar populations.

Form of Payment:

Assumption: Upon retirement, participants are assumed to elect a form of payment at the following probabilities:

Form of Payment	Probability
Single Life	50%
50% Joint and Survivor	10%
100% Joint and Survivor	40%

Schedule SB, Part V - Summary of Plan Provisions

This summary of plan provisions is intended to only describe the essential features of the Plan. All eligibility requirements and benefit amounts shall be determined in strict accordance with the plan document itself.

Basic Information

Plan Name: SSL Pension Plan

EIN/PN: 23-1602217/020

Effective Date of Plan: September 30, 2012 (establishment of the Plan through a spin-off from Predecessor Plan); restated as of January 1, 2014

Effective Date of Last Amendment: January 1, 2021

Date of Benefit Accrual Freeze: January 1, 2014

Plan Year: January 1 – December 31

Employees: Any common-law employee, excluding: independent contractors, employees whose service was subject to collective bargaining, leased employees, temporary employees such as interns, and non-resident aliens employed outside the U.S.

Eligibility: Employees who attain age 21 and have completed one year of Eligibility Service are eligible to participate in the plan. Employees hired after June 30, 2006 are not eligible to participate in the plan.

Compensation: Total pay earned in a plan year (including bonuses, commissions, and overtime) limited by the Statutory Compensation Limit. Compensation earned during a participant's first year of Eligibility Service is not credited for Plan accruals. Compensation shall not include any amount paid after December 31, 2013.

Eligibility Service: Based on elapsed time and excludes partial calendar months. Eligibility Service excludes service earned after December 31, 2013 except for purposes of determining eligibility for Early Retirement.

Accrual Service: Contributory or Non-Contributory Service credited for the purpose of determining Plan benefits. Based on completed calendar months of Eligibility Service and excludes any period of leave, lay-off, or reductions in force. Accrual Service excludes service earned after December 31, 2013.

Contributory Service: Accrual Service during which a Participant elects to make Employee Contributions to the Plan. Contributory Service is forfeited in the event of withdrawal or a Return of Employee Contribution Account.

Non-Contributory Service: Accrual Service during which a Participant did not make an election to contribute to the Plan.

Attachment to 2023 Form 5500
Schedule SB, Part V - Summary of Plan Provisions

Vesting Service: Measured identically to Eligibility Service, except that it includes Qualified Military Service.

Employee Contributions: Voluntary employee contribution of 1% of Compensation on an after-tax basis. No employee contributions are permitted after December 31, 2013. The employer makes all contributions covering the cost of benefits accrued under the Non-Contributory formula and the cost of benefits accrued under the Contributory formula that are not satisfied by employee contributions.

Statutory Compensation Limit: The maximum salary used to determine Plan benefits is limited by IRC Section 401(a)(17). The limit for 2013 was \$255,000 (the limit does not apply after 2013 since accruals were frozen as of December 31, 2013).

Statutory Benefit Limit: The valuation applied the 2023 maximum defined benefit limit of \$265,000 under IRC Section 415(b).

Benefit Formulas and Eligibilities – after June 30, 2006

Normal Retirement

Normal Retirement Eligibility: First of the month coincident with or next following the later of the attainment of age 65 and the accumulation of five full years of Vesting Service.

Normal Retirement Benefit: Benefit based on the applicable Contributory and/or Non-Contributory formulas as follows:

A) Contributory formula (career average formula):

i) For each of the first full 14 years of Contributory Service:

1.20% of Compensation up to the Social Security Wage Base, plus 1.45% of Compensation in excess of the Social Security Wage Base.

ii) For each partial or full year of Contributory Service after the 14 years:

1.50% of Compensation up to the Social Security Wage Base, plus 1.75% of Compensation in excess of the Social Security Wage Base.

B) Non-Contributory formula (flat benefit formula):

\$252 times years of Non-Contributory Service.

Deferred Retirement

Deferred Retirement Eligibility: Actual retirement date after Normal Retirement Date.

Deferred Retirement Benefit: Calculated in the same manner as described in Normal Retirement above, based on compensation and service at actual retirement date. Suspension of benefits notices are provided to active participants working beyond normal retirement.

Early Retirement

Early Retirement Eligibility: Age 55 with 10 years of Eligibility Service

Early Retirement Benefit: A pension computed as for Normal Retirement, but based on compensation and service through the participant's early retirement date. Such amount shall be reduced for early commencement by 1/180 per month for the first 60 months prior to age 65 and 1/360 per month beyond 60 months prior to age 65.

Vested Termination

Vested Termination Eligibility: 100% vested in accrued benefit after 5 years of Vesting Service. A participant is always vested in Employee Contributions.

Vested Termination Benefit: Accrued benefit payable at Normal Retirement Date. If the Participant had 10 years of Eligibility Service, he can commence his benefit in the same manner as Early Retirement Benefit.

Pre-retirement Surviving Spouse Coverage

Pre-retirement Surviving Spouse Benefit Eligibility: Vested participant dies before annuity starting date who was married for at least one year up to the date of death.

Pre-retirement Surviving Spouse Benefit: Life annuity payable to the beneficiary equal to the survivor portion of the benefit that the participant would have received had he or she retired under the Qualified Joint and Survivor Annuity form on the date of death, or Early Retirement Date, whichever is later. If the participant was eligible for Early Retirement, benefits will commence immediately. Otherwise, benefits will commence on the earliest date the participant would have been eligible to retire.

If there is no surviving spouse, a non-spouse beneficiary shall receive a return of employee contributions (if any) payable as a lump sum.

Post-retirement Surviving Spouse Coverage

Post-retirement Surviving Spouse Benefit: If elected, the survivor portion of a Joint and Survivor Annuity. If a participant is unmarried or had elected a Single Life Annuity, then a lump sum of the remaining Employee Contribution Account Balance (if any), less the amount of total annuity payments, is payable to a beneficiary.

Forms of Payment

Normal Forms:

Single participants: Single Life Annuity.

Married participants: 50% Joint and Survivor Annuity.

Qualified Joint and Survivor Annuity: Unless elected otherwise in writing at retirement, a married participant will receive his or her benefits as an actuarially equivalent 50% Joint and Survivor Annuity with the spouse as contingent beneficiary.

Optional Forms of Benefit: Actuarially equivalent 50%, 75% or 100% joint and survivor annuity, 10, 15, or 20 years certain and life annuity, Social Security Level Income Option (calculated at age 62), and lump sum (only available when the total lump sum does not exceed \$5,000).

1. Conversion of life annuity into 50% joint and survivor annuity -- multiply life annuity benefit by 86% minus (or plus) 0.6% for each full year the Participant is older (or younger) than age 65, minus (or plus) 0.5% for each full year the Participant is older (or younger) than the Spouse.
2. Conversion of life annuity into 75% joint and survivor annuity -- multiply life annuity benefit by 81% minus (or plus) 0.6% for each full year the Participant is older (or younger) than age 65, minus (or plus) 0.8% for each full year the Participant is older (or younger) than the Spouse.
3. Conversion of life annuity into 100% joint and survivor annuity -- multiply life annuity benefit by 75% minus (or plus) 0.6% for each full year the Participant is older (or younger) than age 65, minus (or plus) 1.0% for each full year the Participant is older (or younger) than the Spouse.
4. Conversion of life annuity into life annuity with 10-year period certain guarantee -- multiply life annuity benefit by 91% minus (or plus) 0.7% for each full year the Participant is older (or younger) than age 65.
5. Conversion of life annuity into life annuity with 15-year period certain guarantee -- multiply life annuity benefit by 82.5% minus (or plus) 1.3% for each full year the Participant is older (or younger) than age 65.
6. Conversion of life annuity into life annuity with 20-year period certain guarantee -- multiply life annuity benefit by 74% minus (or plus) 1.6% for each full year the Participant is older (or younger) than age 65.
7. All other conversions -- computed based on actuarial equivalence using 30-year treasury rate for the September (November for commencements prior to January 1, 2015) prior to the applicable plan year and the 1971 Group Annuity Table with 80%/20% male/female mix.

All ages are to be determined as age at nearest birthday; and all conversion factors are not to exceed 99%.

For lump sums and Social Security Level Income Option, the applicable Code Section 417(e)(3) mortality table and the first, second, and third segment rates under Code Section 417(e) published during September of the preceding year are used.

Benefit Formulas and Eligibilities – prior to July 1, 2006

Alternative Service: Aggregate of Contributory Service, pre-membership service if participant made contributions before January 1, 1982 or as soon as entitled to do so, and service under the prior plan.

Breakpoint: 150% of the covered compensation, as defined in Treas. Reg. §1.401(l)-1(c)(7), of a Participant who terminates employment in that Plan Year. The annual amount was \$76,800 in 2006.

Final Average Monthly Salary: Highest average monthly Salary as of any five consecutive December 31 dates that occur in the last 120 consecutive months.

Salary: Basic monthly salary rate as of December limited by the IRC 401(a)(17) compensation limit.

Normal Retirement

Normal Retirement Eligibility: First of the month coincident with or next following the participant's 65th birthday.

Normal Retirement Benefit: Benefit based on the applicable Contributory and/or Non-Contributory formulas as follows:

A) Contributory formula: Sum of (i) and (ii), not less than (iii):

- i) Basic Benefit: 1.30% of Final Average Monthly Salary for each year of Alternative Service, plus
- ii) Excess Benefit: 0.45% of Final Average Monthly Salary in excess of the monthly Breakpoint for each year of Contributory Service (capped at 35 years).
- iii) \$252 times years of service, plus 0.25% of Final Average Monthly Salary for all years of Alternative Service.

B) Non-Contributory formula (flat benefit formula):

\$252 times years of Non-Contributory Service.

Benefits are subject to other minimum amounts.

Special Age 65 Benefit: Additional benefit of \$15.50 per month payable from age 65 for the lifetime of a participant who retires from active service. The benefit is payable to the participant's spouse

upon the participant's death (or upon the surviving spouse's attainment of age 65, if later). Effective August 1, 2012, this benefit was discontinued for all participants who were not yet in receipt or had not yet attained age 65 as of that date.

Early Retirement

Early Retirement Eligibility: Age 55 with 10 years of service.

Early Retirement Benefit: A participant retiring from active service prior to Normal Retirement is entitled to a pension computed the same way as for Normal Retirement, but based on compensation and service through the participant's early retirement date. Such amount shall be reduced for early commencement as summarized below:

	Contributory		Non-Contributory
Age	Basic Benefit	Excess Benefit	Benefit
55	76.7%	48.6%	57.9%
56	80.0	52.9	63.5

63	100.0	84.6	100.0
64	100.0	92.3	100.0

Special Early Retirement Benefit: Temporary benefit of \$18 per month for each year of service (up to 30 years) payable until age 62 and one month or until receipt of Social Security benefits, if earlier. Benefit is payable for members who retire under certain conditions.

Vested Termination

Vested Termination Eligibility: 100% vested in accrued benefit after 5 years of Vesting Service. A participant is always vested in Employee Contributions.

64	93.3	92.3	93.3

Pre-retirement Surviving Spouse Coverage

Pre-retirement Surviving Spouse Benefit Eligibility: Vested participant dies before annuity starting date who was married for at least one year up to the date of death.

Pre-retirement Surviving Spouse Benefit: Life annuity payable to the beneficiary equal to the survivor portion of the benefit that the participant would have received had he or she retired under the Qualified Joint and Survivor Annuity form on the date of death, or Early Retirement Date, whichever is later. If the participant was eligible for Early Retirement, benefits will commence immediately. Otherwise, benefits will commence on the earliest date the participant would have been eligible to retire.

If there is no surviving spouse, a non-spouse beneficiary shall receive a return of employee contributions (if any) payable as a lump sum.

Post-retirement Surviving Spouse Coverage

Post-retirement Surviving Spouse Benefit: If elected, the survivor portion of a Joint and Survivor Annuity. If a participant is unmarried or had elected a Single Life Annuity, then a lump sum of the remaining Employee Contribution Account Balance (if any), less the amount of total annuity payments, is payable to a beneficiary.

If a spouse predeceases the participant after commencing a Joint and Survivor Annuity, the participant's monthly benefit shall increase to the amount the participant would have received at commencement had he or she elected a Single Life Annuity.

Forms of Payment

Normal Forms:

Single participants: Single Life Annuity.

Married participants: 50% Joint and Survivor Annuity.

Optional Forms of Benefit: Actuarially equivalent 50%, 75% or 100% joint and survivor annuity, 10, 15, or 20 years certain and life annuity (15 and 20 years certain and life annuities are available for Skynet and Loral Component Plans only), Social Security Level Income Option (calculated at age 62), and lump sum (only available when the total lump sum does not exceed \$5,000).

1. Optional forms of payment are generally computed based on 4.5% interest and the 1963 George B. Buck male mortality table.
2. Conversion of life annuity into a 50% Qualified Joint and Survivor Annuity -- life annuity benefit reduced by the following percentage: 5% (i) plus 0.5% for each full year in excess of five by which the Participant's age exceeds that of his or her spouse, or (ii) if the spouse's age exceeds the Participant's, minus 0.5% for each full year in excess of five but not more than ten by which the spouse's age exceeds that of the Participant's.

For lump sums and Social Security Level Income Option, the applicable Code Section 417(e)(3) mortality table and the first, second, and third segment rates under Code Section 417(e) published during September of the preceding year are used.

One-Time Lump Sum Window: From the period October 10, 2016 through November 25, 2016, a one-time lump sum window was offered to terminated vested participants as of July 31, 2016 with nonforfeitable accrued benefits having a present value less than \$175,000. Distributions occurred during December 2016 and amounts were determined using the IRC Section 417(e) mortality table in effect for 2016 with segment interest rates of 1.69%, 4.11%, and 5.07%.
