INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee
Bell-Carter Foods, LLC Employee Retirement Plan
Walnut Creek, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Bell-Carter Foods, LLC Employee Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bell-Carter Foods, LLC Employee Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Bell-Carter Foods, LLC Employee Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bell-Carter Foods, LLC Employee Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bell-Carter Foods, LLC Employee Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bell-Carter Foods, LLC Employee Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2023 and delinquent participant contributions for the year then ended (collectively, "supplemental schedules") are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following description of Bell-Carter Foods, LLC. Employee Retirement Plan (the "Plan") (formerly known as Bell-Carter Foods, Inc. Employee Retirement Plan), provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the purpose of providing tax-deferred savings and retirement benefits to all employees of Bell-Carter Foods, LLC. (formerly known as Bell-Carter Foods, Inc.) (the "Company", the "Plan Sponsor", or the "Employer"). The initial effective date of the Plan was March 3, 1980, and the Plan was amended and restated, effective July 31, 2022. The Plan covers all employees of the Company. There is no minimum age requirement. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Effective March 27, 2020, the Plan administratively adopted the provisions of the Coronavirus Aid, Relief, and Economic Security ("CARES") Act, related to participant loans and distributions. The Company has until December 31, 2025, to amend the Plan for changes allowed by the CARES Act. The Plan adoption agreement has not been formally amended for these provisions as of December 31, 2023.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Company has until the end of the first Plan year beginning on or after January 1, 2025, to amend the Plan for the changes related to SECURE 2.0. The Plan adoption agreement has not been formally amended for these provisions as of December 31, 2023.

On September 22, 2022, the Company was acquired by a third party. Bell Carter Packaging, LLC ("BCP"), a subsidiary of the Company, was not acquired as part of the transaction. Subsequently, on December 24, 2022, employees of BCP were formally terminated from the Company and from the Plan. Management does not believe the termination of the BCP participants constitutes a partial termination of the Plan. All participants including the BCP participants who were terminated from Plan are 100% vested in all Employer contributions, including qualified non-elective contributions.

1. DESCRIPTION OF THE PLAN (continued)

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Custodian") provides custodial services over investment assets and execution of investment transactions. Recordkeeping is provided by an affiliate of the Custodian. Investment fees, which may vary according to the individual funds selected, are paid indirectly out of the assets of the Plan.

Eligibility

All full-time employees of the Company are eligible to participate in the Plan immediately upon hire, except those employees considered to be leased as defined by the Plan.

Contributions

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate. Automatically enrolled participants have their deferral rate set at 3% of pre-tax compensation. Participants may also contribute on an after tax basis as Roth contributions. All participant contributions are subject to the limit permissible under the Internal Revenue Code ("IRC") which was \$22,500 in 2023. Participants who attain the age of 50 before the end of the Plan year may contribute an additional \$7,500 in catch-up contributions to the Plan for 2023. Participants may also contribute (rollovers) amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Company makes Safe Harbor non-elective Employer contributions equal to 3% of a participant's compensation to eligible participants. In addition, the Company has the right to make discretionary contributions to eligible participants who are non-highly compensated employees as defined by the IRC. Such contributions are allocated as a percentage of compensation of eligible participants for the Plan year. To be eligible for the discretionary contribution, an employee need not be employed at the end of the Plan year. During 2023, the Company did not make any discretionary contributions.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of Employer contributions and Plan earnings, if any, and charged with Plan losses, if any, and an allocation of administrative expenses. Allocations related to investments are based on the participant's account balance as a percentage of the total participants' account balances in each investment or the change in unit or share value of the individual investments.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their contributions plus earnings thereon. A participant is 100% vested in all Employer contributions, including qualified non-elective contributions, when deposited into the Plan.

Payment of benefits

Distributions and withdrawals are payable upon retirement, termination, disability, as defined, or death. If a participant's account balance is equal to or less than \$5,000, the balance is distributed immediately in a lump-sum cash payment unless a direct rollover into another qualified benefit plan is requested. If the account balance is over \$5,000, the participant can consent to either a distribution paid in the form of a lump-sum cash payment, a direct rollover into another qualified plan or postpone payment to a later date and remain in the Plan as described in the plan document.

In addition to the foregoing, participants are permitted to request in-service distributions from their vested Plan accounts at any time after having attained age 59 1/2. Participants may also request distributions of their vested account balance upon incurring a financial hardship, as defined by the Plan and subject to certain penalties and limitations.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates for similar loans. The interest rate of the loan will be the determined based on the current prime lending rate plus 1%. Principal and interest is paid ratably through biweekly payroll deductions. A participant may have only one outstanding loan from the Plan at any time. Upon termination of employment of the participant, loans become immediately due and payable to the Plan. Notes receivable from participants mature at various dates through April 2037 and accrue interest at annual rates ranging from 3.25% to 8.50% as of December 31, 2023.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") and present the Plan's net assets available for benefits and changes therein.

Bell-Carter Foods, LLC Employee Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investments securities will occur in the near term and that those changes could materially affect participant's account balances and the amounts reported in the Plan's financial statements.

Investment valuation and income recognition

Investments in mutual funds are stated at fair value, as determined on the open market, and investments in common collective trusts are stated at net asset value ("NAV") as a practical expedient to fair value, as determined by the Custodian. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes gains and losses on investments purchased and sold during the year.

Contributions and contributions receivable

Contributions from participants are recorded in the period during which the Company makes payroll deductions from the participant's earnings based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date.

Employer matching contributions are recorded in the year they are earned and coincide with the year in which the Company records the contribution in its general ledger. The Plan records receivables for contributions based upon the contributions recognized, less amounts received by the Plan as of the last day of the Plan year.

Contributions representing participant rollovers from other qualified defined benefit or defined contribution plans, or other contributions are recorded when received.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a deemed distribution based on the terms of the plan document.

Bell-Carter Foods, LLC Employee Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Payment of benefits

Benefits paid to participants are recorded as a reduction of net assets available for benefits when paid.

Administrative expenses

Administrative expenses may be paid by the Employer, but may, at the discretion of the plan administrator, be paid by the Plan. The Plan is not required to reimburse the Company for expenses paid on its behalf. Transaction fees for certain participant initiated activity are individually charged to the specific account of the participant initiating any such transactions.

3. FAIR VALUE MEASUREMENTS

Accounting standards require that fair value be determined based on the price that would be received for an asset or paid to transfer a liability (exit price) in the principal or most advantageous market, in an orderly transaction between market participants. Such fair value is a market-based measurement, not an entity-specific measurement. U.S. GAAP establishes a three-level valuation hierarchy based upon observable and unobservable inputs. The hierarchy gives the highest priority to level 1 measurements and the lowest priority to level 3 measurements. Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect the market assumptions.

The fair value hierarchy consists of three levels of inputs that may be used to measure fair value as follows:

- *Level 1* - Quoted prices in active markets for identical assets or liabilities.
- *Level 2* - Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- *Level 3* - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

In instances where the determination of fair value measurement is based on inputs from the different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety.

Mutual fund investments are valued at the NAV of shares held by the Plan at year-end which are quoted in an active market and are classified within level 1 of the valuation hierarchy.

December 31, 2023 and 2022

3. FAIR VALUE MEASUREMENTS (continued)

The investments in the Galliard Stable Return PN and Principal BlackRock S&P 500 Index Fund are common collective trusts ("CCTs"). The fair value of interests in the CCTs is based on the NAV of the fund, as a practical expedient to fair value as reported by the issuer and is excluded from the valuation hierarchy. As of December 31, 2023, and 2022, there were no restrictions on redemption or unfunded commitments for any of the significant investment types.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2023:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds, at fair value	<u>\$ 31,114,812</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 31,114,812
Investments, at net asset value				<u>4,469,203</u>
				<u>\$ 35,584,015</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds, at fair value	<u>\$ 30,249,726</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 30,249,726
Investments, at net asset value				<u>5,606,888</u>
				<u>\$ 35,856,614</u>

In accordance with subtopic 820-10, certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the statements of net assets available for benefits.

4. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditor not to perform any auditing procedures with respect to the Plan's investment information, and related activity, certified by the Custodian, determined to be a qualified institutions by the plan administrator, as accurate and complete, except for comparing such information to corresponding information included in the Plan's financial statements and supplemental schedule of assets (held at end of year) ("supplemental schedule"). Certified information is as follows:

- Investments and notes receivable from participants reflected on the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, and;
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2023, and;
- Investments and notes receivable from participants reflected on the supplemental schedule as of December 31, 2023.

5. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 at December 31:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 35,887,024	\$ 36,400,350
Add: Accrued loan interest	2,518	38,344
Add: Adjustment of Common Collective Trusts to fair value from NAV	<u>(124,816)</u>	<u>(181,348)</u>
Net assets available for benefits per the Form 5500	<u>\$ 35,764,726</u>	<u>\$ 36,257,346</u>

The following reconciles changes in net assets available for benefits per the financial statements to Form 5500 for the year ended December 31, 2023:

Net decrease in net assets available for benefits per financial statements	\$ (513,326)
Add: Change in accrued loan interest	(35,826)
Add: Change in adjustment of Common Collective Trusts to fair value from NAV	<u>56,532</u>
Net decrease in net assets available for benefits per the Form 5500	<u>\$ (492,620)</u>

6. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines parties-in-interest similarly to a related party under financial accounting standards, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Management has identified related parties to the Plan that were also considered to be parties-in-interest. The Plan did not enter into any material related party transactions during the Plan year related to compensation arrangements, expense allowances, or similar items.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Company, and certain others. As such, transactions conducted by the Custodian, including fund fees and revenue sharing arrangements, qualify as party-in-interest transactions. Revenue sharing, if any, is shown as other income on the statement of changes in net assets available for benefits. Certain Plan investments are managed by the Custodian. Also, the Plan Sponsor pays certain fees on behalf of the Plan. These transactions qualify as party-in-interest transactions permitted under provisions of ERISA.

The Custodian retains as compensation for services provided to the Plan, any interest on amounts earned while certain transactions are pending. This applies to both contributions and distributions. Earnings are at institutional money market rates.

7. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued. No subsequent events have occurred that would have a material impact on the presentation of the Plan's financial statements except that disclosed below.

On October 1, 2023 the Plan's adoption agreement was amended to include an automatic elective deferral increase of 1%, annually, effective June 1, 2024. The maximum automatic elective deferral shall be 6% of a participant's eligible compensation.

8. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

9. TAX STATUS

The Plan has adopted the Principal Life Insurance Company Pre-Approved Basic Savings Plan (the "Basic Savings Plan") which has received an opinion letter from the Internal Revenue Service dated June 30, 2020, that the form of the Basic Savings Plan is acceptable under Section 401 of the IRC for use by employers for the benefit of their employees. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.
