Independent Auditor's Report

Audit Committee and Board of Directors
Choice Financial Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Choice Financial Group 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, part IV, line 4a – schedule of delinquent participant contributions for the year ended December 31, 2023 and schedule H, part IV, line 4i – schedule of assets (held at end of year), as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Choice Financial Group 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan adopted January 1, 1996, which includes employees of Choice Financial Group (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility: Employees may enter the Plan immediately.

Contributions: Participating employees may elect to make contributions to the Plan based on a percentage of their compensation, up to a maximum of 75% or as limited by the Internal Revenue Code (IRC). New participants are automatically enrolled in the Plan with a pretax contribution election of 4%. However, participants have the option to elect a different deferral percentage or opt out of automatic enrollment. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan currently provides for a safe harbor matching contribution of 100% of the employee contribution up to a maximum of 4%. The Company may also make a discretionary profit-sharing contribution. For the Plan year ending 2023, a profit-sharing contribution was not made. The Plan also accepts rollover contributions.

Participant accounts: Each participant's account is credited with the participant's contributions and the safe harbor matching contribution, and an allocation of the discretionary profit sharing contribution, if any, Plan investment results, and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific transactions, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options: Participants may allocate their contributions to any or all investment funds offered by the Plan. Each participant's individual account in the investment fund is adjusted daily to reflect their share of any investment gains or losses. Participants may change their investment options daily.

Vesting: Beginning on January 1, 2018, participants are vested immediately in their contributions, safe harbor employer matching, profit-sharing contributions and related earnings. For contributions made prior to January 1, 2018, vesting of the Company contributions and related earnings follows the following vesting schedule:

Years of service	Vesting Percentages
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

If a participant dies or becomes disabled while an employee of the Company, they will become 100% vested.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

Forfeitures: Forfeited employer matching balances of terminated participants' nonvested accounts are used to fund future Company contributions, offset Plan administrative expenses, or allocated to the participating employees. Forfeited nonvested accounts totaled \$55,716 and \$53,036 at December 31, 2023 and 2022, respectively. During the year ended December 31, 2023, these accounts were used to partially fund Company matching contributions and offset Plan expenses for \$4,469 and \$96, respectively.

Notes receivable from participants: Loans may be made from the participants' accounts upon written application to the Plan Administrator. Participants may borrow up to 50% of their vested benefit up to a maximum of \$50,000, with a minimum of \$1,000. All loans are repaid in equal amounts over the repayment term. Repayment terms are five years or less, except for loans to acquire a residence, which are determined by the Company considering maturity dates of commercial banks in the local area for similar loans, not to exceed 30 years. Interest rates shall be charged at a rate to be fixed by the Plan Administrator and, in determining the interest rate, the Plan Administrator shall take into consideration interest rates currently being charged on similar commercial loans by persons in the business of lending. A participant may have no more than one outstanding loan at any one time.

Payment of benefits: A participant is entitled to benefits as soon as administratively feasible after one of the following events:

- The date the participant attains normal retirement age (65)
- Disability
- Death
- Termination of employment
- In-service withdrawal at age 59½
- Hardship

The payment shall be made in lump-sum or installment payments as requested by the recipient. If a participant's account is less than \$1,000, a lump-sum distribution will be made to the participant without consent. Any terminated participants with a balance between \$1,000 and \$5,000 can still be automatically paid out if their balance is rolled into a qualified individual retirement account. The designated beneficiary is entitled to a death benefit distribution equal to the participant's vested account balance.

Plan termination: In the event of the termination of the Plan, the accounts of all participants shall become 100% vested and the net assets of the Plan will be allocated as prescribed by ERISA and regulations issued pursuant thereto. Generally, vested benefits would be paid in full to ascertainable participants and beneficiaries. The Company reserves the right to terminate the Plan at any time; however, the Company has not expressed any intent to do so.

Basis of accounting: The financial statements of the Plan are prepared using the accrual basis of accounting.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 2. Significant Accounting Policies

Use of estimates: The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for the fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as those held, during the year. The classification of investment earnings reported in the statement of changes in net assets available for benefits may differ from the classification of earnings on Form 5500 due to different reporting requirements on Form 5500.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expenses when they are incurred. Delinquent notes receivables are reclassified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Interest rates on current outstanding loans range from 4.25% to 10.50% with maturities through August 2052.

Notes receivable from participants have been classified as an investment asset for Form 5500 reporting purposes and, accordingly, have been included as an investment in the supplemental schedule, Schedule H, line 4i—schedule of assets (held at end of year).

Payment of benefits: Benefit payments to participants are recorded upon distribution.

Administrative expenses: Fees and expenses for general plan administrative services, such as, record-keeping services and custodial services, may be charged to the Plan or paid by the Company. Fees and expenses that are paid by the Company are excluded from these financial statements. If not paid by the Company, the administrative expenses become the responsibility of the Plan and are charged to participant accounts. Fees related to the administration of notes receivable from participants are charged directly to the participant's account. Investment-related expenses are included in net appreciation in fair value of investments.

Risks and uncertainties: The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the 2023 statement of net assets available for plan benefits.

Subsequent events: The Plan Administrator has evaluated sequent events through October 15, 2024, the date the financial statements were available to be issued. On October 11, 2024, the Company sold assets related to one division, which resulted in 100 employees being terminated. Of those employees, 96 were participants. All contributions to the plan have been vested for these participants.

Note 3. Information Certified by the Plan Custodian

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and ERISA-required supplemental schedules, obtained by management and agreed to or derived from information certified by Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company), the custodian. The Plan Administrator has obtained certification from the custodian that the information provided to the Plan Administrator by the custodian relating to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520. 103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedules related to the following assets:

	December 31	
	2023	2022
Investments, at fair value:		
Registered investment companies	\$ 10,064,393	\$ 6,018,825
Pooled separate accounts	33,192,638	28,685,157
Investments, at contract value	2,374,007	2,052,997
Notes receivable from participants	439,448	336,398

The Plan custodian also certified as to the completeness and accuracy of \$6,579,216 of net appreciation in investments, \$177,858 of interest and dividend income related to the aforementioned investments, and \$26,851 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the Financial Accounting Standards Board Accounting Standards Codification 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at quoted market prices in active markets.

Pooled separate accounts: Pooled separate accounts invest in a single mutual fund or stocks. The net asset value (NAV) is the basis for the current transactions and the pooled separate account can be redeemed at NAV as of the measurement date. The fair value of the underlying investment is based on observable market information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables, set forth by level within the fair value hierarchy, show the Plan's assets at fair value as of December 31, 2023 and 2022:

2023				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:				
Mutual funds	\$ 10,064,393	\$ -	\$ -	\$ 10,064,393
Investments, at net asset value:				
Pooled separate accounts (a)				33,192,638
				<u>\$ 43,257,031</u>
2022				
	Level 1	Level 2	Level 3	Total
Investments, at fair value:

Investments, at net asset value:				
Pooled separate accounts (a)				28,685,157
				<u>\$ 34,703,982</u>

(a) In accordance with Fair Value Measurements Subtopic 820-10, certain investments that were measured at NAV or its equivalent have not been classified in the fair value hierarchy.

Notes to Financial Statements

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments measured at fair value based on NAV per share at December 31, 2023 and 2022:

Investment	Fair Value at December 31		Redemption Frequency and Notice Period
	2023	2022	
Pooled separate accounts (a)	\$ 33,192,638	\$ 28,685,157	Redemption must be made within one year of notice by Plan

(a) The investment strategy of these funds is not disclosed pursuant to Accounting Standard Update (ASU) No. 2015-12, *Plan Accounting: Defined Benefit Pension Plans (Topic 960), Defined Contribution Pension Plans (Topic 962), Health and Welfare Benefit Plans (Topic 965)—(I) Fully Benefit-Responsive Investment Contracts, (II) Plan Investment Disclosures and (III) Measurement Date practical Expedient a consensus of the FASB Emerging Issues Task Force*).

There are no unfunded commitments for these funds at December 31, 2023 or 2022. The redemption notice period disclosed in the table above reflects the notice period required if the Plan withdraws from the investment. For individual participants who choose to withdraw from the investment, there is no redemption notice period required.

Note 5. Tax Status

The Plan has adopted a non-standardized preapproved plan sponsored by Principal Life Insurance Company. Principal Life Insurance Company has received an opinion letter from the Internal Revenue Service as to the preapproved plan's qualified status. The preapproved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable provisions of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress.

Note 6. Contract With Insurance Company

The Plan entered into traditional fully benefit-responsive guaranteed investment contracts (GICs) with Principal Trust Company. Principal Trust Company maintains the contributions in a general account, which is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer, but it may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting.

Because the GICs are fully benefit-responsive, contract value is the relevant measure for the GICs. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The contract value of the investment contracts at December 31, 2023 and 2022, was \$2,374,007 and \$2,052,997, respectively.

Choice Financial Group 401(k) Plan

Notes to Financial Statements

Note 6. Contract With Insurance Company (Continued)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would limit the ability of the Plan to transact at contract value with the participants.

The contracts permit the insurance companies to terminate the agreement with 60 days advanced written notice.

Note 7. Related-Party Transactions and Party-in-Interest Transactions

Certain Plan investments are managed by Principal Trust Company, the custodian and trustee, as defined by the Plan; therefore, these transactions qualify as party-in-interest transactions. As described in Note 2, the Plan paid certain expenses for Plan operations and investment activity to the service provider. These transactions are exempt party-in-interest transactions under ERISA as well.

Note 8. Prohibited Transactions

During 2023 and 2022, the Plan Sponsor inadvertently failed to deposit participant loan repayments of \$3,876 and \$7,468, respectively, within the required time frame stated by the DOL's regulations. The Plan Sponsor intends to reimburse the Plan for lost earnings related to these late deposits during 2024. The Plan Sponsor intends to file Form 5330 and pay the applicable excise tax to the IRS in 2024. The lost earnings and excise tax payments will be made from the Plan Sponsor's assets and not from the assets of the Plan.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500 as of December 31, 2023 and 2022:
