INDEPENDENT AUDITOR'S REPORT

To the American Central Bancorporation
401(K) Profit Sharing Plan

Opinion

We have audited the accompanying financial statements of American Central Bancorporation 401(K) Profit Sharing Plan, a retirement plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits of as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of American Central Bancorporation 401(K) Profit Sharing Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of American Central Bancorporation 401(K) Profit Sharing Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about American Central Bancorporation 401(K) Profit Sharing Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of American Central Bancorporation 401(K) Profit Sharing Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about American Central Bancorporation 401(K) Profit Sharing Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplementary Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the

responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following brief description of the American Central Bancorporation 401 (K) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan was adopted effective January 1, 1986, as a defined contribution profit sharing plan covering all full-time employees of the company who are of age 21 or older and worked 1,000 hours during a twelve-month period, except members of a collective bargaining unit and non-resident aliens. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a committee appointed by the American Central Financial Group. Prairie State Bank & Trust, as a trustee for the Plan, accumulates and invests the contributions as directed by the Plan administrator.

Contributions

Three types of contributions can be made to the Plan.

Deferral Contributions – Each year, participants may contribute up to the maximum dollar amount as determined by the federal government of pretax annual compensation, as defined in the Plan.

Employer Matching Contribution – The Company in accordance with the safe harbor regulations contributes 100% of the elective deferral that does not exceed 3% of compensation, plus 50% of the Elective Deferral that exceeds 3% of compensation but does not exceed 5% of compensation.

Discretionary Employer Contributions – The Plan allows the Company to annually determine a discretionary amount for a profit sharing contribution.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's matching and discretionary contribution, as well as investment earnings. Allocations are based on participant earnings, contributions or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their salary deferral and employer contributions plus or minus any earnings or losses thereon.

Payment of Benefits

On termination of service, a participant will receive a lump-sum payment equal to the value of the participant's vested interest in his or her account on request. As of December 31, 2023, the Plan held \$2,353,986 in accounts of 53 participants who had left the Plan prior to yearend for which their accounts have not been distributed.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

Investments in Mutual Funds and Pooled Separate Accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in the fully benefit-responsive investment contract is stated at contract value and the investment in certificates of deposit and cash are stated at cost value.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Investment income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Fully benefit-responsive investment contracts are reported at contract value, which is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan.

Benefits Payable

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - TAX STATUS

The Internal Revenue Service has determined and informed the prototype plan sponsor on June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan administrator and the Plan's tax counsel believe that the Plan as amended meets the requirements of Section 401(a) of the Internal Revenue Code.

In accordance with FASB ASC 740-10 which addresses income taxes, the Plan believes there are no significant uncertain tax positions resulting in liabilities that would have been required to be recorded for the years ended December 31, 2023 and 2022.

The Annual Return/Report of Employee Benefit Plan (Form 5500) of the Plan for 2022, 2021, and 2020 are subject to examination by the Internal Revenue Service and Department of Labor, generally three years after they were filed.

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The 3 levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled Separate Accounts

Valued at the net asset value (NAV) of units of an insurance pooled separate account. The NAV, as provided by Minnesota Life Insurance Company is a readily determinable fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. Participant transactions (purchased and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

NOTE 5 - UNALLOCATED CONTRACT - GUARANTEED RETURN ACCOUNT

The Guaranteed Return Account represents a fully benefit-responsive guaranteed investment contract with Minnesota Life Insurance Company totaling \$261,825 and \$338,163 for 2023 and 2022, respectively. Minnesota Life Insurance Company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guarantee to the Plan. The crediting rate is established by the contract issuer and may change as frequently as quarterly.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if the were to initiate permitted transactions under the term of the Plan. Contract value, as reported to the Plan by Minnesota Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses.

The Plan's ability to receive amounts due in dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) the Plan is no longer deemed to be a "qualified plan" under Section 401 of the Internal Revenue Code or other section of the Internal Revenue Code allowing similar tax treatment, (2) the Plan is terminated, or (3) Minnesota Life Insurance Company determines that because of a change in the Plan or in the benefits to be provided, it is necessary to amend or modify the contract and the Plan Administrator does not assent to the amendment or modification. No such events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the plan to transact at contract value with the participants.

NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 6 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of a certificate of deposit fund and a cash account managed by the Plan administrator American Central Financial Group (ACFG). The Plan pays fees of \$900 annually to ACFG for data processing. ACFG is a party in interest. The assets of the Plan include certificates of deposit invested in FDIC insured commercial banks. These financial institutions are affiliated through common ownership and are parties in interest. The dollar amount of these certificates of deposit and cash at December 31, 2023 and 2022 were \$7,173,368 and \$7,428,222, respectively.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intention to do so the company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 9 - SUBSEQUENT EVENTS

Subsequent events are events or transactions that occur after the balance sheet date but before financial statements are issued or are available to be issued. These events and transactions either provide additional evidence about conditions that existed at the date of the balance sheet, including estimates inherent in the process of preparing financial statements (that is, recognized subsequent events), or provide evidence about conditions that did not exist at the date of the balance sheet but arose after that date (that is, non-recognized subsequent events).

Management has evaluated subsequent events through October 14, 2024, which was the date that these financial statements were available for issuance, and determined that there were no significant non-recognized subsequent events through that date.
