Independent Auditors' Report

Administrative Committee
Boulder City Hospital, Inc. Tax Deferred Annuity Plan

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Boulder City Hospital, Inc. Tax Deferred Annuity Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Boulder City Hospital, Inc. Tax Deferred Annuity Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of Boulder City Hospital, Inc. Tax Deferred Annuity Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Boulder City Hospital, Inc. Tax Deferred Annuity Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Boulder City Hospital, Inc. Tax Deferred Annuity Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Boulder City Hospital, Inc. Tax Deferred Annuity Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required By ERISA

The supplemental schedule of assets held at end of year as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BOULDER CITY HOSPITAL, INC. TAX DEFERRED ANNUITY PLAN

NOTES TO FINANCIAL STATEMENTS December 31, 2023 And 2022

1. Description Of The Plan

The following description of the Boulder City Hospital, Inc. Tax Deferred Annuity Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan Agreement for more complete information.

General

The Plan is a participant-directed defined contribution plan established as a Code Section 403(b) savings plan. Boulder City Hospital, Inc. (the Hospital) is the plan sponsor and is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan has retained The Variable Annuity Life Insurance Company (VALIC) as the asset custodian and third-party administrator.

Eligibility

The Plan covers substantially all employees of the Hospital. Employees are eligible to participate in elective deferral contributions on their date of hire. Employees who are age 21 or older and meet the definition of an eligible employee are entitled to receive Hospital contributions when the employee starts contributing to the Plan.

Contributions

Each year participants may contribute pretax annual compensation, as defined in the Plan Agreement. The amount is the maximum limitation permitted by law. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). The Plan currently offers various separate accounts (registered investment companies), and two guaranteed investment contracts as investment options for participants.

At the Hospital's sole discretion, the Hospital may contribute a discretionary matching contribution equal to a participant's elective deferral up to a maximum amount. The maximum amount was 4% for the year ended December 31, 2023. Discretionary matching contributions are made on a quarterly basis provided eligible employees are employed by the Hospital on the last day of the quarter based on a calendar year. Rollovers are not matched. The Hospital made discretionary matching contributions of 50% of the first 4% of participant's contributions that totaled \$172,256 for the year ended December 31, 2023.

BOULDER CITY HOSPITAL, INC
TAX DEFERRED ANNUITY PLAN

Notes To Financial Statements (*Continued*)

The Hospital may also contribute a discretionary employer contribution equal to a uniform rate of compensation of each employee who is eligible for Hospital contributions. Participants must be employed on the last day of the Plan year to be eligible for the discretionary employer contribution. The Hospital shall have the discretion to vary the contribution rate each year. There were no discretionary employer contributions for the year ended December 31, 2023.

Participant Accounts

Each participant's account is credited with the participant's contribution, the Hospital's supplemental matching contributions, and allocations of (a) the Hospital's discretionary contributions, and (b) Plan earnings (losses), and charged with an allocation of Plan expenses. Allocations are based on participant earnings (losses) or account balances, as defined in the Plan Agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

All investments of the Plan are participant-directed. Participants have the option of directing their account balance to one or more different investment options, which cover a wide range of fund objectives and risk.

Vesting

Participants are immediately vested in their elective deferrals and rollover contributions plus earnings thereon. Vesting in the Hospital's discretionary matching contributions and discretionary employer contributions plus actual earnings thereon is based on years of continuous service. The vesting schedule for the discretionary matching and discretionary employer contributions and related earnings is as follows:

<u>Years Of Service</u>	<u>Vesting Percentage</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
More than 6	100%

Forfeited Accounts

Plan forfeitures from participants who terminate service with the Hospital before becoming 100% vested in the Hospital's discretionary matching and discretionary employer contributions are held in a suspense account and are used to pay Plan administration expenses. At December 31, 2023 and 2022, unused forfeitures from nonvested accounts totaled \$9,892 and \$17,275, respectively. Forfeitures were used to pay Plan administrative expenses totaling \$16,500 during the year ended December 31, 2023.

Benefit Payments

Upon termination of service due to death, disability, or retirement, a participant or his or her beneficiary in the event of death, may elect to receive an amount equal to the value of the participant's vested interest in his or her account as an annuity (or any other payout option that may be provided under the participant's annuity contract) if the account balance is greater than \$5,000. If the participant's vested account balance does not exceed \$5,000, the Plan will automatically distribute the account balance in accordance with Plan provisions. Hardship distributions out of the participant's account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½.

Notes Receivable From Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, with a minimum loan of \$1,000. The loans are secured by the balance in the participant's account and bear interest comparable to the rates being charged for fully secured loans offered by area credit unions, banks, and savings and loan institutions at the time the loan is made. Interest rates on existing loans were between 2.50% and 5.50% for the year ended December 31, 2023. Principal and interest are paid ratably through quarterly payments by participants over a period not to exceed five years, except for loans used to purchase a principal residence may be repaid over a reasonable period in excess of five years.

Administrative Expenses

The Plan is administered by the Plan Sponsor. VALIC manages trust funds on behalf of the Plan and maintains individual participants' accounts. Administrative expenses may be paid by the Plan Sponsor or the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates And Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Contributions Receivable And Credit Loss Policy

As of January 1, 2023, the Plan adopted Accounting Standards Codification Topic 326, *Financial Instruments - Credit Losses*, using a modified-retrospective approach. The standard replaces the previous incurred loss model and requires entities to record an estimate of expected losses on financial assets for the remaining estimated life of the asset. This estimate must include consideration of historical experience, current conditions and reasonable and supportable forecasts. The standard applies to the Plan's Hospital contributions receivable. The adoption did not have a material impact on these financial statements.

The Hospital has concluded that no allowance for current expected credit losses was necessary at December 31, 2023 and no allowance for doubtful accounts was necessary at December 31, 2022.

Investment Valuation And Income Recognition

Investments, other than fully benefit-responsive investment contracts, are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Registered company investment accounts are valued based on net asset value (NAV), which is used as a practical expedient to measure the fair value of those funds (not classified within the fair value hierarchy). The Plan has entered into an investment contract with VALIC. Contract value is the relevant measurement attribute for that portion of the net asset available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. See Note 3 for discussion of fair value measurements.

BOULDER CITY HOSPITAL, INC

TAX DEFERRED ANNUITY PLAN

Notes To Financial Statements (*Continued*)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation represents the difference between the aggregate fair value of investments at year end and the values at the beginning of the year and includes any realized gains and losses in securities that were bought and sold during the year.

Investment Contracts

The Plan has two fully benefit-responsive investment contracts, which are reported at contract value, rather than fair value, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan's investments in the VALIC Portfolio Director Group Fixed and Variable Deferred Annuity Contract (PD) and V-Plan Group Fixed Annuity Contract (VP) are fully benefit-responsive investment contracts and are reported at contract value in the statement of net assets available for benefits. The account is credited with earnings on underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified rate that is guaranteed to the Plan.

Because the investment contracts are fully-benefit responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contracts. Contract value, as reported to the Plan by VALIC, represents contributions made under the contract, plus earnings, less participant withdrawal or transfer of all or a portion of the investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. There are no events that allow VALIC to terminate the contract and which require the Plan to settle at an amount different than contract value. The interest crediting policy uses an interest rate at the beginning of each month applicable to contributions received during that month. The rate declared is guaranteed until the end of that calendar year for contributions received that month. At the beginning of the third calendar year, such contributions will earn interest at a new declared pool rate. The rate is established January 1 of each calendar year and is guaranteed for that entire calendar year. The contractually guaranteed minimum interest rate is applicable for the lifetime of the contract.

BOULDER CITY HOSPITAL, INC
TAX DEFERRED ANNUITY PLAN

Notes To Financial Statements (*Continued*)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan payments and the Plan Administrator deems the participant loan to be in default, the loan remains on the outstanding loan balance accruing interest until a distributable event occurs.

Payment Of Benefits

Benefits are recorded when paid.

Subsequent Events

Subsequent events have been evaluated through the date the financial statements were available to be issued, which is the date of the Independent Auditors' Report.

3. Fair Value Measurements

The Plan's only major class of assets measured at fair value is registered investment company accounts. The Plan uses net asset value (NAV) per unit of account as determined by The Variable Annuity Life Insurance Company to measure the fair value of its registered investment company accounts. The NAV of the registered investment company accounts are based on the market value of the underlying mutual funds that are publicly available. The registered investment company accounts are not traded in the public exchange market and unit prices of the accounts are not publicly available. The NAV is used as the practical expedient to estimate fair value.

A fair value hierarchy table is not included since all of the Plan's investments measured at fair value use the NAV per unit practical expedient, which are not classified in the fair value hierarchy.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2023 or 2022.

TAX DEFERRED ANNUITY PLAN

Notes To Financial Statements (*Continued*)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2023 and 2022:

					Redemption	
Investment Type		Fair Value		Unfunded Commitments	Redemption Frequency	Notice Period
		2023	2022			
Registered Investment Companies						
a)	Balanced (5)	\$ 1,858,658	\$ 1,399,320	None	Daily	None
b)	Bond (4)	510,221	445,150	None	Daily	None
c)	Government (3)	783,847	566,994	None	Daily	None
d)	Growth (16)	1,474,199	1,097,185	None	Daily	None
e)	Specialty (6)	526,065	410,258	None	Daily	None
f)	Value (10)	1,044,156	977,599	None	Daily	None
		\$ 6,197,146	\$ 4,896,506			

The investment strategies of the registered investment companies' accounts are as follows:

- a) Balanced funds seek to combine the potential for income and growth.
- b) Bond funds seek to offset some of the risk of investing while providing the potential for income.
- c) Government funds seek to provide a high and sustainable level of current income and invest in U.S. Treasury and other government securities.
- d) Growth funds seek long-term growth of capital.
- e) Specialty funds seek to focus investing within specific industry sectors of the economy.
- f) Value funds seek to invest in stocks that are deemed to be undervalued in price and seek to grow steadily over time.

4. Certified Investment Information

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information certified by VALIC, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from VALIC that the information provided to the Plan Administrator related to the following information is complete and accurate.

BOULDER CITY HOSPITAL, INC

TAX DEFERRED ANNUITY PLAN

Notes To Financial Statements (*Continued*)

Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following assets as of December 31:

	<u>2023</u>	<u>2022</u>
Investments, at fair value	\$ 6,197,146	\$ 4,896,506
Investments, at contract value	2,386,044	2,019,781
Notes receivable from participants	133,736	107,872

VALIC also certified to the completeness and accuracy related to the following investment income (loss) and interest income on notes receivable from participants for the year ended December 31, 2023:

Net appreciation in fair value of investments	\$ 823,883
Interest and dividends from investments	59,589
Interest income on notes receivable from participants	2,881

5. Plan Termination

Although the Hospital has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

6. Income Tax Status

The Plan terms have been designed to qualify under Section 403(b) of the Internal Revenue Code (Code). The Plan is required to operate in conformity with the Code to maintain tax exemption. The terms of the Plan have been prepared to conform to the sample language provided by the IRS. The Plan is required to operate in conformity with the Code to maintain the tax-exempt status for plan participants under Section 403(b). The volume-submitted plan document that the Plan adopted effective June 1, 2020, received an opinion letter from the IRS dated April 5, 2018 stating the volume-submitted plan document was acceptable under section 403(b) of the Internal Revenue Code for use by eligible employers for the benefit of their employees.

BOULDER CITY HOSPITAL, INC
TAX DEFERRED ANNUITY PLAN

Notes To Financial Statements (*Continued*)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain tax position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Party In Interest Transactions

VALIC provides investments, investment management, and record keeping services to the Plan. VALIC is the Custodian as defined by the Plan; therefore, these transactions qualify as party in interest transactions. Fees paid by the Plan for these services amounted to \$20,423 for the year ended December 31, 2023. Notes receivable from participants also qualify as party in interest transactions, which are also exempt from the prohibited transaction rules of ERISA.

8. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
