## Independent Auditor's Report

To the Plan Administrator of  
Genetic Foresight 401(k) Plan:

### ***Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements***

We have performed an audit of the financial statements of Genetic Foresight 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 26, 2023, and the related statement of changes in net assets available for benefits for the period January 1, 2023 to December 26, 2023, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 26, 2023, and for the period from January 1, 2023 to December 26, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### ***Opinion on the 2023 Financial Statements***

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### ***Basis for Opinion on the 2023 Financial Statements***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Genetic Foresight 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### ***Emphasis of Matter - Plan Merger***

As further discussed in Note 1a, Genetic Foresight 401(k) Plan was merged into the Strategic Retirement Program as adopted by Genetic Foresight Inc. (Successor Plan) effective December 26, 2023, whereby all assets of the Genetic Foresight 401(k) Plan were transferred into the Successor Plan. Our opinion is not modified with respect to this matter.

### ***Responsibilities of Management for the 2023 Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### ***Auditor's Responsibilities for the Audit of the 2023 Financial Statements***

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Genetic Foresight 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

***Auditor's Responsibilities for the Audit of the 2023 Financial Statements*** (Continued)

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

***Other Matter - Auditor's Report on the 2022 Financial Statements***

Predecessor auditors performed an audit of the 2022 financial statements of Genetic Foresight 401(k) Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 13, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## GENETIC FORESIGHT 401(K) PLAN

Notes to Financial Statements  
December 26, 2023 and December 31, 2022

### 1. DESCRIPTION OF PLAN

The following description of the Genetic Foresight 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

#### a. General

The Plan was a defined contribution 401(k) plan covering all eligible employees of Genetic Foresight, Inc. (the Plan Sponsor). The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Retirement Plan Committee determined the appropriateness of the Plan's investment offerings and monitored investment performance.

Effective December 26, 2023, all eligible employees of the Plan became eligible to participate in the Strategic Retirement Program as adopted by Genetic Foresight Inc. (Successor Plan) and the Plan was frozen for all contributions. On December 26, 2023, the Plan merged and transferred \$1,169,879 of plan assets to the Successor Plan.

#### b. Eligibility

Prior to the merger, all employees, who completed one month of service with the Plan Sponsor and attainment of 18 years of age, were eligible to participate in the Plan and receive discretionary matching and discretionary non-elective contributions. Leased employees, collectively bargained employees, non-resident aliens who did not have U.S. source income, and residents of Puerto Rico were excluded from participation in the Plan.

#### c. Contributions

Prior to the merger, participants could contribute up to 50% of pre-tax annual compensation or make after-tax contributions (Roth), as defined in the Plan, up to the maximum allowed by the Internal Revenue Service (IRS). The Plan allowed for catch-up contributions. Participants could also contribute amounts representing distributions from other qualified retirement plans (rollover contributions). Participants directed the investment of their contributions into various investment options offered by the Plan.

The Plan Sponsor could make discretionary matching contributions, which were determined annually by the Company. In 2023, the Company matched 50% of employee deferrals, up to 4% of each eligible participant's compensation. The Company could also make discretionary non-elective contributions as determined by the Plan Sponsor. The Company did not contribute a discretionary non-elective contribution for the period January 1, 2023 to December 26, 2023.

#### d. Participant Accounts

Each participant's account was credited with the participant's contributions, allocations of discretionary matching and discretionary non-elective contributions and plan earnings, and charged with an allocation of administrative expenses that were paid by the Plan. Allocations were based on participant's earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant was entitled to was the benefit that could be provided from the participant's vested account.

### 1. DESCRIPTION OF THE PLAN (Continued)

#### e. Vesting

Participants are fully vested in their own contributions, rollover balances, and earnings thereon once eligible to participate in the plan.

#### f. Notes Receivable from Participants

Participants may have borrowed from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or one-half of their vested account balance. The loans were secured by the balance in the participant's account. Participants may have had one loan outstanding at any time. Loan terms ranged from one to five years, unless for the purchase of a primary residence, which was to be no longer than thirty years. Notes receivable from participants bore interest at the available market financing rates. Principal and interest were paid ratably through payroll deductions.

#### g. Payment of Benefits

Upon normal retirement at age 65, with no option for early retirement, or termination of services, a participant may have elected to receive either a lump-sum equal to the value of the participant's vested account balance, or leave their balance in the Plan if the balance is over \$5,000. The Plan required balances from \$1,000 up to \$5,000 be paid out to participants upon termination. There were also retirement benefits available upon disability or death.

The Plan allowed in-service withdrawals upon attainment of age 59½. A participant could also request a withdrawal upon demonstration to the Plan Administrator that they were suffering a "hardship". Hardship is defined in applicable regulations promulgated or to be promulgated pursuant to the applicable section of the Internal Revenue Code (IRC) or standards established by the Secretary of the Treasury or their delegate. As a result of the plan merger, all terminated participant accounts were distributed as of December 26, 2023.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Basis of Presentation

The Plan prepares its financial statements in accordance with generally accepted accounting principles (U.S. GAAP) established by the Financial Accounting Standards Board (FASB). References to U.S. GAAP in these notes are to the FASB Accounting Standards Codification (ASC).

#### Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

### **2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

#### **Investment Value and Income Recognition**

The Plan's investments were reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors and qualified institution. See Note 4 for disclosure of fair value measurement.

Purchases and sales of investments were recorded on a trade-date basis. Interest income was recorded on the accrual basis. Dividends were recorded on the ex-dividend date. The net appreciation of investments includes the Plan's gains and losses on investments bought or sold, as well as held during the year.

#### **Notes Receivable from Participants**

Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from participants was recorded on the accrual basis. Related fees were recorded as administrative expenses and were expensed when incurred. No allowances for credit losses had been recorded as of December 26, 2023 and December 31, 2022. If a participant ceased to make loan payments and the Plan Administrator deemed the participant loan to be in default, the participant loan balance was reduced and a benefit payment was recorded. All remaining loans were transferred from the Plan to the Successor Plan as of December 26, 2023.

#### **Contributions**

Contributions from plan participants and the discretionary matching contributions from the Plan Sponsor were recorded in the year in which the participant contributions were withheld from compensation. Discretionary non-elective contributions were recorded when such contributions were authorized by the Plan Sponsor.

#### **Payment of Benefits**

Benefits were recorded when paid.

#### **Administrative Expenses**

Certain expenses of maintaining the Plan were paid directly by the Plan Sponsor and are excluded from these financial statements. Fees related to recordkeeping, the administration of notes receivable from participants, and processing of distributions were charged directly to the participant's account. Investment-related expenses are included in net appreciation of investments.

#### **Subsequent Events**

Subsequent events have been evaluated through October 15, 2024, which is the date the financial statements were available to be issued. There were no events that met the criteria for recognition or disclosure in the financial statements.

### 3. INFORMATION PREPARED AND CERTIFIED BY THE QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, a qualified institution, has certified to the completeness and accuracy of all investments and notes receivable from participants reported in accompanying statements of net assets available for benefits as of December 26, 2023 and December 31, 2022, and the related investment transactions and investment income and interest income on notes receivable from participants reported in the accompanying statement of changes in net assets available for benefits for the period from January 1, 2023 to December 26, 2023.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to certified investment information, except for comparing such certified investment information included in the accompanying financial statements.

### 4. FAIR VALUE MEASUREMENT

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date. *Fair Value Measurement* establishes a hierarchy of the valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The fair value hierarchy is as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

### 4. FAIR VALUE MEASUREMENT (Continued)

*Self-directed brokerage accounts:* Valued at the daily closing price as reported by the fund. Self-directed brokerage accounts provide participants with expanded investment choices in addition to the core investments in the Plan. These investments include equity securities traded on U.S. exchanges.

There have been no changes in the methodologies used at December 31, 2022.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

All plan assets were distributed as part of the Plan merger. Accordingly, there are no investments held as of December 26, 2023.

The following table summarizes investments measured at fair value based on NAV per share as a practical expedient as December 31, 2022:

<u>Description</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 1,141,738	\$ -	\$ -	\$ 1,141,738
Self-directed brokage account	<u>13,628</u>	<u>-</u>	<u>-</u>	<u>13,628</u>
Total investments, at fair value	<u>\$ 1,155,366</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,155,366</u>

### 5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Section 3(14) of ERISA defines a party-in-interest to include, among others, fiduciaries or employees of the Plan, any person who provides services to the Plan or an employer whose employees are covered by the Plan. Accordingly, notes receivable from participants and transactions with investment funds managed and held by the Plan's qualified institution are considered party-in-interest transactions.

The Plan also allows for a revenue sharing credit, which is used to offset certain amounts owed to Empower Trust Company, LLC for its administrative services to the Plan. During 2023, the Plan paid the qualified institution, recordkeeper, and investment manager fees of \$15,761, which is presented net of \$204 of the revenue sharing credit in the accompanying statement of changes in net assets available for benefits.

### 6. TAX STATUS

The Plan Sponsor has obtained an opinion letter dated November 14, 2022, in which the IRS stated that the restated prototype plan document was in compliance with applicable requirements of the IRC. The Plan Administrator timely adopted the restated prototype plan. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes that the Plan was operated in accordance with the IRC.

## GENETIC FORESIGHT 401(K) PLAN

Notes to Financial Statements  
December 26, 2023 and December 31, 2022

---

### 6. TAX STATUS (Continued)

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the applicable authorities, however there are currently no audits for any tax periods in progress.

### 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants balances, and the amounts reported in the accompanying statements of net assets available for benefits.

### 8. PLAN MERGER

As disclosed in Note 1a, the Plan was merged into the Successor Plan effective December 26, 2023.

### 9. RECONCILIATION TO THE IRS FORM 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2022:

Net assets available for benefits, per the financial statements	\$ 1,182,605
Less - participant contributions receivable	(14,829)
Less - employer contributions receivable	<u>(5,219)</u>
Net assets available for benefits per Form 5500	<u>\$ 1,162,557</u>

The following is a reconciliation of net increase in net assets available for plan benefits between the financial statements and Form 5500 as of December 31, 2023:

Net decrease in net assets available for benefits, per financial statements	\$ (12,726)
Plus - 2022 participant contributions receivable	14,829
Plus - 2022 employer contributions receivable	<u>5,219</u>
Net income, per Form 5500	<u>\$ 7,322</u>
