To the Trustee and Plan Administrator of the Mountain View Child Care, Inc. 401(k) Plan
Loma Linda, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Mountain View Child Care, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed, (as described in the Auditor's Responsibilities for the Audit of the Financial Statements section):

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOUNTAIN VIEW CHILD CARE, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

Mountain View Child Care, Inc. (Company) established the Mountain View Child Care, Inc. 401(k) Plan (the Plan) as a defined contribution plan providing retirement income, disability, termination and death benefits to eligible employees. The Plan was originally established on January 1, 1998 and has been subsequently amended and restated effective January 1, 2022. The Plan covers employees of Mountain View Child Care, Inc. and Sun Valley Health Care, Inc. The Plan consists of a tax deferred savings program under the Internal Revenue Code (IRC) Section 401(k) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended. The Plan is administered by the Company.

The following description of the Plan provides only general information. Participants and other interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participation

Employees who are 21 years or older are eligible to participate in the Plan on the first day of the month following the completion of two months of service provided that they are not a leased employee under Code Section 414(n), non-resident aliens, or any person covered by a collective bargaining agreement (which does not specifically provide coverage of such employee).

Contributions

Each year, subject to plan and IRC provisions, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document. Participants may also designate elective deferrals as Roth deferrals.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options.

Participating employers can make discretionary profit sharing contributions, qualified non-elective contributions, qualified matching contributions, and discretionary matching contributions; such decisions are made annually. For the year ended December 31, 2023, the Company matched employee deferrals at a rate of 50% of the employee's deferrals; not to exceed a maximum of \$100 per paycheck or \$200 per month. For the year ended December 31, 2023, Mountain View Child Care, Inc. matching contributions in the amount of \$195,207. All contributions are subject to IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) discretionary profit sharing contributions, (b) Company matching contributions, (c) plan earnings, (d) forfeitures of terminated participants' non-vested accounts, and (e) charged with an allocation of administrative expenses and losses. Plan earnings or losses are allocated to each participant's account based upon actual performance of their individual portfolio.

Vesting

The amount credited to a participant's account shall be fully vested upon attaining normal retirement age, death, or by reason of permanent disability, made early retirement age while still employed. Participants are always 100% vested in amounts attributable to their salary deferrals. For participants who meet eligibility conditions during any plan year, discretionary profit sharing contributions and Company matching contributions shall vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of a maximum of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50% of their account balance. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest (as determined by the Company). Interest rates on outstanding loans range from 4.25% to 10.50%. Principal and interest is paid through payroll deductions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability, or termination of employment. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions, as outlined in the plan document, are permitted subject to the approval of the participating employers. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution. Benefits under the Plan shall be distributed solely from the assets of the Trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

Terminated participants with account balances less than \$5,000, but greater than \$1,000 who fail to elect to receive the distribution or elect to have their respective benefit rolled over to another qualified plan will have their respective account balance automatically rolled over to an Individual Retirement Account.

Terminated participants with account balances less than \$1,000 who fail to elect to receive the distribution or elect to have their respective benefit rolled over to another qualified plan will have their respective account balance automatically distributed to them.

Forfeitures

Forfeitures occur when a participant terminates without fully vesting. As of December 31, 2023 and 2022, forfeited non-vested accounts and funds received to offset plan expenses totaled \$26,532 and \$13,680, respectively. During the year ended December 31, 2023, \$8,307 were used to reduce employer contributions and there were forfeitures in the amount of \$19,925 and additional recovery of fees in the amount of \$1,069. The account earned \$166.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents. Cost reflects fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make

loan repayments and the plan administrator deems the participant loan to be in default, the participant note receivable balance is reduced and a benefit payment is recorded. As of December 31, 2023 and 2022, an allowance of \$25,672 and \$28,812 for credit losses has been recorded for notes receivable from participants.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the participating employers and are excluded from these financial statements. Fees related to the administration of the Plan, distributions, and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Levels 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from corroborated observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The investment is classified within Level 1 of the hierarchy.

Collective Trust Fund

The Plan holds an investment in the BlackRock Mid Cap Equity Index Fund. This is a collective trust fund. As of December 31, 2023 and 2022, the value of this investment was \$224,082 and \$23,452, respectively. The value is measured at the NAV of units held by the Plan at the end of the year. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments. These investments can be redeemed immediately and without a redemption notification period. The nature, risks, and investment objective of the investment is provided in the Plan's enrollment materials. In accordance with Subtopic 820-10, certain investments measured at NAV per share (or its equivalent) as a practical expedient are not required to be classified by level in the fair value hierarchy table. Therefore, the investment is not shown below.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2023

NOTE 5 - GROUP ANNUITY CONTRACT

The Plan has a fully benefit responsive group annuity contract with Empower Annuity Insurance Company of America (Empower), which is called the EI Fixed Account. Empower maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Empower may not terminate the contract at any amount less than the contract value.

Empower is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Empower. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year.

As of December 31, 2023 and 2022, the Plan's investment in the group annuity contract was \$719,338 and \$359,854. The average yield earned by the investment for the years ended December 31, 2023 and 2022 was 1.23% and .93%, respectively.

NOTE 6 - SUMMARY OF FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

All investments are participant directed. The Company acting in its capacity as the Plan Administrator, has elected the method of annual reporting compliance by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

The following is a summary of financial information regarding the Plan as of December 31, 2023 and 2022 for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Custodians, and furnished to the Company. The Company has obtained certification from Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of December 31, 2023 and 2022 and for the year ended December 31, 2023 that such information is complete and accurate.

NOTE 7 - TAX STATUS

The Company (and participating employers) adopted the Ascensus LLC Non-Standardized Pre-Approved Profit Sharing Plan/Money Purchase/Coda which obtained its latest opinion letter on June 30, 2020. In this letter, the Internal Revenue Service (IRS) states that the Plan is acceptable under Section 401 of the Code for use by the employer for the benefit of their employees. Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes to participants which are secured by the balances in participants' accounts. Participants have paid account administration fees including fees for recordkeeping, loan and distribution processing to Empower Annuity Insurance Company of America in the amount of \$18,048 and Ascensus Holdings, Inc. in the amount of \$6,901. The Plan paid investment management fees to Empower Advisory Group, LLC in the amount of \$17,232 and investment advisory fees to Insurance Office of America, Inc and Monarch Corporate Advisors, Inc. in the amount of \$14,633 and \$15,702, respectively. The Plan also received funds from Empower as part of a revenue sharing credit which were used to pay plan expenses. Other investment related

expenses paid by the Plan are included in the net depreciation in fair value of investments. These transactions qualify as party-in-interest transactions for which a statutory exemption exists. The Company also paid certain administrative expenses of the Plan; including audit fees.

NOTE 9 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested in all Company contributions.

NOTE 10- OTHER EMPLOYER CONTRIBUTIONS

The Company has accrued \$5,598 for missed elective deferrals and employer contributions related to plan year ended December 31, 2022.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2024 the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT

To the Trustee and Plan Administrator of the Mountain View Child Care, Inc. 401(k) Plan
Loma Linda, CA

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the accompanying financial statements of Mountain View Child Care, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the Statement of Net Assets Available for Plan Benefits as of December 31, 2023 and 2022, and the related Statement of Changes in Net Assets Available for Plan Benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certification from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed, (as described in the Auditor's Responsibilities for the Audit of the Financial Statements section):

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other

records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution, agrees to or is derived from, in all material respects, the information prepared and certified by an institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MOUNTAIN VIEW CHILD CARE, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

NOTE 1 - DESCRIPTION OF THE PLAN

Mountain View Child Care, Inc. (Company) established the Mountain View Child Care, Inc. 401(k) Plan (the Plan) as a defined contribution plan providing retirement income, disability, termination and death benefits to eligible employees. The Plan was originally established on January 1, 1998 and has been subsequently amended and restated effective January 1, 2022. The Plan covers employees of Mountain View Child Care, Inc. and Sun Valley Health Care, Inc. The Plan consists of a tax deferred savings program under the Internal Revenue Code (IRC) Section 401(k) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, (ERISA), as amended. The Plan is administered by the Company.

The following description of the Plan provides only general information. Participants and other interested parties should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participation

Employees who are 21 years or older are eligible to participate in the Plan on the first day of the month following the completion of two months of service provided that they are not a leased employee under Code Section 414(n), non-resident aliens, or any person covered by a collective bargaining agreement (which does not specifically provide coverage of such employee).

Contributions

Each year, subject to plan and IRC provisions, participants may contribute up to 100% of pretax annual compensation, as defined in the plan document. Participants may also designate elective deferrals as Roth deferrals.

Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options.

Participating employers can make discretionary profit sharing contributions, qualified non-elective contributions, qualified matching contributions, and discretionary matching contributions; such decisions are made annually. For the year ended December 31, 2023, the Company matched employee deferrals at a rate of 50% of the employee's deferrals; not to exceed a maximum of \$100 per paycheck or \$200 per month. For the year ended December 31, 2023, Mountain View Child Care, Inc. matching contributions in the amount of \$195,207. All contributions are subject to IRC limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) discretionary profit sharing contributions, (b) Company matching contributions, (c) plan earnings, (d) forfeitures of terminated participants' non-vested accounts, and (e) charged with an allocation of administrative expenses and losses. Plan earnings or losses are allocated to each participant's account based upon actual performance of their individual portfolio.

Vesting

The amount credited to a participant's account shall be fully vested upon attaining normal retirement age, death, or by reason of permanent disability, made early retirement age while still employed. Participants are always 100% vested in amounts attributable to their salary deferrals. For participants who meet eligibility conditions during any plan year, discretionary profit sharing contributions and Company matching contributions shall vest according to the following schedule:

<u>Years of Service</u>	<u>Vested Interest</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts up to the lesser of a maximum of \$50,000 less the highest outstanding loan balance during the prior 12 months or 50% of their account balance. The notes are secured by the balance in the participant's account and bear a reasonable fixed rate of interest (as determined by the Company). Interest rates on outstanding loans range from 4.25% to 10.50%. Principal and interest is paid through payroll deductions.

Payment of Benefits

The Plan provides for the payment of benefits to the participant or beneficiary at retirement, death, disability, or termination of employment. Participants terminating their employment with the Company or attaining age 59 1/2 are entitled to withdraw all or a portion of their vested account balance. "Hardship" distributions, as outlined in the plan document, are permitted subject to the approval of the participating employers. Participants who qualify for retirement benefits and withdrawals will receive their benefits in the form of a lump sum cash distribution. Benefits under the Plan shall be distributed solely from the assets of the Trust. The benefit to which a participant is entitled is the benefit that can be provided directly from the participant's vested account balance.

Terminated participants with account balances less than \$5,000, but greater than \$1,000 who fail to elect to receive the distribution or elect to have their respective benefit rolled over to another qualified plan will have their respective account balance automatically rolled over to an Individual Retirement Account.

Terminated participants with account balances less than \$1,000 who fail to elect to receive the distribution or elect to have their respective benefit rolled over to another qualified plan will have their respective account balance automatically distributed to them.

Forfeitures

Forfeitures occur when a participant terminates without fully vesting. As of December 31, 2023 and 2022, forfeited non-vested accounts and funds received to offset plan expenses totaled \$26,532 and \$13,680, respectively. During the year ended December 31, 2023, \$8,307 were used to reduce employer contributions and there were forfeitures in the amount of \$19,925 and additional recovery of fees in the amount of \$1,069. The account earned \$166.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measure for the portion of the net assets available for plan benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation/(depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash and Cash Equivalents

The Plan considers highly liquid investments with an original maturity of three months or less to be cash and cash equivalents. Cost reflects fair value.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make

loan repayments and the plan administrator deems the participant loan to be in default, the participant note receivable balance is reduced and a benefit payment is recorded. As of December 31, 2023 and 2022, an allowance of \$25,672 and \$28,812 for credit losses has been recorded for notes receivable from participants.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the participating employers and are excluded from these financial statements. Fees related to the administration of the Plan, distributions, and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

NOTE 3 - RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Plan Benefits.

NOTE 4 - FAIR VALUE MEASUREMENTS

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1 measurements) and the lowest priority to unobservable inputs (Levels 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Fair Value Measurements

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2 Fair Value Measurements

Inputs to the valuation methodology include (1) quoted prices for similar assets or liabilities in active markets, (2) quoted prices for identical or similar assets or liabilities in inactive markets, (3) inputs other than quoted prices that are observable for the asset or liability, and (4) inputs that are derived principally from corroborated observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Fair Value Measurements

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. The investment is classified within Level 1 of the hierarchy.

Collective Trust Fund

The Plan holds an investment in the BlackRock Mid Cap Equity Index Fund. This is a collective trust fund. As of December 31, 2023 and 2022, the value of this investment was \$224,082 and \$23,452, respectively. The value is measured at the NAV of units held by the Plan at the end of the year. The unit price is quoted on a private market that is not active; however, the unit price is based on underlying investments. These investments can be redeemed immediately and without a redemption notification period. The nature, risks, and investment objective of the investment is provided in the Plan's enrollment materials. In accordance with Subtopic 820-10, certain investments measured at NAV per share (or its equivalent) as a practical expedient are not required to be classified by level in the fair value hierarchy table. Therefore, the investment is not shown below.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

NOTE 5 - GROUP ANNUITY CONTRACT

The Plan has a fully benefit responsive group annuity contract with Empower Annuity Insurance Company of America (Empower), which is called the EI Fixed Account. Empower maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Certain events limit the Plan's ability to transact at contract value with Empower. Such events include the following: (1) premature termination of the contracts by the Plan, (2) plant closings, (3) layoffs, (4) plan termination, (5) bankruptcy, (6) and early retirement incentives. Plan management believes that the occurrence of events that would cause the Plan to transact at less than contract value is not probable. Empower may not terminate the contract at any amount less than the contract value.

Empower is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with Empower. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The average yield earned by the Plan for the group annuity contract is derived by averaging the quarterly gross interest rates for the fund over the year.

As of December 31, 2023 and 2022, the Plan's investment in the group annuity contract was \$719,338 and \$359,854. The average yield earned by the investment for the years ended December 31, 2023 and 2022 was 1.23% and .93%, respectively.

NOTE 6 - SUMMARY OF FINANCIAL DATA CERTIFIED BY THE CUSTODIANS

All investments are participant directed. The Company acting in its capacity as the Plan Administrator, has elected the method of annual reporting compliance by 29 CFR 2520.103-5(c) of the Department of Labor Rules and Regulations for Reporting and Disclosure under ERISA.

The following is a summary of financial information regarding the Plan as of December 31, 2023 and 2022 for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedules, that was prepared by or derived from information prepared by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, the Custodians, and furnished to the Company. The Company has obtained certification from Empower Annuity Insurance Company of America and Empower Trust Company, LLC as of December 31, 2023 and 2022 and for the year ended December 31, 2023 that such information is complete and accurate.

NOTE 7 - TAX STATUS

The Company (and participating employers) adopted the Ascensus LLC Non-Standardized Pre-Approved Profit Sharing Plan/Money Purchase/Coda which obtained its latest opinion letter on June 30, 2020. In this letter, the Internal Revenue Service (IRS) states that the Plan is acceptable under Section 401 of the Code for use by the employer for the benefit of their employees. Therefore, no provision for income taxes has been included in the Plan's financial statements. Although the Plan has been amended since receiving the opinion letter, the Company believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, the Company believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Company has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023 there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Company believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 8 - RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan. The Plan issues notes to participants which are secured by the balances in participants' accounts. Participants have paid account administration fees including fees for recordkeeping, loan and distribution processing to Empower Annuity Insurance Company of America in the amount of \$18,048 and Ascensus Holdings, Inc. in the amount of \$6,901. The Plan paid investment management fees to Empower Advisory Group, LLC in the amount of \$17,232 and investment advisory fees to Insurance Office of America, Inc and Monarch Corporate Advisors, Inc. in the amount of \$14,633 and \$15,702, respectively. The Plan also received funds from Empower as part of a revenue sharing credit which were used to pay plan expenses. Other investment related

expenses paid by the Plan are included in the net depreciation in fair value of investments. These transactions qualify as party-in-interest transactions for which a statutory exemption exists. The Company also paid certain administrative expenses of the Plan; including audit fees.

NOTE 9 - PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event that the Plan is terminated, participants will become 100% vested in all Company contributions.

NOTE 10- OTHER EMPLOYER CONTRIBUTIONS

The Company has accrued \$5,598 for missed elective deferrals and employer contributions related to plan year ended December 31, 2022.

NOTE 11 - SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 10, 2024 the date the financial statements were available to be issued.
