Independent Auditor's Report

To the Participants and Administrator of
Hi-School Pharmacy, Inc. Multiple Employer
401(k) and Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hi-School Pharmacy, Inc. Multiple Employer 401(k) and Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

**Hi-School Pharmacy, Inc. Multiple Employer
401(k) and Profit Sharing Plan and Trust
Independent Auditor's Report, Continued
December 31, 2023 and 2022**

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

**Hi-School Pharmacy, Inc. Multiple Employer
401(k) and Profit Sharing Plan and Trust
Independent Auditor's Report, Continued
December 31, 2023 and 2022**

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

**Hi-School Pharmacy, Inc. Multiple Employer
401(k) and Profit Sharing Plan and Trust
Independent Auditor's Report, Continued
December 31, 2023 and 2022**

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following brief description of the Hi-School Pharmacy, Inc. Multiple Employer 401(k) and Profit Sharing Plan and Trust (the “Plan”) is provided for general information purposes only. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

General

The companies involved in the Plan include Hi-School Pharmacy, Inc., Hi-School Pharmacy Services, LLC, Hi-School Pharmacy of Oregon, Inc., Hi-School Pharmacy Managed Care, Price Mart, Inc., SJO Corporation, Bolger Pharmacy, Inc., Cutters Hi-School Pharmacy, Inc., JHSO Corporation, Rick’s Hi-School Pharmacy, Inc., WRP, LLC, WMSO, LLC, WSG Corporation, RKSO, LLC, GLSJO, LLC, JC Hardware, Inc., Independence Pharmacy, Inc., Cathlamet Pharmacy, Inc., Northwest Generics, LLC, HSPRE, LLC, Coastal Pharmacies LLC, Sheridan Pharmacy, Inc., and Columbia County Hardware, LLC (collectively the “Companies”). The Plan is a multiple employer defined contribution plan covering all employees of the Companies who have completed six months of service and attained age twenty-one. Employees covered by collective bargaining agreements are excluded from the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended (“ERISA”). Certain members of Hi-School Pharmacy, Inc.’s management are responsible for oversight of the Plan including determining the appropriateness of the Plan’s investment offerings and monitoring investment performance.

Contributions

Each year participants may contribute up to 100 percent of their annual compensation, as defined in the plan document. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from certain other qualified plans. Under the terms of the plan document, the Companies may elect to make matching contributions to eligible participants which are determined by the various participating employers each year. For the year ended December 31, 2023, the Companies individually elected to remit matching contributions to eligible participants in amounts ranging from zero to four percent of their eligible compensation. Certain employer matching contributions may represent qualified safe harbor contributions, as defined. The Companies may also make discretionary contributions to eligible employees based on the ratio of each employee’s compensation to the total of all participants’ compensation. Participants direct the investment of all contributions credited to their accounts into any of the various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant accounts

Each participant’s account is credited with the participant’s contributions and company matching contributions, as well as allocations of company discretionary profit sharing contributions and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant

earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service.

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Participants of certain participating employers who have elected to make safe harbor matching contributions are fully vested in those safe harbor matching contributions regardless of their respective years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are collateralized by the balance in the participant's account. The loan interest rate is a fixed rate commensurate with local prevailing rates as determined by the plan administrator at the loan issuance date. Principal and interest payments are remitted ratably through monthly payroll deductions.

Payment of benefits

Upon termination of service due to death, disability, retirement or other reasons, a participant may receive distributions equal to the value of the participant's vested interest in his or her account under any method permitted by the Plan which includes a lump-sum payment. Participants become 100 percent vested in their account balance upon death or permanent disability as defined by the plan document.

Forfeited accounts

Forfeitures of matching and discretionary contributions may be used to reduce employer contributions, restore participant accounts, or to pay administrative expenses. At December 31, 2023 and 2022, the Plan held unallocated forfeitures totaling \$4,933 and \$4,873, respectively.

2. Summary of Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Cash

Cash consists of non-interest bearing deposits temporarily held until allocated to participant accounts.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Payment of benefits

Benefits are recorded when paid.

**Hi-School Pharmacy, Inc. Multiple Employer
401(k) and Profit Sharing Plan and Trust**
Notes to Financial Statements
December 31, 2023 and 2022

Expenses

Certain expenses of maintaining the Plan are paid directly by the Companies and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events

In preparing these financial statements, management has evaluated events and transactions for potential recognition or disclosure through October 11, 2024, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation in fair value of investments, and interest and dividends, for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC, Empower Annuity Insurance Company of America ("Empower"), and Charles Schwab Trust Bank.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Hi-School Pharmacy, Inc. Multiple Employer
401(k) and Profit Sharing Plan and Trust**
Notes to Financial Statements
December 31, 2023 and 2022

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022. Fair values are provided by the Plan's investment custodians for all of the Plan's assets as follows:

- Investments in common/collective trust investments are valued at the net asset value ("NAV") of units of a collective investment trust. The NAV, as provided by the trustee, is used to estimate fair value and is based on the fair value of the underlying investments held by the fund less its liabilities. This value is not used when it is determined to be probable that the Plan will sell the investment for an amount different than the reported NAV. Participant transactions, including purchases and sales, are valued on a daily basis. Certain participant-initiated withdrawals may be executed subject to a 90-day redemption notice period. Were the Plan to initiate a full redemption of the Morley Stable Value Fund, under the terms of the collective trust agreement the investment issuer reserves the right to temporarily delay withdrawal from the fund for up to one year. For the year ended December 31, 2023, the average yield and crediting rate earned by the fund was approximately 4.87 percent and 2.76 percent, respectively.
- Registered investment companies, including money market accounts and other mutual funds, are valued at the daily closing price as reported by the fund. Registered investment company investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Investments in insurance company general accounts are stated at fair value calculated by discounting the related cash flows based on current yields of similar instruments with comparable durations. Participant initiated transactions may occur without restriction; however, were the Plan to initiate a full redemption of the Empower Guaranteed Portfolio Fund, the investment issuer reserves the right to temporarily delay withdrawals from the account under the terms of the related agreement.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Investments in Group Annuity Contracts

Amounts invested in the Empower Guaranteed Portfolio Fund (the "Guaranteed Portfolio") are part of Empower's general investment accounts. The underlying assets in the general account include investments in private placement bonds, commercial and residential mortgages, common stocks and real estate. At December 31, 2023 and 2022, the Plan's investments in group annuity contracts are primarily deemed to be not fully benefit responsive and are, therefore, presented at fair value in the accompanying statements of net assets. The methodology for calculating the interest crediting rate is based on the earnings of the underlying assets in the entire medium-long term new portfolio compared to the minimum interest crediting rate, as stated in the agreement, and prevailing market conditions. The interest crediting rate for the Guaranteed Portfolio is reset quarterly and was approximately 1.23 percent and 0.93 percent for the years ended December 31, 2023 and 2022, respectively.

6. Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by Sloy, Dahl & Holst, Inc., Empower Trust Company, LLC, Empower Annuity Insurance Company of America, Charles Schwab Trust Bank or their affiliates. Sloy, Dahl & Holst, Inc. serves as the Plan's investment advisor; Empower Trust Company, LLC, Empower Annuity Insurance Company of America, and

Charles Schwab Trust Bank serve as the Plan's investment custodians, as defined; therefore, transactions in these investments qualify as party-in-interest transactions. Certain fees incurred by the Plan for investment management and other services are included in net appreciation in fair value of investments, as they are paid at the investment level rather than by direct payments from the Plan. During the year ended December 31, 2023, the Plan made direct payments totaling \$140,131 for investment advisory, plan administration, and record keeping services. The Companies pay directly certain other fees related to the Plan's operations.

7. Plan Termination

Although they have not expressed any intent to do so, the Companies have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of the termination of the Plan, participants would become fully vested in their accounts.

8. Tax Status

The Internal Revenue Service has determined and informed the Plan by letter dated November 18, 2013, that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (the "IRC"). The Plan has been amended since receiving the determination letter; however, the plan administrator believes the Plan is designed, and currently being operated, in compliance with applicable sections of the IRC and, therefore, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflicts, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
