Fiduciary Committee
ACME Construction Supply Co., Inc. 401(k) Retirement Savings Plan
Lake Oswego, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the ACME Construction Supply Co., Inc. 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements were available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Fiduciary Committee
ACME Construction Supply Co., Inc. 401(k) Retirement Savings Plan

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of Plan

The following description of the ACME Construction Supply Co., Inc. 401(k) Retirement Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan provisions.

General

The Plan is a defined contribution plan established by Acme Construction Supply Co., Inc. (the “Plan Sponsor” and “Company”) under the provisions of Section 401(a) of the United States Internal Revenue Code (“IRC”), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”), as well as certain provisions of federal income tax laws. The Plan’s Fiduciary Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan’s investment offerings and monitors investment performance.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements:

- Age: 18
- Service: 0 months
- Status exclusions:
 - Members of collective bargaining agreement

Upon satisfying the eligibility requirements, employees may participate in the Plan on the first day of the next month.

Plan amendments

The Securing a Strong Retirement Act (“SECURE 2.0 Act”) was signed into law on December 29, 2022, and includes mandatory and optional provisions with varying effective dates in 2023 and later. Written amendments to the Plan related to the SECURE 2.0 Act, as applicable, will be drafted in accordance with applicable law and regulatory guidance.

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute up to 90% of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. Participants may also contribute amounts representing distributions from other qualified plans, as defined in the Plan agreement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Rollover contributions
- Employer matching
- Elective deferrals
- Roth deferrals

Participants direct the investment of their contributions and any employer contributions into various investment options offered by the Plan.

1. Description of Plan (continued)

Contributions (continued)

The Plan has an automatic enrollment provision (3% salary deferral) and automatic increase provision for all participants contributing less than 6% of their eligible wages (1% increases annually on the first day of July until reaching a maximum of 6%). Employees wishing not to participate in the auto-enrollment or auto-increase program may opt out of the Plan or the program at any point in time. Automatic increase contributions will be increased in accordance with the participants' current participation elections.

The Company may make discretionary matching contributions, which will be allocated in accordance with the Plan document provisions. For the year ended December 31, 2023, the Company contributed 50% of participants' contributions up to 3% of participants' salaries.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings or losses and charged with an allocation of administrative expenses. Allocations may be charged based on participant earnings, account balances, or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in their elective deferrals, including catch-up contributions, rollover contributions from other plans, and actual earnings thereon. The method for crediting vesting service for employer matching contributions is based on vesting periods of service. Participants are credited with a period of service for 12 months from the date of hire. Participants are always 100% vested in their employer matching contributions if they are employed on or after the Normal Retirement Age or if they terminate employment on account of their death or disability. The participant must complete at least 1,000 hours of service to vest in a given year.

<u>Service Years</u>	<u>Employer Matching</u>
<1	0%
1	20%
2	40%
3	60%
4	80%
5	100%

Forfeited accounts

Forfeitures represent unvested portions of terminated participants' accounts. The Plan allows forfeitures of non-vested Company contributions to be used in the following ways:

- Pay administrative expenses
- Reduce Company contributions

At December 31, 2023 and 2022, forfeited non-vested accounts totaled approximately \$100 and \$300, respectively. During the year ended December 31, 2023, forfeited non-vested accounts of approximately \$43,000 were used.

1. Description of Plan (continued)

Notes receivable from participants

Participants who are active employees may borrow against their vested account balances a minimum of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested account balance or \$50,000. The loans, in the form of promissory notes, are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.5%, which are commensurate with local prevailing rates. Principal and interest are paid ratably through payroll deductions and generally repaid within five years.

Benefits paid to participants

Upon the termination of service, disability, or retirement, a participant is entitled to receive a distribution equal to the value of the participant's vested interest in his or her account as a lump sum distribution or in annual installments. Distribution of a deceased participant's account will be made to the designated beneficiary.

As required under Section 401(a)(9) of the IRC, a participant must begin receiving required minimum distributions from the Plan by April 1 of the calendar year following the later of (i) the year in which the participant reaches age 72 or 73 if the participant is not 72 prior to December 31, 2022, or (ii) the year in which the participant retires.

The following types of distributions are also allowed by the Plan:

- In-service
- Hardship
- Rollover source withdrawal at any time
- Termination partial withdrawal
- Involuntary cash-outs

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments held by a defined contribution plan are required to be reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Interest and other income are recorded on the accrual basis. Purchases and sales of investments are recorded on the trade-date basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) of investments, including realized gains and losses on sales during the year and current changes in unrealized appreciation (depreciation) in the market value of investments held at year-end, is presented in the statement of changes in net assets available for benefits.

2. Summary of significant accounting policies (continued)

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the participant note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Plan expenses

Plan expenses are paid by either the Plan or the Company, as provided by the Plan document. Expenses paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statement of changes in net assets available for benefits. In addition, certain investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Subsequent events

Subsequent events were evaluated through October 12, 2024, which is the date the financial statements were available to be issued. Events, if any, are disclosed within the notes to these financial statements.

3. Certified Plan assets

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to, or derived from, information certified as complete and accurate by Fidelity Management Trust Company, the custodian of the Plan.

	2023	2022
Certified investments, at fair value	\$ 25,030,745	\$ 20,565,665
Certified notes receivable from participants	634,980	507,543
Total certified assets	\$ 25,665,725	\$ 21,073,208
		2023
Certified net appreciation (depreciation) in fair value of investments		\$ 3,349,157
Certified dividends		232,034
Total certified investment income (loss)		\$ 3,581,191
Certified interest income on notes receivable from participants		\$ 37,660

4. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2023 or 2022.

Registered investment companies: Registered investment companies are valued at the net asset value ("NAV") of shares held by the Plan at year-end based on quoted market prices.

Common collective trust funds: Common collective trust funds are valued at the NAV of units held by the Plan at year-end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. At December 31, 2023, there were no unfunded commitments nor were there any restrictions on payments or redemptions. Were the Plan to initiate a full redemption of the common/collective trust, the issuer reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The valuation methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes that its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair value measurements (continued)

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value:

2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 17,010,107	\$ -	\$ -	\$ 17,010,107
Investments measured at NAV				8,020,638
Total investments at fair value	\$ 17,010,107	\$ -	\$ -	\$ 25,030,745

2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 13,952,512	\$ -	\$ -	\$ 13,952,512
Investments measured at NAV				6,613,153
Total investments at fair value	\$ 13,952,512	\$ -	\$ -	\$ 20,565,665

Certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit the reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. Related-party transactions and transactions with parties-in-interest

A related party is any party who can control or significantly influence Plan management or operating policies. Parties-in-interest are defined under Department of Labor regulations as any employees of the Plan, fiduciaries of the Plan, service providers to the Plan, the employer whose employees are covered by the Plan and certain significant owners of the employer and their relatives. Service providers may include, but are not limited to, the custodian, trustee, third-party administrator ("TPA"), investment managers, investment advisors, legal counsel and Plan auditor.

During the year ended December 31, 2023, the Plan made direct payments of \$55,000 to the TPA for certain record-keeping fees, as allowed by ERISA.

6. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events that could impact the values of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made to the Plan and the participants would become 100% vested in their employer contributions. The Company would then direct the distribution of the participants' accounts in a manner permitted by the Plan as soon as practicable.

8. Tax status

The Plan Sponsor adopted a plan which received an advisory letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which states that the Plan is designed in accordance with the applicable sections of the IRC and, therefore, is not subject to tax under present income tax law. The Plan is required to operate in conformity with the IRC to maintain its qualification. Management is not aware of any course of action or series of events that have occurred that might adversely affect the Plan's qualified status.

Plan management evaluates tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Generally, the statute of limitations for the IRS to assess taxes on a plan expires three years from the due date of the return or the date on which it was filed, whichever is later.

9. Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and Form 5500 as of December 31, 2023 and 2022:
