Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **HAM, LANGSTON & BREZINA, LLP**

(2) EIN: **76-0448495**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)	☒		
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)	☒		
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)			
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
NMC Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the NMC Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022, the related Statements of Changes in Net Assets Available for Benefits for the years then ended, the Statement of Accumulated Plan Benefits as of December 31, 2022, and the related Statement of Changes in Accumulated Plan Benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 and Schedule H, Line 4j – Schedule of Reportable Transactions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NMC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the NMC Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is sponsored by BHP Billiton New Mexico Coal, Inc. (the Company), and was established effective February 1, 2016 as a result of a spin-off from the Navajo Mine Retirement Plan (NMRP), a plan previously sponsored by the Company. The Plan was established pursuant to an agreement with the International Union of Operating Engineers, Local No. 953 (the Union), as a defined benefit pension plan covering certain employees of the Company, BHP Billiton Limited (Parent), and any subsidiaries of the Company or Parent (collectively, the Affiliated Group), who were employed at the Navajo Mine and were actively accruing a benefit in the NMRP at February 1, 2016, and were a member of the collective bargaining unit represented by the Union. Employees who are eligible to participate in the Plan do not include the following: 1) employees who are among the 25 most highly compensated employees; 2) a key employee, as defined in Section 416(i) of the Internal Revenue Code (IRC); and 3) leased employees.

The Plan is frozen as to eligibility and no new members are eligible to participate in the Plan.

The Plan was amended and restated, effective January 1, 2018, to incorporate a previous amendment and to comply with the latest tax laws and regulations. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Administration

The Company is the Plan's sponsor and administrator. Northern Trust Company (the Trustee) is the Plan's trustee. Aon Hewitt serves as the Plan's third-party administrator. Mercer serves as the Plan's actuary and Mercer's U.S. Valuations Group provides pension valuation services. Certain duties and responsibilities to assist in the administration of the Plan are carried out on the Company's behalf by the BHP Minerals USA Retirement Advisory Committee (RAC), as appointed by the Board of Directors of the Company.

Funding Policy

The Company contributes such amounts as are necessary, based on actuarial calculations, to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants and their beneficiaries. The contributions to the Plan are subject to the limitations of maximum tax-deductible contributions and minimum required contributions determined by the actuary and the funding policy adopted by the Company. The Company was not required to make any minimum funding contributions to the Plan to comply with the minimum funding requirements of the IRC and ERISA for the years ended December 31, 2023 and 2022 and accordingly, made no contributions.

The yield (interest, dividends, and net realized and unrealized gains and losses) on Plan investments in excess of amounts established in the actuarial assumptions serve to reduce future contributions that would otherwise be required to provide the defined level of benefits under the Plan.

Investments

During the years ended December 31, 2023 and 2022, the Plan's investments were held in a separate account within the BHP USA Master Retirement Trust (Master Trust), and accordingly, this separate account holds only investments specific to the Plan. This segregation of the Plan's assets within the Master Trust was implemented to more effectively manage the cash needs of the Plan and to match the maturities of the investments to the needs of the Plan.

Pension Benefits and Vesting Provisions

A participant who retires after attainment of age 65 is entitled to receive a monthly benefit (Normal Retirement Benefit) equal to \$40 multiplied by the participant's years of credited service prior to February 1, 2002, plus \$36 multiplied by the participant's years of service on or after February 1, 2002. Effective February 1, 2004, the past service multiplier for eligible participants employed in surface operations increased from \$40 to \$42 for periods of service prior to February 1, 2002, and effective February 1, 2007, the past service multiplier increased to \$44. One year of credited service is earned for each year in which at least 1,600 hours are worked. Partial years of credited service can also be earned for less than 1,600 hours.

NMC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Pension Benefits and Vesting Provisions, continued

An eligible participant who retires on or after he or she attains age 55 and completes five years of service is entitled to receive a monthly benefit (Early Retirement Benefit) equal to the participant's Normal Retirement Benefit, reduced by 0.5% for each month the participant is younger than age 60 on the date the Early Retirement Benefit is to commence. An early retirement supplement is available for participants who retire after attaining age 55 when their age plus years of service total is at least 85. The early retirement supplement is \$300 per month payable until age 62 or death, if earlier.

The surviving spouse of a participant entitled to a benefit that has not commenced at the date of the participant's death is entitled to a survivor benefit. The amount of the survivor benefit is the 50% portion of the joint benefit, and the 50% survivor benefit is payable at the earliest time permitted under the Plan. Additional death benefits are available in the case of deaths resulting from mine accidents.

Disability Benefits

Certain disability benefits, as defined in the Plan, are available for eligible participants.

Payment of Benefits

If a participant is married when benefits commence, the participant's benefits will be paid in the form of an individual life and 50% spouse's benefit, as defined in the Plan. If a participant is not married on the annuity starting date, the participant's benefits will be paid in the form of a five-year certain and life benefit, as defined in the Plan.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying Statements of Changes in Net Assets Available for Benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments in the accompanying Statements of Changes in Net Assets Available for Benefits.

During 2023 and 2022, Pension Benefit Guaranty Corporation (PBGC) premiums, investment management fees, and other similar direct charges were paid by the Plan.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan's investments consist of collective investment funds, fixed income securities, and private investment portfolios. Investment securities, in general, are exposed to various risks, such as interest rate risk, market risk, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

NMC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies, continued

Risks and Uncertainties, continued

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported, based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Because of uncertainties inherent in the estimation and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near-term would be material to the financial statements.

Benefit Payments

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. The Plan includes in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in fair value of investments, which consists of realized gains (losses) on the disposition of investments and appreciation (depreciation) of investments held at the end of the period, less certain investment expenses.

3. Fair Value Measurements

Financial Accounting Standards Board Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach. The market approach uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

NMC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

The following is a description of the valuation methodologies used for investment assets measured at fair value. There were no changes in methodologies used at December 31, 2023 and 2022.

Fixed income securities: Includes U.S. treasury bonds which have been valued based upon quoted prices from actively traded markets.

Private investment portfolios: Valued at the net asset value (NAV) of units of a private investment portfolio. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the portfolio less its liabilities. This practical expedient is not used when it is determined to be probable that the portfolio will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the private investment portfolio, the investment advisor reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

Collective investment funds: Valued at the NAV of units of a collective fund. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Were the Plan to initiate a full redemption of the collective fund, the investment advisor reserves the right to temporarily delay withdrawals from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets measured at fair value, on a recurring basis, as of December 31, 2023 and 2022:

Investment Assets at Fair Value as of December 31, 2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Fixed income securities	\$ 11,224,269	\$ -	\$ -
Investments measured at NAV ^(a)			17,541,568
Total investment assets at fair value			\$ 28,765,837

Investment Assets at Fair Value as of December 31, 2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Fixed income securities	\$ 11,020,487	\$ -	\$ -
Investments measured at NAV ^(a)			17,665,029
Total investment assets at fair value			\$ 28,685,516

- (a) In accordance with ASC 820, certain investments that are measured using NAV per share (or its equivalent) as a practical expedient, have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

Investment Strategies

- (a) This fund seeks to provide income by investing at least 65% of its total assets in a diversified portfolio of fixed income instruments of varying maturities, including bonds, debt securities and other similar instruments, issued by various U.S and non-U.S. public- or private-sector entities.
- (b) This fund seeks to provide income by investing 80% of its total assets in a diversified portfolio of fixed income instruments that economically are tied to emerging market countries and short-term investments, including bonds, debt securities and other similar instruments, issued by various U.S and non-U.S. public- or private-sector entities.

4. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the financial statements and supplemental schedules, including investments held at December 31, 2023 and 2022 and net appreciation (depreciation) in fair value of investments and interest and dividends for the years ended December 31, 2023 and 2022, was obtained from information supplied to the Plan administrator and certified as complete and accurate by the Trustee.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, that are attributable under the Plan's provisions to the service employees have rendered. Accumulated plan benefits include benefits expected to be paid to (i) retired or terminated employees or their beneficiaries, (ii) beneficiaries of employees who have died, and (iii) present employees or their beneficiaries. Benefits under the Plan are accumulated based on the participant's years of credited service. The accumulated plan benefits for active employees will equal the accumulation, with interest, of the annual benefit accruals as of the benefit information date.

NMC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

5. Actuarial Present Value of Accumulated Plan Benefits, continued

Benefits payable, under all circumstances (retirement, death, disability, and termination of employment), are included to the extent that they are deemed attributable to employee service rendered to the valuation date.

The actuarial present value of accumulated plan benefits is determined by an independent actuary, and is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits to reflect the time value of money (through discounts for interest) and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The actuarial present value of accumulated plan benefits was calculated as of January 1, 2023 and, accordingly, the Plan presents the Statement of Accumulated Plan Benefits and the Statement of Changes in Accumulated Plan Benefits using beginning of year actuarial data. Had the actuarial valuation been performed as of December 31, 2022, there would be no material differences. The significant actuarial assumptions underlying the actuarial valuation as of January 1, 2023 are as follows:

Assumed rate of return on investments:	4.85% compounded annually
Mortality basis:	
Healthy participants	Pri-2012 mortality separately for employees and retirees and for males and females with blue collar adjustment and MSS-2020 generational mortality improvement scale.
Disabled participants	RP-2000 disabled mortality (sex distinct)
Retirement Rates:	The Plan contains no active participants; thus, retirement rates are not applicable to the valuation as of January 1, 2023.
Withdrawal Rates:	
Healthy Participants	The Plan contains no active participants; thus, withdrawal rates are not applicable to the valuation as of January 1, 2023.
Disabled Participants	The Plan contains no active participants; thus, withdrawal rates are not applicable to the valuation as of January 1, 2023.
Percentage Married:	Male – 80%; Female – 80%.
Age Difference:	Husbands are assumed to be three years older than their wives.
Form of Payment:	80% of males and 80% of females elect 50% joint and survivor with the spouse as the contingent annuitant. 20% of males and 20% of females elect life annuity with 5 years of certain.

The foregoing actuarial assumptions are based on the presumption that the Plan will continue. If the Plan were to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

The assumptions used in determining the actuarial present value of accumulated plan benefits remained unchanged from the prior year's valuation except that the discount rate was updated from 4.35% to 4.85%.

NMC RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

6. Income Tax Status

The Plan received its determination letter dated January 13, 2020 from the Internal Revenue Service (IRS) stating that the Plan is in compliance with the applicable requirements of the IRC. The Plan administrator and the Plan's tax counsel believe that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes is included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if it has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there were no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right to discontinue contributions and to terminate the Plan at any time subject to the provisions of ERISA and IRC. In the event of Plan termination, the assets of the Plan will be allocated, as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

1. Benefits attributable to employee contributions, taking into account those paid out before termination.
2. Annuity benefits that former employees or their beneficiaries have been receiving for at least three years, or that employees eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.
3. Other vested benefits insured by the Pension Benefit Guaranty Corporation (PBGC) (a U.S. government agency) up to the applicable limitations.
4. All other vested benefits (that is, vested benefits not insured by the PBGC).
5. All non-vested benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal age retirement benefits, early retirement benefits, and certain disability and survivor's pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations. Vested benefits under the Plan are guaranteed at the level in effect on the date of the Plan's termination.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Plan sponsor and the level of benefits guaranteed by the PBGC. Any assets remaining after all Plan expenses have been paid and all accrued liabilities have been provided for by the purchase of annuities or otherwise will revert to the Company.

8. Related-Party Transactions

Certain investments are shares of collective investment funds, which are managed by an affiliate of the Trustee. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

The Company provided administrative services and incurred costs on behalf of the Plan during 2023 and 2022 but has not received any related compensation or reimbursement from the Plan. The Company also paid certain fees on behalf of the Plan during 2023 and 2022.

9. Form 5500 Reconciliation

For the years ended December 31, 2023 and 2022, total net assets available for benefits and the net increase (decrease) in net assets available for benefits per the financial statements agree to the amounts per the Forms 5500. Differences between the individual line items on the Statements of Changes in Net Assets Available for Benefits and the Forms 5500 are attributed to classification differences.

10. Subsequent Events

Plan management has evaluated subsequent events through October 15, 2024, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to report.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Actuarial assumptions**

Discount rate sponsor elections		
• Segment rates or full yield curve	Segment	
• Look-back months	4	
	<u>Stabilized</u>	<u>Nonstabilized</u>
• First 5 years	4.75%	1.41%
• Next 15 years	5.00%	3.09%
• Over 20 years	5.74%	3.58%
Mortality sponsor elections		
• Healthy participants	Section 430(h)(3) prescribed separate static annuitant and non-annuitant mortality tables. These tables are based on the RP-2014 mortality tables with improvements beyond 2006 removed with static mortality improvement based on the IRS methodology and projection scale MP-2021.	
• Pre-1995 disabilities	Revenue Ruling 96-7 table for participants who became disabled before 1995	
• Post-1994 disabilities	Revenue Ruling 96-7 table for participants who became disabled after 1994 and are eligible for Social Security disability benefits	
Other economic assumptions		
• Inflation	Not applicable	
• Expected investment return	Not applicable	
• Expenses	Expected administrative expenses (assumed to equal prior year administrative expenses but adjusted for PBGC premiums with current year PBGC premiums replacing prior year) discounted to beginning of year are included in normal cost.	

Rationale for significant economic assumptions

- Discount rates – These are the IRS prescribed rates. The plan sponsor elected this methodology from alternative IRS prescribed options.
- Expenses – Based on actual experience.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods**Demographic assumptions**

• Benefit commencement age for			
– Current vested deferred	60		
• Spouse assumptions	<u>Male participants</u>	<u>Female participants</u>

Form of payment	<u>50% J&S</u>	<u>LA w/5</u>	<u>LA</u>
• Future deaths	0%	0%	100%
• Current vested deferred	80%	20%	0%

Rationale for significant demographic assumptions

- Mortality – Prescribed by the IRS and based on the plan sponsor's election.
- Benefit commencement age, spouse assumptions, form of payment – Based on an experience study undertaken by Mercer in 2015 using experience from January 1, 2009 through December 31, 2013 (study covered the Navajo Mine Retirement Plan, from which this plan spun off). The resulting assumptions balance the plan's historical experience with future expectations based on input and concurrence from the plan sponsor.

*Schedule SB, Part V — Statement of Actuarial Assumptions/Methods***Actuarial methods****Asset methods**

The asset valuation method is the fair market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** Only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.
- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.
- **Insurance contracts:** The plan does not have any insurance contracts.

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.
- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual are the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.
- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions**Summary of major plan provisions**

Effective date and plan year	Original plan: January 31, 2016 Plan year: January 1 through December 31
Status of the plan	New employees are not eligible to participate in the plan. All the active participants were terminated effective December 31, 2016. Benefits accrued under the Navajo Mine Retirement Plan prior to the NMC Retirement Plan being spun off are included in the NMC Retirement Plan.
Significant events that occurred during the year	None

Definitions

• Covered employees	Any BHP employee at Navajo Mine (including company mines in the Navajo Indian Reservation but excluding those in San Juan Mine) who is covered by the collective bargaining agreement between BHP and the International Union of Operating Engineers, Local No. 953. Employees hired in surface operations after June 30, 2004, and employees hired in underground operations after April 30, 2006 are not eligible for the Plan.
• Participation	Covered employees become participants upon employment. The Plan is closed to new entrants.
• Vesting service	A year of service for vesting and eligibility purposes is earned for each calendar year in which a covered employee works at least 1,000 hours; for years in which an employee works at least 400 but less than 1,000 hours, a partial year of service is earned, equal to the number of hours worked, divided by 1,000. Under certain conditions, vesting and eligibility service may include periods of temporary disability, approved leaves of absence, military leave, and prior employment.
• Credited service	A year of service for benefit accrual purposes is earned for each calendar year in which a covered employee works at least 1,600 hours; for years in which an employee works at least 400 but less than 1,600 hours, a partial year is earned, equal to the number of hours worked, divided by 1,600. Credited service does not include periods of employment on and after January 1, 2007 after a participant has elected to receive contributions from the Employer Funded Account under the BHP New Mexico Coal 401(k) Savings Plan.
• Benefit formula – Underground employee terminations on or after February 1, 2002 (monthly)	\$40 x years of credited service before February 1, 2002, plus \$36 x years of credited service after February 1, 2002.
• Benefit formula – Surface employee terminations on or after February 1, 2002 (monthly)	\$44 (\$42 if terminated between 2/1/2002 and 1/31/2007) x years of credited service before February 1, 2002, plus \$36 x years of credited service after February 1, 2002.
• Benefit formula – termination before February 1, 2002 (monthly)	Years of credited service x multiplier in effect at termination.

Schedule SB, Part V — Summary of Plan Provisions**Normal retirement**

- Eligibility Retirement on or after age 65.
- Benefit Monthly benefit determined under the applicable benefit formula.

Early retirement

- Eligibility Retirement before age 65 after both attaining age 55 and completing 5 years of vesting service.
- Benefit Benefits for any participants who elect to commence their benefits prior to normal retirement are reduced by $\frac{1}{2}\%$ for each of the first 60 months commencement precedes age 60. No reduction applies for benefits commenced after age 60.

Supplemental retirement

- Eligibility Retirement before age 65 after the participant attains age 55 and the sum of age plus years of service equals or exceeds 85 and employed at Navajo immediately prior to retirement.
- Benefit \$300 per month, payable from early retirement to age 62 or death, if earlier.

Deferred vested

- Eligibility Termination for reasons other than death, disability, or retirement after becoming fully vested in the Plan benefit. Eligible for commencement on the first of any month following age 55. Participants are vested in their plan benefit after 5 years of vesting service.
- Benefit Equal to the early retirement benefit.

Disability

- Eligibility Termination upon becoming totally and permanently disabled (defined by the plan administrator). Must be eligible for Social Security disability payments.
- Benefit Equal to the normal retirement benefit determined using a minimum of 10 years of credited service, unreduced for early commencement, payable from date of disability to age 65.

Occupational disability transition

- Eligibility Termination upon becoming seriously disabled (defined by plan administrator) after completing 10 years of vesting service with at least 6 years of credited service and after attaining age 55, if the participant was employed by Navajo immediately prior to disability. Participant must release the Company of all liability, and cannot be eligible for a disability retirement benefit.

Schedule SB, Part V — Summary of Plan Provisions

• Benefit	Annual payment of \$1,200, plus \$1,200 for each year of credited service in excess of 6 years (maximum \$12,000 annual payment). Payable from the date of disability until the participant receives 5 annual installments or becomes eligible for Social Security pension payments, whichever is earlier. A portion of this benefit may be payable as a lump sum.
Pre-retirement survivor	
• Eligibility	Death of a vested participant after being married for at least one year. Eligible for commencement not earlier than on the first of the month following the date on which the participant would have attained age 55.
• Benefit	Equal to 50% of the benefit the deceased participant would have received had he elected to commence on the date the survivor payments begin. The benefit is paid as a monthly annuity for the survivor's lifetime.
Pre-retirement death	
• Eligibility	Death of an unmarried vested participant or a participant who has been married less than one year who is at least age 55. Payments begin on the first of the month following the date of the participant's death.
• Survivor benefits – unmarried participants	60 monthly payments in the amount the deceased participant would have received had he elected to commence on the first of the month following his death.
Mine accident death	
• Eligibility	Death of a married participant in a Company mine accident. Payments begin on the first of the month following the date of the participant's death and end at the earlier of the survivor's death or remarriage.
• Benefit	Equal to the excess of the normal retirement benefit (determined using a minimum of 10 years of credited service) over the survivor benefits generally payable under the plan. This benefit is paid in addition to the general survivor benefits.
Other provisions	
• Benefits offsets	The plan benefits for certain participants are offset by benefits earned under prior plans.
Form of benefits	
• Automatic form for unmarried participants	The normal form of payment for monthly pension benefits is a life annuity with 60 payments guaranteed if the member has no spouse as of the date payments begin.
• Automatic form for married participants	50% joint and survivor annuity with no reduction if the member is married at the date payments begin.
• Optional forms	No optional forms of payment are available from the plan.
Miscellaneous	
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2023, the limit is \$265,000.

Schedule SB, Part V — Summary of Plan Provisions**Benefits included or excluded**

Unless noted below, all benefits provided by the plan, effective January 31, 2017, are included in this valuation.

- **Most recent plan amendments included:** None.
- **Plan amendments excluded:** None.
- **Late retirement increases:**
 - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan provisions specific to funding**Additional benefits included or excluded**

- **IRC Section 436 benefit restrictions:**
 - *Unpredictable contingent event benefits:* Not applicable.
 - *Plan amendments:* See above.
 - *Prohibited payments:* None.
 - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals.
- **Scheduled benefit increases:** Scheduled benefit increases effective after the end of the current plan year are excluded from minimum funding requirements.
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan provision changes since prior valuation

Maximum benefit amounts under IRS rules were updated from 2022 to 2023.
