Independent Auditor's Report

The Plan Trustees AltaMed Health Services Corporation 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AltaMed Health Services Corporation 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of AltaMed Health Services Corporation 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, as defined under Section 403(b) of the Internal Revenue Code (IRC). The Plan's purpose is to provide a cash or deferred benefit arrangement for participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The sponsor of the Plan is AltaMed Health Services Corporation (the Company or the Plan Sponsor).

Eligibility

Employees begin participation in the Plan through elective deferrals beginning on the date of hire.

Employees are eligible to receive matching contributions after twelve months of service.

Contributions

An employee has the option to make before tax and/or post tax payroll contributions to the Plan each payroll period up to the maximum limit allowed by the Internal Revenue Service (IRS). An employee who is aged 50 or older before the end of a plan year can contribute an additional sum (a catch-up contribution) to the Plan.

The Plan Sponsor will contribute 100%, as a matching contribution of participants' elective deferrals, but not more than 4%, of a participant's compensation subject to the maximum amount allowed by the IRS.

Additionally, participants may rollover amounts representing distributions from other qualified retirement or profit-sharing plans.

Participant Accounts

The Plan is designed to satisfy Section 404(c) of ERISA and title 29 of the Code of Federal Regulations Section 2240.404(c)-1. The Plan offers employees the opportunity to exercise control over their accounts by allowing them to choose from a wide range of investments, determine the way assets will be invested and receive and access information necessary to make informed decisions with respect to the investment options under the Plan. Each employee's account is credited by (a) the payroll deductions (b) investment earnings or losses and (c) rollover contributions. Earnings or losses are allocated to the participants' accounts based on the proportion each account bears to the total of all account balances within each investment fund.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested for their entire contributions plus actual earnings thereon. Employer matching contributions for the years ended December 31, 2023 and 2022 are 100% vested immediately.

Investment Options

Participants may direct participant and employer matching contributions, as desired, in any of several investment options held by the custodians and may change their investment options daily.

Notes Receivable from Participants

Participants may borrow against their vested accounts at a minimum loan amount of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested balance or \$50,000. The loans bear interest, which is commensurate with local prevailing rates, as determined by the Plan Administrator. Participants may only borrow one loan at a time.

Payment of Benefits

The value of a participant's account can be distributed upon the participant's 65th birthday unless specifically requested to receive at an earlier or later date. If the participant elects to postpone receiving benefits, the Plan provides for distributions to be made after the participant attains the age of 70 ½. Upon death, the beneficiary will be entitled to receive 100% of the participant's account.

While actively employed at the Plan Sponsor, a participant may be eligible to withdraw contributions from his or her account to meet a financial hardship, or upon reaching the age of 59 ½, make a lump-sum withdrawal of all or part of their account.

Forfeitures

The Plan allocates participant forfeitures first to reduce Plan expenses and then for Company contributions. The changes in the Plan's forfeiture account balance for the years ended December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Balance, January 1	\$ 3,114	\$ 3,061
Forfeitures added during the year	15,482	59
Forfeitures used during the year to reduce employer contributions	(3,287)	-
Investment income during the year	173	(6)
Balance, December 31	<u>\$ 15,482</u>	<u>\$ 3,114</u>

Administrative Expenses

Investment management and administrative expenses of the Plan are paid by the Plan as provided in the Plan document, unless paid by the Company, without reimbursement.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions

Contributions from Plan participants and the matching contributions from the employers are recorded in the year in which participant compensation is earned.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

The fixed annuity contract is stated at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract less any withdrawals. The Plan's investment in the fixed annuity contract is guaranteed to earn at least a minimum rate of interest while invested in the Teachers Insurance and Annuity Association of America – College Retirement Equities Fund's (TIAA-CREF) general account. Shares may be redeemed at any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All usual and reasonable expenses are paid by the employer, and any expenses not paid by the employer may be paid from the Plan assets if not prohibited by applicable laws or regulations. Participant-directed fees such as loan set-up fees are charged against the participant's account.

NOTE 3 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AltaMed Health Services Corporation 403(b) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Investments in mutual funds are valued at quoted market prices. This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Money market fund: The fair value of the money market fund is based on quoted market prices in active markets and is classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

<u>Investment Category</u>	<u>December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 192,183,753	\$ -	\$ -	\$ 192,183,753
Money market fund	1,259,152	-	-	1,259,152
	<u>\$ 193,442,905</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 193,442,905</u>

<u>Investment Category</u>	<u>December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 149,554,493	\$ -	\$ -	\$ 149,554,493

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

In regard to the classification of investment options offered by the Plan, there were no reclassifications between Levels 1, 2 or 3 during the years ended December 31, 2023 and 2022. The nature, risks, and investment objectives of the investments above, including those for which fair value is estimated using the NAV as a practical expedient, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2023 and 2022, there were no unfunded commitments associated with any of these investments.

NOTE 4 INVESTMENT AT CONTRACT VALUE

In 2015, the Plan entered into a benefit-responsive fixed annuity contract with TIAA-CREF. The contract provides a guaranteed minimum rate of interest of between 1% and 3% (before deductions for contract fees) with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA-CREF Board of Trustees. Additional amounts of interest are not guaranteed for periods other than the periods for which they are declared. This contract is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity wash" provisions). Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by TIAA, represents accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2023 and 2022 amounted to \$11,454,639 and \$12,886,719, respectively.

NOTE 5 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS AND TRUSTEE

The Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by TIAA-CREF, custodian, and Fidelity Management Trust Company (Fidelity), custodian and trustee of the Plan. The Plan Administrator has obtained certifications from the custodians and trustee that information provided to the Plan Administrator by the custodians and trustee related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following:

**NOTE 5 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS AND TRUSTEE
(CONTINUED)**

- Investments, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022;
- Investment information disclosed in Notes 3 and 4 to the Plan's financial statements; and,
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds, money market fund and fixed annuity contract managed by TIAA-CREF and Fidelity as defined by the Plan. Transactions in these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan participants to the custodians and trustee for administrative expenses amounted to \$410,916 and \$521,027 for the years ended December 31, 2023 and 2022, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 7 INCOME TAX STATUS

The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants and their beneficiaries after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 CHANGE IN PLAN CUSTODIAN FOR MUTUAL FUNDS AND MONEY MARKET FUNDS

Effective on October 9, 2023, the Plan changed its custodian and third-party administrator from TIAA to Fidelity for mutual funds and money market funds. Consequently, Plan assets amounting to \$180,475,568 were transferred from TIAA to Fidelity in October 2023. TIAA remains to be the custodian for the fixed annuity contract.

NOTE 11 NEW LAWS AND REGULATIONS

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (SECURE Act 2.0) became law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE Act 2.0 changed the retirement plan rules for long-term, part-time employees. The 401(k) plan requirement to allow employees to contribute elective deferral was expanded to 403(b) plans.

For plan years beginning in 2024, if an employee has three consecutive 12-month periods with more than 500 hours of service in each, the employee must be eligible to enter the plan, and the period of service was reduced from three to two consecutive 12-month periods, for plans years beginning after December 31, 2024. The Plan will implement this legislative change and plans to formally execute the required plan amendments reflecting their implementation by the deadline, which is December 31, 2026.

NOTE 12 SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events to December 31, 2023 to assess the need for potential recognition and/or disclosure in the financial statements. Such events were evaluated through October 15, 2024, the date on which the accompanying financial statements were available to be issued. Based upon this evaluation, management determined no subsequent events require disclosure or adjustment in the accompanying financial statements.

Independent Auditor's Report

The Plan Trustees AltaMed Health Services Corporation 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of AltaMed Health Services Corporation 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of AltaMed Health Services Corporation 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement plan, as defined under Section 403(b) of the Internal Revenue Code (IRC). The Plan's purpose is to provide a cash or deferred benefit arrangement for participants and their beneficiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The sponsor of the Plan is AltaMed Health Services Corporation (the Company or the Plan Sponsor).

Eligibility

Employees begin participation in the Plan through elective deferrals beginning on the date of hire.

Employees are eligible to receive matching contributions after twelve months of service.

Contributions

An employee has the option to make before tax and/or post tax payroll contributions to the Plan each payroll period up to the maximum limit allowed by the Internal Revenue Service (IRS). An employee who is aged 50 or older before the end of a plan year can contribute an additional sum (a catch-up contribution) to the Plan.

The Plan Sponsor will contribute 100%, as a matching contribution of participants' elective deferrals, but not more than 4%, of a participant's compensation subject to the maximum amount allowed by the IRS.

Additionally, participants may rollover amounts representing distributions from other qualified retirement or profit-sharing plans.

Participant Accounts

The Plan is designed to satisfy Section 404(c) of ERISA and title 29 of the Code of Federal Regulations Section 2240.404(c)-1. The Plan offers employees the opportunity to exercise control over their accounts by allowing them to choose from a wide range of investments, determine the way assets will be invested and receive and access information necessary to make informed decisions with respect to the investment options under the Plan. Each employee's account is credited by (a) the payroll deductions (b) investment earnings or losses and (c) rollover contributions. Earnings or losses are allocated to the participants' accounts based on the proportion each account bears to the total of all account balances within each investment fund.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Vesting

Participants are immediately vested for their entire contributions plus actual earnings thereon. Employer matching contributions for the years ended December 31, 2023 and 2022 are 100% vested immediately.

Investment Options

Participants may direct participant and employer matching contributions, as desired, in any of several investment options held by the custodians and may change their investment options daily.

Notes Receivable from Participants

Participants may borrow against their vested accounts at a minimum loan amount of \$1,000 up to a maximum amount equal to the lesser of 50% of their vested balance or \$50,000. The loans bear interest, which is commensurate with local prevailing rates, as determined by the Plan Administrator. Participants may only borrow one loan at a time.

Payment of Benefits

The value of a participant's account can be distributed upon the participant's 65th birthday unless specifically requested to receive at an earlier or later date. If the participant elects to postpone receiving benefits, the Plan provides for distributions to be made after the participant attains the age of 70 ½. Upon death, the beneficiary will be entitled to receive 100% of the participant's account.

While actively employed at the Plan Sponsor, a participant may be eligible to withdraw contributions from his or her account to meet a financial hardship, or upon reaching the age of 59 ½, make a lump-sum withdrawal of all or part of their account.

Forfeitures

The Plan allocates participant forfeitures first to reduce Plan expenses and then for Company contributions. The changes in the Plan's forfeiture account balance for the years ended December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Balance, January 1	\$ 3,114	\$ 3,061
Forfeitures added during the year	15,482	59
Forfeitures used during the year to reduce employer contributions	(3,287)	-
Investment income during the year	173	(6)
Balance, December 31	<u>\$ 15,482</u>	<u>\$ 3,114</u>

Administrative Expenses

Investment management and administrative expenses of the Plan are paid by the Plan as provided in the Plan document, unless paid by the Company, without reimbursement.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Contributions

Contributions from Plan participants and the matching contributions from the employers are recorded in the year in which participant compensation is earned.

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for a discussion of fair value measurement.

The fixed annuity contract is stated at contract value. Contract value is the relevant measurement attribute for fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value equals the accumulated cash contributions and interest credited to the Plan's contract less any withdrawals. The Plan's investment in the fixed annuity contract is guaranteed to earn at least a minimum rate of interest while invested in the Teachers Insurance and Annuity Association of America – College Retirement Equities Fund's (TIAA-CREF) general account. Shares may be redeemed at any time at net asset value. There are no restrictions on redemptions and no unfunded commitments to purchase additional shares.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Notes Receivable from Participants

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

All usual and reasonable expenses are paid by the employer, and any expenses not paid by the employer may be paid from the Plan assets if not prohibited by applicable laws or regulations. Participant-directed fees such as loan set-up fees are charged against the participant's account.

NOTE 3 FAIR VALUE MEASUREMENT

The Plan has adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*. This framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

AltaMed Health Services Corporation 403(b) Plan
Notes to Financial Statements
Years Ended December 31, 2023 and 2022

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Investments in mutual funds are valued at quoted market prices. This method may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Money market fund: The fair value of the money market fund is based on quoted market prices in active markets and is classified within Level 1 of the valuation hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022:

<u>Investment Category</u>	<u>December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 192,183,753	\$ -	\$ -	\$ 192,183,753
Money market fund	1,259,152	-	-	1,259,152
	<u>\$ 193,442,905</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 193,442,905</u>

<u>Investment Category</u>	<u>December 31, 2022</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual funds	\$ 149,554,493	\$ -	\$ -	\$ 149,554,493

NOTE 3 FAIR VALUE MEASUREMENT (CONTINUED)

In regard to the classification of investment options offered by the Plan, there were no reclassifications between Levels 1, 2 or 3 during the years ended December 31, 2023 and 2022. The nature, risks, and investment objectives of the investments above, including those for which fair value is estimated using the NAV as a practical expedient, can be found in the Plan's enrollment literature. These investments can be redeemed immediately and without a redemption notification period. As of December 31, 2023 and 2022, there were no unfunded commitments associated with any of these investments.

NOTE 4 INVESTMENT AT CONTRACT VALUE

In 2015, the Plan entered into a benefit-responsive fixed annuity contract with TIAA-CREF. The contract provides a guaranteed minimum rate of interest of between 1% and 3% (before deductions for contract fees) with the potential for crediting of additional interest above the guaranteed minimum if approved by the TIAA-CREF Board of Trustees. Additional amounts of interest are not guaranteed for periods other than the periods for which they are declared. This contract is immediately liquid to a participant for withdrawals and transfers and does not have withdrawal restrictions (except that immediate transfers cannot be made to competing investment options pursuant to the contract's "equity wash" provisions). Because the fixed annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the fixed annuity contract. Contract value, as reported to the Plan by TIAA, represents accumulated cash contributions, interest credited, and transfers, if any, less any withdrawals and transfers, if any. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract as of December 31, 2023 and 2022 amounted to \$11,454,639 and \$12,886,719, respectively.

NOTE 5 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS AND TRUSTEE

The Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedule, were obtained by management and agreed to or derived from information certified by TIAA-CREF, custodian, and Fidelity Management Trust Company (Fidelity), custodian and trustee of the Plan. The Plan Administrator has obtained certifications from the custodians and trustee that information provided to the Plan Administrator by the custodians and trustee related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information that appears throughout the financial statements and supplemental schedule related to the following:

**NOTE 5 FINANCIAL INFORMATION CERTIFIED BY THE CUSTODIANS AND TRUSTEE
(CONTINUED)**

- Investments, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022;
- Investment information disclosed in Notes 3 and 4 to the Plan's financial statements; and,
- Investments, as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 6 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares in mutual funds, money market fund and fixed annuity contract managed by TIAA-CREF and Fidelity as defined by the Plan. Transactions in these investments, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA. Fees paid by the Plan participants to the custodians and trustee for administrative expenses amounted to \$410,916 and \$521,027 for the years ended December 31, 2023 and 2022, respectively.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee received compensation from the Plan.

NOTE 7 INCOME TAX STATUS

The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or assets) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contribution at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants and their beneficiaries after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10 CHANGE IN PLAN CUSTODIAN FOR MUTUAL FUNDS AND MONEY MARKET FUNDS

Effective on October 9, 2023, the Plan changed its custodian and third-party administrator from TIAA to Fidelity for mutual funds and money market funds. Consequently, Plan assets amounting to \$180,475,568 were transferred from TIAA to Fidelity in October 2023. TIAA remains to be the custodian for the fixed annuity contract.

NOTE 11 NEW LAWS AND REGULATIONS

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement Act 2.0 of 2022 (SECURE Act 2.0) became law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE Act 2.0 changed the retirement plan rules for long-term, part-time employees. The 401(k) plan requirement to allow employees to contribute elective deferral was expanded to 403(b) plans.

For plan years beginning in 2024, if an employee has three consecutive 12-month periods with more than 500 hours of service in each, the employee must be eligible to enter the plan, and the period of service was reduced from three to two consecutive 12-month periods, for plans years beginning after December 31, 2024. The Plan will implement this legislative change and plans to formally execute the required plan amendments reflecting their implementation by the deadline, which is December 31, 2026.

NOTE 12 SUBSEQUENT EVENTS

The Plan Administrator has evaluated subsequent events to December 31, 2023 to assess the need for potential recognition and/or disclosure in the financial statements. Such events were evaluated through October 15, 2024, the date on which the accompanying financial statements were available to be issued. Based upon this evaluation, management determined no subsequent events require disclosure or adjustment in the accompanying financial statements.
