Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2021 Financial Statements

We have performed an audit of the financial statements of Yield Solutions Group 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2023 and 2022 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2021 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section -

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Yield Solutions Group 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Yield Solutions Group 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Yield Solutions Group 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Yield Solutions Group 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at Year End) is presented for purposes of additional analysis and is not a required part of the financial statements, but supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Yield Solutions Group 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective January 1, 2022. The Plan utilizes an IRS approved prototype plan obtained from Minnesota Life Insurance Company (the "Trustee"), which has not been amended. The Plan is subject to the Employee Retirement Income Security Act of 1974 ("ERISA"). The Advisory Board is responsible for the oversight of the Plan, determines the appropriateness of the Plan's investment offerings, and monitors investment performance.

Eligibility

Employees of Yield Solutions Group, Inc. (the "Company") become eligible to participate in the Plan after completing three months of service and reaching 18 years of age.

Contributions

Each year, participants may contribute up to the maximum amount allowed by law, as defined within the Plan document. Deferral contributions may not exceed the limits set forth by the Internal Revenue Code of the United States of America ($22,500 for 2023). Participants who have attained age 50 before the end of the Plan year are eligible to make catch up contributions ($7,500 for 2023). Participants may change their contribution percentage throughout the year and may cease contributions at any time. Participants direct the investment of their contributions into the various investment options offered by the Plan. Participants' pre-tax elective deferrals into the Plan are 100% vested when contributed.

The Company has elected to make flexible discretionary matching contributions in amounts deemed appropriate by the Company each plan year. There were no employer contributions made by the Company during 2023.

Rollover contributions from other qualified retirement plans or from Individual Retirement Accounts may be accepted as permitted by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution plus actual earnings thereon. Participant accounts are also credited with allocations Company contributions and related earnings, if any. In addition, participant accounts are charged an allocation of Plan expenses. Allocations are based upon account balances, as defined by the Plan. The benefit to which a participant is entitled the benefit that can be provided from the participant's vested balance.

NOTE 1 DESCRIPTION OF THE PLAN (Continued)

Vesting

Participants are immediately vested in their contributions, plus actual earnings thereon. Vesting in the Company's discretionary matching portion of their account and related earnings is based upon years of continuous service. Participants become fully vested upon completion of three years of employment. Participants may also become fully vested upon death or permanent disability.

Investment Options

Participants may direct employee and employer contributions into any of the investment options offered by the Plan.

Participant Loans

Participant loans are treated as participant directed investments. The minimum loan amount is $1,000, and participants may have one residential loan and one general purpose loan outstanding. Residential loans apply to purchase of a primary residence and have a fixed term of 30 years. Loan interest rates are established by the Plan administrator in a nondiscriminatory manner.

Payment of Benefits

In the event of termination of employment, retirement, disability, or death, participants will receive their accumulated contributions and actual earnings thereon, plus the vested portion of accumulated Company contributions and actual earnings thereon. Benefits may be rolled into another qualified plan, received in a lump sum, or paid in installments over a specific period based upon age at retirement. Account balances with less than $5,000 at termination may be rolled in another qualified plan or paid in a lump sum. The Plan also allows for hardship withdrawals and qualified reservist distributions, with eligibility determined on a case-by-case basis.

Forfeited Accounts

Pursuant to the Plan document, forfeitures from non-vested participants shall be utilized to offset expenses and company contributions. There were no forfeitures during Plan year 2023.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 7 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant’s account and are included in administrative expense. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

Subsequent events have been evaluated through the date of the independent auditors’ report, which is also the date these financial statements were available to be issued.

NOTE 3 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their Company contributions and related earnings.

NOTE 4 TAX STATUS

The Plan utilizes an IRS prototype plan obtained from the Trustee. The Prototype is places reliance on an opinion letter obtained from the IRS by the Trustee indicating the Plan is qualified under Section 401 of the IRC and therefore not subject to income tax under current law. The prototype plan has not been amended. Accordingly, the Plan Administrator believes the Plan is qualified, and the related trust is tax exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize tax liability or (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is generally subject to audits by taxing jurisdictions for three years from filing dates. There are currently no audits for any tax periods in progress.

NOTE 5 CERTIFICATION OF INVESTMENT INFORMATION

Minnesota Life Insurance Company, the trustee of the Plan, has supplied the Plan administrator with a certification as to the completeness and accuracy of all investment information and notes receivable from participants (if any) reflected in the accompanying statements of net assets available for benefits as of December 31, 2023 and 2022, the statement of changes in net assets available for benefits for the year ended December 31, 2023, and the supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value.

The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 Measurements) and the lowest priority to unobservable inputs (Level 3 Measurements).

NOTE 7 FAIR VALUE OF INVESTMENTS (continued)

The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:
- Quoted prices for identical or similar assets or liabilities active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and,
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the assets or liability has specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022.

All assets except receivables are mutual funds valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and transact at that price. The mutual funds held by the plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	2023			
	Level 1	Level 2	Level 3	Total
Pooled Separate Accounts	$ -	$ 2,538,628	$ -	$ 2,538,628
