Independent Auditors' Report

To the Plan Administrator of
Medical Card System Savings Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Medical Card System Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Page 4

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Medical Card System Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

(1) Description of the Plan

The following description of the Medical Card System Savings Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan started on January 1, 2001, and is a defined contribution plan covering substantially all full-time employees of Medical Card System, Inc. and Subsidiaries (the Company or Employer) who have attained twenty-one years of age. Once an employee is hired, he or she is eligible to participate in the Plan. The Plan adopted the Banco Popular Master Defined Contribution Retirement Plan. The Plan is intended to be a qualified plan pursuant to the Puerto Rico Internal Revenue Code of 2011, as amended (the 2011 Code) and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

(b) Contributions

Participants are permitted to contribute up to an amount not to exceed the maximum deferral amount specified by the 2011 Code of \$15,000 for the tax year ended December 31, 2023 and 2022. Also, participants may make voluntary contributions to the Plan on an after-tax basis up to 10%. The Plan allows for rollover contributions from other qualified plans. The Employer is required to make a matching contribution of twenty-five cents ¢25 for every dollar of a participant's pre-tax contributions. However, the Employer will not make matching contributions above 6% of the participant's compensation. In addition, the Employer may voluntarily make additional discretionary contributions to the Plan to be distributed among the participants accounts as established in the Plan Document. In 2023 and 2022, the Sponsor discretionary contributions transferred to the Plan amounted to \$1,000,000 and \$942,075, respectively. Investment of participants' and employer's contributions are directed by participants into various investment options, which include several mutual funds.

Participants over age 50 are permitted to make an additional \$1,500 pre-tax contribution after contributing the Plan limit of \$15,000 of their pre-tax annual compensation.

(c) Participant Accounts

Each participant's account as established in the Plan is credited with the participant's contributions and Company's matching contributions, as well as allocations of the Company's profit-sharing contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Medical Card System Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's contribution portion of their accounts plus earnings thereon is based on years of continuous service. A participant is fully vested after three years of credited service.

(e) Payment of Benefits

Normal retirement age is when the participants reach 65 years of age. On termination of service due to death, disability or retirement, a participant may elect to receive an amount equal to the value of the participant's vested interest in its account in the form of a single lump-sum. The death benefit shall be equal to the account balance of the participant.

(f) Early Retirement

For participants that elect early retirement, the participant's vested interest in its account are payable upon the date a participant reaches 55 years of age.

(g) Hardship Withdrawals

Under certain conditions, participants, while still employed by the Company, are permitted to withdraw, in a single sum, the employee contribution portion of their account balance. These conditions include: the purchase of a personal residence which is the participant's primary place of residence; the payment of post-secondary tuition expenses for the participant or participant's dependents for the next academic period; assist in the payment of actual unreimbursed medical expenses incurred by the participant or participant's dependents; to prevent eviction from or foreclosure on the participant's principal residence; funeral expenses for the participant's deceased parent, spouse, or dependents; any other cause that, in the Administrator's determination, has produced an immediate and heavy financial need; such other event or circumstance as the Puerto Rico Secretary of the Treasury through regulations may permit.

(h) Forfeited Accounts

Forfeitures under the Plan will be allocated to participants' accounts during the Plan year in the proportion that each such participant's compensation during the Plan year bears to the total compensation during such Plan year for all participants; or in the proportion that a participant's account bears to the total Plan's assets (to the extent such method is non-discriminatory under applicable law); used to reduce the amount the Employer must contribute to the Plan; to reduce Plan's costs and expenses, as determined on an annual basis by the Employer.

At December 31, 2023 and 2022, forfeited non-vested accounts amounted to \$4,990 and \$17,965 respectively. Forfeitures amounting to \$40,410 and \$81,791 were used to pay administrative expenses during years ended December 31, 2023 and 2022, respectively.

Medical Card System Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

(i) Rollovers Distributions

Terminated employees or retirees may elect to transfer their savings to other plans qualified by PRIRC, and are recorded when paid.

(j) Rollovers Contributions

Rollovers contributions to the Plan consist of monies received by a participant from another plan qualified under the Puerto Rico Internal Revenue Code.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at measurement date. Refer to Note 4 to the financial statements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's realized gains and losses on investments bought and sold and the change in appreciation from one period to the next.

(c) Payment of Benefits

Benefit payments to participants are recorded when paid.

(d) Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from the accompanying financial statements. During 2023, administrative expenses for \$247,877, were paid by the Company.

Administrative expenses amounting to \$40,410 were deducted from the forfeitures accounts as determined by the Employer. Refer to Note 1(h) to the financial statements. In addition, an amount equal to \$9,003, was recognized as administrative fees payable at December 31, 2023.

(e) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates

Medical Card System Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(3) Financial Information Certified by Trustee

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by Banco Popular de Puerto Rico, the Trustee of the Plan, as of and for the years ended December 31, 2023 and 2022.

	2023	2022
Investments at fair value	\$ 66,508,773	52,286,625
Accrued interest receivable	\$ 10,596	10,853
Cash, non interest bearing	\$ 12,966	12,275
Net appreciation (depreciation) in fair value	\$ 10,132,307	(13,553,949)
Dividends and interest	\$ 1,076,267	813,187

(4) Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under the Financial Accounting Standard Board, Accounting Standards Codification 820, are described as follows:

- | | |
|----------------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">▪ Quoted prices for similar assets or liabilities in active markets;▪ Quoted prices for identical or similar assets or liabilities in inactive markets;▪ Inputs other than quoted prices that are observable for the asset or liability;▪ Inputs that are derived principally from or corroborated by observable market data by correlation or other means. |

Notes to Financial Statements

December 31, 2023 and 2022

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Money market funds: Valued at the closing price reported on the active market on which individual securities are traded.

Interest Bearing Deposits: The carrying amounts of the interest-bearing deposit are reasonable estimates of the fair value due to their short-term maturity. These interest-bearing deposits are available upon demand, hence, classified as Level 1.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

(5) Interest Bearing Deposit

At December 31, 2023 and 2022 consists of amounts deposited in a savings account with the trustee of the Plan. This account bears variable interest at 4.856% and 4.673% at December 31, 2023 and 2022, respectively. This deposit is in excess of the federally insured limit of \$250,000 at December 31, 2023 and 2022. The carrying amounts of interest-bearing deposits are reasonable estimates of the fair value due to their short-term maturity. At December 31, 2023 and 2022 the balance of interest-bearing deposits amounted to \$796,119 and \$1,211,427 respectively.

(6) Tax Status

The Plan is qualified under Section 1081.01(a) of the Internal Revenue Code for a New Puerto Rico, Act No. 1 of January 31, 2011, as amended from time to time (the 2011 PR Code). The Plan received a favorable determination letter from the Puerto Rico Treasury Department (PRTD) on September 6, 2013 as to its qualified status under the 2011 PR Code. The Plan has been amended during 2016 and 2017 and received a favorable determination letter from the Puerto Rico Treasury Department (PRTD) on May 10, 2018. No events have occurred with respect to the Plan or the associated Trust that, in substantial likelihood, would result in the Plan being disqualified by the PRTD. The Trust associated with the Plan is exempt from Puerto Rico income taxation pursuant to the provisions of PR Section 1081.01(a) of the 2011 PR Code, and pursuant to Section 1022(i)(I) of ERISA. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the Puerto Rico

Notes to Financial Statements

December 31, 2023 and 2022

Internal Revenue Code, and, therefore, believe that the Plan is qualified, and the related trust is tax exempt. Accordingly, no provision for income taxes has been made.

Accounting principles generally accepted in the United States of America require Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Puerto Rico Treasury Department. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(7) Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Puerto Rico Treasury Department (PRTD) amounted to \$109,034 and \$108,811 as of December 31, 2023 and 2022, respectively, and were recorded as a liability with a corresponding reduction to contributions.

(8) Plan Termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their Employer contributions. Any unallocated assets of the Plan shall be allocated to participant's accounts and distributed in such a manner as the Employer may determine.

(9) Risk and Uncertainties

The Plan invests in mutual funds, which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with these instruments it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect participants' accounts balances, and the amounts reported in the statements of net assets available for benefits.

(10) Party-in Interest Transactions

The investment in the BPPR Bank Deposit Open Account is managed and maintained by Banco Popular de Puerto Rico in 2023 and 2022, respectively. This transaction qualifies as party-in-interest transactions permitted under the provisions of ERISA.

(11) Subsequent Events

The Plan has evaluated subsequent events through October 11, 2024, the date at which the financial statements were available to be issued.
