INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of
the **HAZARD CONSTRUCTION COMPANY RETIREMENT PLAN**
Lakeside, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Hazard Construction Company Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits (modified cash basis) for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Hazard Construction Company Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Hazard Construction Company Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Hazard Construction Company Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Hazard Construction Company Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Hazard Construction Company Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America and the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

HAZARD CONSTRUCTION COMPANY RETIREMENT PLAN

Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 – Plan Description and Basis of Presentation

The following description of the Hazard Construction Company Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was adopted in 2016 and is a defined 401(k) profit sharing plan covering all eligible employees of Hazard Construction Company (the "Company"), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Hazard Construction Company is the Plan's sponsor and serves as Plan administrator.

Eligibility – Employees of the Company are eligible to participate in the Plan upon reaching age 18 and after completing one month of service. Participants, once eligible, may begin deferring a portion of their compensation into the Plan on the first day of the month following the satisfaction of eligibility requirements. For employer prevailing wage contributions, employees are eligible to participate upon hire.

Contributions – Participants – Participants can contribute up to 100% of their eligible salaries in 2023, not to exceed \$22,500. Participants ages 50 or older may elect to defer additional amounts ("catch-up" contributions) to the Plan. The maximum catch-up contribution that could be made in 2023 was \$7,500. The additional amount can be deferred regardless of any other limitations on the amounts that can be contributed to the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans ("rollover").

Employer – The Company may make a discretionary matching contribution, subject to certain Internal Revenue Service limitations. Employees working on a prevailing wage contract receive contributions that help satisfy the fringe benefit requirements or prevailing wage law. Employee receives an allocation based upon eligible compensation as defined in the Plan Agreement. During the year ended December 31, 2023, the Company made discretionary matching contributions and prevailing wage contributions of approximately \$220,000 and \$926,000, respectively.

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled in the Plan unless affirmatively elect not to participate in the Plan.

Participant Accounts – Each participant's account is credited with the participant's contributions, prevailing wage contributions, and allocations of the Company's contributions and plan earnings, and is charged with an allocation of administrative expense. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are immediately vested in their contributions and related investment activity thereon. Additionally, participants are 100% vested in the prevailing wage contributions made by the Company. Participants vest in Company's matching contributions in annual ratable installments of 20% after the first year of service until fully vested after five years of service. Participants are fully vested in the event of death, disability, or attaining normal or early retirement age (age 65 and 55, respectively).

HAZARD CONSTRUCTION COMPANY

RETIREMENT PLAN

Notes to the Financial Statements
December 31, 2023 and 2022

Note 1 – Plan Description and Basis of Presentation (Continued)

Forfeitures – If a participant terminates prior to vesting 100% in the employer contributions, the forfeited balance will be used to reduce future employer contributions or administrative expenses. For the year ended December 31, 2023, employer contributions were reduced from forfeited non-vested accounts by \$2,723. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$11,207 and \$10,120, respectively.

Payment of Benefits – The Plan provides for the payment of benefits to the participant (or, if applicable, the beneficiary) at retirement, disability, death, financial hardship, or termination of employment. In-service distributions are also available to those participants who incurred a financial hardship as defined in the Plan agreement or are age 59 1/2 or older. Participants who qualify for retirement benefits and withdrawals will receive their benefits as a lump sum in cash, installment payments, or partial distributions. The benefit to which a participant is entitled is the benefit that can be provided solely from the participant's vested account balance. Participants who separate from service and have vested account balances of \$5,000 or less are subject to an administrative lump sum distribution.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan repayment terms shall be no greater than five years (or such longer period as permitted by law) except when loan proceeds are used for the purchase of a primary residence. The loans are secured by the vested balance in the participant's account and bear interest at variable rates. At December 31, 2023, all outstanding loans had an interest rate ranging from 5.25% to 10.50%. Principal and interest are paid over the term of the loan through payroll deductions.

Administrative Expenses – Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of the fair value of investments.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting – The accompanying financial statements are prepared on the modified basis of accounting, whereby the financial statements reflect only cash receipts and disbursements. Therefore, receivables and payables which would be recognized under the accounting principles generally accepted in the United States of America and which may be material in amount are not recognized in the accompanying financial statements.

Use of Estimates – The preparation of financial statements in accordance with the modified cash basis of accounting requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein. Actual results may differ from those estimates.

HAZARD CONSTRUCTION COMPANY RETIREMENT PLAN

Notes to the Financial Statements
December 31, 2023 and 2022

Note 2 – Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value. The Plan's trustee, Empower Trust Company, LLC, certifies the fair value of all investments. If available, quoted market prices are used to value investments. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion on the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent loans are treated as distributions based upon the terms of the plan document. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of Benefits – Benefits are recorded when paid.

Risk and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 3 – Information Certified by the Trustees

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC and MassMutual (the trustees of the Plan).

Note 4 – Fair Value Measurements

The accounting standards regarding fair value measurements define fair value, establish a framework for measuring fair value, and provide for enhanced disclosures about fair value measurements. Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in orderly transaction value hierarchy which requires an entity to maximize the use of observable inputs when measuring fair value.

The standard describes three levels of inputs that may be used to measure fair value:

- Level 1 Valuation is based upon quoted prices in active markets for identical securities.
- Level 2 Valuation is based upon other observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 Valuation is based upon unobservable inputs significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodologies used for instruments measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual Funds

These are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements (Continued)

The following tables sets forth the fair value hierarchy of the Plan's assets by level:

Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3
Mutual funds	\$ 18,198,569	\$ -	\$ -
Investments, at fair value	\$ 18,198,569	\$ -	\$ -

Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3
Mutual funds	\$ 13,834,767	\$ -	\$ -
Investments, at fair value	\$ 13,834,767	\$ -	\$ -

Guaranteed Investment Contract

In November 2015, the Plan entered into a FBRIC with MassMutual. MassMutual maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 0%. The crediting rate is reviewed on a quarterly basis for resetting. The FBRIC does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

The contract meets the FBRIC criteria and is therefore reported at contract value. Contract value is the relevant measure for FBRICs because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by MassMutual, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations, which may be affected by future economic and regulatory developments.

RETIREMENT PLAN

Notes to the Financial Statements
December 31, 2023 and 2022

Note 4 – Fair Value Measurements (Continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Related Party Transactions

Certain Plan investments are managed by Empower and MassMutual. Empower and MassMutual are the custodians of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. Transactions involving participant loans also qualify as party-in-interest transactions.

Note 6 – Plan Termination

Although the Company has expressed no intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, amounts allocated to a participant's account shall immediately become fully vested.

Note 7 – Tax Status

The Plan has adopted the volume submitter profit sharing plan. The Plan obtained its latest opinion letter from the Internal Revenue Service dated November 14, 2022, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and that, therefore, the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2023.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.
