The Retirement Committee
401(k) Retirement Savings Plan for INTEGRIS Health, Inc.:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of 401(k) Retirement Savings Plan for INTEGRIS Health, Inc. (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. generally accepted accounting principles.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. generally accepted accounting principles.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, line 4a - Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 and Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**401(k) RETIREMENT SAVINGS PLAN
FOR INTEGRIS *HEALTH*, INC.**

Notes to Financial Statements

December 31, 2022 and 2021

(1) Description of the Plan

The following description of the 401(k) Retirement Savings Plan for INTEGRIS *Health*, Inc. (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan covering all employees of the for-profit subsidiaries of INTEGRIS *Health*, Inc. (the Company) and all active participants of the 403(b) Retirement Savings Plan for INTEGRIS *Health*, Inc. for purposes of receiving the INTEGRIS Basic Contribution. The Plan is administered by the Retirement Committee of the Company. Fidelity Management Trust Company (Fidelity) is the trustee, and Fidelity Workplace Services LLC is the recordkeeper of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Assets of the Plan and participant accounts have been maintained and accounted for by the Plan's trustee and recordkeeper.

(b) Participant Contributions

Under the 401(k) provisions of the Plan, participants may elect to contribute amounts up to 100% of their eligible compensation (up to IRS annual limits) on a pretax or Roth (after-tax) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

(c) Employer Contributions

The Company matched an amount equal to 50% of the first 5% of the participant's contribution, not to exceed 2.5% of the participant's annual eligible compensation until April 10, 2020 when the Retirement Committee of the Company temporarily suspended the matching employer contribution, until the Retirement Committee ceased the temporary suspension and reinstated the employer matching contribution in July 2021.

Effective January 1, 2013, any employee hired or rehired on or after July 1, 2009 and who earns at least 1,000 hours of service in the Plan Year and is employed on the last day of the Plan Year ending December 31st will receive an additional contribution, the INTEGRIS Basic Contribution (IBC), equal to 3% to 6% (depending on years of service) of eligible compensation earned in the Plan Year. Effective in 2016, the Plan was amended to include all active participants of the 403(b) Retirement Savings Plan for INTEGRIS *Health*, Inc. as active participants in the 401(k) Plan for purposes of receiving the IBC only, which is reflected in employer contributions receivable on the statements of net assets available for benefits as of December 31, 2022 and 2021, and employer contributions on the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.

(d) Participant's Account

Each participant's account is credited with the participant's contribution and allocation of the Company's matching and IBC contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as

**401(k) RETIREMENT SAVINGS PLAN
FOR INTEGRIS HEALTH, INC.**

Notes to Financial Statements

December 31, 2022 and 2021

defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Retirement Committee retains the right to change the options available to participants.

(e) Vesting

Participants are immediately vested in their contributions and actual earnings thereon. Participants are fully vested in the Company's matching contributions and IBC plus actual earnings thereon upon the completion of three years of employment.

Participants become 100% vested regardless of years of service upon death, disability, reaching the age of 65, or the termination of the Plan.

(f) Payment of Benefits

Upon termination of service, due to death, disability, retirement or other reasons, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Distributions made to participants who have not attained the age of 59 ½ may be subject to an early withdrawal penalty.

(g) Administrative Expenses

Fidelity waives the typically charged administrative and recordkeeping fees for INTEGRIS Health participants. Certain fees are assessed for participants who have notes receivable or who elect to enroll in certain services. All other expenses of maintaining the Plan are paid by the Company, and expenses paid by the Company are excluded from these financial statements.

(h) Forfeited Accounts

Participants' accounts that are forfeited because of termination prior to vesting are applied to reduce the Company's contributions or administrative expenses. In 2022 and 2021, employer contributions were reduced by \$1,028,885 and \$1,003,638 from forfeited, nonvested accounts, respectively. At December 31, 2022 and 2021, forfeited, non-vested accounts totaled \$314,112 and \$911,586 respectively.

(i) Plan Termination

Although it has not expressed any intent to do so, the Company may elect to terminate the Plan or discontinue its contributions at any time subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their employer contributions.

(j) Notes Receivable from Participants

Participants may borrow from their fund accounts in the Plan through a residential loan or a general-purpose loan. The minimum loan is \$1,000, and the maximum amount is the lesser of 50% of the vested account balance or \$50,000 less the highest outstanding loan balance the participant had in the previous 12 months. Participants must borrow in increments of \$100, may only have one outstanding loan of each type at a time, and must pay a \$25 loan initiation fee with each loan taken. Loan terms range from one to five years. Residential loan terms can range from five to ten years, although there is no specific loan term range within the Plan agreement. The maturity dates of loans

FOR INTEGRIS HEALTH, INC.**

Notes to Financial Statements

December 31, 2022 and 2021

outstanding at December 31, 2022 range from February 2023 to November 2032. All loans are secured by the balance in the participant's account and bear interest at rates from 4.25% to 7.25%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator at the time the loan is issued. Principal and interest are paid ratably through payroll deductions.

(2) Significant Accounting Policies

(a) Basis of Presentation

The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with U.S. generally accepted accounting principles.

(b) Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as those held at year end.

(d) Notes Receivable from Participants

Participant loans are carried at amortized cost, which represents the unpaid principle balance plus accrued interest. Delinquent participant loans are classified as distributions based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

(e) Payment of Benefits

Benefits are recorded when paid.

(3) Tax Status

The Plan is based on a prototype plan. The Internal Revenue Service (IRS) informed the prototype plan sponsor, in an opinion letter dated June 30, 2020, that the form of the Plan is acceptable under the requirements of the Internal Revenue Code (IRC). An employer may rely on a favorable opinion letter issued to a prototype sponsor as evidence that the Plan is qualified under Code Section 401(a) as provided in Revenue Procedure 2015-36. Although the prototype plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and being operated in

**401(k) RETIREMENT SAVINGS PLAN
FOR INTEGRIS HEALTH, INC.**

Notes to Financial Statements

December 31, 2022 and 2021

compliance with applicable requirements of the IRC so that the plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

(4) Trustee Certification

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity has certified that the following information, as well as the investment information in the notes to the financial statements and information included in the Schedules of Assets (Held at End of Year) as of and for the years ended December 31, 2022 and 2021, are complete and accurate.

	<u>2022</u>	<u>2021</u>
Investments, at fair value	\$ 172,379,373	193,816,271
Notes receivable from participants	676,793	676,521
Interest and dividends	11,222,440	15,272,855
Net appreciation (depreciation) in fair value of investments	(50,080,376)	14,963,010
Interest income on notes receivable from participants	29,257	35,693

(5) Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value, and expands disclosure about assets and liabilities measured at fair value. Specifically, FASB ASC 820:

- Defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.
- Provides a fair value hierarchy based upon the transparency of the inputs to the valuation of an asset or liability as of the measurement date. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and lowest priority to unobservable inputs (Level 3).
- Expands disclosure about instruments measured at fair value.

The three levels of fair value hierarchy under FASB ASC 820 are described below:

Level 1: Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

**401(k) RETIREMENT SAVINGS PLAN
FOR INTEGRIS HEALTH, INC.**

Notes to Financial Statements

December 31, 2022 and 2021

Level 2: Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset or liability, either directly or indirectly, for substantially the full term of the financial instrument. These are inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3: Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Money Market Funds and Mutual Funds: Valued at the closing net asset value (NAV) of shares held by the Plan at year end as quoted in the active market.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

The following tables present a summary of the Plan's investment assets measured at fair value as of December 31, 2022 and 2021:

Investments at fair value as of December 31, 2022				
	Quoted prices in active market (Level 1)	Significant other observable inputs (Level 2)	Unobservable inputs (Level 3)	Total

Total investment assets at fair value	\$ 193,816,271	—	—	193,816,271

(6) Related-Party Transactions

Certain Plan investments are shares of mutual funds and a money market fund managed by Fidelity Workplace Services LLC, which is an affiliate of the trustee, and therefore, these transactions qualify as party-in-interest transactions.

(7) Risks and Uncertainties

The Plan offers a number of investment options to participants that are exposed to various risks, such as interest rate, credit, and overall market volatility risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

(8) Subsequent Events

The Plan evaluated events subsequent to December 31, 2022 through October 12, 2023, the date on which the financial statements were available to be issued. No events requiring disclosure were identified.
