Torgerson's LLC 401(k) Plan

Financial Statements and Supplemental Schedule

December 31, 2023 and 2022

Independent Auditor's Report

To the Plan Administrator
Torgerson's LLC 401(k) Plan
Great Falls, Montana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Torgerson's LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022 and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Torgerson's LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Torgerson's LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Torgerson's LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Torgerson's LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Torgerson's LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets Held (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Torgerson's LLC 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan

The following description of the Torgerson's LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the provisions.

General

The Plan is a multiple employer defined contribution plan covering all employees of Torgerson's LLC, Lloyd Torgerson, Inc., Billings Equipment Company, and A&B, A&L, B&L, E&A, E &B, and E & L Torgersons, Inc., (collectively the "Company"). Employees are eligible to participate for purposes of salary deferrals once they have attained age 21 and have completed two months of employment. Employees are eligible to participate for purposes of matching contributions and profit sharing contributions once they have obtained age 21 and completed one year of service (at least 1,000 hours of service during the plan year). The entry date to the Plan is the first day of the month coinciding with or next following the date the eligibility requirements are satisfied. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended.

Accounting Estimates

The preparation of financial statements in conformity with the accrual basis of accounting requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from these estimates.

Contributions

Participants may contribute up to the maximum percentage allowable not to exceed the limits of Internal Revenue Code Sections 401(k), 402(9), and 415. The Company matches 50% of the participant contribution up to 2% of gross compensation. For the year ended December 31, 2023, the Company made matching contributions of \$205,013. Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company matching contribution and Plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Torgerson's LLC 401(k) Plan

Notes to the financial statements

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately 100% vested in their elective deferrals and earnings thereon.

The following represents the Plan's vesting schedule for Company matching contributions:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 2	0 %
2 years	20
3 years	40
4 years	60
5 years	80
6+ years	100 %

Forfeitures

At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$0 and \$7,391, respectively. These accounts will be used to reduce future Company discretionary contributions or pay plan expenses in accordance with the plan document. During 2023, \$14,174 was used to pay administrative expenses and \$3,768 was used to reduce Company contributions from forfeited nonvested accounts.

Payment of Benefits

The Plan provides for normal retirement benefits upon reaching age sixty-five. Upon retirement, permanent disability or death, a participant may elect to receive either a lump sum amount equal to the participant's vested interest in his or her account, or substantially equal installments or partial withdrawals. In-service distributions may be made to a participant who has not separated from service, attained age 59 1/2, and is fully vested.

Tax Status

The Plan's terms have been drafted in reliance on the sample language provided by the IRS. The plan is required to operate in conformity with the IRC to maintain the exclusion from tax for plan participants. The Plan's management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Subsequent Events

The Company has evaluated subsequent events through October 15, 2024, which is the date the financial statements were available to be issued.

Torgerson's LLC 401(k) Plan

Notes to the financial statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). Contributions are recognized when earned and distributions are recorded when paid.

Notes Receivable From Participants

Participants may borrow from their retirement savings portion of the Plan a minimum of \$1,000. Loans will be treated as participant directed investments and will only be made for hardship or financial necessity. A participant may only have one loan for purchase of a participant's primary residence and one loan for any other purpose.

All outstanding loan balances will become due and payable in their entirety upon the occurrence of a distributable event. Principal and interest are paid ratably over a period not to exceed five years through payroll deductions. Prepayments are paid via check. The interest rate for the loans will be established by the Plan Administrator in a nondiscriminatory manner. Interest income is recognized upon receipt of payment from the participant. Once a participant has ceased making payments on the loan the remaining loan balance is deemed a taxable distribution and reported to the Internal Revenue Service accordingly. The Internal Revenue Service requires loan payments be made at least quarterly. As of December 31, 2023 and 2022, all participant loans are fully collectible and no loans are considered past due. Participant loans are classified as notes receivable from participants and are measured at their unpaid balances as of December 31, 2023 and 2022.

Investment Valuation and Income Recognition

Net asset value is used in determining fair value for the pooled separate accounts, which is a valuation technique based on the net asset value per share. The Group Annuity Contract is fully-benefit responsive, therefore contract value is the relevant measurement attribute for the net assets available for benefits attributable to the contract. Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. When participant-initiated withdrawals are made, they are always made at contract value. Given this and the above considerations, a reasonable method does not exist for determining fair value at an amount that differs from contract value. Therefore, contract value is the most reasonable estimate of fair value.

Dividends are recorded on the ex-dividend date. Net change in investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis.

A significant portion of the Plan's investments is subject to the risk of value fluctuations that are inherent in the market. As such, the value of the Plan's assets may change frequently. To help manage this risk, the Plan utilizes professional investment managers who oversee the Plan's portfolio and may make changes as they see fit.

Payment of Benefits

Benefits are recorded when paid.

Torgerson's LLC 401(k) Plan

Notes to the financial statements

Note 2: Summary of Significant Accounting Policies (Continued)

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Note 3: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net change in fair value of investments, interest and dividends, other income (loss) and interest on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by John Hancock Trust Company LLC, the custodian of the Plan. Certain information disclosed in the accompanying financial statement of net assets available for benefits including investments and notes receivable from participants held at December 31, 2022 was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Minnesota Life Insurance Company, a custodian of the plan.

Note 4: Fully Benefit-Responsive Investment Contracts (FBRICs)

The Plan invests in a FBRIC with Minnesota Life Insurance Company for the year ended December 31, 2023. The FBRIC, Minnesota Life Guaranteed Return Account, is a general account product offered through a group annuity contract which fully guarantees all principal and interest. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Minnesota Life Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The investment is carried at a contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but may not be less than 0%. Such interest rates are reviewed on a quarterly basis for resetting. Certain events may limit the Plan's ability to transact at contract value with Minnesota Life Guaranteed Return Account including plan termination and other events as specified in the GIC. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The contract does not permit Minnesota Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

Torgerson's LLC 401(k) Plan

Notes to the financial statements

Note 5: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 6: Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy are described as follows:

Level 1 - Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date.

Level 2 - Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs that are unobservable inputs for the asset or liability.

Following is a description of the valuation methodology used for assets measured at fair value. There has been no change in the methodology used as of December 31, 2023 and 2022.

Mutual funds: Mutual funds consist of publicly traded funds of registered investment companies. Shares of mutual funds are valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

Mutual funds held in pooled separate accounts: Fair value is estimated using the net asset value ("NAV") per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of underlying investments held by the pooled separate accounts.

Torgerson's LLC 401(k) Plan

Notes to the financial statements

Note 6: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Total	Level 1	Level 2	Level 3
Mutual Funds	\$ 9,866,646	\$ 9,866,646	\$ -	\$ -
Total	\$ 9,866,646	\$ 9,866,646	\$ -	\$ -

	Assets at Fair Value as of December 31, 2022			
	Total	Level 1	Level 2	Level 3
Pooled Separate Accounts	\$ 7,716,929	\$ -	\$ 7,716,929	\$ -
Total	\$ 7,716,929	\$ -	\$ 7,716,929	\$ -

Note 7: Related Party Transactions and Party In-Interest Transactions

The Plan administrator is an employee of the Company, and the owners are also participants in the Plan. There are no transactions between these parties-in-interest other than contributions to the Plan. Certain investments are managed by Minnesota Life Insurance Company and John Hancock Retirement Plan services. Minnesota Life Insurance Company and John Hancock Retirement Plan services are the custodians of the plan and therefore, these transactions qualify as party-in-interest. Fees incurred by the Plan for services were \$7,037 for the year ended December 31, 2023.

Note 8: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100% vested in their Company contributions.
