Rockford Memorial Hospital Supplemental Pension Plan

Financial Statements

For the Period from January 1, 2023 to February 28, 2023

WIPFLI

Independent Auditor's Report

To the Plan Administrator
Rockford Memorial Hospital Supplemental Pension Plan
Rockford, Illinois

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Rockford Memorial Hospital Supplemental Pension Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of February 28, 2023 and December 31, 2022, and the related statement of changes in net assets available for benefits for the period from January 1, 2023 to February 28, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of February 28, 2023 and December 31, 2022, and for the period from January 1, 2023 to February 28, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("GAAP").
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Rockford Memorial Hospital Supplemental Pension Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Note 1: Description of Plan

The following description of the Rockford Memorial Hospital Supplemental Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan that covered substantially all employees of Rockford Memorial Hospital and Rockford Memorial Development Foundation who had at least one year of service, 1,000 hours worked and 21 or older. The Plan was frozen effective May 8, 1994. Voya Institutional Trust Company serves as the trustee of the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. During 2017, Mercy Health Corporation, the parent of Rockford Memorial Hospital and Rockford Memorial Development Foundation, became the plan sponsor. Collectively, these organizations are referred to as the Plan Sponsors.

Effective February 28, 2023, the Plan was terminated. See Note 7 for more information.

Contributions

Effective January 1, 2017, no further contributions are permitted under the Plan.

Participant Accounts

Individual accounts are maintained for each plan participant. Each participant's account is credited with allocations of plan investment income (losses), and an allocation of administrative expenses. Allocations are based on a participant's account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Investment Options

Participants direct their account balance into various investment options, including mutual funds, self-directed brokerage accounts and fixed account funds.

Notes Receivable From Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 6.50%, which are commensurate with local prevailing rates at the prime rate plus one percent as determined monthly by the plan administrator. Principal and interest are paid ratably through payroll deductions.

Note 1: Description of Plan (Continued)

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum and/or installments equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 ½. On termination of service, accounts with a value less than \$1,000 will be automatically distributed without the participants consent.

Forfeitures

Plan forfeitures arise as a result of participants who terminated with the Sponsors before becoming 100% vested. At February 28, 2023 and December 31, 2022, forfeited nonvested accounts totaled \$0 and \$68,242, respectively. These accounts will be used to pay administrative expenses of the Plan or reallocate as Sponsor contributions in accordance with the plan document. During the period from January 1, 2023 to February 28, 2023, the administrative expenses were reduced by \$0 from forfeited nonvested accounts.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value except for the Insurance Company Annuity Contracts which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2: Summary of Significant Accounting Policies (Continued)

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of February 28, 2023 and December 31, 2022. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan Sponsors and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account against the investment option for which the loan was originally charged. Investment advisory and management fees are allocated proportionately to participants based on their respective account balances. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, which is the date the financial statements were available to be issued.

Note 3: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets. Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of February 28, 2023 and December 31, 2022..

Note 3: Fair Value Measurements (Continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 5,371,760	\$ -	\$ -	\$ 5,371,760
Self-directed brokerage accounts	19,161	-	-	19,161
Investments, at fair value	\$ 5,390,921	\$ -	\$ -	\$ 5,390,921

Note 4: Insurance Company Annuity Contract

The Plan has entered into fully benefit-responsive investment contract with Voya Financial. Voya Financial maintains the contributions in a general account. The accounts are credited with a fixed rate of interest and charged for participant withdrawals. The contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Contract value, as reported to the Plan by the trustee, represents invested amounts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 4: Insurance Company Annuity Contract (Continued)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on an annual basis for resetting. The contracts do not permit the insurance company to terminate the agreement prior to the scheduled maturity date. Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to plan's prohibition on competing investment options or election of equity wash provisions, (3) bankruptcy of the Plan Sponsors or other Plan Sponsors' events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the Plan to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 5: Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements, including investments and notes receivable from participants held at February 28, 2023 and December 31, 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the period from January 1, 2023 to February 28, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Voya Institutional Trust Company, the trustee of the Plan.

Note 6: Party-in-Interest Transactions

Certain plan investments are managed by Voya Retirement Insurance and Annuity Company. The trustee is a subsidiary of Voya Retirement Insurance and Annuity Company and, therefore, these transactions qualify as party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Note 7: Plan Termination

Effective February 28, 2023, the Plan was terminated and any remaining participant balances were transferred to the Rockford Health System Retirement Plan, which is also sponsored by Mercy Health Corporation. All participants became 100% vested in their Plan Sponsors' contributions as of the merger date.

Note 8: Tax Status

The Plan adopted the Prototype Plan with an IRS determination letter dated March 31, 2017, which states the Prototype Plan was in compliance with the applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
