INDEPENDENT AUDITOR'S REPORT

Participants and the Administrative Committee
Heights Christian School 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Heights Christian School 403(b) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Heights Christian School 403(b) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Heights Christian School 403(b) Retirement Plan 's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Heights Christian School 403(b) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Heights Christian School 403(b) Retirement Plan 's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

HEIGHTS CHRISTIAN SCHOOL 403(b) RETIREMENT PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

1. Description of plan

The following description of the Heights Christian School 403(b) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. Copies of the Plan document are available from the Human Resources Department.

General

The Plan was established on May 1, 2003, for all eligible employees, as defined in the document. The Plan was amended and restated effective July 1, 2020, to comply with changes in laws and regulations. The Plan is a defined contribution plan sponsored and administered by Heights Christian Schools (the “School” or “Plan Administrator”). The Plan is subject to the provisions of the Employment Retirement Income Security Act of 1974 (“ERISA”).

Eligibility

All employees are eligible to make deferral contributions to the Plan. Employer matching and discretionary contributions are offered for all participants who have completed two years of service, with the exception of Administrators, Principals and Directors, which are eligible upon hire. If not excluded from the Plan, as defined, there is no age or hour requirement to participate and make elective deferrals.

Contributions

Participants may make contributions to the Plan in an amount not to exceed their compensation, subject to maximum annual limits established by the Internal Revenue Service. Participants may also make rollover contributions from other retirement plans. Participants who are 50 years of age are eligible to make catch-up contributions. Participants direct the investment of their contributions, and employer contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants. Participants may elect to change their investment options and transfer their account balances among the different investment options at any time.

Effective July 1, 2020, the school reduced matching contributions to 0% and provided for discretionary contributions as determined by the Board of Directors. Effective July 1, 2021, the school implemented a discretionary match contribution of 2% as determined by the Board of Directors for all subsequent years until further notice. For the years ended December 31, 2023 and 2022, there was \$107,094 and \$110,766 discretionary contributions made, respectively.

Participant accounts

Each participant's account is: (a) credited with their elective deferral contributions, an allocation of the Sponsor's matching and discretionary contributions, investment income and gains/losses, and (b) charged with an allocation of administrative expenses as provided in the Plan document. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is fully entitled is the participant's own contributions, rollover contributions, and transfers from other appropriate plans. For “all other contributions” a participant is entitled to the participant's vested portions.

HEIGHTS CHRISTIAN SCHOOL 403(b) RETIREMENT PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

1. Description of plan (continued)

Vesting

Participants are immediately 100% vested in their voluntary contributions, the School's contributions to their accounts plus actual earnings thereon.

Notes receivable from participants

Participants may borrow against their vested balance at a minimum of \$1,000 up to the lesser of \$50,000 or 50% of their vested account balance. The notes receivable from participants are secured by the vested balance in the participant's account and bears interest at rates of 3.25% to 8.5%. Notes receivable from participants are for fixed terms, requiring monthly repayments through bi-monthly payroll deductions. Participants may not have more than two notes receivable outstanding at any time. A participant's note receivable becomes immediately due and payable upon a participant's termination of employment, death, or disability.

Benefit payments

A participant's account will be distributed upon death, disability, retirement or termination in accordance with the distribution options defined by the Plan. Participant's with an account balance of \$5,000 or more may elect to receive an amount equal to the value of the participants vested interest in their account under one of the following methods: (a) a single lump-sum cash distribution, (b) installment payments or (c) purchase of an annuity contract. If the vested balance of the participants account is less than \$5,000, the participant will receive a lump sum amount. Upon attainment of age 59 ½, participants may elect to take an in-service distribution.

Participants may request hardship withdrawals from their account balance for certain financial needs, as defined in the Plan documents.

2. Significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Use of estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingency of assets and liabilities. Actual results could differ from those estimates.

Payment of benefits

Benefits are recorded when paid.

(Continued)

HEIGHTS CHRISTIAN SCHOOL 403(b) RETIREMENT PLAN

Notes to Financial Statements

For the Years Ended December 31, 2023 and 2022

2. Significant accounting policies (continued)

Investment valuation and income recognition

The Plan's investments are stated at fair value as determined by quoted market prices. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the "exit price") in an orderly transaction between market participants at the measurement date. See Note 6 for a description of the fair value measurement and valuation methodologies used in determining the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation and depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and expensed when they are incurred.

Administrative expenses

Custodian fees are paid from plan assets. The Plan receives a revenue credit from each underlying fund ranging from .45% to .50% of those investment assets which are used to offset administrative expenses. All other Plan expenses are paid by the School and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments. The revenue credit is included in other income on the statement of changes in net assets available for plan benefits. For the years ended December 31, 2023 and 2022, the School incurred administrative expenses of \$8,500 for each Plan year.

3. Tax status

The Plan adopted the American Fund Distributors Inc. Volume Submitter 403(b) Tax Plan document. The Plan has obtained an IRS opinion letter dated March 31, 2017. There have been amendments to the Plan subsequent to the opinion letter. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable tax exempt requirements of the IRS Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

4. Plan termination

Although the School has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants shall become fully vested in their account balances and the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

5. Information certified by the custodian

The following is a summary of the information included in the Plan's financial statements that was prepared by the custodian, Capital Bank and Trust, and furnished to the Plan Administrator. The custodian has certified that such information is complete and accurate.

	2023	2022
Interest-bearing, cash	\$ 166,844	\$ 174,758
Mutual funds	5,936,113	5,181,806
Notes receivable from participants	163,088	208,746
	<u>\$ 6,266,045</u>	<u>\$ 5,565,310</u>

Changes in total assets available for Plan benefits for the year ended December 31:

Interest and dividend income	\$ 216,714	\$ 184,203
Net appreciation (depreciation) in fair value of investments	\$ 696,166	\$ (1,407,791)
Interest income on notes receivable from participants	\$ 7,664	\$ 7,038

6. Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, established a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

(Continued)

6. Fair value measurements (continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Cash*: Valued in US currency.
- *Mutual funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Cash	\$ 166,844	\$ -	\$ -	\$ 166,844
Mutual funds	5,936,113	-	-	5,936,113
Total	<u>\$ 6,102,957</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,102,957</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Cash	\$ 174,758	\$ -	\$ -	\$ 174,758
Mutual funds	5,181,806	-	-	5,181,806

7. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

8. Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Capital Bank and Trust. Capital Bank and Trust is a custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services to related third parties amounted to \$9,211 and \$2,481 for the years ended December 31, 2023 and 2022, respectively. For the years ended December 31, 2023 and 2022, the School incurred administrative expenses of \$8,500 for each Plan year.

9. Subsequent events

Management has evaluated subsequent events through October 10, 2024, the date on which the financial statements were available to be issued.
