Independent Auditor's Report

To the Plan Administrator
Integrated Financial Settlements, Inc. 401(k) Plan
Greenwood Village, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Integrated Financial Settlements, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Integrated Financial Settlements, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Integrated Financial Settlements, Inc. 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Integrated Financial Settlements, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Integrated Financial Settlements, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Integrated Financial Settlements, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description

The following description of Integrated Financial Settlements, Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Integrated Financial Settlements, Inc. ("IFS"), Arcadia Settlements Group, Inc. ("ARC"), JMW Settlements, LLC ("JMW"), and Structures Settlements, Inc. ("SSI"), (collectively, the "Company" or the "Employer"), who are age eighteen or older.

The Plan is subject to the provisions of the Employee Retirement Income Security Act ("ERISA"), as amended. The Plan is administered by an Employee Benefits Administrator Committee (the "Plan Administrators") comprised of persons appointed by the Company. The Plan Administrators are responsible for oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

Contributions

Each year, eligible participants may elect to make pre-tax and after tax contributions of their annual compensation, as defined in the Plan, up to a maximum amount adjusted annually by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit and defined compensation plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 1% of eligible compensation. The contribution rate increases annually by 1% up to a maximum of 5%.

The Company may make discretionary matching contributions to plan participants as determined by the Company annually. For the year ended December 31, 2023, the Company declared a discretionary matching contribution equal to 2% of participant's eligible compensation, as defined. In addition, the Company may make a discretionary profit sharing contribution to plan participants. There were no discretionary profit sharing contributions during 2023.

Participant Accounts

Each participant's account is credited with the participant's contributions, Company discretionary matching contributions, and an allocation of the Company's discretionary profit sharing contributions and plan earnings, and is charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings (losses), account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 1: Plan Description (Continued)

Vesting

Participants are immediately vested in their voluntary contributions and Company discretionary matching contributions, plus actual earnings thereon. Vesting in the Company discretionary profit sharing contributions is based on years of service. Participants vest at a rate of 20% per year after two years of service. Participants become fully vested after six years of service. Participants also become fully vested upon death, disability, or normal retirement age.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at current market rates, as defined by the Plan, ranging from 4.25% to 10.50% at December 31, 2023, determined at the date of the loan. All loans must have a definite repayment schedule, generally not exceeding five years. Principal and interest is paid ratably through biweekly or semi-monthly payroll deductions.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments as defined by the Plan. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. In addition, hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. The Plan also allows for in-service distributions upon attaining age 59 1/2.

Effective January 1, 2020, the new IRS hardship distribution regulations were implemented to allow participants to have access to earnings on the deferral portion of their account, to include federal disasters as a hardship category, to eliminate the suspension period subsequent to receiving a hardship distribution, and to eliminate the requirement to exhaust plan loans.

Forfeited Accounts

At December 31, 2023 and 2022, the balance of the forfeited accounts totaled \$0 and \$0, respectively. These accounts may be used to pay administrative expenses or used to reduce future Company contributions. In 2023, there were \$153 of unlocated accounts used to reduce Company contributions and pay administrative expenses.

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments, other than the fully benefit-responsive investment contract, are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contract because contract value is the amount plan participants generally receive when executing transactions under the terms of the contract and plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net appreciation in fair value of investments and administrative expenses.

Subsequent Events

The Plan has evaluated subsequent events through October 2, 2024, which is the date the financial statements were available to be issued.

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 3: Information Prepared and Certified by the Trustee

The Plan Administrators have elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, fully benefit-responsive investment contract, and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan Administrators and certified as complete and accurate by Minnesota Life Insurance Company, the Trustee of the Plan.

Note 4: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level; Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1); and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Mutual Funds Held in Pooled Separate Accounts: Fair value is estimated using the Net Asset Value (NAV) per unit by the issuer of the pooled separate accounts. Fair value is based on the fair value of underlying investments held by the pooled separate accounts.

Self-Directed Brokerage Account: Accounts primarily consist of the mutual funds and common stocks that are determined by obtaining quoted prices on nationally recognized securities exchanges.

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 4: Fair Value Measurements (Continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at Fair Value as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investment Assets in the Fair Value Hierarchy:				
Mutual Funds Held in Pooled Separate Accounts	\$ -	\$ 42,146,963	\$ -	\$ 42,146,963
Self-Directed Brokerage Account	1,332,041	-	-	1,332,041
Total Investment Assets at Fair Value	\$ 1,332,041	\$ 42,146,963	\$ -	\$ 43,479,004

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Investment Assets in the Fair Value Hierarchy:				
Mutual Funds Held in Pooled Separate Accounts	\$ -	\$ 34,405,216	\$ -	\$ 34,405,216
Self-Directed Brokerage Account	1,280,154	-	-	1,280,154
Total Investment Assets at Fair Value	\$ 1,280,154	\$ 34,405,216	\$ -	\$ 35,685,370

Note 5: Related-Party Transactions and Party-in-Interest Transactions

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employer, and certain others. Minnesota Life Insurance Company is the Plan's Trustee. Transactions with Minnesota Life Insurance Company qualify as party-in-interest. Fees paid by the Plan to the Trustee for administrative expenses and investment management services totaled \$113,999 for the year ended December 31, 2023. The Plan also holds a fully benefit-responsive investment contract which was issued by Minnesota Life Insurance Company, which constitute party-in-interest transactions.

Notes receivable from participants also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 6: Fully Benefit-Responsive Investment Contract

The Plan holds a fully benefit-responsive investment contract that is reported at contract value, which is generally the amount a participant would receive if they would initiate a withdrawal or transfer from the contract under the provisions of the Plan. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value of the Plan's fully benefit-responsive investment contract, by general type, is presented below:

<i>As of December 31,</i>	2023	2022
Guaranteed Investment Contract	\$ 2,934,185	\$ 3,884,565

Traditional Guaranteed Investment Contract: The Plan holds a fully benefit-responsive investment contract with Minnesota Life Insurance Company at December 31, 2023 and 2022. Minnesota Life Insurance Company maintains the contributions in its general account and guarantees the Plan a return of principal and interest under the terms of the contract. The interest crediting rate is updated annually based upon contract provisions, and it may not be less than 1.50%. Minnesota Life Insurance Company's general account is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investments at contract value.

The Plan's investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such circumstances include plan termination, plan merger, premature contract termination initiated by the Company, and certain other Company-initiated events that result in distributions exceeding a set amount. The contract limits the circumstances under which Minnesota Life Insurance Company may terminate the contract. Examples of circumstances which would allow Minnesota Life Insurance Company to terminate the contract include the Plan's loss of its qualified status, uncured material breaches of responsibilities, or material and adverse changes to the provisions of the Plan. If one of these events were to occur, Minnesota Life Insurance Company could terminate the contract at an amount less than contract value. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

Note 7: Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Integrated Financial Settlements, Inc. 401(k) Plan

Notes to Financial Statements

Note 8: Tax Status

The Plan has adopted a non-standardized pre-approved plan, which obtained a favorable advisory letter from the United States Treasury Department dated June 30, 2020, stating that the form of the volume submitter plan is acceptable under Section 401 of the Internal Revenue Code (IRC) and is therefore exempt from Federal income taxes. The Plan Administrators and Company management believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRS. Therefore, management believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Note 9: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks.
