INDEPENDENT AUDITOR'S REPORT

To the Trustee of the
Clampco Products, Inc. Employee Stock Ownership Plan
Wadsworth, Ohio

Opinion

We have audited the accompanying financial statements of the Clampco Products, Inc. Employee Stock Ownership Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statement of net assets available for benefits as of December 31, 2023, the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Clampco Products, Inc. Employee Stock Ownership Plan as of December 31, 2023, and the changes in its net assets available for benefits for the year then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability

to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule of Assets Held at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedure applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 1 - Plan Description:

The following brief description of the Clampco Products, Inc. Employee Stock Ownership Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Clampco Products, Inc. (the "Company") established an Employee Stock Ownership Plan ("ESOP") effective January 1, 2023. The Plan operates as a leveraged ESOP and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986, as amended ("IRC"), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company has appointed an Advisory Committee to serve in a fiduciary capacity. The Trustee is an independent-third party business advisor.

On February 3, 2023, the Plan purchased 1,010,000 shares of the Company's common stock with a loan of \$58,721,770. The loan is to be repaid by Company contributions to the trust. The stock is held in a trust established under the Plan. As the Plan makes each payment of principal and interest, an appropriate percentage of stock will be allocated to eligible employees' accounts in accordance with applicable regulations under the IRC.

The borrowings are collateralized by the unallocated shares of stock and is guaranteed by the Company. The lender has no rights against shares of common stock once they are allocated to participants in accordance with the terms of the ESOP. At December 31, 2023, all shares of stock were unallocated for financial statement purposes.

Eligibility:

Employees of the Company are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during such Plan year or are not employed on the last working day of a Plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions:

The Company is obligated to make contributions in cash to the Plan which equal the amount necessary to enable the Plan to make its regularly scheduled payments of principal and interest due on its loan. A portion of that contribution is a nonelective safe harbor contribution equal to 3% of a participant's compensation. The safe harbor contribution amounted to \$426,016 for the year ended December 31, 2023. Employee contributions are not permitted.

CLAMPCO PRODUCTS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 1 - Description of Plan (Continued):

Payment of Benefits:

Upon termination of service due to death, disability, retirement or other reasons, distributions of the balance in a participant's Company stock account will be distributed either in whole shares of Company stock, in cash, or in any combination thereof, as decided by the Trustee. Participants with a vested benefit of less than \$5,000 will receive a lump sum payment. Participants with a vested benefit of \$5,000 or greater will receive substantially equal installments over five years. Distributions on account of death, disability, or retirement will commence no later than one year following the close of the Plan year of termination. Distributions for other separations from service will commence no later than five years following the close of the Plan year of termination. The amount to be distributed is based upon the immediately preceding valuation date.

Administrative Expenses:

As provided in the Plan agreement, the Company pays all expenses of the Advisory Committee, including agent and legal counsel fees. The Company also pays all expenses, including compensation, related to the Trustee of the Plan. All expenses incurred in the investment of the assets are paid by the Plan.

Voting Rights:

Shares of Company stock held in the trust shall be voted by the Trustee in most instances. In certain extraordinary situations, such as a corporate merger, treasury regulations may require pass-through of voting rights in Company stock which has been fully paid for to Plan participants and beneficiaries.

Participant Accounts:

The Plan is a defined contribution plan under which a separate individual account is established for each participant. Each participant's account is credited as of the last day of each Plan year with an allocation of shares of the Company's common stock released by the Trustee from the unallocated account and forfeitures of terminated participants' non-vested accounts. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation. Allocations are based on a participant's eligible compensation, relative to total eligible compensation. Plan earnings are allocated to each participant's account based on the ratio of the participant's account balance.

CLAMPCO PRODUCTS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 1 - Description of Plan (Continued):

Vesting:

Participants are immediately vested in their safe harbor employer contributions and related earnings. The remaining balance vests on a six year graded scale based on the participant's years of credited service.

Put Option:

Under the terms of the Plan and federal income tax regulations, any Company stock that is distributed and held by participants will include a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants. The put price is representative of the fair value of the stock. The Company can, at its discretion, pay for the purchase of the Company stock in a single sum or in installments with interest over a period not to exceed five years.

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company common stock into investments that are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a 6-year period. In each of the first five years, a participant may diversify up to 25% of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50%.

Forfeited Accounts:

Plan forfeitures are allocated to each participant's account based upon the relation of the participant's eligible compensation to total eligible compensation for the Plan year. There were no forfeitures during the year ended December 31, 2023.

Note 2 - Summary of Accounting Policies:

Basis of Accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Payment of Benefits:

Benefit payments are recorded when paid.

CLAMPCO PRODUCTS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 2 - Summary of Accounting Policies (Continued):

Investment Valuation and Income Recognition:

The common stock of the Company is measured at its estimated fair value. Net appreciation (depreciation) includes the Plan's increase (decrease) in estimated fair value year over year. Purchases and sales of securities are recorded on a trade-date basis. Dividends, if any, are recorded on the ex-dividend date.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Allocations:

The financial statements of the Plan present separately the assets and liabilities and changes therein pertaining to (a) the accounts of employees with rights in allocated stock ("allocated") and (b) stock not yet allocated to employees ("unallocated"), including shares that are committed to be released. For financial statement purposes, shares are released from collateral and become allocated generally in the period in which the debt service is actually paid. As of December 31, 2023, all assets and liabilities and changes therein are shown as unallocated, as the first debt payment was not made by the Plan until February 2024.

For purposes of participant recordkeeping, the posting of released shares to its participant accounts often precedes the timing of the actual release of the collateral. Contributions paid or accrued for debt service may be posted to participant accounts while still subject to the claims by the lender. This may result in a difference between the amount reported on the financial statements as net assets allocated to plan participants and the participant records.

Subsequent Events:

The first debt payment due on December 31, 2023 was paid by the Plan on February 9, 2024. The Plan Sponsor has evaluated all other subsequent events through October 7, 2024, the date the financial statements were available to be issued, and no matters came to their attention that would require adjustments to or disclosure in the financial statements.

CLAMPCO PRODUCTS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 3 - Investments:

The Plan's investments are as follows as of December 31, 2023:

	<u>Unallocated</u>
Clampco Products, Inc. common stock:	
Number of shares	1,010,000
Cost	\$ 58,721,770
Estimated fair value	\$ 3,868,300

Note 4 -Fair Value Measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access at the measurement date.

Level 2 - Inputs to the valuation methodology include: 1) quoted prices for similar assets or liabilities in active markets; 2) quoted prices for identical or similar assets or liabilities in inactive markets; 3) inputs other than quoted prices that are observable for the asset or liability; 4) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or the liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value for the year ended December 31, 2023:

Clampco Products, Inc. Common Stock - Measured at estimated fair value based upon an independent valuation. This valuation was based upon a combination of market and income valuation techniques. The valuation specialist took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of Company assets and liabilities.

CLAMPCO PRODUCTS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 4 -Fair Value Measurements (continued):

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The common stock of the Company is considered a Level 3 fair value measurement as of December 31, 2023.

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	<u>Common Stock</u>
Balance, beginning of year	\$ -
Shares purchased by plan during the year	58,721,770
Unrealized loss relating to instruments still held at the reporting date	<u>(54,853,470)</u>
Balance, end of year	<u>\$ 3,868,300</u>

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net depreciation in fair value of investments in the Statement of Changes in Net Assets Available for Benefits.

Note 5 -Non-Interest Bearing Cash:

The Plan maintains its cash account at one bank. Cash accounts at the financial institution are insured by the Federal Deposit Insurance Corporation for up to \$250,000. The amount in excess of the insured limits at December 31, 2023 was \$2,826,876. The Plan has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk to cash.

Note 6 -Loans Payable - Related Party:

On February 3, 2023, the Plan purchased 1,010,000 shares of the Company's common stock from the two shareholders of the Company for a purchase price of \$58,721,770, using multiple loans. The agreements provide for the loans to be repaid over 35 years at an interest rate of 3.86%. Unallocated shares are collateral for the loans.

The loans payable consisted of the following at December 31, 2023:

Note payable to The Linda Anne Venner Irrevocable Trust, with interest of 3.86%, maturing at December 31, 2057	\$	28,488,780

	<u>\$58,721,770</u>

CLAMPCO PRODUCTS, INC. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2023

Note 7 - Income Tax Status:

The Internal Revenue Service ("IRS") has determined and informed the Plan by a letter dated July 25, 2024, that the Plan is qualified and the trust established under the Plan is tax-exempt, under the appropriate section of the IRC. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken a significant uncertain position that more likely than not would be sustained upon examination. No such positions have been taken in the December 31, 2023 financial statements. The Plan is subject to routine audits by the IRS; however, there currently are no audits for any tax period in progress.

Note 8 - Plan Termination:

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon termination of the Plan, the Employee Benefits Administration Committee directs the Trustee to pay all liabilities and expenses of the ESOP and to sell shares of financed common stock held as collateral to the extent it determines such sale to be necessary in order to repay the loan. Subsequently, the interest of each participant in the trust fund will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the IRC.

Note 9 - Related Party and Party-in-Interest Transactions:

The Plan invests in Company common stock and has indebtedness guaranteed by the Company. These are related party and party in interest transactions.

Note 10 - Risks and Uncertainties:

The Plan investments consist of primarily of the Company's common stock, which is exposed to various risks, such as interest rate, market and credit risks, as well as valuation assumptions based on earnings, cash flows, and other such techniques. Due to the level of risk associated with the investment in the common stock and to uncertainties inherent in estimates and assumptions, it is at least reasonably possible that changes in the value of the common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
