Independent Auditor's Report

Plan Administrator
Hearthside Food Solutions 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hearthside Food Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the Hearthside Food Solutions 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering eligible nonunion employees of Hearthside Food Solutions, LLC and Interbake Foods, LLC (the Company), as defined in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The plan was amended and restated effective April 1, 2022.

Eligibility: Employees are eligible to participate in the Plan upon completion of three months of service. There is no age requirement to participate in the Plan. The Plan includes an auto enrollment provision whereby all newly eligible employees whose hire date is on or after January 1, 2015, are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated investment fund until changed by the participant. Automatically enrolled participants may elect to increase or decrease percentages or discontinue deferrals as defined in the Plan.

On December 29, 2021, the Hearthside Food Solutions, LLC acquired Interbake Foods, LLC (Interbake). The eligibility conditions and entry dates did not apply to employees who were employees of Interbake as of December 29, 2021, and such employees entered the Plan effective as of the first day of their first payroll period beginning on or after January 1, 2022.

Contributions: Contributions to the Plan include: (i) salary reduction contributions authorized by participants, (ii) contributions made by the Company, and (iii) participant rollovers from another plan. Each year, participants may contribute up to 100% of their pretax annual compensation, subject to certain Internal Revenue Code (IRC) limitations, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Plan also allows participants to make Roth contributions to the Plan on an after-tax basis and allows rollovers of designated Roth contributions into the Plan.

The Plan provides for safe-harbor nonelective Company contributions equal to 3% of a participant's compensation. Participants must be employed for three months in order to receive the safe-harbor nonelective Company contributions.

Participants may direct the investment of all their contributions among one or more funds offered in the Plan. Changes in allocation of future contributions and transfers among funds of presently invested contributions are permitted pursuant to the Plan provisions.

Participant accounts: Each participant's account is credited with the participant's contributions and safe-harbor nonelective Company contributions as well as allocations of: (1) any discretionary profit sharing Company contributions and (2) Plan earnings or losses. Participant accounts are charged withdrawals and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately 100% vested in their contributions and the safe-harbor nonelective Company contributions plus actual earnings thereon.

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeited accounts: The Company applies all forfeitures to reduce nonelective employer contributions and plan expenses. As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$35,858 and \$36,164, respectively. During the year ended December 31, 2023, no significant number of forfeitures were used to reduce nonelective employer contributions and plan expenses.

Notes receivable from participants: Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participants' account. Interest rates are based on the prime rate plus 2% on the first day of the month the loan originated. Principal and interest are paid ratably through payroll deductions over a term not exceeding five years, or longer for loans used for purchase of a primary residence.

Payment of benefits: Upon termination of service due to death, disability, retirement, separation from service or attainment of age 59½, a participant may elect to receive the value of their vested interest in his or her account as a lump-sum amount, or may elect to receive their benefits in the form of installments. Withdrawals from the Plan may also be made upon circumstances of financial hardship, in accordance with provisions specified in the Plan.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The financial statements of the Plan are prepared under the accrual method of accounting. Adjustments to the cash basis trust reports include contributions withheld by the employee before year-end, but not remitted into the Plan until after year-end and employer contributions owed to the participants but not remitted until after year-end.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's administrative committee determines the Plan's valuation policies utilizing information provided by the investment advisors and the trustee. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. Related fees are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits: Benefit payments are recorded when paid. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid at December 31, 2023 and 2022.

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies (Continued)

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Plan and are included as administrative expenses in the statement of changes in net assets available for benefits. Any expenses paid by the Company on behalf of the Plan are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are reflected as a reduction of return for such investments and are not separately reported.

The Plan has a revenue-sharing agreement whereby certain investment managers return a portion of the investment fees to Great-West Trust Company, LLC to offset the Plan's administrative expenses. Future Plan expenses can be paid from any excess remaining revenue-sharing amounts. For the year ended December 31, 2023, no investment fees used to offset Plan expenses. The Plan held no undistributed administrative revenues at December 31, 2023 and 2022.

Use of estimates: The preparation of the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note 3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2023 and 2022.

Shares of registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The shares of mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust and stable value funds: Valued based on the NAV of units of the common/collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the underlying investments comprising the trust less its liabilities. The stable value funds are common collective trust funds comprised primarily of fully benefit responsive investment contracts that are valued at the NAV of units of the collective trust. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV.

Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

Description	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	\$ 265,389,868	\$ -	\$ -	\$ 265,389,868
Investments measured at NAV (a)				17,021,561
Investments at fair value				\$ 282,411,429

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Shares of registered investment companies (mutual funds)	\$ 235,765,735	\$ -	\$ -	\$ 235,765,735
Investments measured at NAV (a)				17,535,588
Investments at fair value				\$ 253,301,323

- (a) In accordance with Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

The following table summarizes the Plan's investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022:

Investment	Fair Value		Unfunded Commitment	Redemption Frequency	Notice Period
	December 31 2023	December 31 2022			
Putnam Stable Value Fund	\$ 17,021,561	\$ 6,738,785	N/A	Daily	Daily
Goldman Sachs Stable Value Collective Trust	-	10,796,803	N/A	Daily	Participant—None Plan—12 months

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another. In such instances, the transfer is reported at the end of the reporting period.

The Company evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits. For the year ended December 31, 2023, there were no transfers of assets between levels of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement as of the reporting date.

Note 4. Information Certified by the Trustee

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and ERISA-required supplemental schedule, that was prepared by or derived from information prepared by Empower Trust Company, LLC (Empower), the trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the trustee of the Plan that the information provided to the Plan Administrator related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following assets:

	2023	2022
Shares of registered investment companies (mutual funds)	\$ 265,389,868	\$ 235,765,735
Common/collective trust and stable value funds	17,021,561	17,535,588
Notes receivable from participants	8,263,162	8,462,933

Empower also certified to the accuracy and completeness of \$31,551,571 of net appreciation in fair value of investments, \$8,350,343 of interest and dividends and \$544,925 of interest income on notes receivable from participants for the year ended December 31, 2023.

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 5. Federal Income Tax Status

The Plan has adopted a non-standardized form of a pre-approved plan provided by Great-West Trust Company, LLC. The Plan was restated effective April 1, 2022. The pre-approve plan provider has received an opinion letter from the Internal Revenue Service dated June 30, 2020. The Plan Administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Management has evaluated the Plan's tax positions and concluded that the Plan has maintained its tax-exempt status and has taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 7. Plan Transfers

As permitted by the Plan, participant accounts may be transferred from or to the Plan from the Hearthside Food Solutions Union 401(k) Plan (an affiliated union plan sponsored by the Company) based on changes in job status. The balance of these transfers, if any, is included in transfers from or transfers to other qualified plans on the statement of changes in net assets available for benefits.

Note 8. Exempt Party-in-Interest Transactions

Fees paid by the Plan for investment management services provided by Empower were included as a reduction of the return earned on investments, and administrative revenue received by the Plan through the Plan's revenue-sharing agreement with Empower was used to offset the Plan's administrative expenses. These transactions qualify as party-in-interest transactions. The Company pays certain Plan expenses on behalf of the Plan and also provides certain administrative services at no cost to the Plan.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Hearthside Food Solutions 401(k) Plan

Notes to Financial Statements

Note 10. Reconciliation Between Financial Statements and the Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2023 and 2022:

	2023	2022
Net assets available for benefits per the financial statements	\$ 291,526,895	\$ 262,918,297
Differences in:		
Investments	8,263,162	8,462,933

Net assets available for benefits per the Form 5500	<u>\$ 291,526,895</u>	<u>\$ 262,918,297</u>

Note 11. Subsequent Events

The Plan Administrator has evaluated events occurring subsequent to December 31, 2023, as to their potential impact to the financial statements through October 15, 2024, which is the date the financial statements were available to be issued.
