Employee Pension Plan

Notes to Financial Statements

Note 1: Description of Plan

The following description of the St. Luke Community Hospital and Nursing Home Employee Pension Plan (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a participant-directed defined contribution plan established for a not-for-profit organization, commonly known as a Code Section 403(b) savings plan. St. Luke Community Hospital & Nursing Home (the "Hospital") is the plan sponsor and is a not-for-profit corporation as described in Section 501(c)(3) of the Internal Revenue Code (IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

The Plan is intended to satisfy the requirements under Section 404(c) of ERISA and, therefore, provides that participants may choose to direct their contributions and/or all or part of their account balances among the Plan's investment alternatives. All investments are participant-directed.

Eligibility

Eligible employees include all employees of the Hospital, who work more than 20 hours a week. Employees are eligible to participate in the Plan on the date of hire. Employees who meet a year of service during the plan year are eligible to receive an employer nonelective contribution.

Contributions

Each year, participants may contribute up to the maximum allowed by law (Internal Revenue Code Sections 402(g) and 415) of pretax or post tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Hospital contributes 4% of base compensation to employees who participate in the Plan and who have met one year of service based on elapsed time. During the year ended December 31, 2023, the Hospital made contributions of \$815,111.

Participant Accounts

Each participant's account is credited with the participant's contributions, Hospital nonelective contributions, and allocations of plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1: Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions plus actual earnings (losses) thereon. Vesting in the Hospital's contribution portion of a participant's account is also immediate.

Payment of Benefits

On termination of service due to death, disability or retirement, or for any other reason, a participant or beneficiary may elect to receive an amount equal to the value of the participant's account in the form of a lump-sum distribution or substantially equal installments over a period of years not to exceed the participant's life expectancy. Hardship distributions out of the participant's voluntary contributions account are permitted if certain criteria are met. In-service distributions from the participants entire account is permitted upon attaining age 59 1/2.

Notes Receivable From Participants

Participants may borrow from their Nationwide Trust Company account a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their account balance (reduced by certain participant loans outstanding at the time the new loan is taken or anytime within 12 months prior to the date of the new loan). Loan transactions are secured by the balance in the participant's account and bear interest equal to 1% above the Wall Street Journal's published prime rate. Principal and interest are paid ratably through payroll deductions.

Notes receivable totaling \$363,530 and \$193,164 were collateralized by participant accounts for the years ended December 31, 2023 and 2022, respectively.

Note 2: Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

St. Luke Community Hospital and Nursing Home

Employee Pension Plan

Notes to Financial Statements

Note 2: Summary of Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are held within mutual funds and annuity contracts. Mutual funds are reported at fair value and group and individual annuity contracts are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year. Contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. Interest income is recorded on the accrual basis.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant notes receivable are recorded as benefit payments on the basis of the terms of the plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Hospital. Expenses that are paid by the Hospital are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are allocated proportionately to plan participants based on their respective account balances and are included in net investment income.

Use of Estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from these estimates.

Note 2: Summary of Significant Accounting Policies (Continued)

Subsequent Events

The Plan has evaluated subsequent events through October 14, 2024, which is the date the financial statements were available to be issued.

Note 3: Information Prepared and Certified by the Custodians

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments, except for investments noted in Note 4, and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest on notes receivable for the year ended December 31, 2023, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Nationwide Trust Company and VOYA ReliaStar Life Insurance Company, (the Custodians of the Plan).

Note 4: Information Not Certified by Custodian

MFS Heritage Trust Company were not able to certify the investments held and therefore, did not provide a certification for the assets held as of December 31, 2023 and 2022. Balances held at MFS Heritage Trust Company were \$1,685,960 and \$1,324,152, as of December 31, 2023 and 2022, respectively.

Note 5: Investment Contract

The Plan invests in an annuity contract with VOYA ReliaStar Life Insurance Company. VOYA ReliaStar Life Insurance Company maintains the participant accounts in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. VOYA ReliaStar Life Insurance Company is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is carried at contract value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer, but ranges from 1.00% to 4.00%. VOYA ReliaStar Life Insurance Company can credit a rate higher than the minimum guarantee at any time. For the years ended December 31, 2023 and 2022, the average yield and crediting interest rate was 1.00% to 4.00%.

Notes to Financial Statements

Note 5: Investment Contract (Continued)

Certain events limit the Plan's ability to transact at contract value with VOYA ReliaStar Life Insurance Company including plan termination and other events as specified in the contract. The plan administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants or the issuer are probable of occurring. The contract does not permit VOYA ReliaStar Life Insurance Company to terminate the agreement prior to the scheduled maturity date.

Note 6: Fair Value Measurements

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority level. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the periods presented.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used as of December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The preceding method described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions used to determine fair value of certain financial instruments could result in different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investment assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

	Assets at Fair Value as of December 31, 2023			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,742,701	\$ -	\$ -	\$ 18,742,701

Note 6: Fair Value Measurements (Continued)

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 15,685,909	\$ -	\$ -	\$ 15,685,909
Total investment assets in the fair value hierarchy	\$ 15,685,909	\$ -	\$ -	\$ 15,685,909

Note 7: Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8: Excluded Amounts

In November 2007, the Department of Labor (DOL) issued amended regulations eliminating an exemption granted to 403(b) plans from the annual Form 5500 reporting and disclosure requirements under Part 1 of Subtitle B of Title I of ERISA. Prior to the amended regulations, the Plan, was not viewed as a separate reporting entity. Historically, the Plan was viewed as a collection of individual contracts with which participants could engage in a range of actions with limited involvement, if any, by the Plan Sponsor. Accordingly, various accounting and salary deferral records related to the Plan's 403(b) annuity contracts and custodial accounts issued to employees were not sufficiently maintained by the Plan. Consequently, the financial statements have been prepared based on available records analyzed by plan management. As certain records were not available from the inception of the Plan, the effect, if any, of the completeness or accuracy of the Plan's financial statements cannot be determined.

Accounting principles generally accepted in the United States of America require that all accounts and the related income and distributions be included in the accompanying financial statements. However, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts ("Excluded Amounts") issued to employees, as permitted by the DOL's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirements for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for benefits. The amount of these excluded amounts and the related income and distributions are not determinable.

St. Luke Community Hospital and Nursing Home

Employee Pension Plan

Notes to Financial Statements

Note 9: Tax Status

The Plan's terms have been drafted in reliance on the sample language provided by the IRS. The Plan is required to operate in conformity with the IRC to maintain the exclusion from tax for plan participants. The Plan's management believes the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

The Plan applies generally accepted accounting principles for recognition of uncertainty in income taxes and prescribing a recognition threshold and measurement attribute for the recognition and measurement of a tax position taken or expected to be taken in a tax return. In the course of its assessment, the Plan had determined that it is subject to examination of its income tax filings in the United States and state jurisdictions for the prior three tax years. In the event that the Plan is assessed penalties and or interest, penalties and interest will be charged to administrative expenses.

Note 10: Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 11: Related-Party Transactions and Party-in-Interest Transactions

The Plan invests in fixed annuity contracts managed by VOYA ReliaStar Life Insurance Company. VOYA ReliaStar Life Insurance Company is a custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were offset against earnings for the year ended December 31, 2023.

The Plan invests in mutual funds managed by Nationwide Trust Company. Nationwide Trust Company is a custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred and paid by the Plan for the investment management services were \$51,124 for the year ended December 31, 2023.

Loans issued directly from funds owned by VOYA ReliaStar Life Insurance Company that are collateralized by participant accounts represent transactions with parties in interest.

Notes receivable from participants issued by Nationwide Trust Company also qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules of ERISA.
