Opinion on the 2023 and 2022 Financial Statements

We have audited the accompanying financial statements of ERPi 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022 (in Liquidation), and the related Statements of Changes in Net Assets Available for Benefits for the years then ended (in Liquidation), and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (in liquidation) of ERPi 401(k) Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended (in liquidation), in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion on the 2023 and 2022 Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements section of our report. We are required to be independent of ERPi 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter - Basis of Accounting

As discussed in Note 1 to the financial statements, the shareholders and members of the Board of Directors of the plan sponsor approved a plan of liquidation on August 5, 2021, and management determined liquidation is imminent. As a result, the plan has changed its basis of accounting from the going concern basis used in presenting the 2020 financial statements to the liquidation basis used in presenting the 2023, 2022, and 2021 financial statements. Our opinion is not modified with respect to that matter.

Responsibilities of Management for the 2023 and 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's Report (continued)

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 and 2022 Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of ERPI 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Independent Auditor's Report (continued)

2023 Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Reportable Transactions for the year ended December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Other Matter - 2021 Financial Statements

We performed an audit of the 2021 financial statements of ERPi 401(k). In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, our audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. In our report dated February 14, 2023, we indicated that in our opinion (a) the amounts and disclosures in the 2021 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2021 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

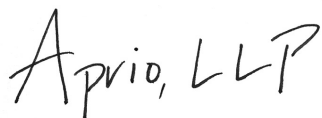

Emphasis of Matter - 2021 Restatement

As discussed in Note 8, the 2021 financial statements have been restated to correct a misstatement of amounts due to the Plan. Our opinion is not modified with respect to this matter.

Independent Auditor's Report (continued)

Other Matter - Auditor's Report on the 2020 (Ongoing) Financial Statements

The financial statements (Ongoing) of ERPi 401(k) Plan as of December 31, 2020, were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 12, 2021 indicated that in their opinion (a) the amounts and disclosures in the 2020 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2020 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2020 supplemental schedule, other than the information in the 2020 supplemental schedule that agrees to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, and the information in the 2020 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ERP*i* 401(k) Plan

Notes to Financial Statements

1. **Description of the Plan** The following description of the ERP*i* 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General: The Plan was a defined contribution plan covering substantially all employees of Enterprise Resource Performance, Inc. (the "Company") who were at least 21 years old, except for employees covered by a collective bargaining agreement, nonresident aliens, residents of Puerto Rico, and any part-time, temporary or seasonal employees who have not completed 1,000 hours of service. The Plan was subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

In August 2021, the Company was acquired. In connection with the sale, the Plan was terminated effective August 5, 2021. All participants became fully vested in their accounts on that date. All assets were fully distributed as of December 28, 2021. In 2022, it was determined that corrective contributions related to 2021 were due to certain participants as a result of administrative errors in the calculation of contributions. A portion of these corrective contributions were deposited in 2023 and were subsequently distributed to participants. The remaining corrections are expected to be funded and paid out to participants in 2024.

ERPi 401(k) Plan

Notes to Financial Statements

Contributions: Each year, participants could contribute up to 100 percent of pretax annual compensation, as defined in the Plan. Roth contributions were also permitted. Participants who had attained age 50 before the end of the Plan year were eligible to make catch-up contributions. Participants could also contribute amounts representing distributions from other qualified plans (rollovers). The Plan allowed for automatic enrollment. Any newly eligible employee who had not affirmatively elected to contribute to the Plan or had not affirmatively declined to participate in the Plan was automatically enrolled in the Plan with a three percent withholding of pretax annual compensation. This withholding increased by one percent each subsequent year until the automatic election reached a maximum withholding contribution of six percent of compensation. The Company contributed a safe harbor non-elective contribution of 100 percent of compensation for all eligible participants. The Plan allowed for discretionary matching contributions and discretionary non-elective contributions. Participants must have completed at least 501 hours of service during the Plan year or be employed on the last day of the Plan year to receive discretionary contributions. During 2021, the Company contributed 50 percent of the first four percent of compensation that a participant contributed to the Plan for participants with less than three years of service and 50 percent of the first six percent of compensation that a participant contributed to the Plan for participants with three or more years of service. There were no discretionary non-elective contributions for the year ended December 31, 2021. Participants directed the investment of their contributions and Company contributions into various investment options offered by the Plan. Contributions were subject to certain limitations.

Participant accounts: Each participant's account was credited with the participant's contributions, the Company's safe harbor non-elective contributions, the Company's discretionary matching contributions, if any, the Company's discretionary non-elective contributions, if any, and Plan earnings. Investment earnings and losses were allocated based upon the investment performance of each investment in the participant's account. Allocations of the Company's discretionary non-elective contributions, if any, were based on the ratio of the participant's compensation to total compensation for the Plan year. The benefit to which a participant was entitled was the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants could borrow from their fund accounts a minimum of \$1,000 up to a maximum of the lesser of \$50,000 or 50% of their vested account balance. Loan terms ranged from one to five years. The loans were secured by the balance in the participant's account and carried interest at a reasonable rate of interest as determined by the Plan Administrator. Principal and interest were paid through payroll deductions.

ERPi 401(k) Plan

Notes to Financial Statements

Payment of benefits: Benefits were payable upon retirement at age 65, disability, death, or termination of employment. Hardship withdrawals and in-service withdrawals at age 59 1/2 were also permitted, subject to provisions described in the Plan document. Withdrawals from rollover contributions were permitted at any time. Benefits were payable in lump sum payments.

Vesting: Participants were vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's safe harbor contributions, discretionary matching contributions, and discretionary non-elective contributions was based on years of continuous service. A participant was 50 percent vested after one year of service was completed, and vested an additional 50 percent per year until full vesting after two years. Effective with the Plan termination, all participants became fully vested in their accounts.

Forfeited accounts: At December 31, 2023, 2022 and 2021 forfeited nonvested accounts totaled \$0. At December 31, 2020, forfeited nonvested accounts totaled \$74,625. These accounts could be used to reduce future Company contributions or to pay Plan expenses. During 2021, \$126,843 of forfeited nonvested accounts were used to reduce Company contributions and \$0 was used to pay Plan expenses.

Administrative expenses: Certain expenses of maintaining the Plan were paid by the Company. Transaction expenses, such as loan and distribution administration fees, were charged directly to the participant's account and were included in administrative expenses. Investment consulting fees were also charged to participants based on account balances.

2. Significant accounting policies

Basis of accounting: The financial statements of the Plan were prepared under the accrual method of accounting.

As a result of the Plan's termination (see Note 1), the Plan's financial statements as of December 31, 2023, 2022, and 2021 have been prepared on the liquidation basis of accounting. The financial statement as of December 31, 2020 was prepared on the going concern basis of accounting.

ERPi 401(k) Plan

Notes to Financial Statements

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants were measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income was recorded on the accrual basis. Delinquent loans were reclassified as distributions based upon the terms of the Plan document.

Payment of benefits: Benefits are recorded when paid.

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events: The Plan has evaluated subsequent events for disclosure in these financial statements through October 14, 2024, which is the date the financial statements were available to be issued.

3. Certified information

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements, including investments and notes receivable from participants held at December 31, 2020, and net appreciation in fair value of investments, interest and dividend income, and interest income from notes receivable from participants for the year ended December 31, 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

4. Fair value measurements The Plan reported its assets at fair value based on a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Level 1. Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023, 2022, 2021, and 2020.

The fair value of the shares of mutual funds owned by the Plan is based on quoted net asset values on the last business day of the Plan year.

The fair value of the collective trust fund is based on the net asset value ("NAV") on the last business day of the Plan year provided by the entity holding the trust fund. The NAV of the collective trust is used as a practical expedient to estimate fair value and is determined by the fund trustee based on the fair value of underlying assets in the trust, less its liabilities.

ERPi 401(k) Plan

Notes to Financial Statements

The fair value of assets is as follows:

	Assets at Fair Value as of December 31, 2020			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 18,759,529	\$ -	\$ -	\$ 18,759,529
Total assets within the fair value hierarchy	\$ 18,759,529	\$ -	\$ -	18,759,529
Investments measured at net asset value ^(a)				527,237
Total assets at fair value				\$ 19,286,766

(a) In accordance with ASC 820, certain investments that were measured at net asset value per share (or its equivalent) as of December 31, 2020 have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Investments in the collective trust fund could be redeemed immediately at the current net asset value based on the fair value of the underlying assets for participant-initiated transactions. Plan sponsor-directed withdrawals required twelve month advance written notice. There were no other withdrawal limits, redemption frequency limits or redemption notice periods. The Plan sponsor requested termination of the investment in October 2021 due to the Plan termination, and the investment was fully liquidated by December 28, 2021. There were no unfunded commitments for this investment as of December 31, 2020.

- 5. Plan termination** As described in Note 1, on August 5, 2021 the Plan was terminated. Payments to participants commenced in December 2021. All investments were liquidated and benefits paid to the participants as of December 28, 2021.
- 6. Tax status** The Plan is a volume submitter plan of Fidelity Management & Research Company which received an opinion letter on March 31, 2014, in which the Internal Revenue Service ("IRS") stated that the form of the plan document was acceptable under the applicable requirements of the Internal Revenue Code ("IRC"). The Plan administrator believes that the Plan was designed, and operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan was qualified, and the related trust was tax-exempt.

ERPi 401(k) Plan

Notes to Financial Statements

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

- 7. Party-in-interest transactions** Certain Plan investments were managed by affiliates of Fidelity Management Trust Company ("Fidelity"). Fidelity is the trustee and recordkeeper as defined by the Plan. These transactions qualify as exempt party-in-interest transactions.
- 8. Restatement** As discussed in Note 1, during 2022 it was discovered that certain corrective contributions were due to the Plan for the 2021 plan year. The 2021 financial statements have been restated to correct for this error as follows:
