Independent Auditor's Report

To the Plan Administrator
Golden State Foods Corp. 401(k) Savings and Retirement Plan
Irvine, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Golden State Foods Corp. 401(k) Savings and Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Golden State Foods Corp. 401(k) Savings and Retirement Plan

Notes to the Financial Statements

1. Description of the Plan

The following description of the Golden State Foods Corp. 401(k) Savings and Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan document, as amended, for a complete description of the Plan’s provisions.

General

Golden State Foods Corp. (the “Company” or the “Plan Sponsor”) established the Plan on May 1, 1994. Effective October 1, 1996, the Plan was amended whereby assets from the Golden State Foods Corp. Salaried Employees’ Retirement Plan were transferred to the Golden State Foods Corp. 401(k) Savings and Retirement Plan and the Plan name was changed to the Golden State Foods Corp. Salaried 401(k) Savings and Retirement Plan (the “Salaried Plan”). Also, at that time, a portion of the assets of the original Golden State Foods Corp. 401(k) Plan were transferred to the Salaried Plan. Effective January 1, 2014, the Plan name was changed to the Golden State Foods Corp. 401(k) Savings and Retirement Plan. Effective December 31, 2014, Golden State Foods Corp. Hourly 401(k) Savings and Retirement Plan (the “Hourly Plan”), Golden State Foods Corp. Hourly Employees’ 401(k) Savings and Retirement Plan (the “Hourly Employees Plan”), and Golden State Foods Corp. Midwest 401(k) Savings and Retirement Plan (the “Midwest Plan”) merged with the Golden State Foods Corp. 401(k) Savings and Retirement Plan. All balances under the Hourly Plan, Hourly Employees Plan, and Midwest Plan were combined with the balances under the Plan as of December 31, 2014.

The Plan is a defined contribution plan covering all employees of the Company, as defined in the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”). The plan was most recently restated and amended effective January 1, 2022.

Trustee and Administration of the Plan

Overall responsibility for administering the Plan rests with the Plan’s Retirement Committee, the members of which are appointed by the Board of Directors of the Company Charles Schwab Bank (the “Trustee” or “Schwab”) is the Trustee, and Schwab Retirement Plan Services, a related entity of the Trustee, is the Plan’s recordkeeper. The Trustee holds assets of the Plan and executes investment transactions, makes payments as directed by Plan participants and other functions, as defined.

Eligibility

Plan eligibility excludes non-resident alien employees without U.S income, leased employees and employees that meet any of the following criteria: (1) employed at McCook, Illinois or Whitewater, Wisconsin facilities; (2) hired by the Company on or before December 1, 2006; (3) classified as a process level 55 or 56 employee; and (4) have continuously met the previous three criteria since December 1, 2006.

Upon their first date of employment, employees who receive either hourly wages or salaried wages from the Company are eligible to participate in the Plan and may make employee pre-tax contributions. The Plan allows for the automatic enrollment of all new employees. Employees who do not affirmatively opt out of automatic enrollment or otherwise elect a specified deferral rate are auto enrolled in the Plan and will have 3% of their compensation deferred upon entry into the

Golden State Foods Corp.

401(k) Savings and Retirement Plan

Notes to the Financial Statements

Plan and their contributions invested in a designated balanced fund until changed by the participant. Automatic enrollment deferral contributions are increased by 1% each year subsequent to enrollment up to 6%.

The Plan also allows for Roth, after-tax contributions and in-Plan Roth rollover conversions.

Salaried employees are eligible for Company matching contributions and nonelective contributions after six months of service. Hourly nonunion employees are eligible for Company matching contributions after six months of service. Hourly union employees are eligible for Company matching contributions based on the terms of the union contracts, which ranges from being eligible upon hire to becoming eligible after six months of service.

Contributions

Each year, participants may contribute up to 50% of pre-tax or after-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may contribute amounts representing distributions (rollovers) from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

For salaried employees, the Company contributes 100% of the first 2% of eligible compensation that a participant contributes to the Plan and provides nonelective contributions of 3% of eligible compensation.

For hourly union employees, Company contributions are based on hours worked at rates determined annually and approved by senior management of the Company or pursuant to a collective bargaining agreement.

For hourly non-union employees, Company contributions are based on hours worked at rates determined annually and approved by senior management of the Company. For certain hourly non-union and union employees, the Company generally matches 100% of participant's deferrals up to 3% of compensation, plus 50% of participant's deferrals in excess of 3% but not to exceed 5% of compensation, excluding catch-up contributions. The Company contributions are discretionary and may be changed at any time.

Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Each participant's interest in Company contributions vests according to years of service. For non- safe

Golden State Foods Corp.

401(k) Savings and Retirement Plan

Notes to the Financial Statements

harbor matching contribution participants are vested according to years of service, which starts as 20 percent vested during 2 years of service with an increase of 20 percent each year until their 6 year of employment at which time they become 100 percent vested. For non-safe harbor elective contribution participant are 100 percent vested all times.

For hourly union and non-union employees, Company contributions vest at 20% each year beginning in year two through six. A participant's interest in Company contributions becomes fully vested and distributable upon completing six years of service, total disability, retirement or death, as defined in the Plan document. In the event of termination of employment for any other reason, the vested portion of the participant's account is paid and the unvested portion is forfeited with forfeitures used to offset employer contributions to the Plan.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 of their vested benefits under the Plan. Participants may borrow up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, reduced by the highest outstanding loan balance in their account during the prior 12-month period. Loans are secured by the participant's account and bear an interest rate based on prevailing market conditions, unless otherwise determined by the Plan Administrator. The notes are repaid ratably through payroll deductions over a period of five years or less, unless used to purchase a principal residence up to 15 years. These loans are subject to certain restrictions as defined by the Plan Document and applicable restrictions under the Internal Revenue Code ("IRC").

Participants formerly in the Hourly Employees Plan may only have one loan outstanding at any time. Participants formerly in the Hourly Plan and Salaried Plan may only have two loans outstanding at any time.

Payment of Benefits

Participants are eligible to receive a lump sum distribution of their vested account balance upon termination of employment, retirement, disability or death. A participant or beneficiary may elect to (a) receive the lump sum amount directly, or (b) roll over the value into another qualified plan or Individual Retirement Account ("IRA"). In-service withdrawals from a participant's vested account balance are permitted on attainment of age 59 ½ or in circumstances of financial hardship, in accordance with provisions specified in the Plan document.

Forfeitures

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$274,443 and \$32,755, respectively. These accounts will be used to reduce future employer contributions. During the year ended December 31, 2023, forfeitures of \$1,738,670 were used to reduce employer contributions and \$31,993 were used to reduce expenses.

Revenue Credits

The Plan's trust agreement with Charles Schwab provides for a participant revenue credit arrangement, whereby the trustee allocates quarterly deposits into the accounts of eligible participants who are invested in certain funds or pays administrative expenses. There were no unallocated revenue credits at December 31, 2023 and 2022. During 2023, the Plan received credits

of approximately \$76,616, which were used to pay administrative expenses. Revenue credits are presented as other income in the statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with the accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could materially differ from those estimates.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants (an exit price) at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Contributions

Participant contributions and any related employer matching contributions are recognized in the period during which the Company makes the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefits are recorded when paid.

Golden State Foods Corp.
401(k) Savings and Retirement Plan

Notes to the Financial Statements

Administrative Expenses

Certain administrative and trustee related expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under ASC 820, are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access;

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Fund and Mutual Funds: Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end money market and mutual funds registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net assets value ("NAV") and to transact at that price. The money market and mutual funds held by the Plan are deemed to be actively traded.

Golden State Foods Corp. 401(k) Savings and Retirement Plan

Notes to the Financial Statements

Common or Collective Trust (CCT): A stable value fund that is composed primarily of fully benefit-responsive investment contracts that is valued at the net asset value of units of the collective trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily without advance notice. There were no unfunded commitments or trading restrictions as of December 31, 2023 and 2022. Further, this fund is a direct filing entity.

Self-Directed Brokerage Accounts: Self-directed brokerage accounts are comprised of mutual funds, common stock, unit investment trusts, and money market funds are valued at fair value and are determined based on the quoted market price of the underlying investments on the last business day of the Plan year.

The preceding methods described may provide a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	Investments at Fair Value as of December 31, 2023				Total

4. Information Certified by the Trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, other income, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Charles Schwab Bank, a qualified institution.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information in the financial statements, including reading the disclosures related to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party and Party-In-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by the Trustee or its affiliates. The Plan paid for certain third-party administrator fees, investment advisory, and certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Participant loan and distribution processing fees are paid to Schwab by participants. The Plan also receives revenue credits from Schwab. In addition, Schwab receives fees for recordkeeping services. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Plan uses a pre-approved plan document sponsored by Charles Schwab Trust Company. Charles Schwab Trust Company received an opinion letter from the IRS, dated September 21, 2020, which states that the pre-approved plan document, as then designed, satisfies the applicable provisions of the IRC. Although the Plan has been amended since the date of the opinion letter, Plan management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the plan and recognize a tax liability if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however,

**Golden State Foods Corp.
401(k) Savings and Retirement Plan**

Notes to the Financial Statements

there are currently no audits for any tax periods in progress.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying statements of net assets available for benefits to the Form 5500 as of December 31, 2023:

<i>December 31,</i>	2023	2022
Net assets available for benefits per the financial statements	\$ 227,376,723	\$ 190,686,988
Less: employer contributions receivable	-	(62,760)
Net Assets Available for Benefits Per the Form 5500	\$ 227,376,723	\$ 190,624,228

The following is a reconciliation of net change in net assets per the financial statements to the Form 5500:

<i>Year ended December 31,</i>	2023
Net increase in net assets available for benefits per the financial statements	\$ 36,689,735
Add: prior year contribution receivable	62,760
Net Income Per the Form 5500	\$ 36,752,495

10. Subsequent Events

Management has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be filed and has determined that there were no material events requiring recognition or disclosure.
