INDEPENDENT AUDITOR'S REPORT

To the Members of
So. Cal. Sandbags, Inc. Prevailing Wage Retirement Plan, LLC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of So. Cal. Sandbags, Inc. Prevailing Wage Retirement Plan, LLC (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for plan benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Swenson
CORPORATION

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan including summary of significant accounting policies

The following brief description of the So. Cal. Sandbags, Inc. Prevailing Wage Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution retirement Plan administered by So. Cal. Sandbags, Inc. (the "Company", "Plan Sponsor", "Plan Administrator" or "Employer"); it was established on January 1, 2015. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan covers participants working under the terms of prevailing wage contracts that provide for employer prevailing wage contributions.

Eligibility

The Plan provides that participants must be at least 18 years of age, must complete at least 83 hours of service during their first 3 months of employment in order to be eligible to participate in the Plan. In order to receive matching contributions or other employer contributions, participants must also complete a year of service, with a minimum of 100 hours. Participants may enter the plan January 1, April 1, July 1 or October 1, once the participant satisfies the eligibility.

The Plan provides that prevailing wage contributions are not subject to minimum age or service requirements. See Plan agreement for complete description for prevailing wage provisions. Participants that are covered by the contract, will be eligible for the employer prevailing wage contribution immediately following their date of hire.

Contributions and vesting

Participants may contribute up to 100% of pretax annual compensation, as defined by the Plan, and subject to the annual limits of the Internal Revenue Code ("IRC"). At December 31, 2023 and 2022, the imposed limit was $22,500 and $20,500, respectively. Participants may also rollover amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained the age of 50 are allowed an additional "catch-up contribution" not to exceed $7,500 and $6,500 in 2023 and 2022, respectively. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may elect to change their investment options directly through Great-West Empower (Empower) at any time.

The Company may make discretionary matches to the participant contributions at a rate of 100% of all contributions that do not exceed 5% of compensation. For the years ended December 31, 2023 and 2022, the Company did not make any discretionary match contributions.

The Company may make discretionary employer contributions to the Plan as determined annually by the Plan Sponsor. For the years ended December 31, 2023 and 2022, the Company made discretionary employer profit sharing contributions totaling $204,441 and $152,132, respectively.

Swenson

1. Description of the Plan including summary of significant accounting policies (continued)

The Company may make special employer contributions (Qualified Nonelective Employer Contributions) to the Plan as determined annually by the Plan Sponsor. If participants receive a QNEC contribution, they will automatically be vested 100% in that QNEC contribution. For the years ended December 31, 2023 and 2022, the Company made QNEC contributions totaling $289,226, and $170,062, respectively.

Participants are immediately vested in their voluntary contributions and any non-discretionary contributions made on their behalf, plus actual earnings thereon. Other contributions vest ratably over a period of six years and the participant must be employed on the last day of the contribution period. A year of vesting service is any year in which a participant works at least 1,000 hours for the Company.

The Employer makes prevailing wage contributions for eligible participants who perform services to the Service Contract Act, Davis-Bacon Act, or similar federal, state or municipal prevailing wage statutes. Each participant's prevailing wage is equal to the balance of fringe benefit payments based on designated hourly contribution rates for each participant's employment classification. Prevailing wage contributions are determined by contract depending on each employee's type of work. Prevailing wage contributions are subject to special rules that apply without regard to any other provisions under the Plan and are not subject to any minimum age or service requirements or allocation conditions. Prevailing wage contributions are immediately 100% vested.

Participant accounts

Each participant's account is credited with the Employer's prevailing wage contributions, allocations of Plan earnings or losses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant compensation or account balances, as defined by the Plan. Participants direct their investment choices into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants

Participants may borrow against their vested balance at a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested balance. The Plan allows for only one outstanding loan at any given time. The notes receivable are secured by the vested balance in the participant accounts. The loan interest rate is determined by the Plan Sponsor based on prevailing interest rates charged by persons in the business of lending money for loans which would be made under similar circumstances. Participants' notes receivable are for fixed terms, not to exceed five years, requiring regular periodic repayment by payroll deductions. A note receivable becomes immediately due and payable upon a participant's termination of employment, death, or disability. The notes receivable are valued at their outstanding balance plus accrued interest. Principal and interest is paid ratably through monthly payroll deductions.

Benefit obligations

In conformity with guidance for accounting and disclosure by employee benefit plans, benefit obligations to terminated employees who have withdrawn from participation in the Plan are not accrued in the statements of net assets available for plan benefits; rather, such amounts are disclosed in the notes to the financial statements. There were no such benefit obligations as of December 31, 2023 and 2022.

(Continued)

1. Description of the Plan including summary of significant accounting policies (continued)

Payment of benefits

Upon termination of service, death, or reaching retirement age, participants may request a lump sum cash distribution equal to the value of their vested account balance or roll-over their vested account balance into an Individual Retirement Account ("IRA") or another qualified employer plan. However, if the account balance is less than or equal to $5,000, the participant does not need to request a distribution as the funds will be distributed to the participant automatically. Participants may request hardship distributions from their account balance for certain financial needs, as defined in the Plan.

Benefit payments are recorded when paid.

Administrative expenses

The Plan administrative expenses are paid by the Plan and/or the Company. For the years ended December 31, 2023 and 2022, the Company paid $15,175 and $15,770, respectively, relating to Plan expenses.

Basis of accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in conformity with GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities, in general, are exposed to various risks such as interest rate risk, credit risk and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for plan benefits.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Swenson

1. Description of the Plan including summary of significant accounting policies (continued)

Investment valuation and income recognition

The Plan's key guaranteed portfolio fund is valued at contract value and mutual fund investments are stated at fair value as determined by quoted market prices. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for a description of the valuation methodologies used in determining the fair value of the Plan's investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

2. Tax status

The Plan adopted the First Allied Retirement Services Volume Submitter Profit Sharing/401k Plan Agreement and is relying on the tax exempt status from the Internal Revenue Service ("IRS") by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan Administrator believes the Plan, as currently designed and operated, is in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by the taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

3. Plan termination

Although the Company has not expressed any intent to do so, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the net assets of the Plan will be allocated to the participants in accordance with the terms of the Plan.

5. Fair value measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, established the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Mutual funds*: - Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 3,274,060**	**$ -**	**$ -**	**$ 3,274,060**
Total	**$ 3,274,060**	**$ -**	**$ -**	**$ 3,274,060**

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 2,156,691	$ -	$ -	$ 2,156,691
Total	$ 2,156,691	$ -	$ -	$ 2,156,691

6. Key guaranteed portfolio fund

The Key Guaranteed Portfolio Fund ("KGPF") is fully-benefit-responsive contract issued by Great-West Empower ("Empower") totaling $351,783 and $499,662 as of the years ended December 31, 2023, respectively. Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed by the Plan. The investment contract is presented on the Plan's financial statements for the years ended December 31, 2023 and 2022, at contract value. The Empower KGPF account does not contain any type of market value formula or provision. Participant distributions are paid at contract value.

Because the guaranteed investment contracts are fully benefit-responsive, contract value is the relevant measurement for that portion of the net assets available for benefits attributable to the guaranteed investment contracts. Contract value, as reported to the Plan by Empower, represents contributions made under the contracts, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The interest crediting rate is based on the contract value, the fair value, duration, and yield to maturity of the underlying portfolio. The contract issuers determine the declared interest rate (portfolio rate) which will be credited to all monies invested in the Contract during the relevant period until the interest rate is reset. The crediting interest rate is set quarterly by Empower.

The average credit interest rate for the years ended December 31, 2023 and 2022 for the contracts was .xx% and .93%, respectively.

The Plan's ability to receive amounts due in accordance with the fully benefit-responsive investment contract dependent on the issuers' ability to meet financial obligations, which may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provision, (3) bankruptcy of the Company, (4) the failure of the trusts to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or (5) premature termination of the contract. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

7. Related party and party in interest transactions

Certain Plan investments are shares of mutual funds managed by Empower. Empower is the trustee and the recordkeeper as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to $21,346 and $21,363 for the years ended December 31, 2023 and 2022, respectively.

8. Subsequent events

Management has evaluated subsequent events through October 15, 2024, the date on which the financial statements were available to be issued. No subsequent events were noted that would require disclosure.
