## Independent Auditors' Report

To the Plan Administrator of the  
Flasher Equipment Company 401(k) Plan and Trust  
San Antonio, Texas

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Flasher Equipment Company 401(k) Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditors' Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

## **Auditors' Responsibilities for the Audit of the Financial Statements (Continued)**

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedule H, Line 4i - Schedule of Assets (Held at End of Year 2023) presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

### **Supplemental Schedules Required by ERISA (continued)**

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Flasher Equipment Company 401(k) Plan and Trust**  
**Notes to the Financial Statements**  
**December 31, 2023 and 2022**

---

**Note 1 – Description of the Plan**

The following description of the Flasher Equipment Company 401(k) Plan and Trust (“the Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan’s provisions.

**General**

The Plan is a defined contribution plan that covers substantially all employees of Flasher Equipment Company (“the Company”), excluding collectively bargained employees or employees acquired in acquisition or merger, and are age 21 years of age or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

**Contributions**

Each year, participants may contribute a percentage of their pre-tax annual compensation, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also designate some of their contributions as after-tax contributions to a Roth 401(k) option. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all new eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3 percent of eligible compensation and their contributions invested in designated balance fund, with a 1 percent increase each year and a maximum of 10 percent, unless changed by the participant. At the end of the Plan year, the Company, at the discretion of the Company’s Board of Directors, may make discretionary contributions as defined in the Plan document. For the years ended December 31, 2023 and 2022, the Company has elected not to make discretionary matching contributions and discretionary profit sharing contributions. All contributions are subject to certain limitations of the Internal Revenue Code.

**Participant accounts**

Each participant’s account is credited with the participant’s contribution and allocations of: (a) the Company’s contribution and (b) Plan earnings less any applicable fees. Allocations are based on participant compensation or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

**Vesting**

All participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company’s contributions portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service for discretionary employer matching contributions and discretionary employer profit sharing contributions.

**Note 1 – Description of the Plan (continued)**

**Payment of benefits**

Upon termination of employment, death, disability, or retirement, the value of the participant's vested interest in his or her account may be distributed in lump sums or in partial withdrawals. In the case of a participant's retirement, the individual may also be subject to minimum required annual distributions.

**Hardship withdrawals**

Withdrawal of a portion of a participant's account will be permitted due to an immediate and heavy financial need, if it meets Internal Revenue Service ("IRS") requirements.

**Investment options**

Participants direct the investment of all contributions allocated to their accounts into various investment options offered by the Plan.

**Notes receivable from participants**

Participants may borrow from their fund accounts a minimum of \$1,000 and up to a maximum equal to the lesser \$50,000 or of 50% of their vested account balance. The loans are secured by the participant's account. The interest rate is set at 1 percentage point over the prime interest rate. Principal and interest is paid ratably through payroll deductions.

**Forfeited accounts**

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$29,686 and \$28,294, respectively. Forfeitures should be used to pay administrative expenses under the Plan, if so directed by the Employer. During 2023 and 2022, the Company used \$127 and \$2,970, respectively, to pay administrative fees.

**Note 2 – Summary of Significant Accounting Policies**

**Basis of accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting.

**Notes receivable from participants**

Notes receivable from participants are reported at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

**Note 2 – Summary of Significant Accounting Policies (continued)**

**Investment valuation and income recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when paid. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

**Payment of benefits**

Benefits are recorded when paid.

**Use of estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

**Administrative expenses**

The Plan permits the payment of administrative expenses to be made directly by the Plan Sponsor, or to be paid out of the assets of the Plan provided such payment is consistent with ERISA. Substantially all administrative expenses of the Plan are paid by the Plan Sponsor. Expenses relating to specific participant transactions (i.e. in-service withdrawals, distribution requests, etc.) are charged directly against the appropriate participant's account.

**Date of management's review**

Subsequent events were evaluated through October 11, 2024, the date the financial statements were available to be issued. Material subsequent events, if any, are disclosed in a separate footnote to these financial statements.

**Note 3 – Information Certified by the Custodian**

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. During October 2023, the Plan changed custodians from Reliance Trust Company to Empower Trust Company, LLC ("the Custodians"). Accordingly, the custodians, have provided a certification for all of the investment information disclosed in the accompanying financial statements and supplementary information. This includes investments held and notes receivable from participants at December 31, 2023, and 2022, net appreciation (depreciation) in fair value of investments, investment income (loss), and interest income on notes receivable from participants for the years ended December 31, 2023, and 2022. The Plan's independent accountants did not perform auditing procedures with respect to this information, except comparing such information to the related information included in the financial statements and supplemental schedules.

**Note 4 – Fair Value Measurements**

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments.

When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

Level 1 – The fair values of common stocks, certain corporate bonds, and U.S. government securities are based on the closing price reported in the active market where the individual securities are traded, when available.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Note 4 – Fair Value Measurements (continued)**

The assets or liability’s fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Level 1 instruments consist of cash and cash equivalents, and mutual funds. The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

*Mutual Funds:* Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (“NAV”) and to transact at that price. The mutual funds are deemed to be actively traded.

There are no Level 2 and Level 3 investments.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table presents by level, within the fair value hierarchy, the Plan’s assets at fair value as of December 31:

	<b>Fair value measurements as of December 31, 2023</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	<u>\$ 1,314,768</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,314,768</u>
	<b>Fair value measurements as of December 31, 2022</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Mutual funds	<u>\$ 1,155,707</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,155,707</u>

Gains and losses are included in changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and are reported in net depreciation in fair value of investments on the statements of changes in net assets available for benefits.

**Note 5 – Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their account balances.

**Note 6 – Tax Status**

The Plan is a prototype plan adopted by the Company. The Internal Revenue Services has determined and informed the Company by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with the applicable requirements. The prototype plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code (IRC) and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits of any tax periods in progress.

**Note 7 – Related Party Transactions and Party-in-Interest Transactions**

Certain Plan investments were managed by Reliance Trust Company and Empower Trust Company, LLC, the custodians and record-keepers for the Plan, and, therefore, these transactions qualify as party-in-interest transactions. These transactions are covered by an exemption from the “prohibited transactions” provisions of ERISA and the IRC. All investments fund earnings or losses posted to each Plan participant’s account are net of investment management fees charged by each investment fund under the Plan.

**Note 8 – Risks and Uncertainties**

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflict. Market values of investments may also decline for several different reasons, including changes in prevailing market and interest rates, increases in defaults and credit rating downgrades. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.
