INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor and Participants of
Shoals Technologies Group 401(k) Profit Sharing Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of Shoals Technologies Group 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements ("financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, continued

Other Matters – 2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Transactions for the year ended December 31, 2023 and of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SHOALS TECHNOLOGIES GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Shoals Technologies Group 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering a certain full-time employees of Shoals Technology Group, LLC (the "Sponsor" or the "Company"). The Plan is subject to the provisions of the Employee Retirement Security Act of 1974 ("ERISA").

The Plan has been amended and restated from time to time, most recently on July 1, 2023, to incorporate all previous amendments and to comply with all ERISA and Internal Revenue Code ("IRC") rules and regulations.

Effective July 1, 2023, the Plan was amended to allow assets attributable to TriNet 401(k) Plan, a plan formerly sponsored by ConnectPV, Inc. d/b/a Shoals Connect, LLC ("Connect"), to be merged into the Plan. In addition, the participants of the Connect became participants of the Plan. As a result of this merger, a total of \$319,426 was transferred to the Plan during July 2023.

Administration

The Plan is administered by an administrator appointed by the Company. Principal Life Insurance Company and Principal Trust Company (the "Custodians") serve as custodians and Principal Life Insurance Company serves as recordkeeper of the Plan.

Eligibility

Employees are eligible to participate and enroll in the plan after completing 6 months of service from their date of hire and after attainment of 18 years of age.

Participant Contributions

Each year, participants may make contributions to the Plan up to 90% of their pre-tax annual compensation, not to exceed the limitation (\$22,500 in 2023) set forth in Section 402(g) of the IRC. Participants may designate all or a portion of their contribution as a ROTH deferral, which is a post-tax deferral. Additionally, participants may make catch-up contributions (pre-tax contributions and/or ROTH contributions that exceed the annual elective deferral limit) during any calendar year ending on or after the participant's 50th birthday. Participants' total catch-up contributions are limited to a maximum of \$7,500 in 2023. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer Contributions

The Company makes safe harbor contributions each pay period including 100% salary deferral contributions up to 3% of pay and 50% salary deferral contributions from 3% to 5% of the participant' pay. The Company's safe harbor contributions totaled \$545,742 during the year ended December 31, 2023, respectively. Additionally, discretionary contributions may be made at the option of the Company. During the years ended December 31, 2023, the Company made no discretionary contributions.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer contributions, and an allocation of Plan earnings. Earnings are allocated by fund based on the ratio of a participant's account invested in a particular fund to all participants' accounts in the fund. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. Upon the occurrence of a distribution event, the benefit to which a participant is entitled is the benefit that can be provided from the participant's vested interest in his or her account.

SHOALS TECHNOLOGIES GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants become 100% vested in the part of their account resulting from the Company's matching contributions and discretionary contribution when paid.

Payment of Benefits

Upon termination of service due to death, disability, or retirement, a participant (or his or her designated beneficiary in the event of death) may elect to receive the value of their account through a single lump-sum distribution or installment payments. Subject to guidelines set forth in the IRC, a participant may request a hardship withdrawal from his or her elective deferral contributions, matching contributions, and discretionary contributions. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Administrative Expenses

The Plan is responsible for custodial and administrative expenses. However, certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) in fair value of investments.

Expense Offset Arrangements

Fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of the Plan's financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Shares of registered investment companies are valued at quoted market prices in active markets which represent the net asset value of shares held by the Plan at year-end. The Plan's interest in the common collective trust is valued based on the fair value of the underlying investments held by the fund less its liabilities at year end.

SHOALS TECHNOLOGIES GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

2. Summary of Significant Accounting Policies

Investment Valuation and Income Recognition, continued

Net appreciation (depreciation) in fair value of investments includes realized gains and losses on investments sold during the year and unrealized gains and losses on investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Benefit Payments

Benefit payments are recorded when paid.

3. Fair Value Measurements

ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

- | | |
|----------------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
| Level 2 | Inputs to the valuation methodology include: <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means.• If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining fair value, the Plan uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded. (Market Approach)

Collective trust funds: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value ("NAV"). Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

SHOALS TECHNOLOGIES GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

The methodologies described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value on a recurring basis as of December 31, 2023 and 2022:

	<u>Investments at Fair Value as of December 31, 2023</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

^(a) In accordance with Accounting Standards Update No. 2015-07, *Fair Value Measurement (Topic 820): Disclosures for Investments in Certain Entities That Calculate Net Asset Value per Share (or Its Equivalent)*, certain investments that were measured using net asset value ("NAV") per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statements of Net Assets Available for Benefits.

The following table summarizes investments measured at fair value based on NAV per share, as a practical expedient, as of December 31, 2023 and 2022:

4. Information Certified by the Custodians (Unaudited)

The Plan administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedules, including investments at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments and interest and dividends for the year ended December 31, 2023, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by the Custodians of the Plan.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

5. Tax Status

The Plan has adopted a prototype non-standardized 401(k) profit sharing plan agreement that was sponsored by the Plan's third-party administrator. Although the Plan has been amended since the prototype non-standardized 401(k) profit sharing plan determination letter was received, the Plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, management believes the Plan was qualified as of the financial statement date.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken any uncertain tax positions that more likely than not would not be sustained upon examination by the Internal Revenue Service ("IRS"). As of December 31, 2023 and 2022, the Plan has not recognized any uncertain tax positions. The plan is subject to audits by taxing and compliance jurisdictions; however, there are currently no audits for tax periods in process. The plan is no longer subject to tax examination for years prior to 2018.

SHOALS TECHNOLOGIES GROUP 401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their accounts.

7. Party-in-Interest Transactions

Certain Plan investments are in accounts managed by the Plan's Custodians. These transactions qualify as party-in-interest transactions as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

8. Reconciliation of Plan Financial Statements to Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2023 and 2022:

	<u>2023</u>	<u>2022</u>
Net assets available for benefits per the financial statements	\$ 4,034,483	\$ 1,934,720
Other	<u>(8,650)</u>	<u>(4,055)</u>
Net assets available for benefits per Form 5500	<u>\$ 4,025,833</u>	<u>\$ 1,930,665</u>

The following is a reconciliation of the net increase in net assets available for benefits per the financial statements to the Form 5500 for the years ended December 31, 2023:

	<u>2023</u>
Net increase in net assets available for benefits per the financial statements	\$ 2,099,763
Other	<u>(4,595)</u>
Net increase in net assets available for benefits per Form 5500	<u>\$ 2,095,168</u>

9. Delinquent Participant Contribution Transactions

During the year ended December 31, 2023 the Company determined that certain employee deferrals aggregating \$33,300, had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation was held to determine the root cause of the delinquent contributions, and corrective measures were taken. The lost earnings estimate of \$141 were processed and deposited in 2023 with an additional \$63 estimated to be processed and deposited in 2024.

During the years ended December 31, 2022, 2021 and 2019 the Company estimated employee deferrals aggregating \$56,074, \$252,331 and \$18,547, respectively, had not been remitted to the Plan in a timely manner, according to DOL regulations. Although these remittances were made, they fell outside the normal processing time the Company allows. An investigation is being held to determine the root cause of the delinquent contributions, and corrective measures to be taken. Once the investigation is complete the lost earnings calculated on the final amount of delinquent contributions, which may be different to the estimates, will be processed and deposited in 2024
