Independent Auditor's Report

To the Plan Administrator
Resource Management Systems, Inc. Retirement Savings Plan
Greenwood Village, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Resource Management Systems, Inc. Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institutions, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a – schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of or for the year ended December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental information that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RESOURCE MANAGEMENT SYSTEMS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the Resource Management Systems, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan was established on June 1, 1997 as a multiple-employer defined contribution plan sponsored by Resource Management Systems, Inc. and its affiliates (the Principal Employer or Sponsor). The Plan was amended and restated on January 1, 2021 to comply with certain tax legislation. The Plan covers eligible employees of Adopting Employers (Participating Employers) and the Sponsor. With the consent of the Sponsor, an Adopting Employer, with a co-employment arrangement with the Sponsor and executing an adoption agreement may participate in the Plan. The Plan covers eligible employees who are not subject to a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Sponsor is a Professional Employer Organization (PEO) and provides payroll processing and human resource services to its clients. Each client of the Sponsor has the option of adopting this Plan for the benefit of its employees. An Adopting Employer establishes its eligibility requirement related to age and length of service for its employees in accordance with the Plan document and Internal Revenue Code (IRC). An Adopting Employer may elect to waive or change the service eligibility requirement for employees who are performing services for the Adopting Employer as of the date the Plan is adopted. However, hiring individuals after the adoption date is subject to the standard requirements, unless otherwise elected.

The Sponsor is the Plan Administrator. The Plan's Retirement Committee is responsible for oversight of the Plan, determining the appropriateness of the Plan's investment offerings, and monitoring investment performance. The Plan has an arrangement with Empower Trust Company, LLC (ETC or the Trustee) who serves as the Trustee and its affiliate, Empower Retirement, LLC (Empower), an affiliate of the Trustee, provides the Plan with recordkeeping services.

Contributions

Each year, participants may contribute an amount of annual compensation, up to 100% of their pre-tax compensation, subject to Internal Revenue Service (IRS) limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. Roth 401(k) deferrals are allowed under the Plan, if elected by Adopting Employers.

A Participating Employer may make safe-harbor matching, discretionary matching and/or profit-sharing contributions to the Plan as defined by the terms of their respective adoption agreements. Participating Employer contributions, if any, are recorded in the year for which the contributions apply. Aggregate Participating Employer contributions for the year ended December 31, 2023 amounted to \$144,168. Participating Employer contributions are invested in funds in accordance with the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

RESOURCE MANAGEMENT SYSTEMS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Participant accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) their Participating Employer's contributions (if any), and (b) Plan earnings or losses therein. Participants are charged with his or her withdrawals and an allocation of administrative expenses. Allocations are based on participant earnings or losses, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant directs the investment of his or her account to any of the investment options available under the Plan.

Vesting

Participants are immediately vested in their individual voluntary contributions, as well as their Participating Employer's safe-harbor contributions (if any), plus actual earnings or losses thereon. Vesting in the remainder of their accounts is based on years of continuous service, based on elections made by the Participating Employer. Vesting periods and schedules vary based on the Participating Employer's elections. Participants become fully vested upon reaching normal retirement age of sixty-five (65), death, or becoming disabled.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce the Adopting Employer's future contributions. For the year ended December 31, 2023, forfeitures totaling \$127 were used offset certain Plan administrative expenses. At December 31, 2023 and 2022, available forfeited nonvested accounts totaled \$18,108 and \$17,322, respectively.

Notes receivable from participants

Plan participants are permitted to borrow from their account a minimum of \$1,000 and up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. Loan terms range from one to five years unless the loan is used to acquire a principal residence of the participant which must be repaid in a reasonable period of time not to exceed thirty years. Loans are secured by the vested account balance in the participant's account, and bear interest at the prime rate plus 1%. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are repaid through regular payroll deductions.

Payments of benefits

On termination of service due to death, disability, or normal retirement age (65), a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed \$5,000 or elect a lump-sum distribution. Participants with vested amounts less than \$5,000 must elect a lump-sum distribution. Participants may elect to take an in-service distribution of their vested accounts if they meet certain defined requirements, including becoming disabled, early retirement (age 59½), or due to heavy financial hardship, as defined.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan investment assets. Certain administrative expenses of maintaining the Plan are paid directly by the Sponsor and Adopting Employers and are not reflected in these financial statements. Investment-related expenses are included in net appreciation in fair value of investments.

RESOURCE MANAGEMENT SYSTEMS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 1 – Description of Plan, Continued

Plan administration

The Sponsor is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's investment assets were maintained by ETC, the Trustee, who maintains the Plan's investment assets, invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants).

SECURE Act 2.0

In December 2022, the Securing a Strong Retirement Act (SECURE Act 2.0) was passed into law. The provisions of SECURE Act 2.0 continue the reforms that began with the 2019 SECURE Act. Most of the SECURE Act 2.0 provisions will become effective in 2024 and thereafter, therefore, there was no impact to the Plan during 2023. Since the provisions include both required and optional elements, the Plan Administrator will determine the optional SECURE Act 2.0 provisions to elect.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee.

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in accordance with U.S. GAAP requires the Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences may be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities, including the uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in such risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Notes receivable from participants

Participant notes receivable are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants' accounts and included as administrative expenses when incurred.

RESOURCE MANAGEMENT SYSTEMS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 2 – Summary of Significant Accounting Policies, Continued

Notes receivable from participants, continued

No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable is reduced and a benefit payment recorded.

Payment of benefits

The Plan records benefits when paid.

Uncertain tax positions

U.S. GAAP requires the Plan to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2023, that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, a qualified institution, certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental information is complete and accurate:

- Investments and notes receivable from participants as shown on the statements of net assets available for benefits as of December 31, 2023 and 2022;
- Net investment activity and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
- Investment information included in the Schedule H, Line 4i – Schedule of Assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S.GAAP, and in the ERISA-required supplemental information, including assessing whether the supplemental information is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

RESOURCE MANAGEMENT SYSTEMS, INC. RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS, CONTINUED

Note 4 – Fair Value Measurements, Continued

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2023 and 2022. During the year ended December 31, 2023, there were no transfers of financial instruments into or out of Level 3.

Following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Self-directed brokerage accounts – Valued at quoted market prices in active markets or quoted prices for similar assets and are classified as level 1.

Collective trust fund (CT) – valued at the NAV of units held. The NAV, as provided by the trustee of the CT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CT less its liabilities. This practical expedient is not used if it is determined to be probable that the CT will sell its underlying investments for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV. The CT provides for daily redemptions by the Plan at reported NAV with no advance notice. There are no unfunded commitments related to this investment. This is a direct filing entity.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022:

*In accordance with Accounting Standards Codification 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 – Related Party and Party-In-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Sponsor, Adopting Employers, and certain others. The Plan's investments are managed and administered by ETC, the Trustee. Empower is the Plan's recordkeeper, a related company of the Trustee, and accounts for investment transactions and participant records along with other compliance and administrative services. Therefore, these transactions with the ETC and Empower qualify as party-in-interest transactions. Such transactions are exempt from prohibited transactions rules under ERISA.

Certain administrative functions are performed by officers and employees of the Sponsor. No officer or employee receives compensation from the Plan for these services.

Empower receives revenue from service providers for services Empower provides to the mutual funds and self-directed brokerage account. This revenue is used to offset certain amounts owed to Empower for its administrative services. Fees incurred for the Plan for investment management services are included in net appreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 6 – Plan Termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Note 7 – Plan Transfers

In the normal course of business, the Sponsor adds Adopting Employers, and assets from the individual qualified plans that the added employers previously sponsored are transferred into the Plan, in conjunction with the Adopting Employer's adoption of the Plan. Likewise, as Adopting Employers terminate their co-employment arrangement with the Sponsor, assets may be transferred out of the Plan through mergers with, or creation of other qualified plans.

Note 8 – Tax Status

On April 7, 2021, the IRS stated that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC) and, therefore, the related trust is tax-exempt. The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator and the Plan's tax counsel believe that the Plan is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2020.

Note 9 – Delinquent Participant Contributions

For the years ended December 31, 2023 and 2022, 2021 and 2019, the Sponsor and certain Adopting Employers did not remit certain participant contributions to the Plan on a timely basis as defined by the DOL's Rules and Regulations for Reporting and Delinquent Participant Contributions Disclosure under ERISA. Untimely remittances identified for the years ended December 31, 2023, 2022, 2021 and 2019 amounted to \$1,923, \$117,483, \$21,945 and \$14,119, respectively. The 2023, 2021 and 2019 delinquent participant contributions have not been corrected as of the date of the report. The Plan Sponsor partially corrected the 2022 delinquent participant contributions total of \$27,053. The remaining 2022 delinquent participant contributions have not been corrected as of the date of this report.

Note 10 – Subsequent Events

Subsequent to December 31, 2023, Plan Management approved a merger to Partners PEO 401(k) Plan, additionally the Plan assets will be transferred to the successor custodian, Transamerica Financial Life Insurance Company from Empower Trust Company, LLC, the prior Trustee.

The Plan evaluated events occurring subsequent to December 31, 2023 through October 14, 2024, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
