Communication with Those Charged with Governance

We have conducted an Employee Retirement Income Security Act of 1974 ("ERISA") Section 103(a)(3)(C) audit of the financial statements of Scott Companies Profit Sharing Plan (the "Plan"), as of and for the year ended December 31, 2023 and have issued our report thereon dated September 24, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated August 19, 2024, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America ("U.S. GAAP"). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects in accordance with U.S. GAAP. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, as part of our ERISA Section 103(a)(3)(C) audit and except that we will not include a consideration of internal control relating to the information prepared and certified by the bank or similar institution or insurance carrier, we considered the internal control of the Plan. Such considerations was solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit(s) that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

Planned Scope and Timing of the Audit

We are required to communicate an overview of the planned scope and timing of the audit. We previously communicated our planned scope and timing to you in the engagement letter dated August 19, 2024 and during our meeting about planning matters.

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

Generally accepted auditing standards require independence for all audits. The auditors should communicate with those charged with governance circumstances or relationships (for example, financial interests, business or family relationships, or non-audit services provided or expected to be provided) that, in the auditors' professional judgment, may reasonably be thought to bear on independence, and that the auditors gave significant consideration to in reaching the conclusion that independence had not been impaired.

The engagement team, others in our firm, as appropriate, and our firm, have complied with all relevant ethical requirements regarding independence.

Materiality in the Context of an Audit

The concept of materiality in planning and executing the audit included the consideration that:

- Misstatements, including omissions, are considered to be material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

- Judgments about materiality are made in light of surrounding circumstances and are affected by the size or nature of a misstatement, or a combination of both.
- Judgments about materiality involve both qualitative and quantitative considerations.
- Judgments about matters that are material to users of the financial statements are based on a consideration of the common financial information needs of users as a group. The possible effect of misstatements on specific individual users, whose needs may vary widely, is not considered.

The auditor's determination of materiality is a matter of professional judgment and is affected by the auditor's perception of the financial information needs of users of the financial statements.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. The summary of the significant accounting policies adopted by the Plan are described in the footnotes to the financial statements.

- There have been no initial selection of accounting policies and no changes in significant accounting policies or their application during year ended December 31, 2023.
- We noted no accounting policies in controversial areas or areas for which there is a lack of authoritative guidance or consensus, or diversity in practice.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based upon management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive estimate affecting the financial statements was the estimate of the valuation of plan assets including unrealized appreciation. Management's estimate of the valuation of plan assets including unrealized appreciation is based on information provided by the Plan custodian and recordkeeper. We evaluated the key factors and assumptions used to develop the estimated fair value of the Plan's assets and determined that it is reasonable in relation to the basic financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. There were no identified sensitive disclosures affecting the Plan's financial statements.

The disclosures in the financial statements are neutral, consistent, and clear.

Noncompliance with Laws and Regulations

We have identified the following matter involving noncompliance with laws and regulations that came to our attention during the course of the audit.

- *Untimely remittances of participant deferrals (see "Communication of Internal Control Related Matters").*

Significant Difficulties Encountered During the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Uncorrected and Corrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. The attached management representation letter summarizes the material misstatements that we identified as a result of our audit procedures and were brought to the attention of, and corrected by, management.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to the Plan's financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management that are included in the management representation letter attached.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditors' opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts.

Management has informed us that, and to our knowledge, there were no such consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with the Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the Plan, and business plans and strategies that may affect the risks of material misstatement. However, these discussions occurred in the normal course of our professional relationship and none of the matters discussed resulted in a condition to our retention as the Plan's auditors.

Reportable Findings

We are required to communicate, on a timely basis, reportable findings from the audit procedures performed relating to the Plan provisions. Reportable findings are matters that are one or more of the following:

- an identified instance of noncompliance or suspected noncompliance with laws or regulations;
- a finding arising from the audit that is, in the auditors' professional judgement, significant and relevant to those charged with governance regarding their responsibility to oversee the financial reporting process;
- an indication of deficiencies in internal control identified during the audit that have not been communicated to management by other parties and that, in the auditors' professional judgment, are of sufficient importance to merit management's attention.

Any reportable finding identified as a result of our audit procedures, is communicated in the relevant section of this letter.

Form 5500

Our responsibility as auditors is to obtain and read the substantially complete Form 5500 prior to dating the auditors' report in order to identify material inconsistencies, if any, with the Plan's financial statements. Nothing came to our attention that caused us to believe that such information in the substantially complete Form 5500, or its manner of presentation, is materially inconsistent with information, or manner of its presentation, appearing in the Plan's financial statements.

Other Matters

The ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, were subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America.

Communication of Internal Control Related Matters

Except as discussed in the following paragraph, in planning and performing our audit of the financial statements of the "Plan as of and for the year ended December 31, 2023, in accordance with auditing standards generally accepted in the United States of America, we considered the Plan's internal control over financial reporting ("internal control") as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the Plan's financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, we do not express an opinion on the effectiveness of the Plan's internal control.

Management has determined it is permissible in the circumstances and has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Our consideration of internal control was for the limited purpose described in the preceding paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. In addition, because of inherent limitations in internal control, including the possibility of management override of controls, misstatements due to error or fraud may occur and not be detected by such controls.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements (whether caused by error or fraud) on a timely basis.

Material Weaknesses

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Plan's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

Significant Deficiencies

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. During our audit, we also became aware of the following deficiencies in internal control, other than significant deficiencies or material weaknesses, and other matters that are opportunities for strengthening internal controls and operating efficiency. They are presented in the Other Deficiency and Matter section below.

Timely Remittance of Employee Contributions

During our audit, it was noted that sufficient controls are not in place to ensure participant contributions are remitted to the trust in a timely manner. Department of Labor (DOL) Regulation 2510.3-102 requires that participant contributions be remitted to the Plan on the earliest date on which they can be reasonably segregated from the company's general assets, but in no event later than the 15th business day following the end of the month in which amounts are contributed by employees or withheld from their wages. Failure to remit participant contributions to the Plan in a timely manner results in prohibited transactions which must be separately reported to the DOL and may result in lost earnings for the Plan and penalties to the Plan Sponsor. We recommend that the Plan Sponsor review the procedures involved in remittance of participant contributions to the Plan and institute the necessary controls to ensure participant contributions are remitted timely. A written remittance policy should be created and followed. We also recommend the Plan self-correct all untimely remittances.

Management representation letter

EISNERAMPER
LLP

September 24, 2024

EisnerAmper LLP
One Galleria Boulevard, Suite 2100
Metairie, Louisiana 70001

This representation letter is provided in connection with your audit of the financial statements of Scott Companies Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), which comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

We have elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. We acknowledge that the audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier, that is regulated, supervised and subject to periodic examination by a state or federal agency, a qualified institution, that prepared and certified the investment information in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. We have determined that an ERISA Section 103(a)(3)(C) audit is permissible under the circumstances. We have also determined that the investment information is prepared and certified by a qualified institution as described by 29 CFR 2520.103-8, that the certification meets the requirements in 29 CFR 2520.103-5 and, that the certified investment information is appropriately measured, presented, and disclosed in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The purpose of an ERISA Section 103(a)(3)(C) audit is to express an opinion on whether the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with U.S. GAAP and that the assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the certified investment information.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in the light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement. An omission or misstatement that is monetarily small in amount could be considered material as a result of qualitative factors.

We confirm that, to the best of our knowledge and belief, having made such inquiries as we considered necessary for the purpose of appropriately informing ourselves as of the date of this letter the following representations made to you during your audit:

Our valuation methodologies have been applied consistently from period to period. In addition, our disclosures related to fair value measurements are consistent with the objective outlined in FASB ASC 820. There are no subsequent events that require adjustments to the fair value measurement and disclosures included in the financial statements.
