INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Zimmer Great Lakes 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of the Zimmer Great Lakes 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section:

- The amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying 2023 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Zimmer Great Lakes 401(k) Plan and to meet our ethical responsibilities in accordance with the ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the 2023 financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the 2023 financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Zimmer Great Lakes 401(k) Plan's ability to continue as a going concern for one year after the date the 2023 financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the 2023 financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the 2023 financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the 2023 financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the 2023 financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Zimmer Great Lakes 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the 2023 financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Zimmer Great Lakes 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - 2023 Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) are presented for purposes of additional analysis and are not a required part of the 2023 financial statements, but is supplemental information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2023 financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the 2023 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2023 financial statements or to the 2023 financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

The 2022 financial statements of the Zimmer Great Lakes 401(k) Plan were audited by predecessor auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated November 29, 2023 indicated that: (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedules, other than the information in the 2022 supplemental schedules that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedules related to assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 1 – Description of the Plan

General

The Plan is a defined contribution plan that was established on January 1, 1999 by CPD Distribution, LLC, dba Zimmer Great Lakes (the “Company” and the “Employer”). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The following description of the Plan is provided for general information purposes only. Participants should refer to the Summary Plan Description or the Adoption Agreement, including amendments thereto, for a complete description of the Plan’s provisions.

Administration

The Plan Sponsor and named Plan Administrator is CPD Distribution, LLC, dba Zimmer Great Lakes. The Plan Administrator is responsible for oversight of the Plan. The Plan Administrator determines the appropriateness of the Plan’s investment offerings and monitors investment performance and fees. Through November 30, 2023, the Plan’s Trustee, Investment Custodian and recordkeeper was Principal Trust Company. Effective December 1, 2023, the Plan’s Trustee and Investment Custodian was Reliance Trust Company. The Investment Custodian holds all of the Plan’s assets and executes all of the Plan’s transactions. The Company has also retained ADP Retirement Services to provide participant recordkeeping and administration services.

Effective December 1, 2023, Plan assets were transferred from Principal Trust Company to Reliance Trust Company. Plan assets transferred to Reliance Trust Company were transferred into funds comparable to those offered by Principal Trust Company in-line with the Plan’s conversion agreement. The conversion was initiated by a blackout period beginning on November 1, 2023, continuing through December 21, 2023. During this period, funds could not be applied to the participant-selected funds with the Custodian or withdrawn from the Plan until the Custodian could complete the conversion. During this period, participant contributions continued to be made through payroll deductions, and the contributions were deposited and held in an income-bearing fund until the completion of the blackout period. At the end of the blackout period, such funds were transferred to the investment options selected by the Plan Sponsor.

Eligibility

The Plan covers all employees of the Company, except those who are covered by a collective bargaining agreement, non-resident aliens, residents of Puerto Rico, leased employees, and part-time employees. All eligible employees must be 21 years of age and may begin participating in the Plan upon completing 6 months of service. An employee becomes a participant in the Plan immediately following completion of the eligibility requirements.

Contributions to the Plan

Each year, participants may contribute up to 90% of eligible compensation, as defined in the plan document, through payroll withholdings. The Plan also allows participants to make after-tax Roth contributions. Participants who have attained age 50 before the end of the year are eligible to contribute up to 100% of eligible compensation through payroll withholdings and make additional ‘catch-up’ contributions. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution plans (rollovers).

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

The Plan includes an auto-enrollment provision whereby all newly eligible participants are automatically enrolled at a deferral rate of 3% unless they affirmatively elect not to participate. Auto-enrollment contributions are invested in a designated target-date fund until changed by the participant. The auto-enrollment percentage escalates by 1% on each first day of the plan year until a participant's deferral rate reaches 15%.

The Company may elect to make discretionary matching contributions on behalf of the participants. Discretionary matching contributions, which were equal to 100% of participant deferrals up to 1% of eligible compensation, amounted to \$166,784 for the year ended December 31, 2023.

The Company may elect to make discretionary non-elective contributions on behalf of the participants. There were no non-elective contributions made for the year ended December 31, 2023.

Participants direct the investment of both their individual contributions plus their share of employer contributions into various investment options offered by the Plan. The Company's contributions are allocated in the same manner as that of the participant's elective contributions. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and employer contributions as well as plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of \$50,000 or 50 percent of their vested account balance, subject to certain Department of Labor and IRS requirements. The loans are secured by the balance in the participant's account. The loan interest rate is set at 2% above the prime rate, as defined in the plan document. Principal and interest is paid ratably through payroll deductions each pay period.

Distribution of Benefits

On termination of service, participants with vested account balances less than \$5,000 are subject to involuntary cash-outs, in which automatic distribution of their account balance will occur without direct consent. Participants whose vested account balances exceed \$5,000 may elect to receive a lump sum distribution, installment payments, partial withdrawals of at least \$500, or rollover their account balance to another qualified account. Those participants whose account balances exceed \$5,000 may also elect to defer the distribution of their plan balance. Participants who elect to have their benefit payments deferred continue to share in allocations of investment income and losses but do not share in subsequent allocations of employer contributions. Special rules apply to distributions due to death, disability, and retirement. Participants should refer to the full plan document for details.

The Plan allows for in-service distributions upon attainment of age 59 1/2 for all deferral contributions, discretionary employer contributions, and rollover contributions for any reason. The Plan also allows for in-service distributions prior to attainment of the Plan's normal retirement age due to financial hardship, as defined in the plan document, from vested account balances.

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Vesting

Participants are immediately vested in their deferral contributions and rollover contributions plus actual earnings thereon. Vesting in employer contributions is based on years of service at a rate of 20% per year following the second year of service. Participants are 100% vested after the completion of 6 years of credited service. Participants also become fully vested upon death, disability or the attainment of normal retirement age.

Forfeitures

Forfeitures can be used to offset plan administration expenses and reduce employer contributions. Unallocated forfeiture balances as of December 31, 2023 and 2022 were \$24,914 and \$29,831, respectively. Forfeitures of \$15,215 were used to offset plan administrative expenses during the year ended December 31, 2023.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared using the accrual basis of accounting. Income from investments is recorded when it is earned. Expenses are recorded in the accounting period in which they are incurred.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the custodian. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make repayments on a note receivable and the Plan Administrator deems the note receivable to be uncollectible, the balance on the note receivable from the participant is reclassified to benefits paid to participants.

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Payment of Benefits

Benefits are recorded when paid.

Fees and Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation or depreciation in fair value of investments.

Reclassifications

Certain reclassifications were made to prior year's financial statements to conform with current year's presentation.

Subsequent Events

The financial statements and related disclosures include evaluation of events up through and including October 15, 2024, which is the date the financial statements were available to be issued.

Effective May 1, 2024, the Plan was amended to exclude long term disability wages from eligible compensation. The Plan was further amended, effective July 1, 2024, to include the employees of Zimmer Biomet, Inc. and to waive service and age eligibility requirements for all Zimmer Biomet, Inc. employees entering the Plan on this date.

Note 3 – Unaudited Investment Information Certified by the Custodians

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted under such election, the following information has been certified by Principal Trust Company and Reliance Trust Company as to its completeness and accuracy and was not subjected to any auditing procedures performed by the Plan's independent auditors:

1. All investment balances reflected in the accompanying statement of net assets available for benefits as of December 31, 2023 and 2022;
2. All investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023; and
3. All investment-related information included in the Supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.
4. Notes receivable from participants as of December 31, 2023 and 2022 and the related income on notes receivable from participants for the year ended December 31, 2023.

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 4 – Fair Value Measurements

Generally accepted accounting principles establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Mutual funds: Valued at daily closing prices as reported by the fund. Mutual funds, including the money market fund, held by the Plan are open-ended mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value and to transact at that price. Mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust fund: Valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair values. The net asset value is based on the fair value of the trust's underlying assets, less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported net asset value.

Pooled separate accounts: The pooled separate accounts are not publicly traded and are measured at fair value based on the fair value of the underlying assets of the pooled separate accounts, using net asset value as a practical expedient. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported net asset value.

Stable value fund: Valued at the net asset value of units held by the Plan at year end. The net asset value, as provided by the Trustee, is used as a practical expedient to estimate fair values. The net asset value is based on the fair value of the trust's underlying assets, less its liabilities. This practical expedient is not used when it is determined to be probable that a fund will sell the investment for an amount different than the reported net asset value.

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 5 – Fully Benefit-Responsive Investment Contract

The Plan has a fully benefit-responsive investment contract, the Fixed Income Guaranteed Option (the Fund), with Principal Life Insurance Company in the amount of \$79,268 as of December 31, 2022. The Fund is a general account product. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Interest rates are declared in advance and are reviewed quarterly for resetting. The crediting interest is based on a formula agreed upon with the issuer but may not be less than zero percent.

The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct earnings, less participant withdrawals and administrative expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events which would limit the Plan's ability to transact at contract value with participants are probable of occurring.

The investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date or require the Company to settle at an amount different than contract value.

Note 6 – Party-in-Interest Transactions

Certain plan investments are managed by Principal Trust Company (prior to December 1, 2023) and Reliance Trust Company (effective December 1, 2023), who are the Plan's Trustees and Investment Custodians. ADP Retirement Services is the Plan's recordkeeper. During the year ended December 31, 2023, the Plan paid direct compensation to the Investment Custodians. Indirect compensation (that is netted against investment income on the statement of changes in net assets available for benefits) is paid to the Investment Custodians from total annual operating expenses charged on the balance of fund investments at various percentages, depending on the particular fund. Transactions involving these investments are considered party-in-interest transactions; however, these transactions are not considered prohibited transactions under 29 CFR 408(b) of the ERISA regulations.

Note 7 – Plan Termination

The Company has the right under the Plan to discontinue its contributions and to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all participant accounts become 100% vested.

ZIMMER GREAT LAKES 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS DECEMBER 31, 2023 AND 2022

Note 8 – Plan Amendment and Tax Status

The Plan is utilizing a non-standardized pre-approved plan, which has been filed with the IRS and has received a favorable opinion letter dated October 6, 2020 from the IRS. The Plan Sponsor has not elected to apply for an individual IRS Determination Letter upon adoption of the Plan nor on any subsequent amendments. However, the Plan Sponsor believes that the Plan is currently designed and being operated in compliance with applicable requirements of the Internal Revenue Code and, therefore, that the Plan is qualified under Section 401(a) and that the related Trust is tax-exempt as of December 31, 2023.

The Plan permitted provisions of SECURE Act 2.0 during the year ended December 31, 2023. Written amendments to the plan document to reflect these operational changes will be adopted at a later date in accordance with the deadlines pursuant to applicable laws and IRS guidance.

The Plan Sponsor received a notice of rejection of the Form 5500 annual report of the Zimmer Great Lakes 401(k) Plan from the U.S. Department of Labor (DOL), dated August 8, 2023, for the plan year ended December 31, 2021. The notice described certain reporting and disclosure deficiencies related to the plan year ended December 31, 2021. The Plan Sponsor subsequently responded to the DOL's notice and received a response, dated September 22, 2023, indicating that no further action will be taken with respect to the notice of rejection.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
