Independent Auditors' Report

To the Plan Administrator of the
Magnolia River 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Magnolia River 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Magnolia River 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magnolia River 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnolia River 401(k) Plan's ability to continue as a going concern for a reasonable amount of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magnolia River 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnolia River 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Angela Reichmann Armstrong P.C.

MAGNOLIA RIVER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan

The following description of the Magnolia River 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Magnolia River Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for oversight of the Plan.

In November 2022, the Plan was amended to recognize predecessor service for employees acquired from another employer.

Eligibility

Participation in the Plan is available to all eligible employees of the Company who have completed two months of service and attained 21 years of age, excluding union, non-resident alien, part-time, temporary, and seasonal employees. However, part-time, temporary, or seasonal employees who complete once year of service in any year of employment are eligible to enter the Plan.

Contributions

Participant Salary Deferral - Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined by the Plan, up to maximum amounts established by the Internal Revenue Service (IRS). Participants 50 years old or older during the Plan year are eligible to make catch-up contributions, up to maximum amounts established by the IRS.

Participant Rollovers - Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Match - The Company contributes to the Plan an amount equal to the sum of 100% of the amount of each participant's elective deferrals up to 3% of the participant's compensation plus 50% of the participant's elective deferrals that exceed 3% of the participant's compensation up to 5% of the participant's compensation. The Company made employer safe harbor contributions of \$2,089,197 for the year ended December 31, 2023.

Employer Profit Sharing - The employer may also elect to make a discretionary profit-sharing contribution based on eligible compensation. The Company did not make a profit-sharing contribution for the year ended December 31, 2023.

Investment Options

Participants direct the investment of their contributions, as well as Company contributions, into various investment options offered by the Plan. As of December 31, 2023, and 2022, the Plan offered money market funds and shares of registered investment companies which invest in various combinations of stocks, bonds, and other investment securities.

MAGNOLIA RIVER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan - Continued

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's safe harbor match contributions, plus actual earnings immediately. Participants vest in the Company's profit-sharing contributions, plus actual earnings there on over a graded three-year period as described in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus 1%, which is commensurate with local prevailing rates as determined by the Plan Administrator, as defined by the Plan. A loan is considered in default if the missed loan payment is not remitted by the last day of the calendar quarter following the calendar quarter in which the required payment was due but not made. Principal and interest are paid ratably through payroll deductions. Loan terms may not be greater than five years unless the loan is used for purchase of primary residence. The maximum number of loans a participant may have outstanding at any time is one.

Payment of Benefits

Benefits commence upon one of several dates: retirement, disability, death, or termination of employment. Benefits are distributed by means of either direct rollover or lump sum distribution. Withdrawals for financial hardship are permitted provided they meet regulations prescribed by the Internal Revenue Service and are for a severe and immediate financial need. The participant must have exhausted all other assets reasonably available, including obtaining a loan from the Plan, prior to obtaining the hardship withdrawal. Hardship withdrawals are permitted from the participant's deferral, rollover, and employer profit sharing accounts.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$802 and \$2,202, respectively. Any forfeited accounts would be used to pay administrative expenses or reduce future employer contributions. The amount of forfeitures used to pay administrative expenses was \$5,263 for the year ended December 31, 2023. There were no forfeitures used to reduce employer contributions for the years ending December 31, 2023 and 2022.

MAGNOLIA RIVER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized when paid generally in accordance with the Company's payroll schedule. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator considers the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses related to the administration of the Plan are allocated to the participant's account, in accordance with the Plan Document, and are included in administrative expenses. Fees related to the administration of notes receivable from participants and payment of benefits to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Information Prepared and Certified by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by MG Trust and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 35,842,099	\$ 27,805,342
Non-interest bearing cash	\$ 20,687	\$ 5,192

MG Trust also certified to the completeness and accuracy of \$3,893,970 net appreciation in fair value of investments and \$1,470,145 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2023.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Note 4 - Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: Valued at the daily closing price as reported by the fund. The money market fund is an open-ended mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Shares of registered investment companies: Valued at fair value as determined by using commercial quotation services. Fair value includes reinvested dividend and interest income, received and accrued, realized gains and losses, and unrealized gains and losses of the underlying assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<u>Fair Value Measurements</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>December 31, 2023</u>				
Money market funds	\$ 737,568	\$ -	\$ -	\$ 737,568
Shares of registered investment companies	<u>35,104,531</u>	<u>-</u>	<u>-</u>	<u>35,104,531</u>
Total Investments at Fair Value	<u>\$35,842,099</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$35,842,099</u>
<u>December 31, 2022</u>				
Money market funds	\$ 418,194	\$ -	\$ -	\$ 418,194
Shares of registered investment companies	<u>27,387,148</u>	<u>-</u>	<u>-</u>	<u>27,387,148</u>
Total Investments at Fair Value	<u>\$27,805,342</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$27,805,342</u>

Note 5 - Related-Party Transactions and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to service providers of \$132,530 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7 - Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the plan was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent Events

2024 Plan Amendments

Effective March 1, 2024, the Company amended the plan to recognize predecessor service with a certain employer for eligibility and vesting.

Effective March 19, 2024, the Company amended the Plan name from Magnolia River 401(k) Plan to Magnolia River International 401k Plan and amended the EIN.

Date of Management’s Review

Management has evaluated subsequent events through October 15, 2024, the date which the financial statements were available to be issued.

Independent Auditors' Report

To the Plan Administrator of the
Magnolia River 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of Magnolia River 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Magnolia River 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023 and 2022 and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Magnolia River 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnolia River 401(k) Plan's ability to continue as a going concern for a reasonable amount of time.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Magnolia River 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Magnolia River 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Sincerely,

Angela Reichmann Armstrong P.C.

MAGNOLIA RIVER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan

The following description of the Magnolia River 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering substantially all employees of Magnolia River Services, Inc. (the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee is responsible for oversight of the Plan.

In November 2022, the Plan was amended to recognize predecessor service for employees acquired from another employer.

Eligibility

Participation in the Plan is available to all eligible employees of the Company who have completed two months of service and attained 21 years of age, excluding union, non-resident alien, part-time, temporary, and seasonal employees. However, part-time, temporary, or seasonal employees who complete once year of service in any year of employment are eligible to enter the Plan.

Contributions

Participant Salary Deferral - Each year, participants may contribute between 1% and 50% of pretax annual compensation, as defined by the Plan, up to maximum amounts established by the Internal Revenue Service (IRS). Participants 50 years old or older during the Plan year are eligible to make catch-up contributions, up to maximum amounts established by the IRS.

Participant Rollovers - Participants may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Employer Safe Harbor Match - The Company contributes to the Plan an amount equal to the sum of 100% of the amount of each participant's elective deferrals up to 3% of the participant's compensation plus 50% of the participant's elective deferrals that exceed 3% of the participant's compensation up to 5% of the participant's compensation. The Company made employer safe harbor contributions of \$2,089,197 for the year ended December 31, 2023.

Employer Profit Sharing - The employer may also elect to make a discretionary profit-sharing contribution based on eligible compensation. The Company did not make a profit-sharing contribution for the year ended December 31, 2023.

Investment Options

Participants direct the investment of their contributions, as well as Company contributions, into various investment options offered by the Plan. As of December 31, 2023, and 2022, the Plan offered money market funds and shares of registered investment companies which invest in various combinations of stocks, bonds, and other investment securities.

MAGNOLIA RIVER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Note 1 - Description of Plan - Continued

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Participants vest in the Company's safe harbor match contributions, plus actual earnings immediately. Participants vest in the Company's profit-sharing contributions, plus actual earnings there on over a graded three-year period as described in the Plan document.

Participant Accounts

Each participant's account is credited with the participant's contributions and an allocation of the Company's contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants

Participants may borrow from their participant accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 reduced by the excess (if any) of the highest outstanding balance of Plan loans during the one-year period ending on the day before the loan is made over the outstanding balance of Plan loans on the date the loan is made, or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the Prime Rate plus 1%, which is commensurate with local prevailing rates as determined by the Plan Administrator, as defined by the Plan. A loan is considered in default if the missed loan payment is not remitted by the last day of the calendar quarter following the calendar quarter in which the required payment was due but not made. Principal and interest are paid ratably through payroll deductions. Loan terms may not be greater than five years unless the loan is used for purchase of primary residence. The maximum number of loans a participant may have outstanding at any time is one.

Payment of Benefits

Benefits commence upon one of several dates: retirement, disability, death, or termination of employment. Benefits are distributed by means of either direct rollover or lump sum distribution. Withdrawals for financial hardship are permitted provided they meet regulations prescribed by the Internal Revenue Service and are for a severe and immediate financial need. The participant must have exhausted all other assets reasonably available, including obtaining a loan from the Plan, prior to obtaining the hardship withdrawal. Hardship withdrawals are permitted from the participant's deferral, rollover, and employer profit sharing accounts.

Forfeited Accounts

As of December 31, 2023 and 2022, forfeited nonvested accounts totaled \$802 and \$2,202, respectively. Any forfeited accounts would be used to pay administrative expenses or reduce future employer contributions. The amount of forfeitures used to pay administrative expenses was \$5,263 for the year ended December 31, 2023. There were no forfeitures used to reduce employer contributions for the years ending December 31, 2023 and 2022.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recognized when paid generally in accordance with the Company's payroll schedule. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. If a participant ceases to make loan repayments and the Plan Administrator considers the participant loan to be in default, the participant loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan Document.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain expenses related to the administration of the Plan are allocated to the participant's account, in accordance with the Plan Document, and are included in administrative expenses. Fees related to the administration of notes receivable from participants and payment of benefits to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Note 3 - Information Prepared and Certified by the Custodians

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, included in the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by MG Trust and furnished to the Plan Administrator. The Plan Administrator has obtained certification from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and supplemental schedule related to the following assets:

	<u>2023</u>	<u>2022</u>
Investments at fair value	\$ 35,842,099	\$ 27,805,342
Non-interest bearing cash	\$ 20,687	\$ 5,192

MG Trust also certified to the completeness and accuracy of \$3,893,970 net appreciation in fair value of investments and \$1,470,145 of interest and dividends related to the aforementioned Plan assets for the year ended December 31, 2023.

Note 4 - Fair Value Measurements

Financial Accounting Standards Board (FASB) ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Note 4 - Fair Value Measurements - Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds: Valued at the daily closing price as reported by the fund. The money market fund is an open-ended mutual fund that is registered with the Securities and Exchange Commission. The fund is required to publish its daily net asset value (NAV) and to transact at that price. The money market fund held by the Plan is deemed to be actively traded.

Shares of registered investment companies: Valued at fair value as determined by using commercial quotation services. Fair value includes reinvested dividend and interest income, received and accrued, realized gains and losses, and unrealized gains and losses of the underlying assets.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	<u>Fair Value Measurements</u>			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Fair Value</u>
<u>December 31, 2023</u>				
Money market funds	\$ 737,568	\$ -	\$ -	\$ 737,568
Shares of registered investment companies	<u>35,104,531</u>	<u>-</u>	<u>-</u>	<u>35,104,531</u>
Total Investments at Fair Value	<u>\$35,842,099</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$35,842,099</u>
<u>December 31, 2022</u>				
Money market funds	\$ 418,194	\$ -	\$ -	\$ 418,194
Shares of registered investment companies	<u>27,387,148</u>	<u>-</u>	<u>-</u>	<u>27,387,148</u>
Total Investments at Fair Value	<u>\$27,805,342</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$27,805,342</u>

Note 5 - Related-Party Transactions and Party in Interest Transactions

Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to service providers of \$132,530 which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

MAGNOLIA RIVER 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS - CONTINUED
DECEMBER 31, 2023 AND 2022

Note 7 - Tax Status

The Plan has not obtained a determination letter from the Internal Revenue Service (the “IRS”) stating that the plan was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan is relying on the IRS approval of the volume submitter plan that it is utilizing. The IRS has determined and informed the document sponsor by a letter dated June 30, 2020, that the volume submitter plan document was designed in accordance with applicable sections of the IRC. Therefore, the Plan Administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken a significant uncertain position that more likely than not would be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - Risks and Uncertainties

The Plan invests in a variety of investments. Investments in general are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statements of net assets available for benefits.

Note 9 - Subsequent Events

2024 Plan Amendments

Effective March 1, 2024, the Company amended the plan to recognize predecessor service with a certain employer for eligibility and vesting.

Effective March 19, 2024, the Company amended the Plan name from Magnolia River 401(k) Plan to Magnolia River International 401k Plan and amended the EIN.

Date of Management’s Review

Management has evaluated subsequent events through October 15, 2024, the date which the financial statements were available to be issued.
