Independent Auditor's Report

Plan Administrator
Vixxo Corporation 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Vixxo Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with the auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 DESCRIPTION OF THE PLAN

The following description of the Vixxo Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan was established in January 2001 and has been amended several times since that date.

General

The sponsor of the Plan is Vixxo Corporation (the Company or Plan Sponsor). The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and was created for the benefit of all eligible employees of the Company. The trustees are responsible for oversight of the Plan, as well as determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

On January 5, 2023, the Plan changed its custodian from Newport Trust Company (Newport) to Voya Institutional Trust Company (VITC). Consequently, the Plan assets were transferred from Newport to VITC on January 5, 2023. On the same date, the Plan changed its recordkeeper from Newport to Voya Retirement Insurance and Annuity Company (VRIAC).

Eligibility

Employees who have attained the age of 18 are eligible to participate in the Plan. Ineligible employees are: (1) nonresident aliens with no earned income from sources in the United States; (2) leased employees; (3) residents of Puerto Rico; and (4) employees who are considered to be independent contractors.

Employees must complete 30 days of service before becoming eligible for participant deferral contributions and will be automatically enrolled immediately upon satisfying the eligibility requirements. Employees must complete 30 days of service before becoming eligible for discretionary employer matching contributions. After one year of service, participants become eligible for the employer's nonelective contribution. In addition, participants must be employed on the last day of the Plan year to be eligible for the employer's discretionary matching and nonelective contributions. For employer matching contributions and nonelective contributions, employees may enter the Plan on the first day of the Plan quarter coinciding with or next following satisfaction of the eligibility requirements.

Participant Contributions

Participants may elect to defer up to current statutory limits determined annually as prescribed by the Internal Revenue Service (IRS). An employee who has satisfied the eligibility requirements will be automatically enrolled in the Plan with 2% of their eligible pretax compensation deferred unless they request an amount other than 2%. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows participants to make contributions to a Roth 401(k). The Plan also permits participants to make additional voluntary contributions of qualified rollovers from other retirement plans. Contributions are subject to certain limitations.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Employer Contributions

All employer contributions are at the employer's discretion. The Plan Sponsor's board of directors determines the contribution amount, if any. Contributions are subject to statutory limitations. For the years ended December 31, 2023 and 2022, the Plan Sponsor elected to contribute to the Plan matching contributions of 100% of the participant's deferral, up to 3% of eligible compensation. There were no nonelective employer contributions for the years ended December 31, 2023 and 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions, actual earnings thereon, and allocations of the employer's contributions (if any) and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their elective deferral and any rollover contributions made to the Plan, plus actual earnings thereon. Vesting in the employer's discretionary matching and nonelective contribution portion of the participant's accounts, plus actual earnings thereon, is based on years of credited service. Participants vest at 25% annually, beginning with the completion of their first year, and are fully vested after four years of elapsed time or upon the normal retirement date. Under the elapsed-time method, the Plan defines a period of service on the basis that 365 days equals one year. Only whole years of service will be counted for vesting purposes. Upon death or total disability of a participant prior to retirement, the participant's account balance shall become fully vested.

Notes Receivable from Participants

Participants may borrow from the Plan. Notes receivable from participants cannot exceed 50% of the vested portion of the participant's account, up to \$50,000, and must be a minimum of \$1,000. The notes receivable from participants must be repaid within five years unless the entire proceeds are used to purchase the participant's primary residence, in which case the notes receivable from participants may be repaid over a 30-year period. All notes receivable from participants will provide for the repayment of interest at rates commensurate with local prevailing rates, as determined by the Plan Administrator, on the date of the notes receivable from participants. Principal and interest are paid ratably through payroll deductions.

The participant's individual account serves as collateral for the notes receivable from participants and, in the event of default, death, disability, or termination of employment, the entire outstanding principal and accrued interest shall be immediately due and payable. Because the participant's account collateralizes the note receivable from participants in its entirety, the credit quality of the participant is not assessed by the Plan Administrator. Unpaid notes receivable from participants will be treated as taxable distributions from the Plan.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Investment Options

The Plan is intended to comply with Section 404(c) of ERISA. Accordingly, the participants, rather than the Plan Administrator, are responsible for making investment decisions for their accounts. Participants direct the investment of their account balances into various investment options offered by the Plan. Upon enrollment in the Plan, a participant may direct contributions in any increments into any of several investment options. All the accounts are in the custody of the third-party administrator. Participants may change their investment options inside the platform at any time.

Payment of Benefits

On termination of service due to death, disability, retirement, or other allowable reasons, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or over a period of time determined by the participant. In accordance with the Internal Revenue Code (IRC), hardship withdrawals are allowed to satisfy an immediate and heavy financial need.

Administrative Fees

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants which are charged directly to the participant's account, and certain record-keeping fees paid by the Plan, are included in administrative expenses. Investment-related expenses are included in the net appreciation (depreciation) of fair value of investments.

Forfeitures

The Plan may use forfeitures to reduce employer contributions. The changes in the Plan's forfeiture account balance for the years ended December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Balance, January 1	\$ 29,034	\$ 68,080
Forfeitures during the year	47,672	35,475
Net investment gain	1,044	234
Forfeitures used during the year to pay administrative fees	(89)	-
Forfeitures used during the year to reduce employer contribution	-	(74,755)
Balance, December 31	<u>\$ 77,661</u>	<u>\$ 29,034</u>

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies utilizing information provided by the investment advisor, trustee, and custodian. See Note 4 for the discussion of the fair value measurements. Fully benefit-responsive guaranteed investment contracts are reported at contract value. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of investments are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes both realized and unrealized gains and losses on investments bought and sold as well as held during the year.

Net Appreciation (Depreciation) in Fair Value of Investments

Realized and unrealized appreciation (depreciation) in the fair value of investments is calculated based on the difference between the fair value of the assets at the beginning of the year, or at the time of purchase for assets purchased during the year, and the related fair value on the day investments are sold with respect to realized appreciation (depreciation), or on the last day of the year for unrealized appreciation (depreciation).

Realized and unrealized appreciation (depreciation) is recorded in the accompanying Statements of Changes in Net Assets Available for Benefits as net appreciation (depreciation) in fair value of investments.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance, plus any accrued but unpaid interest. Related fees are recorded to administrative expenses as incurred. Delinquent notes receivable from participants are recorded as a distribution based on the terms of the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability, with a corresponding reduction to contributions.

Contributions

Contributions from Plan participants and discretionary matching contributions are recorded in the year in which the employee contributions are withheld from compensation.

Payments of benefits

Benefits paid to participants are recorded when paid.

Administrative Expenses

Certain administrative functions are performed by officers or employees of the Plan Sponsor. No such officer or employee receives compensation from the Plan. Certain expenses of maintaining the Plan are paid by the Plan unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account.

NOTE 3 FINANCIAL INFORMATION CERTIFIED BY CUSTODIANS

The Plan's asset information as of December 31, 2023 and 2022, and for the years then ended, included throughout the Plan's financial statements and ERISA-required supplemental schedules were obtained by management and agreed to or derived from information certified by Newport, the trustee and custodian of the Plan through January 4, 2023, and VITC, the trustee and custodian of the Plan beginning January 5, 2023. The Plan Administrator has obtained certifications from the custodians that information provided to the Plan Administrator by the custodians related to the Plan's assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- Investments and notes receivable from participants, as reflected in the Statements of Net assets Available for Benefits, as of December 31, 2023 and 2022;
- Investment activity, as reflected in the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022;
- Investment information disclosed on Note 4 to the Plan's financial statements; and,
- Investments and notes receivable from participants as reflected in Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023.

NOTE 4 FAIR VALUE MEASUREMENT

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under the FASB guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for identical or similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and 2022.

Registered investment companies: Valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are classified within Level 1 of the valuation hierarchy.

NOTE 4 FAIR VALUE MEASUREMENTS (CONTINUED)

The amount of Plan's investment in registered investment companies totaled \$24,939,832 and \$20,944,288 as of December 31, 2023 and 2022, respectively.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value could result in a different fair value measurement at the reporting date.

NOTE 5 INVESTMENT CONTRACT WITH INSURANCE COMPANY

As of December 31, 2023, the Plan has a fully benefit-responsive investment contract with VRIAC. This fully benefit-responsive investment contract is reported at contract value. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

As described in Note 2, because the investment contract is fully benefit-responsive, the contract value is the relevant measure for the portion of the net assets available for benefits attributable to the investment contract. Contract value, as reported to the Plan by Voya, represents contributions made under the contract plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. There are no reserves against the contract value for credit risk of the contract issuer or otherwise.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include: (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator believes that any events that would limit the Plan's ability to transact at contract value with participants are probable of not occurring.

The contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

NOTE 6 TAX STATUS

The Plan Sponsor adopted a Non-standardized Pre-approved Profit-sharing Plan (pre-approved plan document), sponsored by VRIAC, which has received an opinion letter dated June 30, 2020, from the IRS stating that the pre-approved plan document was in compliance with the applicable sections of the IRC. The Plan has not filed individually with the IRS for a letter regarding the Plan's qualified status and the Plan has since been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC. Therefore, it believes that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 7 RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by VRIAC and Newport including recordkeeping functions of the Plan. As discussed in Note 1, VRIAC became the third-party administrator beginning January 5, 2023. These transactions qualify as party-in-interest transactions that are exempt under ERISA. Fees paid by the Plan related to Plan operations and investment activities to service providers totaled \$81,916 and \$81,241 for the years ended December 31, 2023 and 2022, respectively.

NOTE 8 PLAN TERMINATION AND PARTIAL PLAN TERMINATION

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts and the net assets of the Plan will be allocated among the participants and their beneficiaries after payment of any expenses properly chargeable to the Plan, in accordance with the provisions of ERISA.

In 2020, the Company downsized its operations. As of December 31, 2020, the reduction in force affected approximately 200 participants. The Company believes that the reduction in force has not resulted in a partial plan termination under applicable legal authorities. The Company has submitted a request on its Form 5300 for a determination from the IRS that the reduction in force did not result in a partial plan termination. If the IRS determines that the reduction in force did result in a partial plan termination, the Company would be required to restore forfeited amounts in the approximate amount of \$54,000. In May 2024, the Plan received a determination letter from the IRS that a partial plan termination occurred on December 31, 2020. As of October 10, 2024, the date the accompanying financial statements were available to be issued, the amount potentially required to be contributed by the Plan Sponsor is not considered to be material to the financial statements.

NOTE 9 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities that are exposed to risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

NOTE 10 RECONCILIATION OF FINANCIAL STATEMENTS TO THE FORM 5500

NOTE 11 NEW LAWS AND REGULATIONS

On December 29, 2022, the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022 (SECURE Act 2.0) became law. The new law makes changes to include provisions intended to expand coverage, increase retirement savings, and simplify and clarify retirement plan rules. SECURE Act 2.0 changed the retirement plan rules for long-term, part-time employees. The 401(k) plan requirement to allow employees to contribute elective deferral was expanded to 403(b) plans.

For plan years beginning in 2024, if an employee has three consecutive 12-month periods with more than 500 hours of service in each, the employee must be eligible to enter the plan, and the period of service was reduced from three to two consecutive 12-month periods, for plans years beginning after December 31, 2024. The Plan will implement this legislative change and plans to formally execute the required plan amendments reflecting their implementation by the deadline, which is December 31, 2026.

NOTE 12 SUBSEQUENT EVENTS

In August 2024, the Company acquired a business based in Wichita, Kansas and its team of approximately 280 employees. The Company took over the employees where they have been allowed to rollover their balances to the Plan upon meeting the eligibility requirements. The related retirement plan of the business acquired will not be merged into the Plan.

The Plan Administrator has evaluated events or transactions that occurred subsequent to December 31, 2023 through October 10, 2024, the date the accompanying financial statements were available to be issued. Based upon this evaluation, it was determined that no other subsequent events occurred that required recognition or additional disclosure in the financial statements, except for the information disclosed above and in Note 8.
