Independent Auditor's Report

To the Trustees
BRIDGE Housing Corporation 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of BRIDGE Housing Corporation 403(b) Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits - modified cash basis for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 3 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits - modified cash basis certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, Annual Reporting Requirement for 403(b) Plans. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits - modified cash basis. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not reasonably determinable. Accounting principles generally accepted in the United States of America require that these accounts and related income and distributions be included in the accompanying financial statements.

Emphasis of Matter - Modified Cash Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with modified cash basis of accounting described in Note 2, and for determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue our auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

Note 1 - Description of Plan

The following description of Bridge Housing Corporation 403(b) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement or Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan-covering employees of Bridge Housing Corporation ("BHC") and Bridge Property Management Company ("BPMC"). Nonresident aliens, employees who normally work less than 20 hours per week, collective bargaining (union) employees, and temporary employees whose regularly scheduled service is less than 1,000 hours in the relevant computation period as defined in the Plan are not eligible to participate in the Plan. The Plan is designed to comply with the applicable sections of the Internal Revenue Code ("IRC") and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan's Trustees are responsible for oversight of the Plan. The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's Trustees.

Contributions

Each year, participants may contribute up to 100% of pre-tax annual compensation, as defined in the Plan, subject to limitations established by the IRC. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan also allows participants to make designated Roth contributions on an after-tax basis. Participants may also contribute amounts representing distributions from other qualified plans (rollover). Effective August 1, 2019, the Plan implemented auto-enrollment whereby all eligible employees are automatically enrolled in the Plan, unless they affirmatively elect not to participate, with a default deferral rate set at 3% of eligible compensation.

The Plan provides that the Company may contribute for eligible employees, who have completed six months of service, annually a discretionary matching contribution equal to a percentage of the amount of participant contributions and a discretionary nonelective contribution allocated pro-rata to all eligible participants based on a uniform percentage of compensation. The Company elected to contribute a matching contribution equal to 100% of participant contributions, up to 3% of compensation, and a nonelective contribution of 3% of compensation for BHC and BPMC employees annually. Participants also direct the investment of the Company contributions.

Participant accounts

Each participant's account is credited with the participant's contributions and Company matching and nonelective contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and earnings thereon. A participant is 0% vested before two years of service, is 50% vested after two years of service, is 75% vested after three years of service and is 100% vested after four years of service.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account. From August 1, 2019, the loan interest rate is based on the quarterly prime rate adjusted by 1%. Effective April 13, 2023, the loan interest rate is based on the quarterly prime interest rate. The maximum number of outstanding loans for participants under the Plan is three. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or an annuity distribution option. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Forfeitures

Any forfeiture of the Company's contributions and earnings thereon due to a participant's withdrawal from the Plan prior to being 100% vested, effective August 1, 2019, are first applied to Plan expenses and then used to reduce the Company's nonelective contributions and lastly the Company's discretionary matching contributions. Forfeited nonvested accounts were $78,951 and $35 at December 31, 2023 and 2022, respectively. Forfeitures applied to Plan expenses and Company contributions were $0 and $64,487, respectively, for the year ended December 31, 2023.

Note 2 - Summary of accounting policies

Basis of accounting

The accompanying financial statements are prepared on the modified cash basis of accounting. The primary differences from financial statements prepared under accounting principles generally accepted in the United States of America ("GAAP") arise from accounting for contributions and administrative expenses on the cash basis. Accordingly, the accompanying financial statements are not intended to be presented in conformity with GAAP.

Use of estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodian and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a settlement-date basis. Interest income is recorded when received. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment of benefits
Benefits are recorded when paid.

Expenses
Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent events
The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities ("Level 1") and the lowest priority to unobservable inputs ("Level 3"). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") issued Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022:

Mutual funds and Money market fund: Valued at the daily closing price as reported by the fund. Mutual funds and the money market fund held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds and the money market fund held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of mutual funds and common stocks that are valued on the basis of readily determinable market prices.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement:

For the years ended December 31, 2023 and 2022, there was no significant transfers between Levels 1 and 2. There are no Level 3 investments. The Plan's financial statements do not present information regarding certain investments in custodial accounts issued to current and former employees prior to January 1, 2009. The Plan administrator has elected to exclude those accounts and related activity from the Plan's financial statements for purposes of the annual reporting requirements of ERISA as permitted by Department of Labor ("DOL") Field Assistance Bulletin 2009-02, *Annual Reporting Requirements for 403(b) Plans*. Presentation of this information is required by the modified cash basis of accounting. The effects of this departure from the modified cash basis of accounting on these financial statements are not reasonably determinable.

Note 4 - Related party transactions and party-in-interest transactions

Certain Plan investments are shares of mutual funds managed by Lincoln Financial Group Trust Company, Inc. ("Lincoln"), the custodian, as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

Lincoln provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement between the Company and Lincoln. Lincoln receives revenue from mutual fund service providers for services Lincoln provides to the funds. This revenue is used to offset certain amounts owed to Lincoln for its administrative services to the Plan. For the year ended December 31, 2023, expenses of $13,290 were incurred.

Note 5 - Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their Company matching and nonelective contribution accounts.

Note 6 - Tax status

The Plan has been designed to qualify under Section 403(b) of the IRC. The terms of the Plan have been prepared to conform with the sample language provided by the Internal Revenue Service ("IRS") in Revenue Procedure 2007-71 or the draft Listing of Required Modifications issued April 4, 2009. The prototype plan document, which the Plan has adopted via a nonstandardized adoption agreement, obtained its latest advisory letter dated March 31, 2017 in which the IRS stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. Although the Plan has been amended since receiving the advisory letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

The Plan's management evaluates tax positions taken by the Plan and recognizes a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 7 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits - modified cash basis.

Note 8 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2023 and 2022 and investment income and interest income on notes receivable from participants for the year ended December 31, 2023, that is disclosed in the accompanying financial statements and supplemental schedule was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Lincoln Financial Group Trust Company Inc., the custodian of the Plan.
