Independent Auditor's Report

To the Participants and Administrator of
the Swisslog Savings Plan for Salaried Employees:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Swisslog Savings Plan for Salaried Employees (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2012, and the related notes to the financial statements ("Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Financial Statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be

independent of the Swisslog Savings Plan for Salaried Employees and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Swisslog Savings Plan for Salaried Employees' ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Swisslog Savings Plan for Salaried Employees' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Swisslog Savings Plan for Salaried Employees' ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the Financial Statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at the end of year), and the supplemental schedule of delinquent participant contributions as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Swisslog Savings Plan for Salaried Employees

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The following description of the Swisslog Savings Plan for Salaried Employees (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

General

The Plan was established on January 1, 1990, and is a defined contribution plan covering all salaried employees of Translogic Corporation and Swisslog Logistics, Inc. (the “Company”). The Plan is subject to the provisions of the Employment Income Security Act of 1974, as amended (ERISA).

Eligibility

Employees are eligible to make elective deferrals and receive employer matching contributions on the earliest quarterly entry date after their date of hire.

Contributions

The Plan allows for Internal Revenue Code (IRC) Section 401(k) employee salary deferral contributions and basic safe harbor employer matching contributions. Participants may contribute up to 100% of eligible compensation on a pre-tax and/or Roth after-tax basis during the Plan year or the maximum allowed by the IRC (\$22,500 for the Plan year ended December 31, 2023). In addition, eligible employees age 50 and over may contribute “catch-up” contributions of \$7,500 in 2023. The Company implemented an automatic enrollment of 5%, and the contributions are automatically invested in the Principal Lifetime Portfolio accounts.

For the year ended December 31, 2023, the Company contributed a basic safe harbor match of 100% of participant contributions up to 3% of eligible compensation, and 50% of participant contributions over 3%, not to exceed 5% of the participant’s eligible compensation. The Company can also make additional discretionary contributions of up to 4% of active employee’s eligible compensation beginning on the first of the month following one year of service in which an employee is credited with at least 1,000 hours of service. For the year ended December 31, 2023, the total safe harbor match and 4% discretionary contributions amounted to \$2,108,208 and \$1,944,326, respectively.

Total annual additions under the Plan and all other savings plans sponsored by the Company are limited to the lesser of 100% of eligible compensation or \$73,500, including the catch-up provisions, per participant. Annual additions are defined as employee deferral contributions, employer matching contributions and additional employer discretionary contributions.

Swisslog Savings Plan for Salaried Employees
Notes to Financial Statements
December 31, 2023 and 2022

1. Description of the Plan (continued)

Under certain circumstances, participants may roll over an amount from another qualified retirement plan to the Plan. Rollover contributions made to the Plan for the year ended December 31, 2023 include total rollovers of \$915,195.

Hourly employees who become salaried employees may transfer their account balances into the Plan from the Company's Swisslog Savings Plan for Hourly Factory Employees.

Participant Accounts

Participant accounts are credited with participant elective contributions, matching employer contributions, discretionary employer contributions, and Plan earnings or losses on an account-by-account basis. Participants may choose how their elective deferral contributions, the employer matching contributions and the employer discretionary contributions are invested. Income or loss from each investment is allocated to each participant's account, based on the participant's account balance.

Investment Options

Participants may direct their accounts in various investment options including pooled separate accounts, a common collective trust and guaranteed interest accounts offered by the Plan's trustee, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company ("Principal"), and registered investment companies.

Vesting

Participants are vested immediately in their elective deferral contributions, employer matching contributions and employer discretionary contributions plus actual earnings thereon.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear an interest rate based on commercial lending rates. Principal and interest is paid ratably through payroll deductions. These loans are subject to certain restrictions, as defined by the Plan document, and applicable restrictions under the IRC.

Payment of Benefits

A participant's entire balance in the Plan is payable upon death of the participant, upon attainment of normal retirement age or upon termination of service. A participant's benefit will

1. Description of the Plan (continued)

be distributed as a single life payment or joint survivor payment. A participant can also elect to receive a lump-sum or direct rollover to a qualified IRA or another qualified plan.

Basis of Presentation

The financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

2. Summary of Significant Accounting Policies

Use of Estimates

The preparation of the Plan's financial statements in conformity with generally accepted accounting principles requires the Plan's administrators to make significant estimates and assumptions that affect the reported amounts of net assets available for plan benefits at the date of the financial statements, and the changes in net assets available for plan benefits during the reporting period and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment options in pooled separate accounts, a common collective trust, guaranteed interest accounts, and registered investment companies. Investments, in general, are exposed to various risks, such as interest rate, credit and overall market volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Investment Valuation and Income Recognition

The Plan's investments in pooled separate accounts, the common collective trust and registered investment companies are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

The guaranteed interest accounts are not fully benefit-responsive and therefore are reported at fair value which is the value paid when funds are withdrawn prior to their maturity.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recognized on the ex-dividend

Swisslog Savings Plan for Salaried Employees
Notes to Financial Statements
December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

Administrative costs of the Plan are paid by the Company, except for investment costs and loan fees which are paid for by the Plan or Plan participant. For the year ended December 31, 2023, the Plan sponsor paid administrative costs on behalf of the Plan of \$79,731.

3. Investment Contracts With an Insurance Company

The Plan entered into investment contracts with an insurance company, which are not benefit responsive. The insurance company maintains the contributions in a general account that is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are set on a quarterly basis.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under the Employee Retirement Income Security Act of 1974. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

4. Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices

Swisslog Savings Plan for Salaried Employees

Notes to Financial Statements

December 31, 2023 and 2022

4. Fair Value Measurements (continued)

in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Guaranteed interest accounts: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Investments in pooled separate accounts and common collective trust: Valued at unit value which is calculated based on the net assets of the underlying investment or pool of securities.

Investments in registered investment companies (mutual funds): Valued at quoted market prices which represent the net asset value of shares held by the Plan at year end.

Swisslog Savings Plan for Salaried Employees
Notes to Financial Statements
December 31, 2023 and 2022

4. Fair value measurements (continued)

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2023:

Assets at Fair Value at December 31, 2023				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$15,183,691	\$ —	\$ —	\$ 15,183,691
Guaranteed interest accounts	—	—	1,543,391	1,543,391
Total assets in the fair value hierarchy	15,183,691	—	1,543,391	16,727,082
Investments measured at net asset value ⁽¹⁾	—	—	—	74,605,236
Investments at fair value	\$15,183,691	\$ —	\$1,543,391	\$ 91,332,318

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value at December 31, 2022:

Assets at Fair Value at December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$12,987,462	\$ —	\$ —	\$12,987,462
Guaranteed interest accounts	—	—	1,301,606	1,301,606
Total assets in the fair value hierarchy	12,987,462	—	1,301,606	14,289,068
Investments measured at net asset value ⁽¹⁾	—	—	—	62,233,968
Investments at fair value	\$12,987,462	\$ —	\$1,301,606	\$76,523,036

(1) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

4. Fair value measurements (continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023, and 2022, respectively.

December 31, 2023	Fair Value	Unfunded Commitments	Redemption frequency	Redemption notice period
Pooled separate accounts and common collective trust	\$74,605,236	n/a	Daily	n/a
December 31, 2022	Fair Value	Unfunded Commitments	Redemption frequency	Redemption notice period
Pooled separate accounts and common collective trust	\$ 62,233,968	n/a	Daily	n/a

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	Level 3 Assets
	Guaranteed interest accounts
Balance, beginning of year	\$ 1,301,606
Interest credited	31,422
Additions: Contributions and transfers from separate accounts	500,426
Deductions: Disbursements and transfers to separate accounts	(325,380)
Spinoff and other, net	35,317
Balance, end of year	<u>\$ 1,543,391</u>

5. Information Certified by the Trustee and Recordkeeper (Unaudited)

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Plan's trustee and recordkeeper have certified that the following data included in the accompanying financial statements and supplemental schedules is complete and accurate:

5. Information Certified by the Trustee and Recordkeeper (Unaudited) (continued)

- Investments at fair value as shown in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Investment income as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2023;
- The Schedule of Assets (Held at End of Year) as of December 31, 2023, as shown on the Supplemental Schedules.
- The Schedule of Delinquent Participant Contributions for the year ended December 31, 2023, as shown on the Supplemental Schedules.

The Plan's independent auditors did not perform any auditing procedures with respect to this information, except for comparing such information as provided by the trustee to the related information included in the financial statements and supplemental schedules.

6. Party-In-Interest Transactions

Certain Plan investments are shares of pooled separate accounts and guaranteed interest accounts managed by Principal. Principal is the trustee of the Plan, and therefore, these transactions qualify as party-in-interest transactions. There are no fees paid directly by the Plan for investment management services. Any management fees for the pooled separate and guaranteed interest accounts have been netted into the investment earnings for the Plan.

7. Tax Status

The Plan and its related trust were established under a prototype standardized agreement which has received a determination from the Internal Revenue Service that it qualified under section 401(a) of the IRC. A determination letter has been received dated September 25, 2017, stating the Plan and related trust are designed in accordance with the applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However, it is the opinion of the Plan administrator that the Plan as presently amended, is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2023, there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

December 31, 2023 and 2022

8. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to provisions set forth in the Employee Retirement Income Security Act of 1974. Upon termination of the Plan, amounts credited to the individual participants' accounts are 100% vested.

9. Reconciliation of financial statements to form 5500

An employer true-up match contribution was made on March 24, 2023 for the prior year period and there was a receivable recorded as of December 31, 2022. As a result, the Statement of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022 were presented to reflect this. However, the Form 5500 was not updated at the time of filing in 2023:

	2022
Net assets available for benefits per the Form 5500	\$77,515,222
Employer true-up match contribution	<u>104,097</u>
Net assets available for benefits per the financial statements	<u>\$77,619,319</u>

10. Subsequent Events

The Company has evaluated events subsequent to December 31, 2023 through October 15, 2024, which is the date the financial statements were available to be issued. There have been no material events noted in this period which would impact the results reflected in this report, the Plan's results going forward or require additional disclosure.
