Independent Auditors' Report

James Marine, Inc./Paducah River Service
401(k) Retirement Plan
4500 Clarks River Drive
Paducah, KY 42003

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of James Marine, Inc./Paducah River Service 401(k) Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits - modified cash basis as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits – modified cash basis for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of James Marine, Inc./Paducah River Service 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of James Marine, Inc./Paducah River Service 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about James Marine, Inc./Paducah River Service 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of James Marine, Inc./Paducah River Service 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about James Marine, Inc./Paducah River Service 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**JAMES MARINE, INC./PADUCAH RIVER SERVICE
401(k) RETIREMENT PLAN**

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following description of the James Marine, Inc./Paducah River Service (“Company”) 401(k) Retirement Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan’s provisions.

General:

The Plan is a defined contribution plan covering all employees of the Company who have one year of service and are age eighteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). The Plan’s Administrator is responsible for the oversight of the Plan, determining the appropriateness of the Plan’s investment offerings, and monitoring investment performance.

Contributions:

The Plan is funded by both participant and employer contributions. Participants may contribute a portion of their pre-tax annual compensation, as defined in the Plan. Participants may elect to defer a portion of their after-tax compensation as Roth contributions. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

Each year, the Company chooses the amount of contributions to make to the Plan. A participant’s share of the matching contribution is equal to a discretionary percentage of the employees’ elective deferrals. For the years ended December 31, 2023 and 2022, the Company matched 50 percent of the participants’ deferrals not exceeding 6 percent of eligible compensation. The Company may also make non-elective contributions. These contributions will be based on the participant’s proportionate share of the total compensation paid during the plan year to all participants. Contributions are subject to certain limitations.

Participant accounts:

Each participant’s account is credited with the participant’s contribution and the Company’s contribution, as well as allocations of plan earnings. Participant accounts are charged with an allocation of investment expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined in the plan provisions. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

NOTES TO FINANCIAL STATEMENTS

Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service according to the following table:

<u>Years of Service</u>	<u>Percent of Non-Forfeitable Interest</u>
0-1	0%
2	20%
3	40%
4	60%
5	80%
6+	100%

Payment of benefits:

On termination of service due to death, disability, retirement, termination of employment, or attaining normal retirement age, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. The Plan specifically restricts the timing and method of benefit payments based upon the participant's age, length of service, account value, and reason for termination.

Participants may also be permitted to receive a distribution from their account prior to termination of employment provided they experience certain financial hardships. Hardship withdrawals are allowed from all sources.

Participant loans:

The Plan does not provide for loans from participant accounts.

Corrective distributions:

Corrective distributions represent amounts paid to participants in excess of amounts allowed by the IRS. As the Plan utilizes the modified cash basis of accounting, the excess contributions are not reported as a liability at the end of the Plan year, rather they are recorded when paid.

Forfeited accounts:

Forfeitures are used to pay plan expenses and make non-elective employer contributions. As of December 31, 2023 and 2022, forfeited non-vested accounts totaled \$7,463 and \$33,232, respectively. Amounts used for plan expenses and non-elective contributions totaled \$34,270 and \$26,262 for the years ended December 31, 2023 and 2022, respectively.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

This summary of significant accounting policies is presented to assist in understanding the Plan's financial statements. The financial statements and notes are representations of the Plan's management, who is responsible for the integrity and objectivity of the financial statements. These accounting policies conform to the modified cash basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Basis of accounting:

The financial statements of the Plan are prepared on the modified cash basis of accounting. This is a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Under the modified cash basis, investments of the plan are stated at fair value and contract value, revenue and contributions are recorded when they are received, and expenses and plan benefits are recorded when they are paid by the Plan.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transition between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policies utilizing information provided by the investment advisors, insurance company and trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the modified cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

NOTES TO FINANCIAL STATEMENTS

Contributions:

Contributions from Plan participants and the matching contributions from the Employer are recorded when received by the Plan.

Administrative expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Investment related expenses are included in the net appreciation (depreciation) in fair value of investments. Expenses of maintaining the Plan are paid by the Company and the Plan.

Subsequent events:

The Plan has evaluated subsequent events through October 15, 2024, which is the date the financial statements were available to be issued.

Note 3. Certified Investments

Certain information related to investments disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments held at December 31, 2023 and 2022, and net appreciation (depreciation) in fair value of investments, interest and dividends, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Reliance Trust Company, the trustee of the Plan for the year ended December 31, 2023 and the period from November 3, 2022 to December 31, 2022, and by Empower, the trustee, for the period of January 1, 2022 through December 20, 2022.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

NOTES TO FINANCIAL STATEMENTS

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 - Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active or inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

All assets have been valued using a market approach. Following is a description of the valuation methodologies used for assets measured at fair value on a recurring basis. There have been no changes in methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at the daily closing price as reported by the fund.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level with the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<u>December 31, 2023</u>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$26,816,877</u>	<u>\$26,816,877</u>
	<u>December 31, 2022</u>	
	<u>Level 1</u>	<u>Total</u>
Mutual funds	<u>\$22,091,775</u>	<u>\$22,091,775</u>

NOTES TO FINANCIAL STATEMENTS

Note 5. Guaranteed Investment Contract with Insurance Company

The Plan entered into a fully benefit-responsive guaranteed investment contract with Lincoln National Life Insurance Company (Lincoln) with a contract value of \$2,006,309 and \$1,959,237 at December 31, 2023 and 2022, respectively. Lincoln maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a monthly basis for resetting.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Lincoln, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include termination of the contract, spinoffs, divestitures, layoffs, corporate relocation, partial or total plan termination, retirement incentive programs, and the liberalization of plan withdrawal or transfer rules. Upon occurrence of any of these events, a market value adjustment may apply. The Plan Administrator does not believe that any events are probable of occurring that might limit the ability of the Plan to transact at contract value with participants.

Lincoln may terminate the contract for any of the following reasons: if any charges billed to the contract owner have not been paid within 30 days, the plan ceases to meet the requirements of the Internal Revenue Code for purchasers of this contract, failure to maintain an account balance of at least \$15,000 at the end of the third contract year, if there is no deposit activity for a 24-consecutive-month period and the contract balance is less than \$50,000, failure to provide requested documentation, misrepresentation of material information, Lincoln discontinues offering the contract, or the plan terminates the recordkeeping agreement with Lincoln.

Note 6. Party-in-Interest Transactions/Exempt

James Marine, Inc./Paducah River Service ("Plan sponsor") provides the Plan with certain administrative services for which no fees are charged. No officer or employee receives compensation from the Plan. Fees paid on behalf of the Plan for administrative services were borne by the Plan and Plan sponsor in accordance with the Plan document.

NOTES TO FINANCIAL STATEMENTS

ADP, Inc. is the recordkeeper of the Plan and, therefore, transactions with ADP, Inc. qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$28,806 and \$874 for the years ended December 31, 2023 and 2022, respectively.

Edward Jones is the investment advisor of the Plan and, therefore, transactions with Edward Jones qualify as party-in-interest transactions. Fees paid by the Plan for these services amounted to \$43,576 for the year ended December 31, 2023. No amounts were paid by the Plan to Edward Jones for the year ended December 31, 2022.

Deming, Malone, Livesay & Ostroff (DMLO), is the auditor of the Plan, and therefore transactions with DMLO qualify as party-in-interest transactions. Fees paid to DMLO for the year ended December 31, 2022 totaled \$15,500.

Note 7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become one-hundred percent vested in their accounts.

Note 8. Risk and Uncertainties

The Plan invests in various investment securities held by Reliance Trust Company. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits - modified cash basis.

Note 9. Tax Status

The Plan is a volume submitter plan offered by ADP, LLC. The volume submitter plan obtained its latest opinion letter on October 6, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTES TO FINANCIAL STATEMENTS

The modified cash basis of accounting requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 10. Prohibited Transactions

During the Plan year ending December 31, 2023, the Company did not remit to the Plan certain employee contributions totaling \$7,553 within the period prescribed by the Department of Labor regulations. The Company will make a contribution during 2024 to the affected participants' accounts to compensate those participants for lost earnings due to the delays.

Note 11. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net appreciation per the financial statements to the Form 5500 for the year ended December 31, 2023:

Net appreciation per the financial statements	\$3,485,080
Less: residual earnings on plan assets transferred in 2022	<u>(1,321)</u>
