Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements

We have performed an audit of the accompanying financial statements of Kari-Out 401(k) Plan (formerly Perk-Up, Inc. 401(k) Plan) (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (the "Financial Statements").

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section—

- the amounts and disclosures in the accompanying 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental schedule of delinquent participant contributions and schedule of assets (held at end of year) are presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that is agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that was agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(FORMERLY PERK-UP, INC. 401(K) PLAN)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Kari-Out 401(k) Plan (name change from Perk-Up, Inc. 401(k) Plan effective August 1, 2023) ("Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan was organized on January 1, 2000 and is a 401(k) and profit sharing 401(k) plan covering substantially all employees of the Sponsor, Kari-Out, LLC, and its affiliated entities, Special Quality Packaging, LLC and Tripak Industrial USA, LLC (collectively the "Company"), who are not covered by a collective bargaining agreement, and are not nonresident aliens who do not receive any earned income from the Company. The Plan was amended, effective January 1, 2023, to change eligibility to participate from immediate upon commencement of employment to at least three months of service. Employees must have also attained the age of 18 or older to participate in the Plan. The Plan is subject to the provisions of the Employees Retirement Income Security Act of 1974, as amended (ERISA).

The Board of Trustees and plan administrator are responsible for the oversight of the Plan and determine the appropriateness of the Plan's investment offerings and monitor investment performance.

On November 1, 2023, the Jadine Foods Inc. 401(k) Plan was merged into the Plan. Prior to the merger, the Plan covered eligible employees at the Company. The transferred net assets have been recognized in the accounts of the Plan as of November 21, 2023, at their balances as previously carried in the accounts of the Jadine Foods Inc. 401(k) Plan in the amount of \$3,836,169.

Contributions

Contributions to the Plan may be pre-tax Salary Deferrals or after-tax Roth Deferrals. Participants who have attained age of 50 before the end of the Plan year are eligible to make catch-up contributions. Rollover contributions are subject to the terms of the Plan and are fully vested and non-forfeitable.

The Company may make discretionary matching and nonelective contributions each year. The Plan was amended, effective January 1, 2023, to allow for Company safe harbor matching contributions on a per pay period basis. For the year ended December 31, 2023 the Company made safe harbor matching contributions, net of forfeitures, of \$612,142 to the Plan. The Company did not make any other contributions to the Plan. Participants direct the investment of their balances into various investment options offered by the Plan. Contributions are subject to certain statutory limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, Company contributions, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Company discretionary matching contributions and nonelective contributions is based on years of continuous service as follows:

<u>Years of Service</u>	<u>Percent Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Participants are immediately vested in Company safe harbor matching contributions.

Notes Receivable from Participants

Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% (50 percent) of their vested account balance. Notes receivable from participants are secured by the balance in the participant's account. The interest rates on outstanding loans range from 4.25% to 9.50% per annum. Principal and interest is paid ratably through payroll deductions.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding deduction to contributions. At December 31, 2023, there were no excess contributions payable. At December 31, 2022, excess contributions payable totaled \$49,570. Such excess contributions were distributed, and reported as a reduction in distributions, during the year ended December 31, 2023. The Company has corrected this operational failure by filing an excise tax return and remitting the related excise taxes due.

Payment of Benefits

On termination of service due to death, disability, retirement or other, a participant may elect to receive a lump sum amount equal to the value of the participant's vested interest in his or her account. Participants are entitled to receive in-service withdrawals upon attainment of age 59½ or as a hardship distribution, as defined in the Plan agreement.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$31 and \$10,102, respectively. Forfeitures, if any, are used to reduce employer contributions. For the year ended December 31, 2023, employer contributions were reduced by \$18,475 from forfeited nonvested accounts.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and could cause our reported performance of the Plan to vary significantly from period to period.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are recorded as distributions on the basis of the terms of the Plan agreement.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net change in fair value of investments.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE INSURANCE COMPANY

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The following is a summary of unaudited information regarding the Plan as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included in the Plan's financial statements and supplemental schedule of assets (held at end of year), that was prepared by or derived from information prepared by the trustee Reliance Trust or the insurer Voya Retirement Insurance and Annuity Company ("Voya"), and furnished to the Plan administrator. The Plan administrator has obtained the certifications from Reliance Trust and Voya as of December 31, 2023 and 2022, and for the year ended December 31, 2023, that such information is complete and accurate.

	<u>2023</u>	<u>2022</u>
At December 31,

Investments, at contract value	76,136	612,523
Notes receivable from participants	140,201	107,612

in fair value of investments	\$ 1,445,514	
Dividends	378,856	
Interest income	2,856	
Interest income from notes receivable	7,020	

NOTE 4 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Inputs to the valuation methodology include:
- quoted prices for similar assets or liabilities in active markets;
 - quoted prices for identical or similar assets or liabilities in inactive markets;
 - inputs other than quoted prices that are observable for the asset or liability;
 - inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

**KARI-OUT 401(K) PLAN
(FORMERLY PERK-UP, INC. 401(K) PLAN)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common and Collective Trust

Composed primarily of fully-benefit responsive investment contracts and is valued at their NAV of units of the bank collective trust. The net asset value is used as a practical expedient to estimate the fair value. The practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. There are no participant redemption restrictions for these investments and the redemption notice period of 12 months is applicable only at the Plan level.

Investments, at fair value	\$ 7,574,396	\$ -	\$ -	\$ 7,886,888

- (a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The Plan's policy is to recognize transfers between Level 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. For the year ended December 31, 2023 and 2022, there were no significant transfers between Level 1 and 2 and no transfers into or out of Level 3.

NOTE 5 – GROUP ANNUITY CONTRACT WITH VOYA RETIREMENT INSURANCE AND ANNUITY COMPANY

On December 3, 2015, the Plan entered into a fully benefit-responsive guaranteed investment contract with Voya. Voya maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Voya, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2023 and 2022, was \$76,136 and \$612,523, respectively. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than an annual rate of 1%. Such interest rates are reviewed on an annual basis for resetting.

Certain events limit the Plan's ability to transact at contract value with Voya. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

**KARI-OUT 401(K) PLAN
(FORMERLY PERK-UP, INC. 401(K) PLAN)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

The Plan terminated the contract effective July 31, 2022, when the Plan changed third-party administrators from Voya to Automatic Data Processing, Inc (“ADP”). At the time of termination, the Plan had the option to surrender the contract for its full current adjusted value or surrender the contract over 5 annual installments, at contract value, plus accumulated interest with interest never to be less than the contract’s minimum crediting rate of 1%. The Plan elected the 5-year pay spread option. As such, no further participant contributions or investment transfers are permitted.

As part of the 5-year pay spread option, Voya will permit the Plan’s trustee to withdraw amounts from the remaining contract balance prior to the next annual scheduled installment date and transfer them to ADP, for the limited purpose of meeting tax-reportable benefit distributions for participant retirement, death, disability, separation from service, hardship, loan or in-service withdrawals after the participant attains age 59 ½. No additional withdrawals will be permitted. Voya will be paying the annual amounts to ADP and ADP will be depositing these funds in a common collective trust as elected by those participants invested in the contract.

NOTE 6 – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.

NOTE 7 – TAX STATUS

The Plan has adopted a non-standardized defined contribution pre-approved plan and is relying on an opinion letter received from ADP dated October 6, 2020, stating that the Internal Revenue Service has determined that the non-standardized defined contribution pre-approved plan is designed in accordance with applicable sections of the Internal Revenue Code (“IRC”). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 – RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants’ account balances and the amounts reported in the statement of net assets available for benefits.

The Plan utilizes ADP as the recordkeeper of the Plan and Reliance Trust as the trustee of the Plan. Prior to ADP, the Plan utilized Voya as the recordkeeper and insurer of the Plan. Therefore, certain transactions qualify as party-in-interest transactions. Fees of \$52,434 were paid to these providers from the Plan during the year ended December 31, 2023.

LPL Financial Corporation, an advisor of the Plan, are parties-in-interest and are paid from net investment earnings of the Plan.

**KARI-OUT 401(K) PLAN
(FORMERLY PERK-UP, INC. 401(K) PLAN)
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022**

On Schedule H Form 5500, contributions from both participants and the employer are recorded when received and on the financial statements in the period that they are attributable to.

The following schedule is a reconciliation of benefits paid to participants per the financial statements, for the year ended December 31, 2023, to Schedule H Form 5500:

Benefits paid to participants per the financial statements	\$ 1,083,139
Add: Prior year excess participant contributions payable	49,570
Add: Defaulted offset of participant notes receivable	<u>(2,375)</u>
Total participant distributions per the Form 5500	<u>\$ 1,130,334</u>

On Schedule H Form 5500, excess contributions are recorded when paid and per the financial statements they are recorded as a reduction to participant contributions in the year the excess contributions were incurred. Also, on Schedule H Form 5500, participant notes receivable that are in default are deemed distributed in the year of default but not offset on the financial statements until a distributable event occurs.

NOTE 11 – NONEXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company failed to withhold and remit certain participant contributions totaling \$3,261, during the year ended December 31, 2023, plus related Company safe harbor matching contributions of \$2,181 to the Plan later than required by the Department of Labor (“DOL”) Regulation 2510.3-102. The Company is in the process of self-correcting these nonexempt transactions by depositing the missed participant and employer safe harbor matching contributions plus determining the investment income that would have been earned had the participant contributions been remitted on a timely basis.

NOTE 12 – SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 15, 2024, the date the financials were available to be issued.
