Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

2023 supplemental schedule required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's report on the 2022 financial statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated September 28, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, was presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Medix Staffing Solutions, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Medix Staffing Solutions, Inc. 401(k) Plan (the Plan) provides only general information. Interested parties should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan covering eligible employees of Medix Staffing Solutions, LLC (the Company). Employees are eligible to participate and receive required and discretionary Company contributions upon completion of six consecutive months of service and attaining age 21, with the exception of union employees and residents of Puerto Rico. Newly eligible participants may enter the Plan on the first day of each Plan quarter once eligibility requirements are met. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

On September 16, 2022, the Plan Sponsor was acquired. There was no effect to the Plan.

Effective March 1, 2023, the Company amended and restated the Plan document to comply with the current regulatory environment. No significant Plan provisions were affected.

Contributions

The Plan is funded by voluntary contributions of participants, employee safe harbor matching contributions, and Company discretionary matching and discretionary profit-sharing contributions. Participants may contribute to the Plan, through regular payroll deductions, and participants who have attained age 50 before the end of the calendar year are eligible to make catch-up contributions. Participants may also roll over amounts representing distributions from other qualified employee benefit plans. The Company made no discretionary contributions for the year ending December 31, 2023. Contributions are subject to certain IRS limitations.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. A participant may also elect a different deferral percentage. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. Automatically enrolled participants have their deferral rate increased at a rate of 1% per year up to a maximum of 6% of eligible compensation, unless otherwise elected by the participant.

Participant Accounts

Each participant's account is credited with the participant's contributions, rollovers, an allocation of the Company's contributions, and an allocation of plan earnings. The Company's safe harbor matching contribution is allocated using a formula of 100% of the first 1% and 50% up to the next 5% of eligible compensation. The Company's discretionary matching contribution is based on a formula to be determined by Plan management. The Company's discretionary profit sharing contribution is allocated as of the last day of the plan year and is based on a ratio of each eligible participant's compensation to total compensation for all eligible participants. Plan earnings are allocated to participants' accounts in direct proportion to their respective account balances, based on the performance of participants' investment selections. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately fully vested in participant and rollover contributions, Company discretionary matching contributions, and Company discretionary profit-sharing contributions, plus the actual earnings

Medix Staffing Solutions, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

thereon. The portion of the participants' accounts attributable to the Company's safe harbor contributions becomes 100% vested after two years of service. In the event of death, disability, or retirement at designated ages, participants become fully vested.

Payment of Benefits

On termination of service, a participant may elect to receive a single, lump-sum payment equal to the value of his or her vested account balance, installments over a specified period of time, or a direct rollover distribution. In-service withdrawals starting at age 59½ and hardship withdrawals are also permitted by the Plan.

Notes Receivable From Participants

Participants are permitted to take one loan from the Plan up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. The loans are collateralized by the borrowers' respective vested account balances and bear interest at rates determined at the Prime Rate plus one percent. Principal and interest are paid through payroll deductions over a period not to exceed five years, unless for the purchase of a primary residence.

Forfeitures

At December 31, 2023 and 2022, unallocated plan assets resulting from forfeited nonvested accounts totaled \$3,406 and \$979, respectively. These accounts will be used to reduce future discretionary Company contributions or pay the Plan's administrative expenses. Forfeitures of \$554,300 were used to reduce safe harbor Company contributions related to the Plan year ended December 31, 2023.

Investment Options

Participants must direct their salary deferral contributions and the Company's contributions into a variety of investment options made available and determined by the Plan Administrator. Participants may change their investment options at any time.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

In preparing the Plan's financial statements in conformity with accounting principles generally accepted in the United States of America, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors. See Note C for discussion of fair value measurements.

Medix Staffing Solutions, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that were paid by the Company are excluded from these financial statements. The Investment related fees and expenses are netted with investment income.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy give the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include the following:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The following is a description of the valuation methodologies used for the Plan's investments measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market fund: Valued at cost, which approximates fair value.

Medix Staffing Solutions, Inc. 401(k) Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022

Mutual funds: Valued at net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices.

The preceding methods escribed may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present information about the Plan's investments measured at fair value on a recurring basis as of December 31, 2023 and 2022, and indicate the fair value hierarchy of the valuation techniques utilized by the Plan to determine such value:

	Level 1	Level 2	Level 3	Total

NOTE D - INFORMATION CERTIFIED BY THE TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Reliance Trust Company has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, at fair value, and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income and interest income on notes receivable from participants, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2023.
- Schedule H, Part IV, line 4i - schedule of assets (held at end of year) as of December 31, 2023.

NOTE E - TAX STATUS

The Plan adopted a nonstandardized pre-approved plan sponsored by Reliance Trust Company. The pre-approved plan has received an opinion letter dated October 6, 2020 from the Internal Revenue Service as to the pre-approved plan's qualified status. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan has been amended since the date of the opinion letter; however, the Plan Administrator

Medix Staffing Solutions, Inc. 401(k) Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2023 and 2022

believes that the Plan is currently designed and being operated in compliance with the applicable provisions of the Internal Revenue Code.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE F - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants become fully vested in their respective account balances.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Because of the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE H - RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Plan issues loans to participants, which are secured by the vested balance in the participant's accounts and certain administrative fees related to the administration of the Plan were paid by the Plan or by the Company. These transactions qualify as party-in-interest transactions. Employees of the Company provide administrative services to the Plan for which no fees are charged.

NOTE I - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events through October 15, 2024, the date that these financial statements were available to be issued. Plan management has determined that no events or transactions have occurred subsequent to December 31, 2023 that require recognition or disclosure in the financial statements.

Important Notice for Plan Participants

Regarding Upcoming Changes to Your 401(k) Plan

This notice is to inform you that the **Medix Staffing Solutions, Inc. 401(k) Plan**, will be moving from one recordkeeping product made available by ADP Retirement Services to another. ADP Retirement Services will continue to serve as your Plan's recordkeeper and the way your account will be serviced and how you gain access to your account will not change. However, some or all of the investments that are available for the investment of your account will change.

What does this mean to you as a participant in your employer's 401(k) Plan or a beneficiary with an account balance?

Conversion Blackout Period:

Your Plan will undergo a brief conversion blackout period, **beginning at 4pm EST on 03/02/2023** and expected to **continue through 03/07/2023**. During this period, you will not have access to your account via the Voice Response System, or transactional participant Website, and will be unable to:

- Initiate a transfer of money from one investment option to another investment option
- Change your ongoing contribution investment elections
- Initiate a distribution or in-service withdrawal
- Make inquiries about your account or make/change a contribution election
- Request a loan

Whether or not you are planning retirement in the near future, we encourage you to carefully consider how this blackout period may affect your retirement planning, as well as your overall financial plan.

New Funds: In connection with your Plan's conversion to the new recordkeeping product, the balances in your Plan's current investments will be liquidated and transferred, based upon your current investment allocation in effect as of 4pm on **03/02/2023** to the investment options that we (your employer or its designated fiduciary) have deemed to be most comparable to the funds in which you invested your account prior to the date the transfer occurs. In some cases, these may be the same investment funds as are currently available under our Plan. This process is called mapping and it enables your account balance to stay invested in the market during the blackout period. The funds currently made available in our Plan, and the funds they will be mapped to, are listed and categorized in the fund mapping form that accompanies this Notice. The actual transfer of Plan assets to the new investment options will occur following the beginning of the blackout period. The current Plan investments will be sold prior to this transfer and the new investments will be purchased, according to the mapping just described, as soon as administratively feasible. Every effort will be made to limit time out of the market to one day. However, in some circumstances this period may be longer for administrative reasons. *It is very important that you review how your existing account balance is currently invested because you will not be permitted to change the investment of your existing account balance during the blackout period.* If you do not want your existing account balance to be transferred to the successor funds for your current investments, you will need to reallocate your investments into the existing investment options that will be mapped to the successor funds you prefer.

Your investment elections with respect to any new contributions made to the Plan that are processed after the conversion effective date will also be mapped based upon your investment elections in effect at the time the blackout period begins. Please refer to the fund mapping form for additional information regarding the mapping of your investment election for new contributions. The way you choose to invest new contributions in the Plan need not be the same as the way the account balance you have accumulated in the Plan prior to the conversion is invested. If you wish to adjust the investment of new contributions (including loan repayments) made on or after the conversion effective date, you should make corresponding adjustments to your current investment elections before the blackout period begins. Keep in mind that your election regarding the investment of new contributions made to the Plan during the blackout period cannot be changed during the blackout period. Please be sure to make any such changes via the Voice Response System (1-800-My-K-Plan) or participant Website (www.mykplan.com), if available, before 4pm on **03/02/2023**

Remember that each investment option has potential risks so it is important to read the prospectus and/or other investment related information carefully. Prospectuses also include important information about fees and

expenses as well as investment objectives. If you have not already received the prospectus for a fund or need another copy, please contact the Plan Administrator. An investment in money market funds is not insured or guaranteed by the Federal Deposit Insurance Corporation (FDIC) or any other government agency. Although money market funds seek to maintain a \$1.00 share value, there is no guarantee that they will be able to do so.

During the blackout period, you will be unable to direct or diversify the assets held in your Plan account. For this reason, it is very important that you review and consider the appropriateness of your current investments and the manner in which your Plan account will be invested during the blackout period in light of your inability to direct or diversify those investments during the blackout period. For your long-term retirement security, you should give careful consideration to the importance of a well-balanced and diversified investment portfolio, taking into account all your assets, income and investments.

Loans: No changes will be made to the re-payment amount or payment schedule for loan balances outstanding at the point of your Plan's conversion.

PINs: Your Personal Identification Number (PIN), used to access your Plan account via the Voice Response System and participant Website, will not change. If you have become a participant or beneficiary with an account balance in the Plan after blackout notices were initially furnished to affected participants and beneficiaries, this notice has been provided to you as soon as reasonably possible upon the beginning of your participation.
