Independent Auditor's Report

To the Participants and Administrator of
Frontier Dermatology 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Frontier Dermatology 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Frontier Dermatology 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
December 31, 2023 and 2022

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Frontier Dermatology 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
December 31, 2023 and 2022

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2023 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures

Frontier Dermatology 401(k) Profit Sharing Plan
Independent Auditor's Report, Continued
December 31, 2023 and 2022

in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Frontier Dermatology 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Plan Description

The following description of Frontier Dermatology 401(k) Profit Sharing Plan, formerly Silver Falls MSO, LLC 401(k) Profit Sharing Plan, (the "Plan") provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established to provide a retirement savings program for eligible employees of Silver Falls MSO, LLC (the "Company" or "employer") and certain adopting affiliated entities. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 as amended ("ERISA"). The Company is the plan administrator; accordingly, certain members of its management have been appointed to be responsible for overseeing the Plan's operations including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

Eligibility

All employees who have reached the age of 21 are eligible to participate in the elective deferral portion of the Plan. All employees who have reached the age of 21 and completed three months of service are eligible to any employer contributions. Upon satisfaction of the respective eligibility requirements, participants may enter the Plan.

Contributions

Each year participants may contribute a percentage or fixed amount of their annual compensation, as defined. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. The Plan permits after-tax elective deferrals ("Roth Elective Deferrals"). Participants may also contribute amounts representing distributions from certain other qualified plans. Under the terms of the plan document, the employer is permitted to make discretionary matching and profit sharing contributions to the Plan. For the year ended December 31, 2023, the employer elected to remit safe harbor matching contributions equal to 100 percent of the first 3 percent, plus 50 percent of the next 2 percent, of employee compensation deferred. Participants direct the investment of all contributions credited to their accounts into the various investment options offered by the Plan. Contributions are subject to certain IRS limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, employer matching contributions, and allocations of plan earnings and administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 100 percent vested after two years of credited service.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance reduced by the highest outstanding loan balance in their account during the prior twelve-month period. Participants are permitted to have only one loan outstanding. Participant loans are collateralized by the balance in the respective participant's account. Each loan's interest rate is determined by management at the issuance date.

Frontier Dermatology 401(k) Profit Sharing Plan

Notes to Financial Statements

based on prevailing rates for similar instruments and remains fixed throughout the duration of the note. Interest paid by a participant is credited to the participant's individual account. Principal and interest are paid ratably through monthly payroll deductions with payment terms up to five years for general purpose loans or for a longer repayment term if the loan is used to acquire a principal residence.

Payment of Benefits

On termination of service due to death, disability, resignation, discharge, retirement or proven hardship, a participant is eligible to receive a payment or payments in aggregate amounts up to the total value of the participant's vested interest in his or her account. Hardship withdrawals are permitted from the employee deferrals and employer matching portions of participant accounts.

Forfeited Accounts

At December 31, 2023 and 2022, forfeited nonvested accounts held by the Plan totaled \$39,303 and \$11, respectively. Forfeitures may be used to reduce future employer contributions or to pay the Plan's administrative expenses. For the year ended December 31, 2023, employer contributions were reduced by \$16,862 from forfeited nonvested accounts.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers, trustees, and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a corresponding benefit payment is recorded.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to contributions.

Frontier Dermatology 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Subsequent Events

In preparing these financial statements, management has evaluated subsequent events through October 11, 2024, the date the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by Reliance Trust Company, Empower Trust Company, LLC, and Empower Annuity Insurance Company of America.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820 are described as follows:

Level 1. Level 1 inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2. Level 2 inputs to the valuation methodology include (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in inactive markets, (c) inputs other than quoted prices that are observable for the asset or liability, and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3. Level 3 inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Frontier Dermatology 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022. Fair values are provided by the trustee for all of the Plan's assets as follows:

- Common/collective trusts: The net unit values of the Plan's investments in certain common/collective trusts are valued at the net asset value ("NAV") of units of each collective trust. The NAV, as provided by the trustee, is used to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This value is not used when it is determined to be probable that the Plan will sell the investment for an amount materially different than the reported NAV. Participant transactions, including purchases and sales, may generally occur daily; however, certain common/collective trust investments may be subject to temporary redemption restrictions.

In accordance with the terms of the underlying trust agreement regarding the Invesco Stable Value Fund, participant transactions are executed at the end of each business day at net unit values based on contract value. Were the Plan to initiate a full redemption of the Invesco Stable Value Fund, the investment issuer reserves the right to temporarily delay withdrawal from the trust. Plan level redemptions are subject to a two-year notice provision. Similar provisions may apply to certain other investments in common/collective trusts held by the Plan.

- Registered investment companies: Registered investment companies, including money market accounts and other mutual funds, are valued at the daily closing price as reported by the fund. Registered investment company investments held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- Insurance company general accounts: The fair value of unallocated insurance contracts, consisting of assets allocated to EI Fixed Account - Series Class I through an Empower Annuity Insurance Company of America group annuity contract, is calculated based on contributions made, less withdrawals and administrative expenses, plus interest credited. The Plan's investments in unallocated contracts and the related interest rate guarantees are subject to the credit risk of Empower Annuity Insurance Company of America and are solely funded by the assets held in its general account. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting rate for the contract is reset quarterly. The average yield earned by the Plan and crediting rate were 1.23 percent and 1.30 percent for the year ended December 31, 2023, respectively. Certain events may limit the ability of the Plan to transact at contract value. Such events include premature termination of the contracts by the Plan, plant closings, layoffs, termination of the Plan, bankruptcy, mergers, and early retirement incentives. Upon occurrence of any of these events, a market value adjustment or other withdrawal restrictions may apply. The unallocated contracts are not considered to be fully benefit responsive. Accordingly, unallocated contracts are presented at fair value and are classified in Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Common/collective trusts	\$ -	\$ 236,526	\$ -	\$ 236,526

Total assets at fair value	<u>\$ 19,763,582</u>	<u>\$ 236,526</u>	<u>\$ -</u>	<u>\$ 20,000,108</u>

5. Related Party and Party-In-Interest Transactions

Certain of the Plan's investments are managed by Empower Annuity Insurance Company of America. Empower Annuity Insurance Company of America, and its affiliate Empower Trust Company, LLC, serve as investment custodian and recordkeeper for the Plan; therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for certain investment expenses are included in net appreciation in the fair value of investments, as they are paid through fees charged at the investment level rather than direct payments by the Plan. Administrative expenses paid by the Plan to certain parties-in-interest to the Plan amounted to \$117,075 for the year ended December 31, 2023. The Company pays directly certain expenses related to the Plan's operations.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become 100 percent vested in the employer contributions portion of their accounts.

7. Plan Tax Status

The Plan has adopted a volume submitter agreement as the plan document. The volume submitter agreement obtained an opinion letter, dated June 30, 2020, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the opinion letter; however, the plan administrator believes that the Plan is designed, and currently being operated, in compliance with the applicable requirements of the IRC and, therefore, is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain

Frontier Dermatology 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2023 and 2022

position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits in progress for any tax periods.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Market risks include global events, such as pandemics or international conflicts, which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
