INDEPENDENT AUDITOR'S REPORT

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LifeMed Alaska, LLC 401(K) Profit Sharing Plan & Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

LIFEMED ALASKA, LLC 401(K) PROFIT SHARING PLAN & TRUST
INDEPENDENT AUDITOR'S REPORT
Year Ended December 31, 2023

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

LIFEMED ALASKA, LLC 401(K) PROFIT SHARING PLAN & TRUST
INDEPENDENT AUDITOR'S REPORT
Year Ended December 31, 2023

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional

procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF PLAN

The following description of the LifeMed Alaska, LLC 401(k) Profit Sharing Plan & Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General – The Plan is a 401(k) profit sharing plan, originally adopted on January 1, 2008, and most recently amended and restated on January 1, 2022. The Plan is a defined contribution plan covering all employees of LifeMed Alaska, LLC (the “Plan Sponsor”). The Plan excludes union employees covered under a union contract, certain nonresident aliens with no earned income and leased employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Eligible employees may enter the Plan as participants immediately after their date of hire for the purpose of elective deferrals. Participants are eligible for employer contributions under the same terms of eligibility as participant deferrals.

Contributions – Participants may elect to contribute up to 100% of pretax annual compensation, as defined in the Plan, not to exceed statutory limits. Participants who have reached age 50 before the end of the year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Contributions are subject to certain limitations. Notwithstanding the catch-up provisions, the statutory limit on each participant’s contributions for 2023 was \$22,500.

The Plan Sponsor makes a safe harbor matching contribution equal to 100% of each employee’s salary deferrals, up to a maximum of 4% of employee wages. The Plan Sponsor also makes an additional matching contribution equal to 50% of each employee’s salary deferrals up to a maximum of 3% of the employees’ gross wages. The Plan Sponsor may also make discretionary profit-sharing contributions.

Investment Elections – Participants may choose any combination of investments as presented in plan documents. Participants can change investment combinations as often as permitted under the particular investment vehicle. The accounts of participants who do not select an investment option are automatically invested in the appropriate American Funds Target Date Retirement Series portfolio for the year closest to the year of the participant’s attainment of age 67.

Participant Accounts – Each participant’s account is credited with the participant’s contribution and allocations of the Plan Sponsor’s contributions and Plan earnings (losses), and charged with an allocation of administrative expenses, when applicable. Allocations are based on participant earnings or account balances, as defined by the Plan documents. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Years Ended December 31, 2023 and 2022

NOTE 1. DESCRIPTION OF PLAN (CONTINUED)

Vesting – Participants are immediately vested in their contributions and the safe harbor matching contribution plus actual earnings thereon. Vesting in the additional matching and profit-sharing contributions is based on years of credited service. One year of service is defined as at least 1,000 hours of service during the Plan year. Participants become fully vested upon death, disability or attaining retirement age of 59 and a half years. Vesting for additional matching and profit-sharing is as follows:

<u>Years of service</u>	<u>Vesting</u>
Less than two	0%
Two	25%
Three	50%
Four	75%
Five	100%

Payment of Benefits – On termination of service due to death, disability, or retirement, a participant or beneficiary may receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution. If a participant's account balance is less than \$1,000, the participant does not have to consent to the distribution. In-service distributions are allowed for participants who have reached normal retirement age or became disabled. Effective January 1, 2022, two in-service distributions are allowable each plan year, and must be a minimum of \$1,000. Hardship distributions are not allowed for the 2023 Plan year. Effective January 1, 2024, the Plan allows hardship distributions for qualifying hardships.

Forfeited Accounts – Forfeitures will be used to reinstate previously forfeited participant account balances, reduce certain employer contributions, or pay Plan expenses. At December 31, 2023 and 2022, forfeited nonvested accounts totaled \$50,560 and \$16,145, respectively. In 2023, \$58,035 was transferred to the forfeiture account as a result of nonvested amounts or ineligible contribution corrections. In 2023, \$11,781 was used to pay professional and third-party administration expenses of the Plan, and \$11,838 was used to reduce employer contributions.

Notes Receivable from Participants – Loans are not permitted under the current Plan agreement.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTE 2. SUMMARY OF ACCOUNTING POLICIES (CONTINUED)

Investment Valuation – The investments reported at fair value consist of pooled separate accounts. The Plan’s custodian certifies the fair market value of the investments in pooled separate accounts. Fair value is the price that would be received to sell an asset or paid to transfer a liability (the “exit price”) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurement.

Income Recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation or depreciation in fair value of investments consists of both the realized gains and losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits – Benefits are recorded when paid. As of December 31, 2023, there were no distributions requested, but not yet processed, that would require disclosure in these financial statements.

Expenses – Certain expenses of maintaining the Plan are paid directly by the Plan Sponsor and are excluded from these statements while others are paid using forfeitures or directly from participant accounts and are included in Plan expenses. Expenses include professional fees for audit services, administrative expenses which include fees paid for recordkeeping and third-party administrator services, and investment advisory fees which includes advising and management of the Plan’s investments. Other investment related expenses are included in net appreciation in fair value of investments.

Date of Management’s Review – Subsequent events were evaluated through October 14, 2024, which is the date the financial statements were available to be issued.

NOTE 3. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specific (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2023 and 2022.

Pooled separate accounts – Units held in pooled separate accounts (PSAs) are valued using the net asset value practical expedient (NAV Practical Expedient) of the PSA as reported by the account managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the PSA, minus its liabilities, and then divided by the number of units outstanding. Participants are allowed a maximum of two exchanges per calendar month. An exchange is defined as a full or partial rebalance of a participant's account, or exchanges that involve multiple investment options on one day. Recognizing that there may be extreme market or personal circumstances requiring a participant to make a further change, a participant is allowed to move 100% of their assets to the money market fund after the exchange limit has been reached. However, no subsequent exchanges may be made for 30 days.

If it is determined that an exchange may disrupt or be potentially disruptive to an investment option, John Hancock Life Insurance Company reserves the right to impose additional restrictions, including but not limited to restricting the number of exchanges in a period, restricting the dollar amount of an exchange, restricting the method used to submit exchanges, restricting exchanges into and out of certain investment options, or applying investment fees and/or trade restrictions as requested by the underlying fund manager.

NOTE 3. FAIR VALUE MEASUREMENTS (CONTINUED)

The following table provides additional information for investments in certain entities that calculate net asset value per share (or its equivalent) as a practical expedient:

As of December 31, 2023				
	Fair Value	Redemption Frequency	Redemption Notice Period	Unfunded Commitment
Pooled Separate Accounts	<u>\$ 18,585,502</u>	Daily	12 Months	n/a
As of December 31, 2022				
	Fair Value	Redemption Frequency	Redemption Notice Period	Unfunded Commitment
Pooled Separate Accounts	<u>\$ 14,723,875</u>	Daily	12 Months	n/a

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. While the Plan administrator believes its valuation methods are appropriate and consistent with those used by other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4. GROUP ANNUITY CONTRACT WITH JOHN HANCOCK LIFE INSURANCE COMPANY

In 2008 the Plan entered into a group annuity contract with John Hancock Life Insurance Company. Contributions, including any rollover contributions, are remitted by the Plan Sponsor for allocation to the investment options selected under the group annuity contract. An account is maintained for each participant under the contract. The group annuity contract holds pooled separate accounts that contain funds within the following investment strategies: target date portfolios, lifestyle portfolios, and individual account options, all of which are inherent by the fund names. The group annuity contract does not currently offer a stable value fund or guaranteed income account.

NOTE 5. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN

The Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, John Hancock Life Insurance Company, the custodian of the Plan, has certified the assets available for benefits as of December 31, 2023 and 2022, and the supplemental Schedule H, Line 4i-Schedule of Assets (Held at End of Year) as of December 31, 2023, and related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2023.

NOTE 6. RELATED PARTY TRANSACTIONS

The Plan allows for transactions with certain parties who may perform services or have fiduciary responsibilities to the Plan, including the Plan Sponsor. The Plan Sponsor provides to the Plan certain accounting and administrative services for which no fees are charged. Fees paid during the year to third party administrators or custodians for services rendered by parties-in-interest were based on customary and reasonable rates for such services. Also, Plan investments are units of funds managed by John Hancock Life Insurance Company, the custodian. These transactions qualify as exempt parties-in-interest transactions.

NOTE 7. PLAN TERMINATION

Although the Plan Sponsor intends to continue the Plan indefinitely, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become fully vested in their accounts.

NOTE 8. TAX STATUS

Effective January 1, 2022, the Plan was amended, restated and adopted the Cycle 3 Pre-Approved Defined Contribution Plan Document, which has an opinion letter from the Internal Revenue Service (IRS) dated July 30, 2021, stating that the form of the Plan is acceptable under the Internal Revenue Code (IRC). The Plan has not received an opinion letter specific to the Plan itself and the Plan has been amended since its adoption of the volume submitter Plan document for subsequent changes in applicable tax laws and regulations. However, the Plan administrator and the Plan's tax counsel believe the Plan is currently designed and operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified, and the related trust was tax exempt as of the financial statement date. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

NOTE 8. TAX STATUS (CONTINUED)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and to recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participant account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

NOTE 10. NONEXEMPT TRANSACTIONS

As reported on the Schedule of Delinquent Participant Contributions, certain contributions were not remitted to the Plan within the time frame specified by the Department of Labor's Regulation 29 CFR 2510.3-102, thus constituting nonexempt transactions between the Plan and the Plan Sponsor during the year ended December 31, 2023. Participant contributions totaling \$65,415 were corrected outside Voluntary Fiduciary Correction Program (VFCP).
