Independent Auditors' Report

Plan Administrator
Resource Innovations, Inc.
401(k) Retirement Savings Plan
Half Moon Bay, California

Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Resource Innovations, Inc. 401(k) Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities For The Audit Of The Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis For Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities For The Audit Of The Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities Of Management For The Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities For The Audit Of The Financial Statements

Except as described in the Scope And Nature Of The ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required By ERISA

The supplemental schedules of assets held at end of year as of December 31, 2023 and delinquent participant contributions for the year ended December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, have been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

401(k) RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 And 2022

1. Description Of The Plan

The following description of the Resource Innovations, Inc. 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan sponsored by Resource Innovations, Inc., formerly Nexant, Inc. (the Company) to provide benefits to eligible employees, as defined in the Plan document. Employees are eligible to participate in the Plan on the first day of the month following their date of hire. Employees subject to collective-bargaining agreements, nonresident aliens with no source of U.S. income, temporary hires, interns and leased employees are not eligible to participate in the Plan. The Plan is subject to the applicable requirements of the Internal Revenue Code (IRC) and the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective February 28, 2022, Resource Innovations, LLC became an Adopting Employer of the Plan and various grandfathered provisions of the TriNet 401(k) Plan (the previous plan for employees of Resource Innovations, LLC) were adopted by the Plan. Participant account balances of \$1,137,133 were transferred into the Plan in February 2022.

Contributions

Each year, participants may contribute up to 100% of eligible annual compensation as defined in the Plan document, up to the maximum amount allowed under the IRC on a pre-tax or after-tax Roth basis. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants age 50 or older are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan and may change their investment options at any time.

RESOURCE INNOVATIONS, INC.
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and have their contributions invested in a designated model portfolio based upon birth date until changed by the participant. Active participants with deferrals between 1% and 14% are automatically increased by 2% on April 1 of each year up to a maximum of 15% unless they affirmatively elect not to increase.

The Company discretionary matching contribution is equal to 50% of each participant's elective deferrals up to a maximum of 5% of each participant's compensation, as defined in the Plan document. Matching contributions for the years ended December 31, 2023 and 2022 were \$1,350,637 and \$1,022,986, respectively.

In addition, the Company may make discretionary profit-sharing contributions to the Plan, as determined each year. Participants must complete a year of service and be employed on the last day of the Plan year in order to be eligible to receive a profit-sharing contribution unless termination of employment is due to death, disability or retirement. The Company did not make any discretionary profit-sharing contributions during the Plan years ended December 31, 2023 or 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company matching and profit-sharing contributions, as well as allocations of Plan earnings or losses. Allocations of Plan earnings or losses are based on participant account balances, based on investment options selected. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon, and in all Company discretionary matching and profit-sharing contributions.

RESOURCE INNOVATIONS, INC.
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Forfeitures

Forfeitures representing excess Company contributions, as determined annually through Plan compliance testing, remain in the Plan and can be used to reduce future Company contributions or pay administrative fees. At December 31, 2023, there were no forfeited non-vested amounts. At December 31, 2022, forfeited non-vested amounts totaled \$12,903. During the year ending December 31, 2023, \$12,913 of forfeitures were utilized to pay administrative fees. No forfeitures were utilized to reduce Company contributions or pay administrative fees during 2022.

Notes Receivable From Participants

Participants may borrow from their accounts a minimum of \$1,000 and up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The \$50,000 maximum loan amount is reduced by the participant's highest outstanding loan balance during the past 12 months less any loan balance on the date the new loan is made. Participants may only have one loan outstanding at any time. The loans are secured by the vested balance in the participant's account and bear interest rates equal to current lending rates for similar loans at the time of the loan. Loan repayments are generally made ratably through payroll deductions over a period not to exceed five years, unless the loan is used for the purchase of a principal residence, in which case the repayment period may not exceed 30 years.

Payment Of Benefits

Upon termination of service, death, disability, reaching the age of 59½ or retirement, a participant or beneficiary may elect to receive a lump-sum amount equal to the value of the vested interest in his or her account. Certain minimum distributions are also required by April 1st following the end of the year in which a participant reaches age 72 or retires, if later. Separated participants with vested account balances under \$1,000 will receive a lump-sum distribution as requested by the Plan administrator without the participant's consent, unless otherwise elected by the participant. Additionally, under certain circumstances of financial hardship, a participant is allowed to withdraw funds from the Plan.

2. Summary Of Significant Accounting Policies

Basis Of Presentation

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

RESOURCE INNOVATIONS, INC.
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Use Of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation And Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers and Charles Schwab Trust Bank. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net change in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on an accrual basis. Loan origination and related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022.

Payment Of Benefits

Benefits are recorded when paid.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and self-directed brokerage account fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net change in fair value of investments. Administrative expenses recorded for the years ended December 31, 2023 and 2022 totaled \$18,484 and \$4,274, respectively.

3. Certified Investment Information

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Charles Schwab Trust Bank has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2023 and 2022.
- Net investment income (loss) and interest income on notes receivable from participants as shown in the statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2023, as shown on the ERISA-required supplemental schedule.

At the request of the Plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

The Plan utilizes an established framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described below:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access. |
|---------|---|

RESOURCE INNOVATIONS, INC.
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value:

Registered Investment Companies

Valued at the daily closing price as reported by the funds. Registered investment companies held by the Plan are open-end investment companies that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The funds held by the Plan are deemed to be actively traded.

RESOURCE INNOVATIONS, INC.
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

Common/Collective Trusts

Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of each of the invested funds, is based on the fair value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is used as a practical expedient to estimate fair value. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. All common/collective trusts, with the exception of the Wells Fargo Stable Value C Fund, provide for daily redemptions by the Plan at reported NAV with no advance requirement. The Wells Fargo Stable Value C Fund may be redeemed daily, but if the Plan initiates a full redemption a 12-month notification is required. These are direct filing entities.

Individually Directed Accounts

The investments underlying the self-directed accounts primarily include common stocks and registered investment companies. Valued at either the closing price reported on the active market on which the individual securities are traded or based on the NAV of the registered investment company.

The methods described above may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the report date.

There have been no changes in the methodologies used at December 31, 2023 or 2022.

Total investments at fair value				\$ 76,561,895

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Individually directed accounts	\$ 4,147,981	\$ —	\$ —	\$ 4,147,981
Registered investment companies	30,423,135	—	—	30,423,135

{a} Certain investments that are measured at fair value using the NAV per share/unit (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

Notes To Financial Statements (*Continued*)

5. Income Tax Status

The Plan uses a pre-approved plan document sponsored by Schwab Retirement Plan Services. Schwab Retirement Plan Services received an opinion letter from the Internal Revenue Service (IRS), dated September 21, 2020, which states that the pre-approved plan document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Party In Interest Transactions

Charles Schwab Trust Bank, the Trustee of the Plan, and Schwab Retirement Plan Services, Inc., the recordkeeper of the Plan, receive certain direct fees and indirect asset-based fees as outlined in the various fee disclosures to the Company. Fees paid by the Plan for investment management services are included as a reduction of the return earned on each investment fund. These transactions qualify as exempt party in interest transactions under ERISA.

Certain employees have outstanding loans with the Plan as of December 31, 2023 and 2022. These loans are considered party in interest transactions allowable under ERISA.

7. Plan Termination

Although it has not expressed an intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will remain 100% vested in their accounts.

RESOURCE INNOVATIONS, INC.
401(k) RETIREMENT SAVINGS PLAN

Notes To Financial Statements (*Continued*)

8. Risks And Uncertainties

The Plan invests in various investment securities, which are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Subsequent Events

Management evaluates subsequent events through the date the financial statements are available for issue, which is the date of the Independent Auditors' Report.
