SCOR US Group Retirement and Saving Plan
New York, New York

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of SCOR US Group Retirement and Saving Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information and notes receivable from participants, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section:

- The amounts and disclosures in the accompanying 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2023 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of SCOR US Group Retirement and Saving Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The SCOR US Group Retirement and Savings Plan (the “Plan”) was established on January 1, 1975 and subsequently amended and restated effective April 20, 2022. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan consists of the following two components:

1. The Defined Contribution Retirement Program (“DCRP”)
2. The 401(k) Savings Program

The Internal Revenue Service (“IRS”) required document restatement for all 401(k) plans is every 6 years.

General

The Plan is a defined contribution plan covering employees of SCOR US Corporation and its subsidiaries, as well as SCOR Reinsurance Company, SCOR Global Life Americas Reinsurance Company, SCOR Global Life USA Reinsurance Company, and SCOR Life Ireland dac (“SCOR US” or the “Employer”). Employees are immediately eligible to participate in the 401(k) Savings Program upon hire and are automatically enrolled into the plan once eligibility requirements are met. For the DCRP, an employee must be active at the end of the calendar year and must have completed at least 1,000 hours of service during the Plan Year, for which the contribution is made. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Every six years, the IRS mandates that plan documents be updated or restated to incorporate all the regulatory changes. Restatement is a required process by the IRS through which a new pre-approved plan document (formerly known as a volume submitter plan) that has been updated with required amendments, regulatory changes and other enhancements is adopted. The plan has been restated as of April 20, 2022. An Opinion letter was obtained as part of this process.

Eligibility

Employees who are employed in one of the SCOR companies that has adopted the Retirement and Savings Plan, are eligible to participate in the Plan as of the first full payroll period following their date of employment.

Contributions

Participants in the Plan may elect to have a portion of their eligible compensation deferred and contributed to the Plan through payroll deductions up to a maximum of 50% of total eligible compensation, subject to IRS limitations. Total eligible compensation includes salary and overtime, but excluding bonuses and extraordinary remuneration, as defined in the plan document. Additionally, SCOR US makes matching contribution based on participant deferral elections, up to a maximum of 4% of each participant’s total eligible annual compensation, which is funded on a payroll period basis. SCOR US provides a True-up matching contribution feature which allows employees to receive Company matching contributions they may have otherwise missed, either because they reached the maximum statutory deferral limit prior to the end of the year or did not contribute enough for part of the year to receive the full match for which they were eligible.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan (continued)

Employer matching contributions of \$3,695,168 and \$3,852,453 net of forfeitures were made during 2023 and 2022, respectively. The Plan also required SCOR US to make a discretionary contribution (“DC”) to all participants in the Plan that have worked at least 1,000 hours during the year and are active as of the last day of Plan year end. The DC is based on age and length of service of an eligible employee regardless of whether or not the employee participates in the 401(k) Savings Program. Employer discretionary contributions of \$7,700,185 and \$7,562,399 were made during 2023 and 2022, respectively.

Participant Accounts

Each participant’s account is credited with their contribution, Employer contributions and the earnings thereon. Contribution to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the plan.

Vesting

- Participants are immediately vested in their deferred compensation contributions, Employer matching contributions plus actual investment earnings.
- Participants that were actively employed on October 1, 2006, are 100% vested in all contributions.
- New participants hired on or after January 1, 2007 have a three-year cliff vesting period in the DCRP.

Forfeitures

The plan document provides for forfeitures to be applied to reduce the Employer contributions and to be applied against plan expenses, if available. During the years ended December 31, 2023 and 2022, the Employer used forfeitures of \$85,127 and \$8,303 to offset Employee contributions, respectively, and used forfeitures of \$167,097 and \$117,810, respectively, to offset administrative expenses. Forfeitures from employees for the years ended December 31, 2023 and 2022 were \$82,280 and \$186,861, respectively. At December 31, 2023 and 2022, forfeiture amounts of \$134,641 and \$293,250, respectively, were included in the Plan’s net assets available for benefits.

Investments

Participants may direct the investment of their contributions and/or account balances into various fund options offered by the Plan and may change investments and transfer amounts between funds daily. As of December 31, 2023, the Plan offers various fund options: Money Market, Stable Value, Fixed Income, Life Cycle, Domestic Equity, International Equity, and self-directed brokerage covering a wide spectrum of investment categories are included.

December 31, 2023 and 2022

1. Description of the Plan (continued)

Payment of Benefits

On termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount or periodic cash installments equal to the full value of his or her vested account balance.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years or ten years if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent (1%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. As of December 31, 2023, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 9.50% with loans maturing from 2024 to 2031.

Administrative Expenses

Employer pays all of the Plan's administrative expenses for actively employed participants, except for short-term trading fees. The expenses to the extent not paid by the Employer are paid by forfeitures, if any. Terminated employees pay an administrative fee directly to Fidelity Management Trust Company ("Fidelity") on a quarterly basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") in the United States of America requires management to make estimates and assumptions that affect the reporting amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) consists of realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold, as well as held during the year.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available for issuance.

3. Information certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, ("Fidelity"), a qualified institution, has certified the following investment and notes receivable from information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

	December 31,	
	2023	2022
Investments, at fair value	\$ 272,024,753	\$ 227,300,271
Loans receivable from participants	1,625,975	1,551,781
Cash	4,698,220	2,062,758
Total	<u>\$ 278,348,948</u>	<u>\$ 230,914,810</u>

	Year Ended December 31,	
	2023	2022
Net appreciation (depreciation) in fair value of investments	\$ 43,355,899	\$ (66,689,202)
Interest and dividend income	3,586,030	12,980,968
Interest income on notes receivable from participants	89,074	69,326
Total	<u>\$ 47,031,003</u>	<u>\$ (53,638,908)</u>

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

4. Fair Value Measurements

The Plan's investments are stated at fair value. The fair value hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a level 3 fair value measurement may include inputs that are both observable (levels 1 and 2) and unobservable (level 3). The levels of the fair value hierarchy are as follows:

- Level 1 – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- Level 2 – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology during 2023:

<i>Mutual funds</i>	<i>Valued at the market price reported of shares at year end.</i>
<i>Common stocks</i> <i>Preferred stock</i> <i>Certificate of deposits</i> <i>Government bonds</i> <i>Rights/Warrants</i>	<i>Valued at the quoted price reported on the active market at year end.</i>
<i>Stable value pooled funds</i>	<i>Valued by the trustee based on the underlying assets, which represent the net asset value as a practical expedient. The fund invests primarily in mutual funds and fully benefit responsive investment contracts. The fund does not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.</i>

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2023	Unfunded commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value pooled funds	\$ 16,995,079	N/A	Daily	12 Months

	Fair Value at December 31, 2022	Unfunded commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value pooled funds	\$ 4,951,312	N/A	Daily	12 Months

5. Income Tax Status

On April 20, 2022, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and has been amended since receiving the determination letter, however, the Plan's management believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for the tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations with respect to the Plan's Form 5500 filings for Plan years prior to 2020.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

6. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for management services amounted to \$262,356 and \$256,125 for the years ended December 31, 2023 and 2022, respectively. These payments were offset by forfeitures of \$167,097 and \$117,810, respectively.

In 2023 and 2022, Fidelity deposited \$15,603 and \$214,384 respectively as a result of plan services exceeding the agreed-upon compensation. The revenue credit is an indication that all investment options are in their lowest cost share class and Fidelity is projected to receive more revenue than is required to administer the plan; therefore, a quarterly credit of excess revenue is given to plan participants. Fidelity allocated amounts equal to such excess revenue into the accounts of eligible participants.

Segal Marco Advisors was hired as a plan fiduciary in 2023 to advise on the investment line up. They assist the Investment Committee evaluate the performance of the investment managers, measure the risk profile of investments and benchmark the fees.

7. Plan Termination

Although SCOR US has not expressed any intent to terminate the Plan, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants become fully vested in the entire value of their accounts.

8. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and self-directed brokerage accounts that invest in marketable securities. Such securities are subject to various risks, such as interest rates, market and credit risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of SCOR US Group Retirement and Saving Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements (2023 Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information and notes receivable from participants, as described in Note 3 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the "Auditor's Responsibilities for the Audit of the 2023 Financial Statements" section:

- The amounts and disclosures in the accompanying 2023 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying 2023 financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the 2023 Financial Statements” section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management’s election of the ERISA Section 103(a)(3)(C) audit does not affect management’s responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan’s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan’s transactions that are presented and disclosed in the financial statements are in conformity with the plan’s provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the “Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements” section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan’s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – 2023 Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Auditor's Report on the 2022 Financial Statements

Predecessor auditors performed an audit of the 2022 financial statements of SCOR US Group Retirement and Saving Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 11, 2023 indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2022 supplemental schedule, other than the information in the 2022 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2022 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan

The SCOR US Group Retirement and Savings Plan (the “Plan”) was established on January 1, 1975 and subsequently amended and restated effective April 20, 2022. The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

The Plan consists of the following two components:

1. The Defined Contribution Retirement Program (“DCRP”)
2. The 401(k) Savings Program

The Internal Revenue Service (“IRS”) required document restatement for all 401(k) plans is every 6 years.

General

The Plan is a defined contribution plan covering employees of SCOR US Corporation and its subsidiaries, as well as SCOR Reinsurance Company, SCOR Global Life Americas Reinsurance Company, SCOR Global Life USA Reinsurance Company, and SCOR Life Ireland dac (“SCOR US” or the “Employer”). Employees are immediately eligible to participate in the 401(k) Savings Program upon hire and are automatically enrolled into the plan once eligibility requirements are met. For the DCRP, an employee must be active at the end of the calendar year and must have completed at least 1,000 hours of service during the Plan Year, for which the contribution is made. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Every six years, the IRS mandates that plan documents be updated or restated to incorporate all the regulatory changes. Restatement is a required process by the IRS through which a new pre-approved plan document (formerly known as a volume submitter plan) that has been updated with required amendments, regulatory changes and other enhancements is adopted. The plan has been restated as of April 20, 2022. An Opinion letter was obtained as part of this process.

Eligibility

Employees who are employed in one of the SCOR companies that has adopted the Retirement and Savings Plan, are eligible to participate in the Plan as of the first full payroll period following their date of employment.

Contributions

Participants in the Plan may elect to have a portion of their eligible compensation deferred and contributed to the Plan through payroll deductions up to a maximum of 50% of total eligible compensation, subject to IRS limitations. Total eligible compensation includes salary and overtime, but excluding bonuses and extraordinary remuneration, as defined in the plan document. Additionally, SCOR US makes matching contribution based on participant deferral elections, up to a maximum of 4% of each participant’s total eligible annual compensation, which is funded on a payroll period basis. SCOR US provides a True-up matching contribution feature which allows employees to receive Company matching contributions they may have otherwise missed, either because they reached the maximum statutory deferral limit prior to the end of the year or did not contribute enough for part of the year to receive the full match for which they were eligible.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan (continued)

Employer matching contributions of \$3,695,168 and \$3,852,453 net of forfeitures were made during 2023 and 2022, respectively. The Plan also required SCOR US to make a discretionary contribution (“DC”) to all participants in the Plan that have worked at least 1,000 hours during the year and are active as of the last day of Plan year end. The DC is based on age and length of service of an eligible employee regardless of whether or not the employee participates in the 401(k) Savings Program. Employer discretionary contributions of \$7,700,185 and \$7,562,399 were made during 2023 and 2022, respectively.

Participant Accounts

Each participant’s account is credited with their contribution, Employer contributions and the earnings thereon. Contribution to the Plan are invested by the trustee as directed by the participants. Each participant may elect from one or more of the investment vehicles offered pursuant to the provisions of the plan.

Vesting

- Participants are immediately vested in their deferred compensation contributions, Employer matching contributions plus actual investment earnings.
- Participants that were actively employed on October 1, 2006, are 100% vested in all contributions.
- New participants hired on or after January 1, 2007 have a three-year cliff vesting period in the DCRP.

Forfeitures

The plan document provides for forfeitures to be applied to reduce the Employer contributions and to be applied against plan expenses, if available. During the years ended December 31, 2023 and 2022, the Employer used forfeitures of \$85,127 and \$8,303 to offset Employee contributions, respectively, and used forfeitures of \$167,097 and \$117,810, respectively, to offset administrative expenses. Forfeitures from employees for the years ended December 31, 2023 and 2022 were \$82,280 and \$186,861, respectively. At December 31, 2023 and 2022, forfeiture amounts of \$134,641 and \$293,250, respectively, were included in the Plan’s net assets available for benefits.

Investments

Participants may direct the investment of their contributions and/or account balances into various fund options offered by the Plan and may change investments and transfer amounts between funds daily. As of December 31, 2023, the Plan offers various fund options: Money Market, Stable Value, Fixed Income, Life Cycle, Domestic Equity, International Equity, and self-directed brokerage covering a wide spectrum of investment categories are included.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

1. Description of the Plan (continued)

Payment of Benefits

On termination of service, death, disability or retirement, a participant may elect to receive either a lump-sum amount or periodic cash installments equal to the full value of his or her vested account balance.

Notes Receivable from Participants

Participants are permitted to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The maximum term of a loan is five years or ten years if the loan is for the purchase of a principal residence. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent (1%). Notes receivable from participants are repaid through payroll deductions and monitored by the plan administrator. As of December 31, 2023, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 9.50% with loans maturing from 2024 to 2031.

Administrative Expenses

Employer pays all of the Plan's administrative expenses for actively employed participants, except for short-term trading fees. The expenses to the extent not paid by the Employer are paid by forfeitures, if any. Terminated employees pay an administrative fee directly to Fidelity Management Trust Company ("Fidelity") on a quarterly basis.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") in the United States of America requires management to make estimates and assumptions that affect the reporting amounts of net assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Benefit Payments

Benefit payments are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussions of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation (depreciation) consists of realized gains or losses and the unrealized appreciation or depreciation on those investments bought and sold, as well as held during the year.

Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Subsequent Events

The Plan has evaluated subsequent events through October 15, 2024, the date the financial statements were available for issuance.

3. Information certified by the Trustee

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA section 103(a)(3)(C) pursuant to 29 CFR 2520.103.8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, ("Fidelity"), a qualified institution, has certified the following investment and notes receivable from information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

	December 31,	
	2023	2022
Investments, at fair value	\$ 272,024,753	\$ 227,300,271
Loans receivable from participants	1,625,975	1,551,781
Cash	4,698,220	2,062,758
Total	<u>\$ 278,348,948</u>	<u>\$ 230,914,810</u>

	Year Ended December 31,	
	2023	2022
Net appreciation (depreciation) in fair value of investments	\$ 43,355,899	\$ (66,689,202)
Interest and dividend income	3,586,030	12,980,968
Interest income on notes receivable from participants	89,074	69,326
Total	<u>\$ 47,031,003</u>	<u>\$ (53,638,908)</u>

The Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedule.

SCOR US Group Retirement and Savings Plan

Notes to Financial Statements

December 31, 2023 and 2022

4. Fair Value Measurements

The Plan's investments are stated at fair value. The fair value hierarchy gives the highest ranking to fair values determined using unadjusted quoted prices in active markets for identical assets and liabilities (level 1) and the lowest ranking to fair values determined using methodologies and models with unobservable inputs (level 3). An asset's or a liability's classification is based on the lowest level input that is significant to its measurement. For example, a level 3 fair value measurement may include inputs that are both observable (levels 1 and 2) and unobservable (level 3). The levels of the fair value hierarchy are as follows:

- Level 1 – Values are unadjusted quoted prices for identical assets and liabilities in active markets accessible at the measurement date.
- Level 2 – Inputs include quoted prices for similar assets or liabilities in active markets, quoted prices from those willing to trade in markets that are not active, or other inputs that are observable or can be corroborated by market data for the term of the instrument. Such inputs include market interest rates and volatilities, spreads and yield curves.
- Level 3 – Certain inputs are unobservable (supported by little or no market activity) and significant to the fair value measurement. Unobservable inputs reflect the Company's best estimate of what hypothetical market participants would use to determine a transaction price for the asset or liability at the reporting date.

Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology during 2023:

<i>Mutual funds</i>	<i>Valued at the market price reported of shares at year end.</i>
<i>Common stocks</i> <i>Preferred stock</i> <i>Certificate of deposits</i> <i>Government bonds</i> <i>Rights/Warrants</i>	<i>Valued at the quoted price reported on the active market at year end.</i>
<i>Stable value pooled funds</i>	<i>Valued by the trustee based on the underlying assets, which represent the net asset value as a practical expedient. The fund invests primarily in mutual funds and fully benefit responsive investment contracts. The fund does not have any unfunded commitments relating to its investments, or any significant restrictions or redemptions. Participant-directed redemptions can be made on any business day and do not have a redemption notice period.</i>

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. Fair Value Measurements (continued)

The following tables summarize investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2023 and 2022. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2023	Unfunded commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value pooled funds	\$ 16,995,079	N/A	Daily	12 Months

	Fair Value at December 31, 2022	Unfunded commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Stable value pooled funds	\$ 4,951,312	N/A	Daily	12 Months

5. Income Tax Status

On April 20, 2022, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, and has been amended since receiving the determination letter, however, the Plan's management believes that the Plan is designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for the tax periods in progress. The Plan Administrator believes it is no longer subject to income tax examinations with respect to the Plan's Form 5500 filings for Plan years prior to 2020.

6. Party-In-Interest Transactions

Certain Plan investments are managed by Fidelity and, therefore, these transactions qualify as party-in-interest transactions. Fees paid to Fidelity by the Plan for management services amounted to \$262,356 and \$256,125 for the years ended December 31, 2023 and 2022, respectively. These payments were offset by forfeitures of \$167,097 and \$117,810, respectively.

In 2023 and 2022, Fidelity deposited \$15,603 and \$214,384 respectively as a result of plan services exceeding the agreed-upon compensation. The revenue credit is an indication that all investment options are in their lowest cost share class and Fidelity is projected to receive more revenue than is required to administer the plan; therefore, a quarterly credit of excess revenue is given to plan participants. Fidelity allocated amounts equal to such excess revenue into the accounts of eligible participants.

Segal Marco Advisors was hired as a plan fiduciary in 2023 to advise on the investment line up. They assist the Investment Committee evaluate the performance of the investment managers, measure the risk profile of investments and benchmark the fees.

7. Plan Termination

Although SCOR US has not expressed any intent to terminate the Plan, it has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, all participants become fully vested in the entire value of their accounts.

8. Risks and Uncertainties

The Plan's investments are concentrated in mutual funds and self-directed brokerage accounts that invest in marketable securities. Such securities are subject to various risks, such as interest rates, market and credit risks that determine the value of the funds. Due to the level of risk associated with certain securities and the level of uncertainty related to changes in the value of these securities, it is at least reasonably possible that changes in market conditions in the near term could materially affect participants' account balances and the value of investments reported in the financial statements.
