Part III Accountant's Opinion

3 Complete lines 3a through 3c if the opinion of an independent qualified public accountant is attached to this Form 5500. Complete line 3d if an opinion is not attached.

a The attached opinion of an independent qualified public accountant for this plan is (see instructions):

(1) ☒ Unmodified (2) ☐ Qualified (3) ☐ Disclaimer (4) ☐ Adverse

b Check the appropriate box(es) to indicate whether the IQPA performed an ERISA section 103(a)(3)(C) audit. Check both boxes (1) and (2) if the audit was performed pursuant to both 29 CFR 2520.103-8 and 29 CFR 2520.103-12(d). Check box (3) if pursuant to neither.

(1) ☒ DOL Regulation 2520.103-8 (2) ☐ DOL Regulation 2520.103-12(d) (3) ☐ neither DOL Regulation 2520.103-8 nor DOL Regulation 2520.103-12(d).

c Enter the name and EIN of the accountant (or accounting firm) below:

(1) Name: **GRANT THORNTON LLP**

(2) EIN: **36-6055558**

d The opinion of an independent qualified public accountant is **not attached** as part of Schedule H because:

(1) ☐ This form is filed for a CCT, PSA, DCG or MTIA. (2) ☐ It will be attached to the next Form 5500 pursuant to 29 CFR 2520.104-50.

Part IV Compliance Questions

4 CCTs and PSAs do not complete Part IV. MTIAs, 103-12 IEs, and GIAs do not complete lines 4a, 4e, 4f, 4g, 4h, 4k, 4m, 4n, or 5. 103-12 IEs also do not complete lines 4j and 4l. MTIAs also do not complete line 4l. DCGs do not complete lines 4e, 4f, 4k, 4l, and 5, and DCGs generally complete the rest of Part IV collectively for all plans in the DCG, except as otherwise provided (see instructions).

During the plan year:

	Yes	No	Amount
a Was there a failure to transmit to the plan any participant contributions within the time period described in 29 CFR 2510.3-102? Continue to answer "Yes" for any prior year failures until fully corrected. (See instructions and DOL's Voluntary Fiduciary Correction Program.)		☒	
b Were any loans by the plan or fixed income obligations due the plan in default as of the close of the plan year or classified during the year as uncollectible? Disregard participant loans secured by participant's account balance. (Attach Schedule G (Form 5500) Part I if "Yes" is checked.)		☒	
c Were any leases to which the plan was a party in default or classified during the year as uncollectible? (Attach Schedule G (Form 5500) Part II if "Yes" is checked.)		☒	
d Were there any nonexempt transactions with any party-in-interest? (Do not include transactions reported on line 4a. Attach Schedule G (Form 5500) Part III if "Yes" is checked.)		☒	
e Was this plan covered by a fidelity bond?	☒		10000000
f Did the plan have a loss, whether or not reimbursed by the plan's fidelity bond, that was caused by fraud or dishonesty?		☒	
g Did the plan hold any assets whose current value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
h Did the plan receive any noncash contributions whose value was neither readily determinable on an established market nor set by an independent third party appraiser?		☒	
i Did the plan have assets held for investment? (Attach schedule(s) of assets if "Yes" is checked, and see instructions for format requirements.)		☒	
j Were any plan transactions or series of transactions in excess of 5% of the current value of plan assets? (Attach schedule of transactions if "Yes" is checked and see instructions for format requirements.)		☒	
k Were all the plan assets either distributed to participants or beneficiaries, transferred to another plan, or brought under the control of the PBGC?		☒	
l Has the plan failed to provide any benefit when due under the plan?		☒	
m If this is an individual account plan, was there a blackout period? (See instructions and 29 CFR 2520.101-3.)		☒	
n If 4m was answered "Yes," check the "Yes" box if you either provided the required notice or one of the exceptions to providing the notice applied under 29 CFR 2520.101-3.			

5a Has a resolution to terminate the plan been adopted during the plan year or any prior plan year? ☐ Yes ☒ No
If "Yes," enter the amount of any plan assets that reverted to the employer this year _____.

REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Plan Administrator
U.S. Roche 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit

We have performed an audit of the financial statements of U.S. Roche 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2023, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's responsibilities for the audit of the financial statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matters

Auditor's report on the 2022 financial statements

Predecessor auditors performed an audit of the 2022 financial statements of the Plan. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the plan that were certified by a qualified institution. Their report dated October 13, 2023, indicated that (a) the amounts and disclosures in the 2022 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2022 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022
(Dollars in thousands)

NOTE 1 - DESCRIPTION OF PLAN

The following description of the U.S. Roche 401(k) Savings Plan (the Plan), provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions.

General

On October 1, 2012, the Roche Diagnostic Corporate Cash Accumulation Plan was combined with the Roche Savings and Pay Deferral Plan and the Genentech, Inc. Tax Reduction Investment Plan and was renamed to the U.S. Roche 401(k) Savings Plan, with Genentech, Inc. as the Plan Sponsor. The Plan was amended to include all active eligible employees of Hoffmann- La Roche Inc., and certain other affiliated companies (collectively, the Employer or Plan Sponsor). The Plan is a savings plan covering domestic employees of the Employer and its subsidiaries. The Plan was most recently amended and restated effective January 1, 2021. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The U.S. Roche DC Fiduciary Committee (the Governance Committee) is responsible for all of the Plan's operations and oversight.

Plan Mergers

Effective October 27, 2022, the Roche U.S. Retirement Plan merged into the Plan. Effective October 28, 2022, the GenMark Diagnostics 401(k) Plan merged into the Plan.

Eligibility

Pursuant to the provisions of the Plan, eligible employees who were eligible to participate in the predecessor plans on September 30, 2012, and continue as employees shall continue to be eligible to participate in the Plan. Individuals eligible to participate under the Plan must be employees of the Employer or its U.S. affiliated companies. Such employees become immediately eligible upon hire.

However, the following classes of employees are not eligible to participate: (1) any employee who is a member of a collective bargaining unit and who is covered by a collective bargaining agreement where retirement benefits were the subject of good faith bargaining, unless the agreement specifically provides coverage of such employee under the Plan; (2) any individual employed by any corporation or other business entity that is merged or liquidated into the Employer, or whose assets are acquired by any Employer, unless any two members of the Governance Committee for the Plan acting in their capacities as officers of the Employer rather than as fiduciaries with respect to the Plan designate in writing that the employees of that corporation or other business entity are eligible employees under the Plan; (3) any employee paid from a non-United States (U.S.) payroll; (4) an employee who does not have a U.S. social security number; (5) any employee who, as to any period of time, is classified or treated by an Employer as an independent contractor, a consultant, a leased employee (as defined under the Internal Revenue Code of 1986 (Code), as amended), or an employee of an employment agency or other entity, even if such employee is subsequently determined to have been a common-law employee of the Employer during such period; (6) an individual who is a party to an agreement that provides that he or she is not eligible, whether or not the agreement is upheld upon governmental or judicial review; (7) an individual who is eligible to participate in a non-U.S. jurisdiction retirement scheme, plan, or arrangement providing for retirement benefits, or (8) an individual who is classified by an Employer as an intern or co-op.

Contributions

Eligible employees who elect to become participants may contribute through payroll deductions pre-tax, after-tax and/or Roth 401(k) contributions of 1% to 50% of their eligible compensation, as defined. Participants aged 50 years and older may include a pre-tax and/or Roth catch-up contribution of up to 75% of annual compensation. Each participant may also contribute up to 99% of his or her eligible bonus, as defined. Investment earnings are allocated proportionately among all participants' accounts in an amount that bears the same ratio of their account balance to the total fund balance. The Employer matches 100% of the participant's pre-tax, Roth and after-tax contributions (excluding catch-up contributions) up to a maximum of 4% of the participant's eligible compensation each payroll period. In no event shall the sum of a participant's pre-tax contributions and matched contributions under the Plan for any Plan year exceed the maximum amount allowable under the provisions of the Plan. In addition, each Employer shall contribute an additional non-elective contribution for certain participants in an amount equal to 6% of their eligible annual compensation, as defined.

At the end of the year, the Employer contributes a true-up match to those participants employed on the last financial business day of the year (unless termination was due to death, job elimination, or disability, as defined in the Plan) as an adjustment to take into account any changes in compensation or participant deferral elections, which may have occurred during the plan year. The amount of the additional match contributions for each eligible participant shall be equal to the difference, if any, between the payroll-by-payroll funded match contributions allocated to the eligible participant during the year and a matching contribution equal to 100% of the participant's pre-tax, after-tax and/or Roth contributions for the Plan year, but not to exceed 4% of the eligible participant's compensation for the plan year from which deferral elections were made or after the maximum deferral permitted by the Code was made for the plan year.

Participant Accounts

Participant contributions, including earnings thereon, are fully vested at all times. Employer contributions made after December 31, 2010, are immediately 100% vested for those participants who were actively employed by the Employer on December 31, 2010, or were rehired after December 31, 2010, had a Plan account balance as of December 31, 2010, and were credited with at least three years of service as of the rehire date. For those participants who were actively employed by the Employer on June 1, 2016, all matching contributions are immediately 100% vested and non-elective contributions will be 0% vested until the participant completes three years of service, at which time, non-elective contributions will be 100% vested. Any non-vested Employer contributions will immediately become 100% vested and non-forfeitable if the Plan is terminated or upon the participant's death or termination of employment due to disability while the participant is still employed by the Employer or upon attainment of normal retirement age plus completion of five years or more of service while a participant is still employed by the Employer.

Each participant's account is credited with the Employer's contributions and Plan earnings and charged with an allocation of administrative expenses, if any. The benefit to which a participant is entitled is the vested benefit that can be provided from the participant's account. Allocations of administrative expenses are based on account balances, except for certain recordkeeping expenses which are paid on a per account basis. Contributions from participants include rollovers from other plans which amounted to \$41.2 million for the year ended December 31, 2023.

Participant Investment Options

Participants direct their account contributions to selected investment funds. Participants may change their investment options at any time throughout the year via access to Fidelity's website or phone system. If a participant fails to make an investment direction, contributions shall be invested in a premixed investment

vehicle designed to provide investors with a diversified portfolio and asset allocation that is monitored and adjusted over time based on a targeted retirement date.

Vesting and Forfeited Accounts

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's matching and non-elective contribution portion of their accounts is based on the date the Participants first completed an hour of service with the Employer and completed years of service, as defined, in accordance with the schedule below.

Participants who first completed an hour of service prior to January 1, 2011, under the Roche Savings and Pay Deferral Plan, you will become vested in the amounts credited as of December 31, 2010, to their matching account in accordance with the following schedule.

<u>Completed Years of Service:</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	25%
3 but less than 4	50%
4 but less than 5	75%
5 years or more	100%

Participants who first complete an hour of service with the Employer on or after January 1, 2011, and were not employed on June 1, 2016, shall be vested in Employer matching and non-elective contributions made between January 1, 2011 and May 31, 2016, as follows:

<u>Completed Years of Service:</u>	<u>Vested Percentage</u>
Less than 2	0%
2 but less than 3	20%
3 but less than 4	40%
4 but less than 5	60%
5 but less than 6	80%
6 or more	100%

Participants hired or rehired after May 31, 2016, shall continue to vest in Employer matching and non-elective contributions made prior to June 1, 2016, in accordance with the six-year vesting schedule above. Matching contributions made after June 1, 2016, shall be fully vested and non-elective contributions made after June 1, 2016, will vest as follows:

<u>Completed Years of Service:</u>	<u>Vested Percentage</u>
Less than 3	0%
3 or more	100%

Certain participants are subject to other vesting schedules related to their status as a participant in a previously merged-in plan.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022
(Dollars in thousands)

Any forfeitures of nonvested amounts resulting from termination of continuous service are used to reduce subsequent Employer contributions to the Plan or reduce Plan administrative expenses. At December 31, 2023 and 2022, forfeited non-vested accounts totaled \$1,971 and \$1,521, respectively. During the year ended December 31, 2023, \$644 of the forfeited non-vested accounts were used to pay administrative expenses and \$3,998 of the forfeited non-vested accounts were used to reduce Employer contributions.

Benefits

Prior to the participant's attainment of age 55, and upon termination of service due to a participant's death, disability, retirement, termination of service for other reasons or authorized exercise of a participant's withdrawal rights under the Plan, a participant may receive a full or partial lump-sum distribution(s) at any time(s) prior to April 1 immediately following the calendar year in which the participant attains age 72 (age 70½ if born before July 1, 1949) or have a severance from employment, whichever is later. The amount distributed will be equal to the value of the participant's vested interest in his or her account. Upon termination, a participant must consent to a distribution if his or her account balance under the Plan exceeds \$5,000. Distributions are made upon receipt of the participant's or beneficiary's election directing the method of distribution. Participants who are age 55 and older may elect to receive a full or partial lump-sum distribution(s) at any time(s) prior to April 1 immediately following the calendar year in which the participant attains age 72 (age 70½ if born before July 1, 1949) or have a severance from employment, whichever is later, or a distribution in the form of monthly installments payable over five year increments of up to 30 years, with the ability to accelerate payment of the remaining Plan account balance in a lump sum at any time. The period of time over which such monthly installments are paid may be limited to comply with the minimum distribution requirements of Code Section 401(a)(9) and the amount of each estimated monthly installment may not be less than \$500 when payments commence. The amount of each installment will be determined by dividing the participant account balance at the time of each payment by the number of remaining installments or, if less, by the participant life expectancy.

Participants with balances related to a certain merged-in plan may elect to receive their vested benefits related to the assets they held in this merged-in plan as a life annuity payable monthly.

Plan participants can apply for a hardship withdrawal from their vested account within the limits specified by the IRS.

Notes Receivable from Participants

Participants may borrow from the Plan approved amounts of a minimum of \$1,000 up to a maximum equal to the lesser of 50% of the participant's vested account balance, or \$50,000, less the highest aggregate balance of all loans outstanding during the preceding 12 months. No more than one loan will be made to a participant in a 12-consecutive month period.

Interest on the loans approximates the prime rate plus 2% on commercial loans at large U.S. money center commercial banks. The loans are collateralized by the participant's vested account and shall be repaid, over a period of up to five years, unless the loan is for the purchase of the participant's principal residence with term of up to 15 years. Trustee fees related to the establishment and administration of the loans are deducted from each of the applicable participant accounts.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investment in the Roche U.S. Retirement Plan's Master Trust (Master Trust) is reported at fair value except for the fully benefit-responsive investment contracts, which is reported by the Master Trust at contract value (see Note 5). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's interest in gains and losses from the Master Trust.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Participant loans are classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. Defaulted notes receivable from participants are recorded as a distribution based on the terms of the plan document.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are recorded as a liability with a corresponding reduction to contributions. The Plan distributed the 2023 excess contributions to the applicable participants subsequent to year end.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employer. Expenses that are paid by the Employer are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are incurred by the Master Trust and included in Plan interest in Master Trust investment income.

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022
(Dollars in thousands)

Subsequent Events

The Plan evaluates events occurring after the date of the financial statements to consider whether or not the impact of such events needs to be reflected and/or disclosed in the financial statements. Such evaluation is performed through the date the financial statements are available for issuance, which was October 15, 2024, for these financial statements.

NOTE 3 - ASSETS HELD IN MASTER TRUST AND INFORMATION CERTIFIED AND PROVIDED BY THE TRUSTEE

The Master Trust includes the investment of assets of the Plan and three other plans that are sponsored by companies affiliated with the Plan Sponsor. The assets of the Master Trust are held by State Street Bank & Trust Company. At December 31, 2023 and 2022, the Plan's interest in the net assets of the Master Trust was approximately 79.99% and 78.24%, respectively. The Plan either owns or shares ownership of individual pools of assets with other plans in the Master Trust. Investment income (loss) and administrative expenses relating to the Master Trust are allocated to the individual plans based upon the Plan's interest in investments held within Master Trust.

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by State Street Bank & Trust Company, the Trustee of the Plan as of and for the years ended December 31, 2023 and 2022, except for comparing such information certified by the Trustee to the information included in the Plan's financial statements. The Plan Administrator has obtained certifications from the Trustee that the information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate to the best of their knowledge and belief.

NOTE 4 - INVESTMENTS AND FAIR VALUE MEASUREMENTS FOR MASTER TRUST

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used by the Master Trust for assets measured at fair value. There have been no changes by the Master Trust in the methodologies used during the years ended December 31, 2023 and 2022:

Equity securities: Equity securities include both direct ownership in company shares, mutual funds and publicly traded REITs. Shares of registered investment companies (mutual funds) and publicly traded REITs are reported at fair value based on the quoted price of the fund, which represents the net asset value (NAV) of the shares held by the fund at year-end. Investments in common stock are stated at fair value. The fair value of the common stock is based on quotations obtained from national securities exchanges; where common stock are not listed on an exchange, quotations are obtained from brokerage firms.

The Master Trust also holds certain international equity securities, which are classified as Level 3 in the fair value hierarchy. These investments are not actively traded in active markets and are valued using unobservable inputs.

Exchange-traded funds (ETFs): ETFs consist of shares of investment funds, which are traded on a public exchange and are regularly quoted. The fair value of the ETFs is based on quotations obtained from national securities exchanges.

U.S. Roche 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022
(Dollars in thousands)

Asset-backed securities: These include CMOs, FNMA's and other asset-backed securities. Fair values are based on third-party pricing sources obtained by the trustee. Pricing sources principally obtain broker-dealer quotes of such obligations or similar obligations to value these securities. In instances where broker-dealer quotes are not available, pricing sources utilize models that incorporate pertinent data, such as bid matrices.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The Master Trust also holds certain international government securities, which are classified as Level 3 in the fair value hierarchy. These investments are not actively traded in active markets and are valued using unobservable inputs.

Common or collective trusts, commingled funds and limited partnerships: The market value of investments is determined by valuations made by the fund managers or general partner. The investments are valued at the NAV at the end of the plan year as determined by the issuer based on the fair value of the underlying assets.

Self-directed accounts: Participants generally invest in cash equivalents, certificates of deposit, equity securities, mutual funds and fixed income securities for which the valuation methods used to measure the investments are consistent with valuation methods described above.

Derivative instruments: Listed derivatives that are actively traded are valued based on quoted prices from the exchange and are categorized in Level 1 of the fair value hierarchy. Over-the-counter (OTC) derivative contracts include forward, swap and option contracts related to interest rates, foreign currencies, credit standing of reference entities, equity prices or commodity prices. Depending on the product and the terms of the transaction, the fair value of the OTC derivative products can be modeled taking into account the counterparties' creditworthiness and using a series of techniques, including simulation models. Many pricing models do not entail material subjectivity because the methodologies employed do not necessitate significant judgments and the pricing inputs are observed from actively quoted markets, as is the case of interest rate swap and option contracts. A substantial majority of OTC derivative products valued by the Plan using pricing models fall into this category and are categorized within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes that the Master Trust's valuation methods are appropriate and consistent with those of other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

- (f) This category includes investments primarily in limited partnerships that make longer-term investments directly into private companies or buyouts of companies. Such investments are diversified by geography, industry and deal-type.
- (g) This category includes investments primarily in limited partnerships that invest in diversified portfolio of private real estate assets. Investments include both core and non-core real estate assets.
- (h) This category includes investments in the State Street Short Term Investment Fund with the objective to provide safety of principal, daily liquidity and a competitive yield over the long-term by investing in fixed income securities of a short-term nature.
- (i) This category includes investments primarily in diversified portfolios of U.S. equities that: (1) closely match the return and risk characteristics of the Russell 1000 Index, or (2) invest in U.S. large cap companies believed to have above-average growth potential, or (3) pursue a small/mid cap core investment style and maintain sector weights similar to those of the Russell 2500 Index.

NOTE 5 - INTEREST INCOME FUND IN MASTER TRUST

The interest income fund in the Master Trust includes wrap contracts (the Synthetic Guaranteed Investment Contracts (GICs) and securities underlying the Synthetic GICs for 2023 and 2022. The Synthetic GICs are issued by insurance companies and other financial institutions. The Synthetic GICs are accounted for under the accounting guidance for reporting on fully benefit-responsive investment contracts held by retirement plans.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by State Street, represents contributions under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan Administrator revalues the wrap contracts and securities underlying the investments at fair value on the Form 5500. See Note 11, which reconciles the Plan's interest in Master Trust at contract value with the Plan's interest at fair value.

U.S. Roche 401(k) Savings Plan

NOTES TO FINANCIAL STATEMENTS - CONTINUED

December 31, 2023 and 2022
(Dollars in thousands)

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rates are based on a formula agreed upon with the issuers and reviewed on a periodic basis for resetting, and ranged from 2.93% to 3.12% and 2.22% to 2.50% at December 31, 2023 and 2022, respectively.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, and (5) premature termination of the contract. The Plan Administrator does not believe that the occurrence of any such events, which would limit the Plan's ability to transact at contract value with participants, is probable of occurring.

NOTE 6 - DERIVATIVE INSTRUMENTS IN MASTER TRUST

In the normal course of business, certain investments in the Master Trust utilize derivative instruments to manage exposure to fluctuations in interest and currency rates. Certain investments utilize options and futures contracts to hedge interest rate and/or securities price risk and forward foreign exchange contracts to hedge currency risk.

These financial instruments are recorded at fair value as derivative receivables and payables in the Master Trust statements of net assets available for benefits. As of December 31, 2023 and 2022, there were no derivative contracts accounted for as hedging instruments under ASC 815-10-50. Although the contract or notional amount of these instruments is not recorded within Master Trust investments, these instruments are recognized as either a receivable or liability, depending on the rights or obligations of the contract measured at fair value.

Options and futures contracts: By writing options, the Master Trust receives a premium and becomes obligated during the term of the option to purchase or sell a specified instrument at a set price if the option is exercised. With purchasing options, the Master Trust pays a premium to own the right to buy or sell a specified instrument at a set price during the term of the option.

Futures contracts are contracts for delayed settlement of specified instruments in which the seller agrees to make delivery on a future date of a specific instrument, at a specified price or yield. Upon entering into an options or futures contract, the Master Trust is required to deposit either cash or securities in an amount equal to a certain percentage of the contract value (i.e., initial margin). As these contracts are marked-to-market on a daily basis, subsequent payments (i.e., variation margin) are made or received by the Master Trust each day.

The Master Trust is subject to option price volatility (risk) and the risk that futures contracts may not correlate with the prices of the portfolio securities. The Master Trust's activities in these contracts are conducted through regulated exchanges, which minimize counterparty credit risk since the exchanges assume the default risk of the counterparty, and generally require margin deposits of cash or securities as collateral to minimize potential credit risk. Liquidity risk may arise if there is insufficient trading activity on the options or futures exchange.

Swaps and swaptions: Swap agreements are valued daily and changes in value, including periodic interest to be paid or received on swaps, are recorded as unrealized appreciation (depreciation) of investments, derivative contracts and foreign currency. Realized gain or loss is recorded upon receipt or payment of a periodic settlement (reset) or termination of swap agreements. The risk of entering into swap agreements includes the possible lack of liquidity, and failure of the counterparty to meet its obligations in the underlying investments and instruments.

A credit default swap is a contract between a protection buyer and a protection seller whereby the buyer pays a periodic fee in return for a contingent payment by the seller based on a default or a liquidity event. Credit default swaps are designed to cover many risks, including defaults, bankruptcy and credit rating downgrades. For the years ended December 31, 2023 and 2022, the Master Trust was a buyer and a seller of protection using credit default swaps. Risk arise in swap contracts from potential counterparty nonperformance and from changes in the market values of underlying instruments. Credit risk associated with these contracts is limited to amounts recorded in the statements of net assets available for benefits.

NOTE 7 - PARTY-IN-INTEREST

Certain Plan investment funds are managed by State Street, the Trustee of the Plan. The Plan has several other arrangements with service providers and related parties related to Plan operations. These transactions are considered exempt party-in-interest transactions under ERISA. In addition, the Employer also provides to the Plan certain accounting and administrative services for which no fees are charged.

NOTE 8 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become vested in all amounts held on their behalf by the Trustee.

NOTE 9 - TAX STATUS

The IRS has determined and issued a determination letter dated June 24, 2016, that stated that the Plan and related trust are designed in accordance with the applicable requirements of the Code. Although the Plan has been amended since receiving the determination letter, it is the opinion of the Plan Administrator and Plan counsel, that the Plan remains qualified under the applicable provisions of the Code and is designed and currently being operated in compliance with the applicable requirements of the Code and, therefore, the Plan qualifies under Section 401(a), and the related trust is tax-exempt.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan maintained its tax-exempt status and had taken no uncertain tax positions that require adjustments to the financial statements as of December 31, 2023 and 2022, and for the year ended December 31, 2023. Therefore, no provision or liability for income taxes has been included in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 10 - RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds that can invest in a combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near-term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

The Plan Sponsor, in the normal course of business, may from time to time be involved in legal or regulatory proceedings concerning matters arising in connection with its business activities or in its role as a fiduciary of certain retirement and health and welfare plans. The outcome of any potential, unforeseen claims, is inherently difficult to predict.

On or about October 2, 2020, a purported class action lawsuit was filed against the Plan Sponsor and other fiduciaries of the Plan in the United States District Court for the Northern District of California. The claims in the complaint relate to alleged breaches of fiduciary duty under ERISA by the Plan Sponsor and other fiduciaries of the Plan relating to fees for the Plan's investment options and the Plan's administrative expenses. After the District Court dismissed the complaint, on March 2, 2021, the plaintiff filed an amended complaint that set forth similar allegations. The district court subsequently dismissed with prejudice all but the administrative expense-related claims. On October 9, 2023, the parties settled the administrative expense-related claims for \$250. The settlement received final approval from the Court on June 13, 2024. The terms of the settlement also allowed the class to appeal the investment claims, which were previously dismissed in their entirety, to the Ninth Circuit. Briefing of the appeal will occur over the summer and fall of 2024 with argument likely set for early 2025.

The Plan Sponsor disagrees strongly with the allegations in the lawsuit and will continue to vigorously defend itself and other fiduciaries of the Plan.
