INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Defined Contribution Plan of the AGC-International Union of
Operating Engineers Local 701 Pension Trust Fund

Opinion

We have audited the accompanying financial statements of Defined Contribution Plan of the AGC-International Union of Operating Engineers Local 701 Pension Trust Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date when the financial statements are available to be issued.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule titled Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

The Board of Trustees
Defined Contribution Plan of the AGC-International Union of
Operating Engineers Local 701 Pension Trust Fund

Opinion

We have audited the accompanying financial statements of Defined Contribution Plan of the AGC-International Union of Operating Engineers Local 701 Pension Trust Fund (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2023 and 2022, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date when the financial statements are available to be issued.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedule titled Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedule is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The firm of Bjorklund & Montplaisir, which audited the financial statements of the Plan for the year ended December 31, 2022, was acquired by Platform CPAs, LLP effective November 29, 2023.

DEFINED CONTRIBUTION PLAN OF THE AGC-INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 701 PENSION TRUST FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2023 AND 2022

1. DESCRIPTION OF THE PLAN

The following description of the Defined Contribution Plan of the AGC-International Union of Operating Engineers Local 701 Pension Trust Fund (the “Plan”) is provided for general information purposes only. Participants should refer to the Plan Document and Plan Booklet for a more complete description of the Plan’s provisions.

General – Through collective bargaining between the International Union of Operating Engineers Local 701 and the contributing employers the Plan was created on June 1, 1987. The Plan is a defined contribution plan covering all employees defined under the collective bargaining agreement or special agreements. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions – Each employer shall contribute monthly to the Plan for the account of each of its current employees who are participants, the amount determined in accordance with the provisions of the collective bargaining agreement or special agreements.

Participant Accounts – Each participant’s account is credited with employer contributions and an allocation of plan earnings, net of expenses. Allocations of plan earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

All investments, other than administrative funds held in the money market fund and the guaranteed investment contract, are participant directed.

Vesting – Participants are 100% vested in their accounts at all times.

Unallocated Contributions – If a participant does not complete 200 hours of service in a calendar year, no contributions are credited to their account for that year. These unallocated contributions are credited to an administrative fund and used to pay administrative and investment expenses of the Plan and to pay contributions for unfunded hours reported to the Plan.

Payment of Benefits – Upon retirement and attainment of at least age 52, a participant may elect to receive his or her account balance in one of the following payment options:

- a lump sum;
- a monthly benefit for the life of the participant that guarantees payments for sixty months;
- a monthly benefit for life;
- a lifetime monthly benefit, and if the participant dies first, a specified percentage of their benefit to be paid to their spouse for his or her lifetime;
- a periodic payment which generally pays the participant’s account balance in equal periodic payments not to exceed the lesser of fifteen years or the participant’s life expectancy.

If the account balance is \$5,000 or less, the payment will be made as a lump sum.

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2023 AND 2022

2. SUMMARY OF ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan.

Basis of Accounts – The financial statements of the Plan are prepared under the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires plan management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

Investment Valuation and Income Recognition – The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The board of trustees determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits – Benefits are recorded when paid.

Contributions Receivable – Represents the amount that employers are obligated to contribute under the terms of their labor agreements for work that participants performed during the year ended December 31. Those receivables typically are collected within 20 days, and management believes that all amounts are fully collectable. Accordingly, there is no allowance for expected credit losses.

Expenses – Expenses of administering the Plan and those which are directly related to investment transactions are paid out of the assets of the Plan.

3. TERMINATION

Although they have not expressed any intent to do so, the Trustees have the right to amend or terminate the Plan. In the event the Plan is terminated, distribution of plan assets will be governed by the Plan, ERISA, and regulations in effect at that time.

4. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

DEFINED CONTRIBUTION PLAN OF THE AGC-INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 701 PENSION TRUST FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2023 AND 2022

5. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets. |
| Level 2 | Inputs to the valuation methodology include <ul style="list-style-type: none">• quoted prices for similar assets or liabilities in active markets;• quoted prices for identical or similar assets or liabilities in inactive markets;• inputs other than quoted prices that are observable for the asset or liability;• inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the level 2 input must be observed for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money market funds – Trade at one dollar (\$1.00) per share and fair value is equal to cost.

Mutual funds (registered investment companies) – Valued at the daily closing price as reported by the fund. Mutual funds held by the Trust are open-end mutual funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Trust are actively traded.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

DEFINED CONTRIBUTION PLAN OF THE AGC-INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 701 PENSION TRUST FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2023 AND 2022

5. **FAIR VALUE MEASUREMENTS** - Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 559,758	\$ -	\$ -	\$ 559,758
Mutual funds	131,218,963	-	-	131,218,963
Total investments at fair value	<u>\$ 131,778,721</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 131,778,721</u>

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

	Level 1	Level 2	Level 3	Total
Money market funds	\$ 533,582	\$ -	\$ -	\$ 533,582
Mutual funds	110,039,612	-	-	110,039,612
Total investments at fair value	<u>\$ 110,573,194</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 110,573,194</u>

Changes in Fair Value Levels – The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported on the actual date of the event or change in circumstances that caused the transfer.

The Plan's management evaluates the significance of transfers, if any, between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. For the years ended December 31, 2023 and 2022, there were no significant transfers in or out of levels 1, 2 or 3.

6. **ADMINISTRATIVE FUNDS**

The Plan maintains administrative funds to pay for the costs of administering the Plan. At December 31, 2023 and 2022, the administrative funds totaled \$1,768,121 and \$1,793,202 respectively. Income allocated to the administrative funds includes employer contributions for those participants who do not complete 200 hours of service in a calendar year, any service credits and 12b-1 fee refunds, forfeitures from deceased participants for whom a designated beneficiary does not exist, and interest earned on these funds. During the years ended December 31, 2023 and 2022, there were \$21,989 and \$12,869, respectively, of contributions allocated to the administrative funds related to participants that worked less than 200 hours. The participants are charged \$11 per quarter in order to maintain adequate administrative funds to pay all costs of administering the Plan. Such charges totaled \$207,923 and \$197,963 for the years ended December 31, 2023 and 2022, respectively.

7. **RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500**

There are no reconciling items between the financial statements and form 5500.

DEFINED CONTRIBUTION PLAN OF THE AGC-INTERNATIONAL UNION OF OPERATING ENGINEERS LOCAL 701 PENSION TRUST FUND

NOTES TO FINANCIAL STATEMENTS YEARS ENDED DECEMBER 31, 2023 AND 2022

8. RELATED PARTY TRANSACTIONS

The Plan's contribution compliance procedures and collection costs are partially funded by the International Union of Operating Engineers Local 701 – AGC Training Trust Fund. The Plan reimbursed the Training Trust \$11,829 and \$11,442 in 2023 and 2022, respectively, for its share of costs. This is considered an exempt party in interest transaction.

9. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACTS

The Plan holds a guaranteed investment contract with New York Life Insurance Company. The contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals, and administrative expenses. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer and is reviewed on a monthly basis for resetting. The contract may be terminated with at least 30 days' notice.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events could include total or partial plan termination, spin-offs, lay-offs, and early retirement incentive programs.

Management believes that no events are probable of occurring that might limit the ability of the Trust to transact at contract value with the contract issuers and that also would limit the ability of the Trust to transact at contract value with participants.

10. TAX STATUS

The Internal Revenue Service has determined and informed the Plan by a letter that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Trustees and the Plan's legal counsel believe that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

YEARS ENDED DECEMBER 31, 2023 AND 2022**

11. CONCENTRATION OF RISK

The Plan maintains checking account balances at various financial institutions that from time to time may exceed the limits insured by the Federal Deposit Insurance Corporation.

12. RECENTLY ADOPTED ACCOUNTING GUIDANCE

In June 2016, the FASB issued guidance (FASB ASC 326) Allowance for Credit Losses. The Plan adopted the standard effective January 1, 2023. The impact of the adoption was not material to the financial statements.

13. SUBSEQUENT EVENTS

Management of the Plan has evaluated events and transactions occurring after December 31, 2023 through October 14, 2024, the date the financial statements were available for issuance, for potential recognition or disclosure in the financial statements and concluded that no subsequent events have occurred that would require recognition in the financial statements or disclosure in the notes to the financial statements.
