INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Baptist Health System, Inc. Matched Savings Plan
Jacksonville, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of Baptist Health System, Inc. Matched Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022 and for the year ended December 31, 2023 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

(Continued)

Further, as described in Note 2 to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statement of changes in net assets available for benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. Accounting principles generally accepted in the United States of America require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section, it is inappropriate to and we do not express an opinion on these supplemental schedules.

BAPTIST HEALTH SYSTEM, INC. MATCHED SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2023 and 2022

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Baptist Health System, Inc. Matched Savings Plan (the “Plan”) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan’s provisions.

General: The Plan is a defined contribution plan as defined under Internal Revenue Code (“IRC”) Section 403(b) covering certain employees of Baptist Health System, Inc. (the “Company”). Employees are eligible to participate in the Plan upon their date of hire and are eligible for Company contributions after one year of credited service as defined by the Plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”) as amended.

Plan Administration: The Retirement Plans Committee of Baptist Health System, Inc. is responsible for the oversight of the Plan. The Investment Committee determines the appropriateness of the Plan’s investment offerings and monitors investment performance. VALIC Trust Company Inc. (formerly known as AIG Federal Savings Bank) and The Variable Annuity Life Insurance Company (VALIC) are the Plan’s custodians.

Contributions: Each year, the Plan allows participants to contribute up to 80 percent of their eligible compensation, as defined in the Plan, subject to limits imposed by the IRC. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan at a deferral rate of 3 percent of eligible compensation unless they affirmatively elect not to participate in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing rollover distributions from other qualified defined benefit or contribution plans.

The Company makes matching contributions equal to 35 percent of the participant’s elective deferral not to exceed 5 percent of the participant’s compensation.

Additional discretionary non-elective contributions as determined by the Company may be contributed. In order to share in the discretionary non-elective contributions for a Plan year, a participant must have completed 1,000 hours of service during the Plan year. A participant will share in the discretionary non-elective contribution for the year regardless of the amount of service completed during the Plan year in the year of a participant’s death, disability, termination of employment after normal retirement age, or termination of employment after early retirement age. If the Company elects to make a discretionary non-elective contribution, it is calculated and allocated to eligible participants as follows. For employees hired on or after January 1, 2004, the Company may contribute to the Plan a profit-sharing contribution equal to a specified percentage of compensation based upon years of service as follows:

<u>Year(s) of Service</u>	<u>Percent of Compensation</u>
1-4	2.25%
5-9	3.00%
10-14	4.00%
15-19	5.00%
20 or more	5.50%

If a participant is rehired by the Company on or after January 1, 2004, the participant will only receive credit for years of service completed on or after January 1, 2004. For the year ended December 31, 2023, the Company contributed \$17,020,968 in discretionary non-elective contributions.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Participant Accounts: Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company portion of their accounts, plus earnings thereon, is based on years of service. A participant is 33 1/3 percent vested after two years of credited service, 66 2/3 percent vested after three years of credited service, and 100 percent vested after four years of credited service.

Notes Receivable from Participants: Participants may borrow from their fund accounts up to the lesser of \$50,000 or 50 percent of their vested account balance. However, if the loan is for less than \$10,000, the 50 percent limit does not apply. The loans are secured by the balance in the participant's vested account and bear interest at 1 percent over the prime lending rate at the date of the loan, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Loan terms have a minimum of one year and may not exceed five years, unless the loan is used for the purchase of a primary residence, in which case the loan repayment period may not extend beyond 15 years from the date of the loan. No more than one loan may be outstanding at a time for a participant and loans may not be consolidated or refinanced. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits: On termination of service for any reason, a participant (or beneficiary) may elect to receive either a lump-sum amount or installment payments equal to the value of the participant's vested interest in his or her account. A participant (or beneficiary) may also elect to receive a partial lump sum payment or to have the Plan Administrator use the participant's vested balance to purchase an annuity. Other than termination, participants may not withdraw their contributions until they attain age 59 1/2, become disabled, or prove a financial hardship under specific circumstances as defined by the Plan document.

Forfeited Accounts: At December 31, 2023 and 2022, forfeited non-vested amounts totaled \$564,064 and \$323,559, respectively. These accounts will be used to reduce future Company contributions. Company contributions during 2023 were reduced by \$712,236 from forfeited nonvested accounts.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES

Annual Reporting Requirements: Prior to January 1, 2009, the Plan and The Variable Annuity Life Insurance Company ("VALIC"), its custodian, maintained records as an accumulation of individual annuity and custodial accounts and did not maintain financial information at the Plan level. As of December 31, 2008, VALIC began to provide the Plan Sponsor with annual certified statements summarizing the Plan's activities and holdings. Because certain historical records were not maintained or are not available at the Plan level, the Plan may have excluded from investments in the accompanying statement of net assets available for benefits certain custodial accounts and annuity contracts, and the related activity, issued to former employees prior to January 1, 2009. The amount of these potentially excluded custodial accounts and annuity contracts and the related income and distributions are not determinable.

Basis of Accounting: The financial statements of the Plan are prepared on the accrual basis of accounting.

NOTE 2 - SUMMARY OF ACCOUNTING POLICIES (Continued)

Use of Estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation and Income Recognition: Investments are reported at fair value, except for the fully benefit-responsive investment contract which is at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the Plan's principal or most advantageous market for the asset or liability. Contract value is the relevant measure for the Plan's fully benefit-responsive investment contracts, because contract value is the amount Plan participants generally receive when executing transactions under the terms of the contract and Plan provisions.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year, net of investment management fees.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022.

Payment of Benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

NOTE 3 - CERTIFIED INFORMATION

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held December 31, 2023 and 2022, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained by management and agreed to or derived from information certified as complete and accurate by VALIC Trust Company Inc. (formerly known as AIG Federal Savings Bank) and The Variable Annuity Life Insurance Company ("VALIC").

(Continued)

NOTE 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual Funds: The fair values of mutual fund investments are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

Self-Directed Brokerage Accounts: Accounts primarily consist of mutual funds, the fair values of which are determined by obtaining quoted prices on nationally recognized securities exchanges (Level 1).

The preceding methods described may produce fair value calculations that may not be indicative of net realizable values or reflective of future fair values. Furthermore, although the Plan administrator believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in different fair value measurements at the reporting date.

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan holds the VALIC Fixed-Interest Account (the "Fixed Account"), a traditional fully benefit-responsive investment contract with VALIC ("Issuer"), that is reported at contract value. Contract value represents contributions made to the contract, plus earnings, less participant withdrawals and administrative expenses and is generally the amount a participant would receive if he or she would initiate a withdrawal or transfer from the contract under the provisions of the Plan. VALIC maintains the contributions in its general account. The contract value of the Fixed Account was \$104,949,402 and \$108,631,470 as of December 31, 2023 and 2022, respectively.

The Issuer guarantees the Plan a return of principal and interest under the terms of the contract. The crediting rate is based on a formula established by the contract issuer, and it may not be less than 1%. The crediting rate is reviewed at least annually for resetting. VALIC's general account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

(Continued)

NOTE 5 - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT (Continued)

The investment contract specifies certain conditions under which distributions from the contract would be payable at amounts below contract value. Such events include (1) amendments to the Plan document (including complete or partial plan termination, or merger with another plan), and (2) other Plan sponsor events, including creating a competing plan with a similar savings option that cause a significant withdrawal from the Plan. In addition, if VALIC determines that a Plan amendment, changes in administrative practices or establishment of a competing plan will have a material adverse effect on their financial experience under the contract, then under the contract, VALIC is only obligated to make the payments that would have been made if these events had not occurred. Currently, management believes that the occurrence of an event that would cause the Plan to transact contract distributions at less than contract value is not probable.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under DOL regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Some administrative expenses of the Plan are paid directly by the Company. The Plan holds an investment contract with VALIC. VALIC is a service provider to the Plan and, therefore, these transactions and the Plan's payment of fees to VALIC qualify as exempt party-in-interest transactions. Notes receivable from participants also qualify as exempt party-in-interest transactions.

NOTE 7 - PLAN TERMINATION

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their Company contributions.

NOTE 8 - TAX STATUS

The Plan is intended to comply with the applicable requirements of Section 403(b) of IRC. The Internal Revenue Service issued an advisory letter dated April 5, 2018 indicating that the volume submitter document adopted by the Plan, as then designed, was in compliance with applicable requirements of the IRC. The Plan is required to operate in conformity with the IRC to maintain its tax exemption. The plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2020.

NOTE 9 - RISKS AND UNCERTAINTIES

The Plan invests in various investments. Investments are exposed to various risks, such as interest rate, market and credit risks. Market risk includes global events such as pandemics. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investment will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 10 - CONCENTRATIONS

Two investments comprised 32 percent and 28 percent of net assets available for benefits as of December 31, 2023 and 2022, respectively.

NOTE 11 - SUBSEQUENT EVENTS

Plan management has evaluated subsequent events for recognition and disclosure through October 15, 2024, which is the date the financial statements were available to be issued. During 2024, the Plan's custodian and recordkeeper was changed to Fidelity Management Trust Company (custodian) and Fidelity Workplace Services LLC (recordkeeper).
