Report of Independent Auditors

The Plan Administrator
The Hospital for Special Surgery 403(b) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Hospital for Special Surgery 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes (collectively referred to as the “financial statements”).

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2023 (referred to as the “supplemental schedule”) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedule.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements

December 31, 2023

1. Description of the Plan

The following description of The Hospital for Special Surgery 403(b) Plan (the Plan) provides general information about the Plan's provisions. The Hospital for Special Surgery (the Hospital) is the plan sponsor. Participants should refer to the plan document and summary plan description for a more complete description of the Plan's provisions, copies of which may be obtained from the plan sponsor.

General

The Plan is a 403(b) defined contribution plan covering full-time and part-time employees of the Hospital with at least one year of service. Effective January 1, 2010, employer contributions are made for eligible participants of the Plan.

The Finance Committee of the Hospital is responsible for the general administration of the Plan. Effective January 1, 2009, all contributions to the Plan are remitted to State Street Bank and Trust Company and Transamerica Financial Life Insurance Company, custodian of the Plan. Prior to January 1, 2009, there were several custodians of the Plan to which contributions were remitted.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each year, participants may make contributions to the Plan by means of a salary reduction agreement between the Hospital and the participant, provided that in no event shall the amount of contributions made pursuant to the salary reduction agreement for any participant for any calendar year be in excess of Internal Revenue Service (IRS) limits during a full calendar year. Participants direct their elective contributions into various investment options offered by the Plan and can change their investment options on a daily basis.

Effective January 1, 2010, eligible employees receive employer contributions equal to a percentage of eligible compensation (from 4% to 8% annually) depending on years of service. Employees must be employed by the Hospital for 12 consecutive months before becoming eligible for employer contributions.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

The employee is responsible for deciding how the contributions in his or her account are invested among the fund options available under the Plan, and bears the full risk of investment gains and losses in his or her account.

Participant Accounts

Each participant's account is credited with the participant's contributions and any employer contributions and earnings thereon. Plan earnings are allocated based on the participant's share of net earnings or losses of his or her respective elected investment options. Allocations of administrative expenses are based on the participant's account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's account.

Vesting

Participant accounts are vested immediately.

Notes Receivable From Participants

Participants may borrow from their accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan terms range from 1 to 5 years or up to 15 years for the purchase of a primary residence. The loans bear interest at a rate commensurate with local prevailing rates at the date of issuance as determined quarterly by the plan administrator. If a participant terminates employment with the Hospital, he or she may continue to make loan payments through a pre-authorized check agreement. If the loan is not repaid, it will automatically be treated as a distribution to the participant after three months.

Participants are also allowed to borrow directly from Teachers Insurance and Annuity Association of America and College Retirement Equities Fund (TIAA-CREF). Adequate security is required and a portion of the participant's Plan account is reserved, or held in collateral, to guarantee 110% of the outstanding loan in case of default. At December 31, 2023 and 2022, the balance of such loans is \$318,065 and \$354,111, respectively. The amounts held as collateral are included in investments on the accompanying statements of net assets available for benefits.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

1. Description of the Plan (continued)

Payment of Benefits

A participant may elect to receive in-service withdrawals from all of the value of his or her respective account only if the participant incurs a hardship as defined by the Plan, or the participant has attained age 59-1/2. In addition, a participant (or his or her beneficiary, if applicable) may elect to receive a distribution of all or part of the value of his or her account if the participant dies, incurs a disability, or incurs a termination of employment. Additionally, in response to the Setting Every Community Up for Retirement Enhancement 2.0 Act of 2022, the Plan was amended, effective January 1, 2023, to increase age from 72 to 73 and to allow a participant to elect to receive in-service withdrawals from all or part of the value of the participant's rollover account at any time.

Administrative Expenses

All administrative expenses of the Plan are paid by the Plan unless reimbursed by the Hospital. Any loan, withdrawal, contribution, benefit, taxes applicable to contributions, or maintenance charges or similar fees imposed by any custodian shall be deductible from the contributions from accounts of participants or from the benefit payments made by the custodians.

Investment Funds

A participant may direct contributions to be invested in eligible funds with Transamerica Financial Life Insurance Company. The Investment Committee of the Hospital may designate additional investment alternatives, withdraw alternatives, or change the designation of investment alternatives.

Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable From Participants

Notes receivable from participants represent participant loans that are recorded at their unpaid principal balance, plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced and a benefit payment is recorded.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes and supplemental schedule. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by the Plan (except for guaranteed investment contracts (GICs)) are stated at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (an exit price). See Note 4 for further discussion and disclosures related to fair value measurements.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

2. Summary of Significant Accounting Policies (continued)

The Plan invests in fully benefit-responsive GICs. These investment contracts are recorded at contract value (see Note 5). Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The contract value of the fully benefit-responsive investment contracts represents contributions plus earnings, less participant withdrawals and administrative expenses.

The Plan has investments in TIAA Traditional Annuities. The TIAA Traditional Annuities guarantee principal and a specified interest rate, with the opportunity for additional amounts determined annually by TIAA's Board of Trustees. Certain restrictions limit participant access to funds based on the type of contract held. Participants with a Retirement Annuity contract are unable to receive lump-sum cash withdrawals from the TIAA Traditional Annuities and transfers must be spread over a ten-year period. Participants with a Group Retirement Annuity contract are able to receive lump-sum withdrawals from the TIAA Traditional Annuities only within 120 days after termination of employment. All other transfers from the TIAA Traditional Annuities must be spread over a ten-year period (five years for withdrawals after termination of employment). Given the aforementioned limitations on participant access to the fund, management does not consider these TIAA Traditional Annuities to be fully benefit responsive. These investments are reported at contract value, which approximates fair value, on the accompanying statements of net assets available for benefits.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Due to TIAA-CREF

Amounts due to TIAA-CREF represent loans taken directly from TIAA-CREF that are in default (see Note 1). Such amounts are recorded by the Plan upon notification of default by TIAA-CREF. Amounts are distributed to TIAA-CREF upon the related participant's separation from service with the Hospital due to death, disability, retirement, or termination.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

3. Investments

Except for investments held by MetLife Resources (MetLife), certain investment information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2023 and 2022, and net realized and unrealized appreciation in fair value of investments, interest and dividends on investments and interest income on notes receivable from participants for the year ended December 31, 2023, was obtained or derived from information provided to the plan administrator and certified as complete and accurate by State Street Bank and Trust Company (on behalf of Transamerica Retirement Solutions, LLC), Transamerica Financial Life Insurance Company, The Variable Annuity Life Insurance Company, TIAA-CREF, Lincoln Life and Annuity Company of New York, and Fidelity Management Trust Company, the custodians of the Plan.

At December 31, 2023 and 2022, MetLife held Plan investments of approximately \$870,000 and \$765,000, respectively. Investment related income on such investments was not material during 2023.

4. Fair Value Measurements

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible to the reporting entity at the measurement date for identical assets and liabilities.

Level 2 – Inputs other than quoted prices in active markets for identical assets and liabilities that are observable either directly or indirectly for substantially the full term of the asset or liability. Level 2 inputs include the following:

- Quoted prices for similar assets and liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in markets that are not active

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

4. Fair Value Measurements (continued)

- Observable inputs other than quoted prices that are used in the valuation of the asset or liability (e.g., interest rate and yield curve quotes at commonly quoted intervals)
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

Level 3 – Unobservable inputs for the asset or liability (i.e., supported by little or no market activity). Level 3 inputs include management’s own assumptions about the assumptions that market participants would use in pricing the asset or liability (including assumptions about risk).

The level in the fair value hierarchy within which the fair value measurement is classified is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The following tables set forth by level, within the fair value hierarchy, the Plan’s assets carried at fair value:

	Assets at Fair Value as of December 31, 2023

^(a) This category includes investments in mutual funds that invest primarily in common stock of large-cap, mid-cap, and small-cap domestic and international corporations, and investments in mutual funds that invest primarily in short-term debt securities, including treasury bills, commercial paper, and certificates of deposit. They are valued at the net asset value of shares held by the Plan at year-end based on quoted market prices.

^(b) This category includes investments in mutual funds that invest primarily in debt securities of the U.S. Government and corporations with short-term, intermediate, and long-term maturities. They are valued at the net asset value of shares held by the Plan at year-end based on quoted market prices.

^(c) This category includes investments in mutual funds that are made up primarily of a mix of stocks and bonds, which vary proportionally over time or remain fixed. Lifecycle funds are automatically adjusted during the course of the funds' time horizons. They are valued at the net asset value of shares held by the Plan at year-end based on quoted market prices.

^(d) This category includes the TIAA Traditional Annuities as described in Note 2.

^(e) This category includes funds that are designed to achieve long-term capital appreciation. There are currently no redemption restrictions or unfunded commitments on these investments. They are valued at the net asset value of shares held by the Plan at year-end based on quoted market prices.

4. Fair Value Measurements (continued)

Level 3 Gains and Losses

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2023:

	Fixed Income Annuity Contracts
Balance, beginning of year	\$ 750,353
Interest earned	34,075
Purchases	62
Sales	(47,443)
Balance, end of year	<u>\$ 737,047</u>

5. Fully Benefit-Responsive Investment Contracts

The Plan has investment contracts with The Variable Annuity Life Insurance Company and TIAA-CREF (the Insurance Companies), providing benefits to eligible employees. The contracts are credited with earnings on the underlying investments and charged for participant-initiated withdrawals or transfer requests. The contracts meet the fully benefit-responsive investment contract criteria and therefore are included in the accompanying financial statements at contract value as reported to the Plan by the Insurance Companies.

The Variable Annuity Life Insurance Company determines the crediting interest rates annually on January 1, and those rates cannot be less than 3.00% for participant accounts set up before December 1, 2003, and 2.00% for accounts set up on or after December 1, 2003.

TIAA-CREF determines the crediting interest rates based on a formula agreed upon with the issuer, and those rates cannot be less than 3.00%. The crediting interest rate is reviewed and may be reset on a quarterly basis.

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

5. Fully Benefit-Responsive Investment Contracts (continued)

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuers' ability to meet their financial obligations. The issuers' ability to meet their contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the contract issuers. These events may be different under each contract. Examples of such events include the following:

- The Plan's failure to qualify under Section 401(a) of the Internal Revenue Code (the Code) or the failure of the trust to be tax-exempt under Section 501(a) of the Code
- Premature termination of the contracts
- Plan termination or merger
- Changes to the Plan's prohibition on competing investment options
- Bankruptcy of the plan sponsor or other plan sponsor events (e.g., divestitures or spin-offs of a subsidiary) that significantly affect the Plan's normal operations

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuers to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following:

- An uncured violation of the Plan's investment guidelines
- A breach of material obligation under the contract
- A material misrepresentation
- A material amendment to the agreements without the consent of the issuer

The Hospital for Special Surgery 403(b) Plan

Notes to Financial Statements (continued)

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Tax Status

The Plan has been designed to qualify under Section 403(b) of the Code and, therefore, it is not currently eligible to receive a determination letter from the IRS. The Plan is required to operate in conformity with the Code to maintain its qualification under Section 403(b). The plan administrator believes that the Plan is operating in accordance with the applicable requirements of Section 403(b) of the Code and, therefore, believes the Plan is qualified and the related custodial accounts are tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate uncertain tax positions taken by the Plan. The financial statement effects of a tax position are recognized when the position is more likely than not, based on the technical merits, to be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that there are no uncertain tax positions taken or expected to be taken. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Transactions With Parties in Interest

The Plan holds certain investments managed by custodians. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA.

9. Subsequent Events

Management evaluated subsequent events for the Plan through October 11, 2024, the date the financial statements were available to be issued.
