Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of Old Harbor Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and the maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Old Harbor Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Old Harbor Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Old Harbor Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2023 and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

To the Trustee of the Plan
Old Harbor Profit Sharing 401(k) Plan

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including the form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Old Harbor Profit Sharing 401(k) Plan

Notes to the Financial Statements

December 31, 2023 and 2022

Note 1 – Description of Plan

The following description of the Old Harbor Profit Sharing 401(k) Plan (the Plan) provides only general information. Participants should refer to the plan document and/or the Summary Plan Description for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan formed on January 1, 2006. The Plan was established to provide retirement benefits for employees of Old Harbor Native Corporation, Three Saints Bay, LLC, Amee Bay, LLC, Kiliuda Consulting, LLC, Ocean Bay, LLC, Shearwater Systems, LLC, Gateway Ventures, Inc., Ghostrock Systems Development, LLC, Eagle Harbor, LLC, OLH Technical Services, LLC, Geofortis, LLC, Geofortis Pozzolans, LLC, Geofortis Management, LLC, Geofortis Utah LLC, Geofortis Minerals, LLC, Geofortis Utah Minerals, LLC, Geofortis Labs, LLC, and Geofortis Processing and Logistics, LLC (collectively, the Employer). The Plan includes a 401(k) salary deferral with a safe harbor matching contribution and a discretionary profit sharing contribution. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2022, the Plan was amended and restated to bring the Plan into compliance with legislative and regulatory changes under the Internal Revenue Service (IRS) Cycle 3 Document Restatement.

Recent Legislation

The SECURE 2.0 Act of 2022 (SECURE 2.0), signed into law on December 29, 2022, makes significant changes to existing law for retirement plans by building upon provisions in the SECURE Act of 2019. SECURE 2.0 introduces new requirements and considerations for plan sponsors that are intended to expand coverage, increase savings, preserve income, and simplify plan rules and administrative procedures. Each of the provisions in SECURE 2.0 has its own effective date ranging from the date of enactment to 2028 and beyond, with the bulk of the provisions taking effect in 2023 and 2024. The plan has adopted the required minimum distribution at age 73 effective January 1, 2023, and is in the process of evaluating other voluntary provisions. The Plan is required to be amended in regard to other requirements of SECURE 2.0 by December 31, 2025.

Eligibility

Individuals eligible to participate generally consist of employees of the Employer who have attained age 18. Entry dates are on the first day of each calendar month of the Plan year coinciding with or the next following satisfaction date of the eligibility requirements.

Participant Accounts

Participant accounts are credited with the participant's contributions and allocations of employer discretionary matching contributions and plan earnings and expenses.

Notes to the Financial Statements (Continued)
December 31, 2023 and 2022

Note 1 – Description of Plan (Continued)

Investment Options

Upon enrollment in the Plan, participants may direct their employee contributions and employer contributions in any of the investment options offered by the Plan. Participants have the opportunity to reallocate contributions among the investment funds at any time.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. All loans, except those to purchase a primary residence, must be repaid within five years. Loans to purchase a primary residence must be repaid within fifteen years. The notes bear interest at rates commensurate with local prevailing rates as determined by the Plan trustee. Participant loans are secured by a lien on the participant's account in the Plan and are repaid through payroll deductions.

Contributions

Eligible employees may elect to defer both pre-tax and certain after-tax (Roth) contribution amounts up to 100% of annual eligible compensation, as defined by the Plan, not to exceed limitations set by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

The Employer makes a matching contribution equal to 100% of the first 3% of eligible compensation and 50% of the next 3% of eligible compensation for each participant that contributes. Additional profit sharing amounts may be contributed at the option of the Employer's board of directors.

Effective December 2014, the Employer makes a contribution determined by the Davis Bacon Act, Service Contract Act, or any other federal, state or municipal prevailing wage law that covers government projects.

Vesting

Participants are immediately vested in all of their accounts.

Benefit Payments

Amounts credited to an individual participant's account are distributed at termination of service, death, disability, or retirement, as a lump sum amount. In-service distributions are permitted for participants who attain age 59½ or older. In certain hardship situations, as described in the plan agreement, participants may withdraw part of their account balances while actively employed, but such withdrawals are limited to the amount dictated by the hardship. Distributions may be deferred until the participant reaches the age of 73 if the value of the distributions is not less than \$1,000. However, the plan agreement stipulates that distributions must commence no later than April 1 of the year in which the participant reaches the age of 73.

Note 2 – Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisors and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are valued at their outstanding principal balance which approximates fair value. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2023 and 2022. Delinquent participant loans are reclassified as distributions based on the terms of the Plan.

Payments of Benefits

Benefits are recorded as distributions when paid.

Administrative Expenses

The Plan's administrative expenses are paid either by the Plan or the Employer as provided by the plan document. Administrative expenses paid by the Employer are excluded from these financial statements.

Note 3 – Information Certified by Charles Schwab Trust Bank

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following information contained in the statements of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the year ended December 31, 2023, was certified by Charles Schwab Trust Bank, a qualified institution to be complete and accurate:

- Investments, at fair value and pending sales, as shown in the Statements of Net Assets Available for Benefits;
- Total investment income, as shown in the Statement of Changes in Net Assets Available for Benefits; and
- All information included in Schedule H, Line 4i – Schedule of Assets (Held at End of Year), as shown in the ERISA required supplemental schedule.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification (ASC) 820, *Fair Value Measurements*, are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include the following:

Quoted prices for similar assets or liabilities in active markets.

Quoted prices for identical or similar assets or liabilities in inactive markets.

Inputs other than quoted prices that are observable for the asset or liability.

Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Old Harbor Profit Sharing 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2023 and 2022

Note 4 – Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

- *Registered investment company funds.* Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-ended mutual funds that have registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Common collective trust funds.* Valued at the net asset value (NAV) of units of a collective trust. The NAV, as provided by Charles Schwab Trust Bank, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, divided by the number of shares outstanding. This investment is a direct filing entity.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2023 and 2022:

	2023			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment company funds	\$ 40,075,230	\$ _____ -	\$ _____ -	\$ 40,075,230
Common collective trust funds*				<u>4,501,220</u>
Total investments, at fair value				<u>\$ 44,576,450</u>

	2022			
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered investment company funds	\$ 10,315,625	\$ _____ -	\$ _____ -	\$ 10,315,625
Common collective trust funds*				<u>25,650,478</u>
Total investments, at fair value				<u>\$ 35,966,103</u>

* *In accordance with ASU Subtopic 820-10, the common collective trust funds have not been classified in the fair value hierarchy since they are measured at net asset value per share (or its equivalent).*

Note 4 – Fair Value Measurements (Continued)

Fair Value of Investments that Calculate Net Asset Value

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient. There are no unfunded commitments and no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, <u>2023</u>	Fair Value at December 31, <u>2022</u>	Redemption Frequency (if Currently <u>Eligible</u>)	Redemption Notice Period
Common collective trust funds	<u>\$ 4,501,220</u>	<u>\$ 25,650,478</u>	Daily	None

Note 5 – Related Party Transactions and Party-in-Interest Transactions.

Certain plan investments consist of investments managed by Charles Schwab Trust Bank, the Custodian, therefore these transactions qualify as party-in-interest transactions. These party-in-interest transactions are permitted under provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

Notes receivable from participants qualify as party-in-interest transactions as defined by ERISA. Consequently, these party-in-interest transactions are permitted under provisions of the Plan and are exempt from the prohibited transaction rules under ERISA.

Note 6 – Prohibited Transactions

During 2023 and 2022, there were unintentional delays by the Plan Sponsor in remitting employee deferrals in the amount of \$21,200 and \$41,988 to the Custodian, respectively. The lost earnings on the 2023 delayed remittances are scheduled to be remitted by the Plan Sponsor in 2024. The lost earnings on the 2022 delayed remittances were remitted by the Plan Sponsor in 2023.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Employer has the right to terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, each respective participant's account, net of any termination fees, will become fully vested and will be distributed to each participant in accordance with the plan agreement.

Old Harbor Profit Sharing 401(k) Plan
Notes to the Financial Statements (Continued)
December 31, 2023 and 2022

Note 8 – Tax Status

The IRS has determined and informed the Plan’s volume submitter sponsor by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit Sharing Plan with CODA sponsored by CCH Incorporated dba FTWilliam Com, which has been adopted by the Plan, is acceptable pursuant to Section 401 of the IRC and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the IRS. Although the Plan has been amended since receiving the opinion letter, the Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that, more likely than not, would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Such investments are exposed to risks and uncertainties, such as interest rate risk, credit risk, market risk, economic changes, political unrest, regulatory changes, and foreign currency risk. The Plan’s exposure to a concentration of risk is dependent upon funds selected by participants. The following table shows details on investments that represent a concentration of greater than 10% of the Plan’s investments in years.

Investments	December 31, 2023		December 31, 2022	
	Balance	% of Investments	Balance	% of Investments
Flexpath Index+ Moderate 2035 II	*	*	\$ 5,776,566	16%
Flexpath Index+ Moderate 2025 II	*	*	4,709,561	13%
Flexpath Index+ Moderate 2045 II	*	*	4,621,975	13%

Due to the concentration of investments denoted above, in addition to the level of risk associated with certain investments, it is at least reasonably possible that changes in the value of investments will occur in the near term and that such changes could materially affect the value of the participants’ account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

* Balance did not represent a concentration of 10% or greater of the Plan’s net assets as of December 31, 2023.

Note 10 – Subsequent Events

Management has evaluated subsequent events for disclosure in the financial statements through October 15, 2024, which is the date the financial statements were available to be issued.

Geofortis Pozzolans, LLC, Geofortis Utah, LLC and Geofortis Utah Minerals, LLC unadopted the Plan effective September 3, 2024, with no further contributions to be made under the Plan.
