INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees and Participants
Summit Physician Specialists Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Summit Physician Specialists Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023 and 2022, and the related statement of changes in net assets available for benefits for the years ended December 31, 2023 and 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Summit Physician Specialists Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023 and 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Summit Physician Specialists Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Summit Physician Specialists Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Summit Physician Specialists Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Summit Physician Specialists Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i – Schedule of Assets as of or for the year ended December 31, 2023) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Summit Physician Specialists Retirement Plan
Notes to Financial Statements
December 31, 2023 and 2022

Note 1 -
Description of
the plan

The following description of the Summit Physician Specialists Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The plan is a defined contribution plan established by the Plan Sponsor Summit Physician Specialists, P.C. ("SPS" or "Employer") under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified cash or deferred arrangement as described in section 401(k) of the IRC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and subsequent enactments. All employees who have completed one year of service and who are at least 21 years of age are eligible to participate in the Plan.

Contributions - Employees may elect, under a salary reduction agreement, to contribute to the Plan any combination of pre-tax elective deferrals and after-tax elective deferrals. Pre-tax contributions are limited by the IRC, which establishes a maximum contribution amount of \$22,500 for the year ended December 31, 2023. Participants age 50 and over may contribute an additional \$7,500 for the year ended December 31, 2023.

The employer contributions are discretionary and determined by position. The employer contributes 3% of an eligible participants compensation as a non-elective safe harbor contribution. After the initial safe harbor contributions, the employer contributed the following percentages of eligible earnings: shareholders - 25%; employed physicians - 16%; midlevels - 15%; C suite - 15%; managers - 10%; administration - 7.5%.

Participants' accounts - Each participant's account is credited with (a) the employee's contribution, (b) the employer's contribution, and (c) an allocation of the Plan's earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment of contributions - For both employer and employee contributions, participants may designate how his or her account balance is allocated into various investment options offered by Ascensus Trust Company as well as a self-directed brokerage account as listed in Schedule H.

Allocation of earnings - The net increase or decrease in the value of each investment fund attributed to interest, changes in market value, expenses, and gains and losses realized from the sale of assets is allocated to employees' accounts based upon relative fund account balance.

Vesting and benefits - The Plan's vesting schedule for participants is determined under the "Full and Immediate Vesting Schedule" as outlined in the Adoption Agreement. Under this schedule, the participant is always 100% vested in their account balance for both employee and safe harbor

Payment of benefits - Benefits are distributed upon retirement, disability, death, or termination of employment. Under certain circumstances, such as in the event of undue hardship, an employee may withdraw his or her contributions prior to the occurrence of these events.

Plan termination - Although it has not expressed any intent to do so, SPS has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.

Summit Physician Specialists Retirement Plan
Notes to Financial Statements (continued)
December 31, 2023 and 2022

Note 1 -
Description of
the plan
(continued)

Forfeitures - The Plan provides for the non-vested portion of employer contributions and earnings forfeited by employees to be applied to employer contributions. Amounts applied to employer contributions were \$7,500 and \$6,405 during the years ended December 31, 2023 and 2022, respectively. The Plan had forfeitures at December 31, 2023 and 2022 of \$3,651 and \$4,923, respectively, which are held in a Plan fund subject to market fluctuations.

Participant loans - Participants may borrow from their participant account up to a maximum of \$50,000 or 50 percent of their vested account balance, whichever is less. The loans are secured by the balance in the participant's account and bear interest at rates between 3.25 and 8.50 percent.

Administrative expenses - Costs of administration of the Plan are generally absorbed by the sponsor, except for certain custodian fees that are included in administrative expenses.

Note 2 -
Significant
accounting
policies

Basis of accounting - The financial statements of the Plan have been prepared on the accrual basis of accounting.

Investment income recognition - Purchases and sales of securities are recorded on a trade-date basis. Interest is recorded as earned. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes gains and losses on investments sold during the year, as well as appreciation and depreciation of the investments held at the end of the year.

Risks and uncertainties - The Plan may invest in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect the participants' account balances and the amounts reported in the statement of assets available for benefits.

Payment of benefits - Benefit payments to participants are recorded when paid.

Notes receivable from participants - Notes receivables from participants are measured at their unpaid balance plus any accrued, but unpaid, interest. Interest income is recorded on an accrual basis. Delinquent loans are reclassified as distributions based upon the terms of the Plan documents.

Use of estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Subsequent events - The Plan evaluated all events or transactions that occurred after December 31, 2023 through October 11, 2024, the date these financial statements were available to be issued. During this period, the Plan was not aware of any material recognizable subsequent events.

certified by the
Trustee

As of and for the years ended December 31, 2023 and 2022, the following information included in the financial statements and supplemental schedule was provided and certified as complete and accurate by the trustee, Ascensus Trust Company:

- Net appreciation in fair value of investments, interest and dividends, interest income on notes receivable from participants, as reflected in the Statement of Changes in Net Assets Available for Benefits for the years ended December 31, 2023 and 2022;
- Investments and notes receivable from participants, as reflected in the Statements of Net Assets Available for Benefits as of December 31, 2023 and 2022;
- Supplemental Schedule – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2023.

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's auditors not to perform any auditing procedures with respect to the investment information certified by the trustee, except for comparing the information contained therein to information included in the financial statements and the supplemental schedule.

Note 4 - Tax
status

The Plan uses a non-standardized pre-approved profit sharing plan with CODA, which received an opinion letter from the IRS, dated June 30, 2020, stating that the prototype document satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2023, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements.

Note 5 - Party
in interest
transactions

As of December 31, 2023 and 2022, the Plan paid administration fees to the trustee to manage the participant accounts. For the years ended December 31, 2023 and 2022, the Plan paid administration fees totaling \$53,351 and \$48,087, respectively. These party-in-interest transactions, as well as notes receivable from participants, are not considered prohibited transactions by statutory exemptions under ERISA regulations.

Note 6 - Fair
value
measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 6 - Fair
value
measurements

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

Level 1

Fair values are based on unadjusted quoted prices in active markets for identical assets. The Plan's mutual funds are considered Level 1.

Level 2

Fair values are based on inputs other than quoted prices within Level 1 that are observable for the asset, either directly or indirectly. There are no investments in the Plan that represent a Level 2 valuation.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement of the Plan. There are no investments in the Plan that represent a Level 3 valuation.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Below is a description of the valuation techniques and inputs used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Money Market Funds - Money market funds are investments in high-quality short-term securities and are considered an open-ended mutual fund that is registered with the U.S. Securities and Exchange Commission. In accordance with Rule 2a-7 under the 1940 Act, the funds are valued at amortized cost method, which approximates fair value. This method of valuation is designed to enable the fund to price its shares at \$1.00 per share, although the funds' share price may deviate from \$1.00 per share.

Mutual Funds - Mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts - Self-directed brokerage accounts consist of equities, mutual funds, and exchange-traded funds. Equities are valued at the closing price reported in the active market in which the individual securities are traded. Mutual funds and exchange-traded funds are valued at quoted market prices.

Note 7 - Unallocated net assets

On December 15, 2023, the Plan received \$27,407 in a rollover contributions from a participant. The contribution was not allocated to the participant's individual account as of December 31, 2023, but was instead held in a cash contributions account. The rollover fund were subsequently allocated to the respective participant's accounts on January 10, 2024, in accordance with the Plan's normal processing procedures. The unallocated rollover contributions are reflected as part of the Plan's net assets available for benefits as of December 31, 2023.
