Harvey Tool Company, LLC 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Harvey Tool Company, LLC 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2023 and 2022, the related statement of changes in net assets available for benefits for the year ended December 31, 2023, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2023 and 2022, and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, line 4a—schedule of delinquent participant contributions for the year ended December 31, 2023 and Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Harvey Tool Company, LLC 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan

The following description of the Harvey Tool Company, LLC 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan.

General and eligibility: The Plan is a defined contribution plan covering all eligible employees of Harvey Tool Company, LLC, Helical Solutions, LLC, Micro 100 Tool Corporation, and CoreHog (collectively, the Company) who have attained at least 18 years of age and completed three months of credited service, as defined in the Plan documents. The Plan, established on November 1, 2007, was most recently amended on September 1, 2021, to add CoreHog as a contributing employer, and is subject to the provisions of the Internal Revenue Code of 1986, as amended (Code) and the Employee Retirement Income Security Act of 1974 (ERISA). Empower Annuity Insurance Company of America (Empower) serves as the custodian of the Plan and an employee of the Company serves as the Plan Administrator.

Contributions: Each year, participants may contribute to the Plan an amount up to 100% of their pre or post tax annual eligible compensation as defined by the Plan, subject to certain Code limitations. The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year are permitted to make additional catch-up contributions subject to Code limitations.

The Company is required to make safe harbor matching contributions equal to 100% of the participants' salary deferrals that do not exceed 3% of their compensation, plus 50% of their salary deferrals between 3% and 5% of their compensation.

The Company may also make an additional discretionary profit sharing contribution as declared by its Board of Directors. Additional discretionary profit sharing contributions will not apply to elective deferrals exceeding 6% of an employee's compensation nor will the total amount of additional discretionary profit sharing contribution exceed 4% of an employee's compensation. Participants are eligible for the additional discretionary profit sharing contribution if they are eligible for the Plan, are employed on the last day of the plan year and have completed 1,000 hours of service during the plan year. The additional discretionary profit sharing contributions are allocated pro rata as a percentage of compensation. During the years ended December 31, 2023 and 2022, the Company approved additional discretionary profit sharing contributions of \$955,182 and \$995,715, respectively, which have been recorded as receivables on the statements of net assets available for benefits.

Rollovers: With the approval of the Plan Administrator, the Plan may receive any amounts received by an employee as a distribution from another qualified plan provided that the receipt of such amounts does not adversely affect the qualified tax status of the Plan. Participants are fully vested in these amounts.

Participant accounts: Each participant's account is credited with the participant's contribution, safe harbor matching contributions, and an allocation of the Company's additional discretionary profit sharing contribution. Each participant has a separate individual investment account. Gains and losses of the account shall accrue to such account only. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment elections: Participants direct the investments of their individual account among various mutual funds, common collective trust funds, and a fixed annuity selected for the Plan. Each participant has the ability to change his or her investment allocations at any time.

Vesting: Participants are immediately vested in their voluntary and rollover contributions, in addition to the safe harbor matching contributions, plus actual earnings thereon. Employer additional discretionary profit sharing contributions, and related earnings, vest ratably at 20% per year over a five-year period starting with the participant's completed first year of service.

Harvey Tool Company, LLC 401(k) Retirement Plan

Notes to Financial Statements

Note 1. Description of Plan (Continued)

An employee is credited with a period of service for each 12-month period from their date of hire until the date their employment terminates. A participant becomes fully vested in the additional discretionary profit sharing contribution if the participant is employed on or after their normal retirement date or is terminated as a result of becoming disabled or death while still employed.

Forfeitures: Forfeitures represent the nonvested portion of terminated participants' account balances. These amounts can be used to pay plan administrative expenses, applied to safe harbor matching contributions, or applied to additional discretionary profit sharing contributions. Amounts forfeited during the year ended December 31, 2023 totaled \$39,980. Forfeitures applied during the year ended December 31, 2023 totaled \$26,335. As of December 31, 2023 and 2022, the amount of unallocated forfeitures totaled \$68,356 and \$54,711, respectively.

Notes receivable from participants: Participants may borrow from their fund accounts up to a maximum of the lesser of one-half of the vested account balance or \$50,000, reduced by the highest outstanding loan balance for all loans during the preceding 12 months. The minimum loan amount is \$1,000. A participant may only have one loan outstanding at any given time. The loans are secured by the balance in the participant's account and will bear a reasonable interest at a rate that is determined by the Plan Administrator, which is the interest rate of 1% over the Prime Rate published in *The Wall Street Journal* on the first business day of the month the loan is originated. A loan must be repaid over a period of 12-60 months, unless it is used to acquire a principal residence in which case it must be repaid over a period of 61-180 months. Loan payments are made through payroll deductions. Any loan will become due and payable in full if the Plan is terminated for any reason. As of December 31, 2023, outstanding loans mature through 2032 and bear interest at a rate between 4.25% and 9.50%.

Payment of benefits: Withdrawals may be made from the participant's account at retirement, death, disability, hardship or termination of employment. If a participant terminates service, the balance of his or her salary deferral account and the vested portion of his or her employer account may be distributed or rolled over as directed by the participant. If continuous service is terminated by death, disability or normal retirement, and the entire balance in both accounts does not exceed \$5,000, then the participant's vested account balance (including rollovers) may only be distributed in a lump sum. If the vested balance exceeds \$5,000, the participant may elect to receive a distribution of the vested balance in the form of a lump sum, installments, or Ad-Hoc distribution. The Plan also allows in-service distributions once a participant reaches age 59 ½. In accordance with a uniform and nondiscriminatory policy adopted by the Plan Administrator, a participant may withdraw a portion of his or her vested balance to meet immediate and heavy financial needs, subject to certain limitations outlined in the Plan.

Administrative expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of distributions and notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Basis of accounting: The financial statements are prepared on the accrual basis of accounting in conformity with principles generally accepted in the United States of America (U.S. GAAP).

Use of estimates: The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Harvey Tool Company, LLC 401(k) Retirement Plan

Notes to Financial Statements

Note 2. Summary of Significant Accounting Policies

Investment valuation and income recognition: Except for certain contracts held by Empower described in Note 5, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of investments, which consists of the realized gains or losses and the unrealized appreciation on investments held.

Payment of benefits: Benefits are recorded when paid.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2023 or 2022. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Accounting for uncertainty in income taxes: U.S. GAAP requires plan management to evaluate tax positions taken by the Plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local taxing authorities for years before 2020.

Note 3. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, Fair Value Measurements and Disclosures (ASC Topic 820), establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Harvey Tool Company, LLC 401(k) Retirement Plan

Notes to Financial Statements

Note 3. Fair Value Measurements (Continued)

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

As of December 31, 2023 and 2022, the Plan does not have any nonfinancial assets or liabilities, which are required to be at fair value.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds: Valued at quoted market price, which represents the net asset value (NAV) of shares held by the Plan at year-end. These securities are categorized as Level 1 as they are actively traded and no valuation adjustments have been applied.

Common collective trust funds: Common collective trusts are valued at NAV per unit based on the underlying investments comprising the trust and based on audited financial statements.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Assets measured at fair value on a recurring basis as of December 31, 2023 and 2022, are as follows:

Fair Value Measurements as of December 31, 2023				
	Level 1	Level 2	Level 3	Total
Investments:

Total investments	<u>\$ 16,270,467</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 20,318,304</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured at fair value using NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

Note 4. Information Prepared and Certified by Empower

The following is a summary of the Plan's asset information as of December 31, 2023 and 2022, and for the year ended December 31, 2023, included throughout the Plan's financial statements and supplemental schedules, that was prepared by or derived from information provided by Empower, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from Empower that information provided to the Plan Administrator by Empower related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	2023	2022
Investments, at fair value	\$ 27,833,286	\$ 20,318,304
Investments, at contract value	\$ 1,211,748	\$ 943,274
Notes receivable from participants	\$ 429,011	\$ 313,381

Empower also certified to the completeness and accuracy of \$3,702,466 of net appreciation in fair value of investments, \$495,013 of interest and dividends related to the aforementioned investments, and \$20,400 of interest income on notes receivable from participants for the year ended December 31, 2023.

Note 5. Investment Contract With Empower

The Plan has a fully benefit-responsive investment contract with Empower. Empower maintains the contributions to the investment contract in a general interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive; therefore, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The contract is included in the financial statements at contract value as reported to the Plan by Empower. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting. The guaranteed interest rate will not be less than 0%. Empower guarantees that interest will be credited at the higher of the rate guaranteed in the group annuity contract and the current rate declared by it.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events, which would limit the Plan's ability to transact at contract value with participants, are probable of occurring.

The contract may be terminated by either party upon written notice and election of form of payment in accordance with the stated provisions.

Notes to Financial Statements

Note 6. Tax Status

The Plan uses a pre-approved plan document. The pre-approved plan received its latest determination letter on November 14, 2022, in which the Internal Revenue Service stated that the pre-approved plan, as then designed, was in compliance with the applicable requirements of the Code. The pre-approved plan opinion letter has been relied upon by this Plan. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the appropriate requirements of the Code and therefore believes that the Plan is qualified and tax exempt.

Note 7. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	2023	2022
Net assets available for benefits per the financial statements	\$ 30,429,227	\$ 22,570,674
Employer contributions receivable not reported on Form 5500	(955,182)	(995,715)
Net assets available for benefits per Form 5500	<u>\$ 29,474,045</u>	<u>\$ 21,574,959</u>

The following is a reconciliation of net increase in net assets per the financial statements to the Form 5500 for the year ended December 31, 2023:

Net increase in net assets per the financial statements	\$ 7,858,553
Change in employer contributions receivable	40,533
Net increase per Form 5500	<u>\$ 7,899,086</u>

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 9. Party-in-Interest Transactions

Certain plan investments are a mutual fund or a fixed annuity managed by Empower, and therefore, these transactions qualify as party-in-interest transactions as that term is defined in Section 3(14) of ERISA. Fees incurred by the Plan for the investment management services are included in net appreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. The Company pays directly any other fees related to the Plan's operations. The Plan issues loans to participants, which are secured by the balances in the participant's accounts and these are also considered to be party-in-interest transactions.

Notes to Financial Statements

Note 10. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their account.

Note 11. Delinquent Participant Contributions

During 2023, the Company inadvertently failed to deposit \$186 of participant contributions within the required timeframe as stated by DOL regulations. The Company intends to reimburse the Plan for lost interest. The Company intends to file Form 5330 and intends to pay the applicable excise tax in 2024.

Note 12. Subsequent Events

Plan management has evaluated subsequent events through October 15, 2024, the date on which the financial statements were available to be issued.
