INDEPENDENT AUDITORS' REPORT

To the Trustees
Bluemont Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the 2023 Financial Statements

We have performed an audit of the financial statements of the Bluemont Group 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2023, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2023 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2023, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion on the 2023 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section.

- the amounts and disclosures in the accompanying 2023 financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying 2023 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2023 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2023 Financial Statements section of our report. We are required to be independent of Bluemont Group and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2023 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bluemont Group 401(k) Plan's ability to continue as a going concern for one year after the date these financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2023 Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2023 Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bluemont Group 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Bluemont Group 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2023 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

2023 Supplemental Schedules Required by ERISA

The supplemental schedules of Assets Held at the End of Year, December 31, 2023, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by Capital Bank and Trust Company and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

BLUEMONT GROUP 401 (k) PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF THE PLAN

The following description of the Bluemont Group 401(k) Plan provides only general information. Participants should refer to the Summary Plan Description for a more complete description of the Plan's provisions. Copies of this document are available from the Company.

General - The Bluemont Group 401(k) Plan (the Plan) is a defined contribution plan and is subject to the Employee Retirement Income Security Act of 1974 (ERISA). The Plan covers the employees of Bluemont Group Holdings, LLC and its wholly-owned subsidiaries (collectively the "Company"). All employees of the company that are age 21 or older and have completed the lesser of three months of continuous service or one year of qualifying service are eligible to participate in the plan.

Investments- The investments of the Plan are held by Capital Bank and Trust Company, (the Custodian), who maintains the investments in various mutual funds. Participants direct the investments in their accounts into the various investment options offered by the Plan. The maximum loss, if any, that would be incurred by the Plan if the counterparties to the Plan's investments failed to perform is the recorded amount of such investments.

Contributions - Employee contributions to the Plan are made through payroll deductions. The employee contributions are remitted to the custodian/trustee after each payroll. Participants may elect to defer a maximum of 100% of compensation to the Plan, subject to IRS limitations. The Plan offers Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants may direct participant contributions to any of various investment options with the primary custodian/trustee. Participants can change the investment options previously elected at any time.

The Company makes a matching contribution of 100% of Employee salary deferrals that do not exceed 4% of allowable compensation, which is 100% vested. Further, the Company can make a discretionary matching contribution. The Company did not elect to make a discretionary matching contribution in 2023 or 2022. Receivables from the Company for these contributions are unsecured.

The Plan accepts rollover contributions from other tax-qualified plans.

Participant Accounts – Each participant's account is credited with the participant's contributions and the employer's matching and discretionary matching contributions. Each participant can direct the investment of his or her interest in the Plan, and each participant account is segregated for purposes of determining earnings or losses on such investments. The benefit to which the participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – The Plan was amended effective January 1, 2018 to always vest participants 100% in all amounts in all participant accounts.

BLUEMONT GROUP 401 (k) PLAN NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 1 – DESCRIPTION OF THE PLAN (continued)

Payment of Benefits – On termination of service, a participant or participant's beneficiary will receive the value of the participant's vested interest in a lump-sum payment. Upon attaining normal or disability retirement, the participant may apply for retirement benefits. If the participant dies before retirement, his death benefit will be paid to his beneficiary in a lump-sum payment. Participants who own at least 5% of the Company must begin withdrawing benefits no later than April 1, following the year age 70 ½ is attained. Participants who are not 5% owners must begin withdrawing benefits no later than the latter of April 1, following the year age 70 ½ is attained or the participant's retirement date.

Forfeitures – The Plan was amended effective January 1, 2018 to always vest participants 100% in all amounts in all participant accounts. Accordingly, there are no non-vested portions of participant accounts subject to forfeiture.

Hardship Withdrawals - Participants may withdraw their vested contributions in the event of hardship as defined in the Summary Plan Description. Participants shall not be permitted to make contributions to the Plan for a period of 6 months following receipt of the hardship distribution.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right to terminate the Plan at any time, subject to the provisions of ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition – The Plan's financial statements are stated at fair value, which is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Generally accepted accounting principles establish a fair value hierarchy which classifies investments into three levels. Level 1 includes investments valued using quoted market prices in active markets for identical assets or liabilities, Level 2 includes investments valued based on inputs derived from or corroborated by observable market data and Level 3 includes investments valued based on significant unobservable inputs. Inputs are broadly defined as assumptions market participants would use in pricing an asset or liability. Assets and liabilities are classified based on the lowest level of any input that is significant to the fair value measurement.

**BLUEMONT GROUP 401 (k) PLAN
NOTES TO FINANCIAL STATEMENTS**

December 31, 2023 and 2022

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

A description of the valuation methodologies used for assets measured at fair value, as reported by the custodian/trustee, is as follows:

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds of the plan are deemed to be actively traded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recognized as earned on the accrual basis. Dividend income is recognized at the ex-dividend date.

Net appreciation of the fair value of investments consists of the unrealized appreciation or depreciation of investments held during the year, reinvestment of dividends and the realized gain or loss on investments sold during the year.

Benefit Payments – Benefits are recorded when paid.

Administrative Expenses – The Plan's administrative expenses are paid by either the Plan or the Plan sponsor, as provided by the plan document.

Investment Risks and Uncertainties – The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in fair value of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the financial statements.

Due to uncertainties inherent in the estimations and assumptions process, it is at least reasonably possible that changes in these estimates and assumptions in the near term would be material to the financial statements.

Use of Estimates – The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires Plan management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Subsequent Events – In preparation of the accompanying financial statements, subsequent events that have occurred since the balance sheet date have been evaluated through October 11, 2024, the date the financial statements were available for issuance.

NOTE 3 – INCOME TAX STATUS

The Internal Revenue Service (IRS) has ruled the prototype plan from which the Plan was prepared qualifies under provisions of the Internal Revenue Code (IRC) and is, therefore, not subject to tax under present income tax law. The Company has not filed for a determination letter from the IRS for the events that have occurred that might adversely affect the Plan's exempt status and believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan sponsor has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2023 and 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan sponsor believes the Plan is no longer subject to income tax examinations for years prior to 2018.

NOTE 4 – INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN/TRUSTEE

NOTE 5 – FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

NOTES TO FINANCIAL STATEMENTS

December 31, 2023 and 2022

NOTE 5 – FAIR VALUE MEASUREMENTS (continued)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2023 and 2022.

Mutual funds. Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective investment trust: All common/collective trusts, including the Federated Hermes Capital Preservation Fund, which primarily holds investments in fully benefit-responsive contracts, are valued at the net asset value of units of the common/collective trusts as determined by the issuer of the trust based on the fair values of the underlying net assets divided by the number of units outstanding. The net asset value per unit is a quoted price in a market that is not active; therefore, these investments are classified within Level 2 of the fair value hierarchy.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2023 and 2022:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
<u>2023</u>				
Mutual Funds	<u>\$ 2,376,525</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 2,376,525</u>
<u>2022</u>				
Mutual Funds	<u>\$ 1,946,731</u>	<u>\$ —</u>	<u>\$ —</u>	<u>\$ 1,946,731</u>

NOTE 6 – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The net assets available for benefits per the financial statements agree to Form 5500 as of December 31, 2023 and 2022.

NOTE 7 – PARTY IN INTEREST TRANSACTIONS

Capital Bank and Trust Company is the Plan custodian/trustee and, therefore, administrative expenses paid to Capital Bank and Trust Company qualify as party-in-interest transactions. Administrative expenses paid to Capital Bank and Trust Company totaled \$8,207 and \$1,075 for 2023 and 2022, respectively.
